

Gulf Council Chairman Doug Boyd,

Mr. Chairman and all sitting members of the gulf council we are handing in this petition from the Destin Charter Boat Association also known as D.C.B.A. to demonstrate to this council the support and desire of the membership of DCBA to have this council develop and implement a new FMP for the recreational sector. The plan for new management of the recreational sector was proposed and submitted for consideration to the Gulf council over 5 years ago and has been scrutinized, debated, and evaluated since Oct of 2008.

It is a clear and present necessity to go forward in the process of developing a new FMP due to the failures of the present status quo system of fishery management to increase our access to rebuilding fisheries. Status Quo management of the recreational sector has not, nor cannot, increase fishing access to rebuilding fisheries. It has failed the recreational sector access issue even though we have some of the healthiest fishing stocks in modern history.

The DCBA supports separate fishery management plans for the main user groups in recreational fishing. The needs of the federally permitted Charter For Hire sector are far different than the Private Boat Sector. There is a need for a management system to address unique issues of professional fishing businesses. It's important to the Charter for Hire sector to stop unfair rulemaking of the past that was implemented to control effort and harvest rates. There must be a level of fair and equal access in any plan developed this time, to preserve the long term historical access for the non-boat owning public. The non-boat owning public saltwater angler's only access to federal waters fisheries is aboard federally permitted Charter for Hire vessels.

The private boat sector unique needs also are far different in scope, motivation and opportunity than the non-boat owning public and this sector of recreational fisheries need a modern FMP that can meet their access needs. The entire recreational sectors need for increased access is only exceeded for the need of a robust data collection and accountably measures that can stop over fishing annual allocations in each sector. Without a new FMP for each sector there will be no improvement in data collection on the horizon.

The members of the Destin Charter Boat Association respectfully ask and desire that this council begins the scoping process and development of a new management system that provides fair and equal access for all user groups, fair and equal rule making that does not burden only certain segments of each sector and do so in a manner that is timely and keeps the unique interest of all recreational saltwater anglers and the health of the Gulf of Mexico resources at the forefront of the debate.

Gulf Council Chairman Doug Boyd,

Chairman Boyd , and all sitting members of the gulf council we are handing in this petition from the Clearwater Marine Association also known as CMA to demonstrate to this council the support and desire of the membership of CMA to have this council develop and implement a new FMP for the recreational sector. The plan for new management of the recreational sector was proposed and submitted for consideration to the Gulf council over 5 years ago and has been scrutinized, debated, and evaluated since Oct of 2008.

It's time to go forward in the process of developing a new FMP due to the failures of the present status quo system of fishery management to increase our access to rebuilding fisheries. Status Quo management of the recreational sector has not nor can not increase fishing access to rebuilding fisheries. It has failed the recreational sector access issue even though we have some of the healthiest fishing stocks in modern history.

The CMA supports 2 separate fishery management plans for the 2 main user groups in recreational fishing. The needs of the federally permitted Charter for hire sector are far different than the private boat sector and we need a new management system to address unique's issues facing professional fishing businesses and to preserve the long term historical access for the non boat owning public. The general public recreational saltwater anglers only access to federal waters resources is aboard those permitted vessels.

At the same time the needs of the private boat recreational sector also are far different in scope, motivation and opportunity than the non boat owning public. The need for increased access is only exceeded for the need of a robust data collection and accountably measures that can stop over fishing annual allocations in each sector. Without a new FMP for each sector there will be no improvement in data collection on the horizon.

The members of the Clearwater Marine Association, our customers, our fishing community respectfully ask and desire that this council begins the process and development of a new management system that provides fair and equal access for all user groups, fair and equal rule making that does not burden only certain segments of each sector and do so in a manner that is timely and keeps the unique interest of all recreational saltwater anglers and the health of the resources that they desire to harvest at the forefront of the debate.

Subject: Sector Separation

Date: Monday, October 7, 2013 12:51:05 PM Eastern Daylight Time

From: Jim Stone

To: Gulf Council

Dear Gulf Council,

Words alone can't express my distain for this scheme called Sector Separation. Charter operators make up a much smaller slice of the pie as far as Recreational fishing goes. Your push to mandate Sector Separation is akin to building a big FIRE STATION in the middle of the desert and it makes just about as much sense. You people claim to "need" more data as far as harvest numbers go, but not once in 2013 has my charter boat been boarded by FWC researchers. You won't listen to us as far as effective data collection, you keep trumpeting that we need the VMS systems on our boats. I'll say this I'll go to jail before I put a VMS on my boat. The VMS and the FACT that NMFS STOLE MY 200 pound per trip Red Snapper Permit is the reason I exited the Commercial Fishing business.

Oh, I'll consider putting a VMS on my boat when you make EVERY FISHING VESSEL put one on their boat and that means EVERY BOAT THAT FISHES IN THE GULF OF MEXICO.

You people were put in charge of managing this fishery, not the fishermen.

Sincerely,

Captain James G. Stone

OFFICE OF THE GOVERNOR

RICK PERRY
GOVERNOR

August 15, 2012

Mr. Doug Boyd
Vice Chairman
Gulf of Mexico Fishery Management Council
2203 North Lois Avenue, Suite 1100
Tampa, Florida 33607

Dear Chairman Boyd:

In October of 2009, I joined the governors of three other Gulf states in expressing our concerns over management concepts that privatize fisheries and the negative effects of restricting citizens' access to fishery resources that should be shared by all. Additionally, we pointed out that in its rush to adopt and implement these concepts, National Oceanic and Atmospheric Association (NOAA) may have forgotten its most fundamental responsibility under the Magnuson-Stevens Fishery Conservation and Management Act — to maximize the net economic value from the use of a public resource.

Three years later, these issues are still valid, and I am writing to express concerns over the new effort to further privatize public resources by dedicating them to businesses in the charter/for-hire industry. Creating yet another exclusive harvesting right for a small group of businesses inherently marginalizes other users who do not have the same access privileges. Given the direction of your policies, the group that stands to be marginalized in the Gulf of Mexico is also the group that represents the greatest economic engine in these fisheries — private boat recreational anglers.

On any level, the concept of privatizing public wildlife resources runs counter to the ethic of stewardship. Recreational fishing is an important activity in Texas and I am increasingly concerned that NOAA policies are not only failing to exploit the economic potential of the recreational sector, but are actively discouraging it while subsidizing far less viable aspects of the fishery in the for-hire industry. The for-hire sector is an important part of the fishery, but that does not necessitate the privatization of their annual take.

Examples of successful wildlife resource management exist throughout our country. The Gulf states in particular have had great success in the management of recreational fisheries and have

Mr. Doug Boyd
August 15, 2012
Page 2

never required limiting public access to the resources through the granting of exclusive rights. We can rebuild and sustain these resources without resorting to such a radical departure from traditional methods.

Texas shares the goal of healthy marine resources, but I urge NOAA and the Gulf Council to reconsider the methods it is employing to achieve that goal and reject proposals to further privatize public marine resources.

Sincerely,

A handwritten signature in black ink that reads "Rick Perry". The letters are bold and cursive, with a large, stylized "R" and "P".

Rick Perry
Governor

8/17/2012 6:16:33	Joseph Nash	captjoenash@gmail.com	<p>I am a charter boat owner/operator out of orange beach, al for the past 24 years, numbers on my vessel do not lie I fished as many as 207 days in one year and as few as 105 the lower numbers are now. We need something done to preserve the charter for hire industry and keep the fleet profitable, The Red Snapper issue is such a waste these fish are now considered TRASH FISH becuae they are absolutly good for nothing 10 and a half months a year. When we take people out for catch and release the comments are always the same "i want to come back during snapper season" well we really just need more days to harvest some of these trash fish. Then when we are out fishing during closure it counts against us becuae a percentage of these trash fish do not live after release. The success of the rebuilding the red snapper stocks is a double edge sword. We try our best to stay away from these fish but they are everywhere now even 300-400 ft of water. Please do something, these fish are to plentiful and allot bigger now then ever, if we do not harvest them correctly Mother Nature will take care of it for us, its our job to be the best stewards of our resources lets do it.</p> <p>The triggerfish issue , do not let the same thing happen here micro managing the gulf has side effects.</p> <p>I am for sector seperation and option #7 for red snapper reallcation. thank you for your time, just aggrivated with all the time that passes between decisions, we do not need a pilot program we need something solid in affect soon.</p>	Gulf Shores, Al 36542	Charter/Headboat For-Hire
8/17/2012 18:31:37	Capt. Chad Haggert	doubleeagledsf@aol.com	<p>I am vice president of a family owned headboat business that has operated out of Clearwater Beach for over 40 yeas. I am in favor of moving forward with this amendment. I will not bore you with the same comments that you have heard so many times before. I believe the council should continue with the scoping process. No one really knows the true identity of sector separation or what it will mean to the for hire fleet or the private recs. We all know that nothing can be moved forward without a referendum and vote from all stake holders. You have heard some comment on their disbelief that the council would even consider moving forward with this amendment. Well, I am in disbelief that all involved would not want to hear every option in this amendment. The federally permitted vessels in the Gulf need to hear ALL the options that this idea would bring and then make their decisions. It is clear to see what the current management system is doing to the fleet. I ask the council to continue forward with this amendment and finally bring all details to light. There is entirely to much MISINFORMATION circulating on this issue.</p> <p>Thank you</p> <p>Capt. Chad Haggert, VP Double Eagle Deep Sea Fishing</p>	Clearwater Beach, FL 33767	Private Recreational Angler, Charter/Headboat For-Hire

Timestamp	Enter your full name	email address	Comments	City, State, Zip Code	Check all that apply
8/18/2012 2:50:08	Captain Henry Hauch	Captain_Henry@ACME-Ventures-Fishing.com	Please make certain that ALL of the comments submitted on AD 39, of which there are seemingly thousands, are included in the decision on this attempt to merge the issue of allocations with the highly unfavorable Sector Separation Scheme. With the overwhelming opposition to sector separation as evidenced on your own comment pages, the "options" should reflect the 'Will of the People'. This merging of the 2 separate issues seems designed to make the allocation issue soften the idea of dividing the recreational community, but this still remains a separate issue. To remain credible, the Gulf Council must start listening to the will of its stakeholders, and not the small minority, but the overwhelming majority! Its clear what they want, and that is no separating of the allocations in the recreational sector. As such its encouraged that any allocation options reflect proportionatly the sentiment expressed in you comments on AD 39, with some 98% opposing the sector separation scheme. Mr Crabtree's suggestion to rebrand the joined admendments seems designed to "Muddy the Issue" by calling it "Sector Definition and Accocations". Call it what you want, but it still smells as bad, and by resorting to the political methodology of merging unfavorable plans with legitimate issues such as allocations from com to rec, it makes it only seem more likely that the stakeholders are yet going to be ignored and have something that most are opposed to, does not address the root problems in our fishery management, and makes a few people rich at the expence of the majority! Yes that sounds very much like catch shares, and that is the ultimate goal of thes very groups pushing Sector Separation, as evidenced in their own documents. Please ensure the will of the people is reflected in a proportional balance when considering any options to include sector separation in the real issue of sector allocation. Its not even a close arguement. With no statistics on how Sector Separation with help the extreme and "High Level of Uncertainty" that exist in the fishery management of the recreational sector, it begs to fix that huge problem FIRST, before trying some "New and Novel" management scfHEME. In most cases, the restricted access to the fisheries has little to do with a lack of fish, but rather a lack of reliable science based data. With the numbers of recreational participants in the federal fisheries overestimated by 350 to 400%, the gross overestimation of landings follows, followed by ACL's set incclorectly, and followed by unnecessarily short seasons. No Separation of the Recreational Sector without the majority support of the recreational community, and not without reliable, accurate, complete and current science based data first!		Private Recreational Angler, Charter/Headboat For-Hire
8/18/2012 10:17:43	paul loughridge	paul.loughridge@yahoo.com	Why would the council consider allocating more of the red and gag grouper to the rec sector when we have no idea how many trips the rec sector makes, how many fishermen fish offshore, or most importantly what they are catching? the commercial sector has vms, observer data, logbook data, yet we will suffer because of economic data stating the rec sector is more valuable? It seems irresponsible to allocate more to a sector that continues to be guesswork at best. Best available science on rec sector data is flawed, we all know that. Why not try and get a clue before discussing re-allocation?	crystal river fla 34428	Commercial Fisher
8/18/2012 10:55:06	Erika Pettite	epettite@yahoo.com	I am a supporter for all Anglers - Commercial, Industrial, Charters/Headboat For-Hire, and to all civilians who fish from their boats, kayaks, freedivers, shore, etc. This amendment must be be clear in understanding from all! 8/19/2012 6:56:21	Capt Tom Adams	4tomadams@gmail.com	<p>Why is the council changing names and merging commercial and recreational allocation options with recreational sector separation especially just days before the meeting? It makes it look like something underhanded is going on. Is there? What happened to amendment 39. It was standing alone as a completely separate issue.; which it is and should be.</p>	PORT ST JOE, fl 32456	Private Recreational Angler, Charter/Headboat For-Hire, NGO
8/19/2012 7:40:17	Capt. Thomas J. Hilton	hilton@rt-nav.com	<p>Sector allocation is a SECONDARY tweak to the PRIMARY framework of sectors. Combining sector allocation and sector separation is simply a sleight of hand in an attempt to give legitimacy to sector separation by acting as if it has been already scoped and vetted - it has not.</p> <p>Classic case of the tail wagging the dog.</p> <p>Sector Separation is the "bigger" issue that should be decided upon FIRST, before looking at the details of what allocation %'s are doled out to which sector.</p> <p>Each issue should go to scoping on its own merits, or lack thereof.</p> <p>A GREAT example of how this is the WRONG approach is this; If the vote of the Council goes to stay with the status quo relative to a recreational/commercial split, I do not believe Sector Separation will go away. It has to be presented (and defeated) on its own terms.</p> <p>In case you haven't seen the results of the scoping comments on sector separation, I would recommend that you go through and read what the People are saying about this concept and the Council itself for letting this get THIS far. The tally, last time I looked was that there have been 3,350 responses.</p> <p>3,271 against 79 for Sector Separation.</p> <p>This amounts to 2.4% of the recreational angling community [For] and 97.6% [Against] Sector Separation.</p> <p>If the Council ignores this obvious mandate to cease and desist on this matter, then it will confirm that the entire scoping process is a sham.</p> <p>Thank you for your time, Capt. Thomas J. Hilton</p>	Arcola, Texas 77583	Private Recreational Angler, Other

Subject: Public testimony

GOM council members,

Thank you for the opportunity to express my opinions facing our industry. I look forward to be able to meet the new council members and look forward to continue to work toward real solutions. I run the Charterboat Necessity out of Orange Beach ,Alabama.I have been a USCG licensed Captain for 40 years. The Necessity is a 62ft. multi passenger vessel licensed to carry 30 people. I am past president of the Orange Beach Fishing Assn. I currently serve on the OBFA board of directors. I am on the Gulf Shores / Orange Beach Tourism board of directors, I was appointed to the Alabama Seafood Promotion Commission by Gov. Bentley, I have served on the board of directors of the Charter Fishermen's Assn.I am currently on the Board of Advisers of the CFA. I have served on various AP's for the Gulf Council.

I urge the council to continue to explore viable options to a flexible, separate FMP for the CFH industry. Its no secret this past June in the Northern GOM how weather negatively impacted RS season. Boating accidents and injuries caused by a derby fishery are unfortunate and must be avoided. Volunteer pilot programs certainly are a fair way to see if a FMP will work. The OBFA board of directors voted to support these types of programs. Status Quo fmp continue to fail my industry. Shorter seasons, closed seasons, dead discards all point to the need of a better management system. The NMFS and the council has done a excellent job on rebuilding once depleted fish stocks. Now we just need a FMP that allows us to fish in a sustainable way that makes good business sense. Being the public access for the non boat owning public and boat owners who choose to use charterboats we need flexibility,accountability and electronic reporting systems.

I am encouraged and look forward to a better future for our industry! My hope is that with the opportunities ahead we can work together to provide a better future for the next generation of boat captains and customers.

Respectfully,

Capt. Ben Fairey

Council,

My name is Capt. Thomas J. Hilton and I would like to submit as part of the record this stack of 394 pages of over 3,500 responses from the Gulf fishing community in regards to this very bad idea - RFA 39 – Sector Separation.

Inside of these pages is an overwhelming, I repeat, overwhelming rejection of this concept to the tune of about 97% AGAINST, 3% FOR. These responses are from private recreational, charter-for-hire, non-governmental organizations, state governors, the Congressional Sportsman's Caucus, and others. Consider this a mandate from the People demanding that you cease and desist from any further consideration of Sector Separation.

Some of you claim that it has nothing to do with Catch Shares – after all, they aren't even mentioned in RFA 39! Enclosed is EDF's Progress Report that says different. Quote: **"The work we are doing with a core group of for-hire recreational fishermen, whose movement we helped develop and continue to support, called SOS (Save Our Sector), will be important to continue to move catch shares forward in the for-hire sector of the recreational red snapper fishery."**

Your so-called Sector Separation Workshop held almost 2 years ago was supposedly a Gulf Council function, yet it was designed, orchestrated, and controlled by EDF's Whitney Tome. Shame on your Dr., Bortone, Bob Gill, and other Council members who participated in this charade.

SEGREGATING recreational fishermen based on what platform they fish upon, giving select privileges (including ownership of our Public Trust Resource) to some and not the others, while simultaneously denying access to what ALL Americans own is DISCRIMINATION in the highest degree and in obvious direct violation of National Standard 4 by the way.

Especially in light that Strelcheck's Sector Separation Analysis showed YOU that there would be a negative effect to private recreational fishing seasons and positive effect to for-hire fishing seasons in 11 out of the 12 scenarios shown. Certainly **NOT** fair and equitable management.

You need to be developing strategies to groundtruth effort and landings data – a good start in this regard would be the requirement for a boat permit for offshore species – that is, IF you are truly interested in finding out realistic effort and landings data. I and many others have our doubts.

This boat permit could provide much-needed data regarding how many fishermen are fishing out of what port, on which days, and whether they are aboard a private rec, charter, or head boat. Regional management has been discussed, and this type of data is exactly what you need to make those types of decisions. For more information, refer to the OFS Permit Plan.

I hear concerns that the commercial permits are capped, but the private recreational sector is not.

One solution would be for you to freeze the commercial poundage at today's levels – they are making plenty of money on the shares that you gifted them, and they are set for life. Any future increases to the ACL should be allocated solely to the recreational side, growing as the recreational sector (both private rec and for-hire) grows.

Trying to expand Catch Shares into other fisheries when they have shown not to be able to even sustain themselves is ludicrous. The Magnuson mandates that the Cost Recovery Fee pay for the management and enforcement of the RS-IFQ program, yet that has been capped at 3%. Mr. Steele said the actual cost is closer to 15-17%. Since the IFQ program is undergoing its 5 year review, it is appropriate to increase that fee **NOW** to relieve the American taxpayer from subsidizing that program.

Capt Thomas J. Hilton

August 22, 2012

Environmental Defense Fund

Progress Report

Catch shares are the default tool for managing fisheries in the Gulf of Mexico region

Over the past year, EDF has helped propel the commercial grouper/tilefish IFQ plan toward implementation, advanced the goal of catch share management for king mackerel and all remaining Gulf reef fish species, helped create essential management building blocks for catch shares in the for-hire sport fishing sector, and continued to support the nation's first industry alliance dedicated to promoting catch shares.

With the vital help of our industry partnerships, we recently ushered the grouper/tilefish IFQ plan to final passage by the Gulf Council in January (13-4 vote in favor). The Secretary of Commerce approved the plan in August and it is set to begin on January 1, 2010. However, higher than expected interactions with threatened sea turtles added a wrinkle to the program. In May, NMFS implemented an emergency closure of the longline reef fishery (of which the grouper/tilefish fishery is a part) to help resolve the problem. To keep fishermen on the water, we targeted converting 50 percent of the fleet, or approximately 50 vessels, to vertical, or 'bandit' gear, which has been proven to cause far fewer turtle interactions. EDF immediately launched a grant program for conversion of longline vessels to the vertical gear. To date, applications have been approved to convert 50 vessels, and 45 have converted. Offering the industry an option for staying in business has gone a long way to solidify relationships and trust with both fishermen and regulators.

Our work to promote catch share management for all Gulf reef fish continues to bear fruit. **In June, at our urging, the Gulf Council established a new advisory panel to explore a catch share plan for all remaining reef fish, including three subgroups: commercial, recreational for-hire and private anglers. *EDF and key allies have secured voting positions on the panel.*** We expect that the commercial sub-group will easily move forward with a plan to add all remaining reef fish (19 more species in total, including amberjack and gray triggerfish) into the existing IFQ program. The for-hire and private angler sub-groups will explore catch share and accountability measures for reef fish, including red snapper and grouper. The recreational discussions will undoubtedly be long, heated and challenging. Part of their charge is to discuss intersector trading.

The work we are doing with a core group of for-hire recreational fishermen, whose movement we helped develop and continue to support, called SOS (Save Our Sector), will be important to continue to move catch shares forward in the for-hire sector of the recreational red snapper fishery.

SOS now has over 200 supporters across all five Gulf states. This membership, which includes boat owners and crew members, reflects a significant portion of the 1,100 licenses in the for-hire fleet. The group's work was a key factor in the Gulf Council's October decision to consider separation of the recreational sector into for-hire and private angler sectors in the generic Annual Catch Limit/Accountability Measures amendment, which will be subject to public hearings in either December or January and likely voted on next summer. *The amendment will form the foundation for a for-hire IFQ and harvest tags for private anglers.*

From: The Board of Directors

Re: Unanimous vote representing the Orange Beach Fishing Association

July 1, 2010 – The Orange Beach Fishing Association, ask that the For Hire Sector be accountable for its catch.

- 1. We wish to be accountable for our fishery**
- 2. We want to have some sort of Sector separation**
- 3. We want to have a number of “days at Sea” based on days open to catch quota**
- 4. We need electronic (real Time) data collection equipment for our vessels**

May 5, 2012 – the Orange Beach Fishing Association, ask that Orange Beach City Council to support the Headboat Pilot Program (the exempted fishing permit application, presented at the Gulf Council April meeting)

August 14, 2012 – The Orange Beach Fishing Association, again ask the we be accountable for our catch.

- 1. We wish to be accountable for our For Hire Industry**
- 2. We want Pilot Program, “Days at Sea” for all participating Orange Beach Fishing Association members with Reef Permits**
- 3. We support the Headboat Pilot Program presented at the Gulf Council April meeting.**

Sincerely,

Tom Steber, President

8/15/2012 13:10:17	carol giardina	rigoletsunrise@bellsouth.net	against the separation	N.O., La, 70129	Private Recreational Angler
8/15/2012 15:34:51	Bill Cochran	billy.cochran@galvnews.com	As a recreational angler - I support sector separation as the best form of accountability in the recreational fishery. As a Charter Boat owner - I support sector separation as the best form of accountability in the recreational fishery. As a Commercial Fisherman - I support sector separation as the best form of accountability in the recreational fishery.	Galveston, TX 77554	Private Recreational Angler, Charter/Headboat For-Hire, Commercial Fisher
8/15/2012 15:37:02	Gregory T. Beck	tanhbeck@aol.com	Before this is implemented, additional research is necessary. If any adjustment needs to be made, the percentage allocated to ALL recreational (not Commercial) fisherman needs to be increased, rather than the meager percentage granted to us is reduced further. The direction of the council appears to be toward taking opportunity away from the individual fisherman, and it is beyond disappointing. I would laugh at the incredibly poor decisions of the Council if you didn't keep making them.	Montgomery, AL 36117	Private Recreational Angler
8/15/2012 15:43:05	Chuck Bailey	chuck.bailey@earthlink.net	Sector separation is a bad idea. Please discontinue this effort immediately. Thanks... chuck	League City, tx, 77573	Private Recreational Angler
8/15/2012 20:05:34	Archie Norman Duplantis Jr	nduplan@charter.net	Don't put cahrtter fishermen in a separate group.	Raceland, la 70394	Private Recreational Angler

8/16/2012 3:25:42	Donna Bradley	dbradley93@yahoo.com	Would like to go on record as opposed to RFA 39 and anything with the term catch share attached or sector seperation to it. The manner in which proponents and NOAA Fisheries staff have attempted to force through sector separation without the basis of real information is a shame. I would think these corporates would and should be more responsible in promoting and protecting the rights of anglers; the 'little guys' who are members of the working class and only want to relax in our blessed Gulf, become one with God at times and rejoice in the beauty and freedom for all. Some are just trying to feed their family...	Austin, TX, 78748	Private Recreational Angler
8/16/2012 3:31:09	Josh Andress	jandress98@gmail.com	I am against the sector separation proposal and wish for the council to reject this in its entirety. We are all fisherman and should have to abide by the same rules and regulations that apply to daily bags, size limits, geographical locations inshore or offshore, as well as vessel operations. Why should the ones that are not paid to fish be subject to regs that will lessen our enjoyment of a a resource? Thank you for your time and attention.	Brenham, Tx. 77833	Private Recreational Angler
8/16/2012 3:53:46	Kevin Arnold	kevin.arnold@piglogistics.com	Sector Separation / Catch shares are wrong for several reasons.. I vote no to Sector Separation / Catch Shares...	77070	Private Recreational Angler
8/16/2012 3:59:06	David M Counahan	dacoun@hotmail.com	Sector Seperation is a bad idea.	Jacksonville Tx 75766	Private Recreational Angler
8/16/2012 5:37:53	Brett Alan Thomas	brett@spooledupsportfishing.com	Sector separation is nothing more than segregation of God given resources between fishermen. What gives commercial fisherman more right to have at any bounty God (the same God referenced in our national motto) put into the sea? This is not the only way, it is just one particular groups agenda which is not fairly allowing recreational fisherman to go forth and seek Life-Liberty-Happiness!	humble, tx, 77346	Private Recreational Angler
8/16/2012 6:37:31	Steve Zackary	stephenzackary@msn.com	As a U.S. tax paying citizen and voter, I am opposed to your proposed amendment of Sector Separation. The concept of allocating fish to a select few would be detrimental to the recreational fisherman and the industry that supports those sportsman. Please reconsider your support for this decision and vote NO to this amendment.	78209	Private Recreational Angler

8/16/2012 7:00:39	Neely Johnson	neely.johnson@pearson.com	<p>This am opposed to sector seperation. I'm sure I'm speaking the same language of MANY other recreational fishermen when I make my statements.</p> <p>My father and I own a boat. He is 73 years old, and LOVES to snapper fish. Your laws have brought us to the point that it is no longer worth it to own a boat. The recreational fishermen are the ones that generate the bulk of revenue revolving around fishing. From sporting goods stores, to restaurants on the coast where they go to fish.</p> <p>I am 39 years old now, and I am still very close with my father. I attribute this close relationship to our countless hours spent on the water fishing together.</p> <p>This isn't just about catching fish. You put the future of many family relationships and coastal economies in jeopardy when you pass the asinine, laws that have proven to be ineffective in place.</p>	San Antonio	Private Recreational Angler
8/16/2012 7:03:51	Jose M Alejandro	jma2450@hotmail.com	Please do not pass the Sector Separation Amendment.	Baytown, TX 77521	Private Recreational Angler
8/16/2012 7:24:13	capt chuck eichner	captsea@comcast.net	This is crazy!!! This whole concept should be abolished and i am a charter captain!	punta gorda fl 33955	Charter/Headboat For-Hire
8/16/2012 7:32:24	Nathan lake	Katiebugl01@comcast.net	To say I am unhappy with sector separation and the reef fish amendment 39 is a gross understatement. I am not very active in politics but I will become personally involved if this legislation if this amendment is passed. I am well versed in marine biology and would welcome a serious public debate on the need for fish management. I fish offshore routinely and have seen the changes over the past 30 years. I know that the years ahead will be hard but cramming legislation down an uninformed public is a crime. Most of the national agencies are very suspect. Their behavior has shown their preferences towards large group with deep financial pockets. The only way to stop corruption is by individuals demanding that their legislators and presidents be accountable to the public they serve. I promise to become active in this fight if we as citizens are ignored. Vote against sector separation and allow for common sense debate to occur. Sincerely, Nathan Lake	Texas city, tx, 77590	Private Recreational Angler
8/16/2012 8:53:08	charlie ewing	topdrive465@gmail.com	Lift the snapper ban and allow us recreational fishermen to keep a pair all year long.	humble tx 77338	Private Recreational Angler
8/16/2012 9:01:18	Jason Stewart Fry	Jason.Fry@shell.com	I would wuold like to voice my opion towards RFA 39 / SECTOR SEGREGATION / CATCH SHARES! My vote is NO, to RFA 39 / SECTOR SEGREGATION / CATCH SHARES	Cypress, Tx. 77433	Private Recreational Angler
8/16/2012 9:46:25	Pieter Tirion	pietertx@yahoo.com	Sector separation is a bad idea and does not benefit the recreational fisherman.	Smithville, TX 78957	Private Recreational Angler
8/16/2012 9:56:32	william I. bone jr.	billydidit@att.net	I AM A 78 YEAR OLD MAN. I STARTED FISHING IN THE GULF BACK IN 1946 WHEN FISHING WAS GREAT ANY WHERE YOU FISHED. BUT I REALIZE THAT IF WE WERE NOTCAREFUL THE FISHING WOULD BE DESTROYED.WELL I HAVE PAID AND VOTED TO KEEP FISHING REGULATED. NOW I WONDER IF MY GRAND KIDS WILL EVEN BE ABLE TO FISH. I SEE EVER DAY WHERE WE SPORT FISHER ARE LOSEING OUR RIGHTS TO DO SO.. 'GOD BLESS AMERICA',,BILL	houston, tx. 77040	

8/16/2012 10:14:03	Jason Roth Hutcheson	cwdigger@bellsouth.net	I have invested a large amount of my time and money into my love of fishing in the Gulf. Over time I have supported any and all management practices that have been passed along in hopes of preserving this sport that I love however I do NOT support sector separation and see no benefit to the GOM fishery. Please continue managing this fishery in a way that all can benefit from it. Thanks	Palmetto, Ga 30268	Private Recreational Angler
8/16/2012 11:01:46	JAY JURICA	arcolafdjj@aol.com	I TAKE MY KIDS FISHING 1-2 TIMES A MONTH ,I THINK SEPERATION WOULD HURT RESOURCES FOR OUR FUTURE GENERATIONS OF RECREATIONAL FISHERMAN. Please reject separation in the Gulf Of Mexico Thankyou	ARCOLA TX 77583	Private Recreational Angler

8/17/2012 5:09:59	stephen viada	sviada@conshelf.com	I favor sector separation to better define relative pressures on fisheries resources and, in doing so, provide better management for these resources. Understandably, it does create another layer of complexity in the overall management scheme; however, requiring licensed fishers to report catches using standard forms and protocols would provide valuable data for making management decisions without relying strictly on management personnel.	tequesta, FL, 33469	Other
8/17/2012 5:43:46	Jaime Nodarse	jaime.nodarse@gmail.com	I support sector separation so that charter boats can continue to take out customers diving and fishing with separate allocations and regulations from recreational anglers.	78404	Other
8/17/2012 6:06:15	Billy P Archer	bigtrig42@aol.com	Mr. Chairman and members of the Gulf Council, I respectfully submit these facts for your consideration. Over the course of the last 90 days I have discussed with my customer base the importance of RFA 39 and the sepreate sector issue currently on the agenda for your next meeting in New Orleans. Two Hundred and Fifty Four have signed on to become new members of the Charter Fisherman's Association and agree with our view that we support exploring the benefits that RFA 39 may provide and having FMP designed for the Charter/Head boat industry makes good common sense. These recreational fisherman and woman have giving me permission to speak for them. I have provided the names, addresses, phone numbers and e-mail addresses to our executive director at CFA. We can gladly provide you with these contacts. Thank you for your time. Capt. Billy Archer F/V Seminole Wind Panama City Fl	panama city fl 32408	Private Recreational Angler, Charter/Headboat For-Hire, Commercial Fisher
8/17/2012 6:25:08	Walter Foster	bejeht@gmail.com	A separate management plan will secure the non-boat owning public the ability to access this fishery.	Austin,TX,78751	Private Recreational Angler
8/17/2012 7:27:57	Billy P Archer	bigtrig42@aol.com	Mr. Chairman and members of the Gulf Council. Please forgive me but I left out a very important fact about the 254 new members to join the Charter Fisherman Association. They come from every corner of our Country. Arkansas, Arizona, Alabama, California, Florida, Gerorgia, Kentucky, Kansas, Louisiana, Missouri, Missippissi, Tennessee, Texas, New York State. Most do not own a boat and depend on the Charter and Party Boat fleet for there access to fish the Gulf of Mexico. That's the reason we support RFA 39/28 and exploring sector separation Thank You. Billy Archer	Panama City Fl 32408	Private Recreational Angler, Charter/Headboat For-Hire, Commercial Fisher

8/17/2012 7:52:12	JAMES VOLINIC	JVOLINIC@SBSINDUSTRIES.	IT IS TIME TO MOVE FORWARD WITH A SEPERAT FISHING MGT PLAN FOR CHARTER BOATS FOR THE PEOPLE LIKE ME WHO NEED ACCESS TO THE GULF OF MEXICO. WE NEED THEM TO SUPPORT SECTOR SEPERATION. THIS WOULD ADD MORE DOLLARS TO THE AREA AND WOULD BE SMART FOR THE ECOMONY.	TULSA, OK 74116	Charter/Headboat For-Hire
8/17/2012 8:10:26	Michael Crossan	mcrossan40@yahoo.com	I have watched for years as lobbyist for corporations have bought or stolen the interest of the average American. Well, you have the power to right some of the wrongs. The average Joe or Joann should have the right to the Gulf. It is time to move forward with a separate fishery management plan.	Dripping Springs, Texas 78620	Private Recreational Angler, Other
8/17/2012 8:12:56	Jeremy Fenechi	Lefty2794@yahoo.com	Sector Seperation cannot be allowed to pass. As an avid sportsman I am appalled to think this is even being considered and dread the ramifications. Already in the State of Texas it is hard for middle class families to afford to hunt and pass these valuable traditions on to the next generation. Fishing is the one outlet affordable and available to sportsman throughout our state to many families. The money I spend on a deer lease is annually is just not feasible for many families. Now we are proposing to make fishing unaffordable as well? Where does this leave the next generation? Will we then revoke this amendment only to find that the interest is gone. And what right to these charter fisherman have to exclusive access to a percentage of our fisheries? They need to be careful because a windfall today could mean a substantial drop in business for them tomorrow. I for one fish both solo and through charters. I can assure you if this amendment passes I will forego all future charter fishing trips. No one group should have exclusive rights to our nations resources, fish are not assets to be bought and sold. Never mind the fact that if They were the charter fisheries are not buying them even if this passes, they are simply being given" exclusive rights to a resource that belongs to all of us.	San Antonio TX	Private Recreational Angler
8/17/2012 8:14:59	karl lederman	klederman@bickgroup.com	Please, it is time to move forward with a separate fishery management plan for the charter boats and the people like us who need to access the Gulf of Mexico. We need and I support sector separation. Thank you	St Louis, MO 63131	Private Recreational Angler
8/17/2012 8:41:05	John Sen	samus3j@gmail.com	Please reject sector separation. It is a bad idea. There are no tangible conservation benefits of this course of action.	College Station, Texas, 77845	Private Recreational Angler
8/17/2012 9:36:48	Matt Grant	mgrant@firstprotective.com	SEGREGATING recreational fishermen based on what platform they fish upon, giving select priviledges (including ownership of our Public Trust Resource) to some and not the others, while simultaneously denying access to what ALL Americans own is DISCRIMINATION in the highest degree	Orange Beach, AL	Private Recreational Angler
8/17/2012 10:03:30	James E. Gagneaux III	jaygagneaux@hotmail.com	I do not support sector separation.		Private Recreational Angler
8/17/2012 10:30:26	Nancy E Mach	machnan@verizon.net	I attended one of the meetings on the sector topic. I couldn't believe this was even proposed. Don't go with the sector separation!! Once agiain the government is giving away natural resources so some people can make money! I suppose the government will also get their cut! VOTE NO! Nancy E Mach	Land O Lakes, FL 34637	Private Recreational Angler
8/17/2012 11:45:03	Jacob Yelverton	jeyel@bellsouth.net	This plan is yet another attack on the recreational fisherman. I totally reject this plan and plan to make my displeasure known to my Senators and Representatives.	Rayville Louisina	Private Recreational Angler

8/17/2012 22:14:13	Jason Castellanos	Jasonc_1973@yahoo.cOm	I think u should leave private charters in Galveston and not regulate or try to eliminate it. I depend on it and spend money in Galveston for charter fishing and entertainment	Fort worth, tx 76123	Charter/Headboat For-Hire
8/17/2012 22:46:35	Cody Alexander Stewart	captcas@yahoo.com	As an aspiring offshore fishing guide and fulltime boat captain, I find the catch share idea ridiculous. I would not feel right proposing this to a cliwnt and evenmore as a rec. Angler feel betrayed by my government that this is even an issue.	Beaumont TX 77706	Private Recreational Angler, Charter/Headboat For-Hire
8/18/2012 6:17:57	Ladislav Baloun	sarakeel3@hotmail.com	Sector separation is a bad idea, plain and simple. We need your help to beat it.	Long Beach MS 39560	Private Recreational Angler
8/18/2012 6:46:46	Joanna Campbell	jocampbell4615@gmail.com	I support a seperate fishery management plan for the charter for hire industry! Many folks rely on the charter industry, without these it would not be possible to experience the thrill of gulf/bay fishing and boating. These guys are experienced and know, all rules, how to keep you safe, where the fish are, and are always prepared to please.	Midlothian, Tx 76065	Charter/Headboat For-Hire
8/18/2012 7:50:25	Chad Pedley	cpedley1@yahoo.com	I completely oppose sector separation. This fish we are talking about are a federal resource. Most the snapper caught in Texas come from beyond 9 miles. Selling it off for private ownership with catch shares is a terrible waste of resources that should be available to everyone and locked away between different sectors. From an economic point of view, private boat owners spend exponentially more money trying to catch the same snapper than commercial fishermen (or guides for that matter). Just move to a snapper tag system that requires reporting to get more tags and there will be a huge improvement in the real time data that is required by regulation.	Houston, Texas 77025	Private Recreational Angler
8/18/2012 8:10:15	Jonathan Pajak	Snocamo4@gmail.com	I support a separate fishery management plan for the charter for hire industry	Waxahachie, Tx 75165	Private Recreational Angler, Charter/Headboat For-Hire
8/18/2012 8:25:06	lewis,clifford,wells	cliffordwells@suddenlink.net	sector separation is not fair to the recreational fishing people this amendment will cost the state's money from the fishing & hunting license's sell's to sports people in every state and voter's will take note of the people who will not listen to the people	victoria,texas, 77904	Private Recreational Angler

8/18/2012 13:34:59	Willie Wax	williewax@mac.com	<p>After researching the issues that have surfaced in the news, on the internet, and the websites that have reported on RFA39, I have come to the conclusion that my government is not fairly protecting my interests.</p> <p>As a sportsman and recreational fisherman, I understand the need for stewardship of our resources. However, it appears that in the instant matter the GoM Fishery Management Council has completely missed the boat.</p> <p>It seems that many agree the scientific data gathered is of dubious quality, questionable origin, and useless as an end product. If this statement is incorrect, where are the metrics that define the problem in the fishery and show the design of the methodology for the collection of data as well as the parameters for the collation, interpretation, and application of said data to the original issue? Who are stakeholders and how were their categories arrived at?</p> <p>The question of semantics is particularly of interest. Some think that a non boat owner who fishes from a for hire/charter boat becomes a commercial fisherman, allowing him to "fish" from a different section of the quota. Does this person have a commercial fishing license or a charter captain's license? Has he or she been involved in the buying and selling of finfish? This makes as much sense as an accident victim who rides in an ambulance automatically becoming an EMT (Emergency Medical Technician).</p> <p>If we look at the economic impact of the different classes of resource users, it is my understanding that the recreational sector far outstrips the others. Let's make no mistake: saltwater fishing is not an inexpensive hobby. It has been estimated that the recreational dollars spent on fishing is as high as 8 to 1 versus commercial.</p> <p>If this Council is to have a chance at producing a product that will be acceptable, then there needs to be clear communication of the problem as it exists, solid scientific research via peer approved and accepted protocols, and finally equitable apportionment of these vital renewable resources.</p>	Grand Isle, La 70358	Private Recreational Angler

8/18/2012 13:37:11	Michael Causey	Causedog@aol.com	<p>We need two separate fishery management sectors- one for people who own their own boats and one sector for native Texan environmentalists like myself who use chartered boats to occasionally access the offshore waters.</p> <p>I am a spear fisher,not an angler. I have managed to take one red snapper in 8 charter trips to the rigs over the last 21 years. My window of opportunity and suitable weather conditions rarely occur in the proposed 40 day period from 1 June through 10 July.</p> <p>I take very, very few fish because I do not even own a boat. Please do not take away my rare opportunity for sport in your effort to control those who elect to pursue these fish more often and with much more sophisticated means.</p>	Corpus Christi, TX, 78413	Other

8/19/2012 20:19:15	David Turner	dtcarpentry@aol.com	Sector separation is a bad deal for all private recreational anglers, especially those of us that do own our own "fishing" boats and expensive gear. The rec fishermen need to stand together to protect our right to fish. If a charter business is just a "taxi driver" for the "other" rec fishermen who are not boat owners then why in the heck should they have any special priveledges? Why should they be allowed to fish when it is convenient/profitable for them and the taxi driver but not give the private rec fishermen the same consideration. Why should I have to catch and then throw back my fish and then go buy it from a fish market but the charter rec fishermen can go catch and keep his own because of the opinions and desire to make money of a taxi driver? SOS stinks to high heaven in my book. VOTE AGAINST SECTOR SEPARATION!	NAVARRE	Private Recreational Angler
8/19/2012 21:08:03	Gena Renea Robbins	gigi34.gr@gmail.com	I support the charter boat sector separation	Danbury, Texas, 77534	Private Recreational Angler, Charter/Headboat For-Hire
8/20/2012 7:07:21	Cynthia Dorris	dorris.cindy@yahoo.com	<p>This is ridiculous in all aspects of the word. You want to regulate the recreational fishermen/women who are lucky to go fishing 5-10 times a year?! Obviously you have all lost any common sense you may have had!</p> <p>The average recreational fisherman, especially those who happen to have boat capable of handling offshore waters have to take friends in order to afford to go. This is not a charter put a "we split all cost for fuel, bait, and everyone bring what they want to eat and drink". Again, the average recreational fisherman is lucky due to costs and weather conditions, not to mention family obligations, are lucky to get to go offshore 5-10 times in a year. So, you are going to regulation the number of fish recreational fishermen can catch and also have the guides/charters have the privilege of taking the recreational fishermen's catch to do as they want.</p> <p>Has it even once occurred to the Gulf Council that maybe the problem is the number of guides/charters/charter captain per port/harbor is the real problem? Probably not, apparently you can only think for those who are putting change in your pockets like a vending machine...put your money in, get what you want. The average guide/charter can and does go out 4-7 days per week, unless there is a hurricane. I know many charters who go out even in 6-8ft seas just so they can collect on their \$1700.00 bounty trip. Most and I am saying most of these guides/charters have other jobs, besides chartering.</p> <p>Have you idiots done a count of how many guides/charters are out of each and every port/harbor? Probably not, you are probably not smart enough to figure out there are too many per port/harbor. There are 60-70 guides/charters out of Matagorda, Texas. Texas alone has at least 17 ports/harbors, Louisiana has at least 14 ports/harbors, not to mention Mississippi, Alabama, and especially Florida all of which have an overabundance of guides/charters. This is not even counting the fact that you have allowed commercial freighters/ships/boats from other countries to come into the Gulf which has also devastated our fishing resources by taking all and anything they catch in their nets. You should also take in to account that the taking down and removing all structure in the Gulf of rigs and or platform has done away with areas in which fish inhabited as reefs.</p> <p>Please tell me how the recreational fisherman is hurting fish count compared to guides/charters and the removal of structures and commercial fishing?</p>	Katy, TX 77493	Private Recreational Angler

Mr. Bob Gill
Chairman
Gulf of Mexico Fishery Management Council
2203 N Lois Avenue, Suite 1100
Tampa, FL 33607

Dear Chairman Gill and Council Members:

As a private recreational fisherman, the health of Gulf fisheries are very important to us. Some of our best memories are on the water with our families going after kingfish, grouper, and red snapper. However, the current management trends have made it harder for us to carve out time to enjoy a day on the water. The current short seasons are not ideally suited for us to be able to plan a trip to the coast. We look at the current techniques being used to manage recreational species such as red snapper and grouper and know that they are not working for fishermen – private or for-hire. Something must change.

Sector separation could go a long way in helping to solve some of these problems and work to better optimize management for each individual sector. Although both private recreational anglers and for-hire/charter boats go after the same fish, their incentives to do so are entirely different. We, as private recreational anglers, care about simply going fishing; while for-hire operators want consistency in order to build a plan that works for their businesses. Treating these two obviously different sectors as one hinders their ability to optimize their wants and needs and cuts down on the days we can enjoy fishing with our families.

Recently, there have been many calls for different types of management – tags, days at sea, weekends only. All of these are really just symptoms of folks wanting a fishery management plan that works best for their needs.

Regional fishery managers should step up and begin a process to explore these ideas for optimizing recreational fisheries management and improving opportunity to fish for the different groups that want to access the fishery in different ways while maintaining healthy catch levels and providing better, more timely data on what is caught. We urge the Council to move sector separation and other recreational optimization ideas into an amendment process. Allowing this to happen would be the first step to better management practices, data collection, and an overall healthier Gulf fishery.

Sincerely,

Alejandro Huerta and 51 others

6/6/2012 20:56:03	James D. Radel jr	reeldealsporting@live.com	I'm a captain for a 6pack Charter/For-Hire in Clearwater Beach Fl. I support this amendment.	dunedin Fl. 34698	Charter/Headboat For-Hire
6/12/2012 8:25:28	Brian Wyatt	brianw@stic.net	Sector separation is a Fiasco waiting to happen. There is NO need for this. What we need is Regional separation into zones, such as Texas Waters, Louisiana waters, Alabama waters and Florida waters and all Recs combined as one. As they are now. We Cannot even get a Line down fishing Texas waters without being Smashed by Snapper. Triggers are Plentiful in State waters but lack in Federal waters due to the Explosion in Snapper Populations. We need real Math. We need limits designed for different Regions, not limits and dates for different fishermen. Go fishing with me just once and I can show you Federal waters off the Texas is Booming with Snapper.	Port Mansfield Tx, 78598	Private Recreational Angler
6/12/2012 9:41:50	Charles Domson	cldomson@hotmail.com	This is totally absurd. If you want to give the charter and headboats allocation, I believe it should be from the commercial side of the pie. The private recreational fisherman has born the brunt of these regulations, while our funds stimulate the Florida economy the most of any sector. Please don't take more allocation away from the private individual sector. Charles Domson MD	Palm Harbor, FL 34683	Private Recreational Angler
6/14/2012 16:57:21	Chip Blackburn	mexicobeach.bz@mchsi.com	I can't tell the Council exactly how furious I am over the issue of Sector Separation. As a charter fisherman with federal permits and almost thirty years in the business this blatant attempt at "divide and conquer" is the disgusting. I as are all my customers totally opposed to sector separation and catch shares.	Mexico Beach, FL 32410	Private Recreational Angler, Charter/Headboat For-Hire, Other
6/14/2012 17:14:09	Ronald Wray	rebecca_ronnie@bellsouth.net	I have fished the gulf for over 30 years and the for-hire and rec's like me need to stay as one. Both go out to fish and show guests a good time and at the end of the day both have some fresh fish for dinner. The fish in the gulf should be a right to all that pay taxes both the for-hire guys and the rec's guys like me.	31763	Private Recreational Angler

6/14/2012 17:46:52	Captain Henry Hauch	Captain_Henry@ACME Ventures Fishing.com	<p>Hello, Although I primarily fish the South Atlantic region, I do occasionally fish the GOM, from the Panama City area. The subject of Sector Separation is certainly something Most recreational fishermen, CFH and Private are very concerned about. Its not even a hidden agenda that this measure is being promoted by rge same group pushing the Catch Share push into the recreational side. The overwhelming objection to both Sector Separation, and Catch Shares is obvious to all that do not have a pre-determined agenda.</p> <p>As such I add my voice to the majority that are firmly opposed to the seperating of the allowable harvest within the recreational sector in the GOM. With the many problems that continue to exist in these fisheries, such as the near complete lack or real world recreational fishery data, including an actual number of participants in the recreational federal fishery, the number of recreational fish caught, and the accurate, current and reliable biomass numbers for ALL of the fish, yes even the great abundance that are found in the thousands of artifical structures lining the GOM's coastal area's., yes with these problems continuing, adding a "New and Novel" management scheme is pointless and truely counter-productive.</p> <p>There is really no point to Sector Separation without reliable data FIRST! The group pushing the Sector Separation represents a VERY SMALL percentage of the fishing community, and how these few were allowed to get this subject this far is in itself quite troubling. Especially when you consider the hundreds of millions being spent by the NMFS of Catch Shares, that these same groups are promoting and seeking, at a time when Eric Schwaab tried to explain the the reason that 75% of NOAA managed stocks have no science based data, is that they are costly, and the budget is in short supply, well this shows the troubling path being taken despite a clear majority opposing the agenda.</p> <p>Until Reliable Science that is Current, Accurate, Complete and reliable is managing our fisheries, then no management scheme should even be considered. Sector Separation does not accomplish this, and like Catch Shares the added financial burden has only further diminished the ability to properly fund what is needed most! The great distrust earned by the NMFS from a majority of fishermen needs fixed before the damage becomes unreconcilible. This scheme to seperate the recreational sector is very transparent, and it even being on this agenda is further creating a true sense of abandonment by the NMFS of the majority of fishery stakeholders. Precident has repeatedly been set within the NMFS of the clear desire of the majority being ignored, and this seems like a continuing trend in this situation.</p> <p>As stated I primarily fish the South Atlantic, but do occationally fish the GOM, and certainly do not want to see the destructive path that is sure to follow this scheme. Also What happens in the Gulf will likely set a pattern that will in time be seen in the South Atlantic, and though the Overwhelming Majority loathe the idea of Sector Separation and catch Shares, we have seen it manipulated and slid in despite a majority opposition (such as the Gulf IFQ, and New England example of a 'Pilot' converted to a full program without a referendum).</p> <p>Bottom line....We don;t want Sector Separation, and we do not feel it even deserves a spot on the agenda to discuss, let alone being moved forward in any manner.</p>	Mims Florida 32754	Private Recreational Angler, Charter/Headboat For-Hire

6/14/2012 18:28:24	Chris Beck	Chrisjessicabeck@windstream.	<p>You must not attempt sector separation. We are all recreational anglers wether we fish on a charter vessel our own.</p> <p>Sector separation will not benefit the fishery. This is just another step toward catch shares. Why should our public resources be used for the betterment of one sector over another?</p> <p>NOAA's own economic studies show that for the period 2009 to 2032, private boat recreational anglers will contribute \$9.1 billion of the value in the Gulf of Mexico shrimp and reef fish fisheries, followed by the commercial shrimp fishery at \$1.6 billion, and the recreational for-hire fishery at just \$0.83 billion.</p> <p>If you really want whats best for the fishery, quit messing with this foolishness and put some effort into better resource assessments.</p> <p>The fishery is a public resource and should not be turned into a privately owned and traded commodity.</p>	Milledgeville, GA 31061	Private Recreational Angler
6/15/2012 4:25:49	Thomas Hayden	Tom.Hayden@egs-us.com	<p>This has gone far enough. Please listen to the will of the people, and do what is asked of you. Anybody who has fished this 30 DAY SEASON can tell you that Red Snapper Populations are as healthy as they have EVER been in history.</p> <p>If you want to add more laws and more ammendments, you need to focus on actually performing stock assessments!!!!</p> <p>Grouper season closure, I'm fine with. Those stocks have gone down and are in need of protection to revitalize the species. But red snapper? Are you kidding me??</p> <p>I was always the person who told my friends that the Fisheries Management Council was doing the right thing to help the species, and once ARS came back they would drop the restrictions, but now I see that is obviously not your intent. With all due respect, every one of you should be ashamed of yourself</p>	Tallahassee, FL 32309	Private Recreational Angler
6/15/2012 4:26:31	thomas e adams	4tomadams@gmail.com	<p>I am against implementing any type of sector separation plan in the Gulf of Mexico I am against Catch Shares. I support fishery management that uses accurate, up to date scientific data.</p>	PORT ST JOE, FI 32456	Private Recreational Angler, Charter/Headboat For-Hire
6/15/2012 6:09:21	John Wilson	john@jswcreative.com	<p>Recreational fishing is a much more lucrative use of our fishery than commercial fishing because it brings tourists to our State, they spend money when they fish.</p> <p>I propose you do a study on how much money is generated from one commercially sold fish, vs the money generated from the same fish being caught by a tourist flying into our State, renting a car, staying at a hotel, eating in restaurants, buying tackle, buying clothing, buying food and drinks, hiring a local guide, the amount of fuel bought buy the charter boat... if you break it down,,, you will find a fish caught by a recreational fisherman generates much more money than one sold in a fish market.</p> <p>Protect the fish, it's our future.</p> <p>Thanks, Capt. John Wilson</p>	Hernando Beach, FL 34607	Private Recreational Angler, Charter/Headboat For-Hire

6/15/2012 8:29:30	Jason Roth Hutcheson	cwdigger@bellsouth.net	My summers are spent on the water in the Gulf of Mexico with my family and friends fishing. It has been hard to stomach all the regulation changes that have come from the managers of this great resource that we have but I have bit my tounge and abided by these regultions and continued my passion in the Gulf with the hopes that these regulations will carry this great resource for future generations. With the newest idea on the agenda of sector seperation I can no longer sit by and bite my tounge. My life and money has been built around what we love to do in the Gulf of Mexico. I have a huge investment in this and can not understand how sector seperation will benefit the fishery, the local economy and anyone who enjoys fishing in the GOM. Please find other ways to manage our fishery without taking away my ability to fish and occasionally harvest food for the table. The regulations are already to the point that only a single species may be harvested on a trip but I continue to enjoy myself and understand that the end result is that we maintain this resource but I cant imagine not being able to do this after sector seperation. Thank you for consideration of this matter!!	Palmetto Ga 30268	Private Recreational Angler
6/15/2012 9:43:26	Donald Lindsey	donald@servicemasterdothan.com	We do not want this catch share stuff.	Dothan,Al.36303	Private Recreational Angler
6/15/2012 9:59:20	Jay H Prentice	jhpkms@gmail.com	Just as many states have "right to work"laws to protect workers from being forced to join and pay dues to a union, fishermen's right to fish needs to be preserved. Catch shares will eventually lead to a group of politically favored corporations controlling the bulk of our coastline, and effectively shutting out the smaller charter boats and recreational fishermen.Catch shares is a BAD IDEA. Management of the resource should be thru current and correct data,with all fishermen sharing the harvest and observing the limits and closures as deemed necessary	Mexico Beach FL 32410	Private Recreational Angler
6/15/2012 10:40:17	Michael H. Colby	captmike50@hotmail.com	I am sorry I am unable to attend the Tampa meeting. Please accept my continued support for a sector split in the federal recreational fishery.	Clearwater, FL 33756	Private Recreational Angler, Charter/Headboat For-Hire
6/15/2012 10:40:59	Ralph Allen	captain@kingfisherfleet.com	I believe that sector separation is a very, very bad idea for fish and fishermen. I see no benefits to any user group from sector separation, and no benefit to fish stocks. I believe that sector separation is being promoted by special interest groups that do not necessarily have the best interests of the fishery at heart. Please give this idea no further consideration.	Punta Gorda, FL, 33950	Private Recreational Angler, Charter/Headboat For-Hire
6/15/2012 13:44:49	Chris West	chriswest820@att.net	As a recreational fisherman, I am adamantly opposed to sector separation and catch shares!	Smyrna, Ga. 30080	Private Recreational Angler
6/15/2012 13:52:44	Capt. Mike Graef	capt.mike@cox.net	Subject Sector Separation: First and foremost I'm against sector separation for the for hire charter boats and recreational fishermen. I was at the presentation that Andy Stelcheck gave to the Destin Charter Boat Association. It was obvious there is no benefit from sector separation at this time. I also attended the sector separation work shop in Tampa and I'm still against Sector Separation since it is apparent that no one seems to be able to define what it would mean to seperate from the recreational side. Why don't you send a questionnaire to all of the federal permitted holders since we are the stake holders on this subject and let us decide this issue. NO SECTOR SEPARATION for this federally permitted boat owner. Thank you, Capt. Mike Graef Charter Boat Huntress	Destin, FI 32541	Charter/Headboat For-Hire

6/15/2012 14:04:06	Eric Mahoney	Eric@flcharterfish.com	I have a charter business that's been in Clearwater Beach for over 50 years. I would like to pass this business off to my children. The way our management is going, that does not look possible. I am in FULL support of sector separation. The charter for hire sector needs its own fishery management plan. I support everything the Charter Fishermans ASSOCIATION is trying to do. I get very upset at the "against everything" crowd that try's to speak for there so called "majority". The majority is not the private offshore boat owner. On the west coast of Florida we often travel well over 40 miles to catch Red Snapper and over 20 to catch Grouper. We are talking about the Fedreal offshore fishery here. You need a offshore boat to fish these waters. Do you think the majority of rec fisherman own offshore boats??? Hell no!! Sector Seperation is a step towards providing more access to the MAJORITY of offshore anglers. The non boat owning public who uses charter and head boats for there access to the offshore fishery.	Largo fl 33770	Private Recreational Angler, Charter/Headboat For-Hire
6/15/2012 14:41:32	Anthony Polizos	captaintony3@aol.com	I am against Sector Separation for charter boats and recreational. If you go ahead with this it will "separate" recreational and charterboats. Charterboats take recreational fisherpersons fishing. These people are recreational and not commercial. You put them into a "commercial" category and this is not so. Perhaps you as council member should fish with a guide and understand most of us are conservationists and not commercial fishermen. I support commercial fishing to a point but I do not believe I am a "commercial fisherman" and neither do my customers.	Everglades City, FL 34139	Charter/Headboat For-Hire
6/15/2012 16:36:07	Bob Ernst	ernst66@windstream.net	I am adamently opposed to this idea. What right do you think you have to take this public commodity and put it on the chopping block so that we have to buy/ pay for a natural resource that you people think is yours to do w/ what ever you want. Elections come and you people as appointed positions will go.	Hull Ga 30646	Private Recreational Angler
6/15/2012 16:52:05	Harold Bowling	frankandjeanie@gmail.com	I strongly oppose any effort toward sector separation. All the recreational sector should remain intact.	Panama City, FL 32408	Private Recreational Angler

6/16/2012 11:46:16	Matthew Dillahunty	matthewdillahunty@gmail.com	I am against separating the recreational sector in sub-groups of any kind. Recreational fishermen are recreational fishermen, no matter how they get to the fish. Why should certain charter boat operators be allowed to retain fish that the private boat owners are not allowed to keep? This will be a disaster from the start, from allocation division between the proposed new sectors, to the allocation to individual boats/captains. This is not wanted by any recreational angler that I know. According to the current regulations, Charter boat captains and crew are not allowed to retain most reef fish when they have paying customers on board, now they are going to get an unknown percentage of those same fish to sell to their customers. Matt	St Petersburg, FL 33716	Private Recreational Angler

6/18/2012 5:05:52	Tom Hylton	Thylton@mac.com	I am captain and owner of Gypsy Charters, in Clearwater Florida. I support sector separation, since charter fishing is how I support my family. The average recreational boat owner goes back to work when he is not fishing--I do not.	Clearwater FI 33764	Charter/Headboat For-Hire
6/18/2012 9:19:01	John Mark Watson	yelogrits@gmail.com	I am against Sector Separation and the headboat Days at Sea program. The fish guaranteed to the head boats / charter boats will come from the current allocation of the private recreational sector. What that means, is that once the federal government determines, however they do, since there is no reliable catch data, that recreational fishermen exceed their now even smaller species quota, they will not be able to fish for them on their own vessels. They must then hire a fishing guide or charter boat operator to take them fishing. All to harvest fish allocated previously allocated to them. This scheme adds nothing to the amount of fish available and is in no way a fisheries management tool leading to increasing fish stocks or populations. It simply redistributes the fish. What it accomplishes is vesting a small group (the concept is opposed by most charter fishermen) with a guaranteed harvest of fish. That harvest can then be traded (bought and sold) to other fishermen, essentially making a commodity of a public resource which will no longer be accessible to the general public, except of course if they want to purchase all a portion of that paper quota. It is a cap and trade scheme which benefits no one but those holding the rights to the fish; the small group of charter boat owners who fish under both recreational and commercial licensure. The federal government (NOAA Marine Fisheries) has failed, despite years of testimony by National Association of Charterboat Operators (NACO), Florida Guides Association, Coastal Conservation Association, Fishing Rights Alliance and every other state and national recreational fishing advocacy group to listen to our objections to this scheme and is moving ahead with this plan despite the hue and cry of the recreational fishermen of the nation. This is an attack by the federal government on recreational fishing and the ability and rights we all have to go out and catch a fish.	Pensacola, FL 32503	Private Recreational Angler

6/18/2012 13:33:57	Captain Henry Hauch	Captain_Henry@ACME-Ventures-Fishing.com	<p>This information has come to my attention highlighting the undue influence into this proposed admendment by an NGO, namely the Enviromental Defense Fund. Copies of this "Status Report" of their Catch Shares progress by EDF have been forwarded to Congressional Reps as well as various mainstream media outlets. Please consider the impecation of this information in your decision on this highly unwanted management scheme which includes Sector Seperation, Exempted Permits for Headboat Pilot Program, and IFQ / Catch Shares. Thank You for you Attention to this disturbing information Captain henry Hauch</p> <p>"Environmental Defense Fund Progress Report</p> <p>Catch shares are the default tool for managing fisheries in the Gulf of Mexico region</p> <p>Over the past year, EDF has helped propel the commercial grouper/tilefish IFQ plan toward implementation, advanced the goal of catch share management for king mackerel and all remaining Gulf reef fish species, helped create essential management building blocks for catch shares in the for-hire sport fishing sector, and continued to support the nation's first industry alliance dedicated to promoting catch shares.</p> <p>With the vital help of our industry partnerships, we recently ushered the grouper/tilefish IFQ plan to final passage by the Gulf Council in January (13-4 vote in favor). The Secretary of Commerce approved the plan in August and it is set to begin on January 1, 2010. However, higher than expected interactions with threatened sea turtles added a wrinkle to the program. In May, NMFS implemented an emergency closure of the longline reef fishery (of which the grouper/tilefish fishery is a part) to help resolve the problem. To keep fishermen on the water, we targeted converting 50 percent of the fleet, or approximately 50 vessels, to vertical, or 'bandit' gear, which has been proven to cause far fewer turtle interactions. EDF immediately launched a grant program for conversion of longline vessels to the vertical gear. To date, applications have been approved to convert 50 vessels, and 45 have converted. Offering the industry an option for staying in business has gone a long way to solidify relationships and trust with both fishermen and regulators.</p> <p>Our work to promote catch share management for all Gulf reef fish continues to bear fruit. In June, at our urging, the Gulf Council established a new advisory panel to explore a catch share plan for all remaining reef fish, including three subgroups: commercial, recreational for-hire and private anglers. EDF and key allies have secured voting positions on the panel. We expect that the commercial sub-group will easily move forward with a plan to add all remaining reef fish (19 more species in total, including amberjack and gray triggerfish) into the existing IFQ program. The for-hire and private angler sub-groups will explore catch share and accountability measures for reef fish, including red snapper and grouper. The recreational discussions will undoubtedly be long, heated and challenging. Part of their charge is to discuss intersector trading.</p> <p>The work we are doing with a core group of for-hire recreational fishermen, whose movement we helped develop and continue to support, called SOS (Save Our Sector), will be important to continue to move catch shares forward in the for-hire sector of the recreational red snapper fishery. SOS now has over 200 supporters across all five Gulf states. This membership, which includes boat owners and crew members, reflects a significant portion of the 1,100 licenses in the for-hire fleet. The group's work was a key factor in the Gulf Council's October decision to consider separation of the recreational sector into for-hire and private angler sectors in the generic Annual Catch Limit/Accountability Measures amendment, which will be subject to public hearings in either December or January and likely voted on next summer. The amendment will form the foundation for a for-hire IFQ and harvest tags for private anglers.</p>	Mims Fla., 32754	Private Recreational Angler, Charter/Headboat For-Hire, Other

6/18/2012 13:33:57	Captain Henry Hauch	Captain_Henry@ACME-Ventures-Fishing.com	<p>To demonstrate that vessel monitoring systems and electronic logbooks can work in for-hire recreational fisheries and provide the accountability necessary for catch shares, EDF is conducting a two-year pilot project with SOS. Internal discussions with NMFS officials indicate strong agency support for the SOS management plan, which includes use of electronic logbooks, and is resulting in meetings and dialogue among the group, NMFS officials and key members of Congress. While working with key for-hire leadership to develop an IFQ concept design for-hire catch share, we funded and worked with SOS leadership to launch an SOS web site to serve as a consistent source of information for interested parties.</p> <p>After almost three years, the red snapper IFQ program continues to meet high expectations. In NMFS's recent "2008 Gulf of Mexico Red Snapper IFQ Annual Report" the agency states, "... overall, [there are] numerous improvements over the historical derby-style fishing conditions..." Overfishing is being reversed because fishermen are complying with the catch limit, the ratio of discards to landings has dropped by 68 percent, and illegal fishing is declining. The economic signs are also positive. NMFS documents dockside prices at 17 percent higher than pre-IFQ, while fishermen report an increase of 30 percent or more (some data collection problems are not yet fixed). Quota share prices rose by 37 percent from 2007 to 2008, reflecting the scarcity of red snapper and fishermen's optimism for the future. The number of shareholders has declined by about 15 percent and a few vessels have exited the fishery, indicating that excess capacity is beginning to fall. There continues to be broad support for the program which is contributing to the expansion of catch shares to other Gulf and South Atlantic, fisheries.</p> <p>Of course, on-going improvements are needed; high priorities include additional at-sea monitoring, better economic data, and enhanced systems to detect and deter cheating. Fishermen, with new conservation incentives under IFQs, are working to combat one of the remaining discarding problems by seeking to accumulate a "snapper bycatch pool." The pool would consist of a small reserve of quota that fishermen may access if they happen to catch red snapper beyond their quota, for example, while fishing for other reef fish. This will help take away the misguided justification (e.g., that a fisherman cannot find snapper shares) that a few fishermen still make for discarding snapper. The biggest threat to the continued success of the red snapper IFQ (and other Gulf IFQs) is the inability of regulators thus far to address overfishing by the recreational sector. This problem slows down stock rebuilding and could potentially diminish the positive conservation incentives instilled by catch shares.</p> <p>Our partner, University of British Columbia, has developed recommendations and is continuing to work with NMFS to better track reductions in red snapper bycatch under IFQ management, information that is critical for measuring success. They are also participating in a red snapper stock assessment update to ensure future annual catch limits are based on the best science. As we expected, NMFS's recent report (see above) shows a significant improvement over the first year report, but we are working for a much more rigorous and comprehensive report in 2010. These reports are important because they will be used in NMFS's and the Council's planned five-year review in 2012. Another project partner, Texas Tech, has started its on-the-water research that will help identify habitat for red snapper spawners so that it can be protected to complement IFQs and speed recovery of the badly overfished stock. EDF continues to encourage and support fishermen who provide the leadership to advance catch shares. The Gulf of Mexico Reef Fish Shareholders' Alliance, which we helped create, continues to expand its membership of commercial and for-hire fishermen. Its executive director and members are serving on federal advisory panels, have met with members of Congress, and are engaged in helping guide other EDF Oceans regions through challenges. The Alliance is working with Chicago's Shedd Aquarium "Rite Bite" program and others to move red snapper off of environmentalists' "fish to avoid" lists by featuring red snapper in eco-friendly restaurants. The program has also received funding and approval to initiate a pre-certification process for Marine</p>	Mims Fla., 32754	Private Recreational Angler, Charter/Headboat For-Hire, Other

6/18/2012 14:12:56	Jerry Karnes	jkarnes@texapp.com	I am against implementing Sector Separation for the Gulf of Mexico. This will be detrimental to fishermen whether recreational, commercial, divers and others. As an avid saltwater angler and a man dedicated to the preservation of our great coastal fisheries, I am vehemently opposed to the policy of sector separation.	Houston, TX 77082	Private Recreational Angler
6/18/2012 14:16:03	Perry Rease	triggerfish_p@yahoo.com	It is an overt, thinly disguised attempt to divide the recreational fishing community in order to implement that most disgraceful practice of catch shares, and should be prevented from taking hold at all costs. It is also unamerican, and goes against a pastime that every American has the right to participate in, that is, fishing. Please don't allow this policy to become reality!!	Blackwood, NJ 08012	Private Recreational Angler
6/18/2012 14:18:08	Charles Everts	rifraft25@aol.com	I am against sector separation.. Thanks	Tiki Island, Tx 77554	Private Recreational Angler
6/18/2012 14:24:44	Jace Kelley Spencer	jks@nmsmail.com	I oppose sector separation. And I oppose catch shares. For decades, anglers have quietly trusted the fisheries mgt agencies to do what is right, because those who enjoy nature are the first to support conservation efforts. But it has become obvious that special interests are working hard to take away our right to fish, many of these in the name of conservation and preserving the environment. Even though the motives of these interest groups are baffling, they seem to have significant influence with management agencies, so we can no longer trust that you will consistently make the correct decisions for the fishing community. Expect to hear more and more from anglers like me in the future; regardless of what fish we can keep at any given time (I DO support maintaining a healthy population of fish), I will fight to retain my right to fish. Instead of thinking up ways to destroy a healthy and character-building outdoor activity, our country should be promoting fishing as an alternative to video games, drugs, and criminal lifestyles. Please stop giving in to the sneaky schemes of these misguided so-called environmental groups, for the sake of our future, for our children and generations to come.	McDonough, GA 30252	Private Recreational Angler

6/18/2012 14:33:17	Richard A Lester	richardlester@aermfg.com	I am against sector srperation in the Gulf of Mexico. I don't know what will happen in the end as Federal Money goes away but, I assure you if there is anything I can do about funding for the Gulf Counsel will be the first go. What do you think will happen to the enviro groups as money contunies to tighten up. Do you think they will still have a job for you when this is over. Look around, those Tea Party Indians will eat your sack lunch and spit out the bones. I would advise you to look towards the American Tax paying Public that has been paying your way for years. While some of you line your pockets with cash from the commercial sector in the name of the envoro crazy's. Big brother)(the American people) are watching.	Pearland TX 77581	Private Recreational Angler
6/18/2012 14:34:54	Joseph A. Peeples	adampeeples29@yahoo.com	Dear Sir or Ma'am, I am writing to express the most serious of opposition to the catch shares and sector separation pilot program. The resources of the Gulf of Mexico are public resources and this next step shows that the over regulation of NOAA and the NMFS have been and are getting more out of control. I served my country in the US Army for 9 years and was medically retired due to conditions received in combat. When discharged from the Army, I moved to the Gulf coast with the intention of becoming a charter boat captain on a center console boat. With the new regulations you propose, it is making it harder and harder to see any purpose of pursuing this dream. The idea of taking a public resource and quartering it up to allot and trade is absurd and un-Constitutional. If anyone is really serious or concerned about the population of red snapper, grouper, and other reef fish I suggest an actual program to rehab the populations of fish rather than enacting unlawful legislation that benefits a select few and does nothing to help the actual fish population. If one would need an idea of a successful fish population rehabilitation, please refer to the Red Drum and its successful comeback. Please consider the future of the red snapper and the future of recreational fishing in the Gulf and come up with a real way to successfully manage the fish population and make it fair for everyone, both commercial and private, to utilize the great resources of the Gulf of Mexico. Regards, Adam Peeples	Navarre, Florida 32566	Private Recreational Angler
6/18/2012 14:49:53	Joseph William Battalio	battalio@gmail.com	I am totally against all forms of sector separation including catch shares. Both would be a disaster to saltwater recreational fishing including the business owners that depend on rec fishing.	Vicksburg, MS 39180	Private Recreational Angler

6/18/2012 15:52:53	Jeremy Fielding	jeremy@mownalisalawns.com	You have to be joking...I am completely against the sector separation of the gulf of mexico. It is a bunch of nonsense, and I would like to say that the catch shares idea is nonsense as well. The grouper closure is based on faulty information, and the opening of seatrout to commercial fisherman is ridiculous at the quantity that they are allowed to take. The inshore species should be for recreational fisherman to take only. On the other hand I support the snook closure, due to the obvious loss of stock in 2010. When drawing up a closure of some sort on a specific species of reef fish it should be applied to commercial fisherman solely. Recreational fisherman should be exempt due to the actual volume that is taken by the recreational fisherman, which is much less, since these fisherman do not go out everyday and try and limit out. Alot of us are almost completely catch and release fisherman and should not be told what to do or if they can fish or not. I do not support or agree with the Sector Separation of the Gulf of Mexico. I believe that everyone who buys a recreational fishing license should have a direct voting system/ democracy style of legislature/lawmaking when pertaining to fishing as a whole. Give us a vote, we are those that will be affected, The Fisherman.	Tampa, FL, 33614	Private Recreational Angler
6/18/2012 15:54:11	Richard J.C. Morfeld	richardmorfeld@gmail.com	I am AGAINST sector seperation. What are you trying to do to the recreational fisherman? Completely shut us down? Why would you take fish shares away from me and give them to charter captains and make me have to purchase them back? They were my shares to begin with!!! I support the economy just as much if not more with my boat and the people I take fishing with me than a charter boat. Every trip I take costs me a minimum of \$500.00 with my boat and usually with only 1 or 2 other people on board, and I fish at least 3 times a week so thats \$1500 in the local economy every week. Imagine what would happen if this sector seperation happened, the local gas, bait & tackle shops, Ice vendors, food stores, boat ramps would take a beating and be forced to shut down... Is this what you are trying to accomplish? A complete shut down of the local fishing based economy? Dont expect me, my family or friends to just sit around and watch you ruin our rights to fish from our privately owned boats!!! Richard J.C. Morfeld	Milton, Fl, 32570	Private Recreational Angler
6/18/2012 16:01:03	Jack Ferrera	j.ferrera@CaptJack.net	Sector separation is just another attempt to create a split in the "Recreational Fishing Community" which consists of recreational anglers AND for hire charter/ headboats. I see it as a way for the preservationists who now run NMFS/ NOAA to distract us from the real problem with fisheries, ie, FLAWED STATISTICS!	Safety Harbor, FL 34695	Private Recreational Angler
6/18/2012 16:46:52	Christopher Boggs	crboggs@bellsouth.net	I am patently opposed to legislation that infringes on the recreation anglers ability to fish and partake in our great natural resources. I am vehemently opposed to legislation that is blatantly pandering to commercial interests with deep financial pockets. Rather than imposing MORE limitations on our fishery, how about making a concerted effort to enforce the current rules and punish those who break them?	Tampa FL 33626	Private Recreational Angler

6/18/2012 17:36:18	Robbie Fuller	cfcap10@yahoo.com	<p>I am a 5th Generation Fisherman here in PC.I have fished these waters of the Gulf from Brownsville TX to the Keys in FL.I am 49 Yrs of age.</p> <p>I would say I have a little bit of history and knowledge of the fisheries of this wonderful GOM.</p> <p>As I read and listen to the pros and cons of sector seperation and IFQs and the like,I can only hope this doesn't come to pass...atleast not right now.There are way too many questions to be answered for me to agree to go down this slippery slope.</p> <p>#1 and foremost in my mind...If the Council seperates the Recs form the Charter/Headboat Fleet,where does the split take place in so far as the allowable catch,or quota for each group.Do they split the allowable catch as it is now?And then do the commercial guys still get to fish the quota as it is now?That seems very unfair in many ways.And do dual permitted vessels get to keep thier commercial and gain "Elite" status as For Hire Recreational fisherman?See what I mean,there are way too many unanswerable questions involved here to just say that sector seperation is the "Holy Grail" answer to the Fisheries Management plan.I am really against any and all new regulations that are going to decrease anyones access to the fish of the Gulf, whether it is commercial or recreational,and I darn sure don't want any new catch share programs of any kind!!!Please vote NO,NO,NO, to any more regulations,wihout proper science Backed data for the decisions to come from.Thanks for your time!Capt. J.R.Fuller</p>	Panama City FL 32405	Private Recreational Angler, Charter/Headboat For-Hire
6/18/2012 17:44:49	Michael Mark Brady	mbrady@sbcglobal.net	<p>Dear Sir or Madam:</p> <p>I am an occasional recreational fisherman when visiting the Gulf. I am against implementing Sector Separation for the Gulf of Mexico.</p>	Pasadena, CA, 91107	Private Recreational Angler
6/18/2012 17:55:25	thomas mark griffin	runudwn@yahoo.com	<p>i don't like or think this is or would be fair to the recreational fishermen and women.i am against it all the way.i own a boat and get to go to the coast maybe two weeks a year to fish in the gulf.i having to compete for the rights to fish for any type of fish is wrong.we are already limited on when and what we can catch as it is.i think it all comes down to it being all about the money and who has the most of it.its not about the real benefit of the fishery.</p>	brookwood, Alabama,35444	Private Recreational Angler
6/18/2012 18:22:25	Hudson Walter Woodfin Jr.	hwood5@frontiernet.net	<p>I own a 23' WA Cuddy, which I purchased used to take my parents, wife and kids out fishing. I am not an elitist off shore boat owner as some would have you believe. I don't believe the reef fishes of the Gulf of Mexico or any U.S. waters should be doled out as a commodity to those who have political power (read "campaign contributions"), Our reef fish are a natural resource that have been enjoyed by our ancestors and should continue to be enjoyed by the general public (recreational anglers) with sensible limitations. As working class recreational anglers, I and others have very limited opportunities between the short and shrinking seasons, suitable water conditions and non-work days to utilize our boats and other gear. That would be boats and gear usually purchased locally, which stimulates the economy. There shouldn't be a different rule book for different classes of anglers.</p>	Gonzalez, Florida 32560	Private Recreational Angler
6/18/2012 18:23:47	Natasha Wells	tashadee.wells@gmail.com	<p>I believe that our fisheries must be properly managed. However, privatizing publicly held natural resources for profit runs counter to the ideals of the free market system that built this nation. Furthermore, catch shares do not work; the consolidation of our natural resources does nothing but create a government-subsidized black market where catch shares are sold to the highest bidder, all the while estranging law-abiding citizens from a past time that is cherished and enjoyed across generations.</p> <p>It is wrongheaded and, more importantly, illegal to impose such draconian measures simply to prop up the livelihoods of a few hundred charter captains. Do not introduce this boondoggle into the legislative process as it will be sending the absolute wrong message to the citizens who reside all along the Gulf Coast.</p>	Cantonment, FL 32533	Private Recreational Angler
6/18/2012 18:59:56	Dan Rathka	dcrathka@gmail.com	<p>I'm against Amendment 39, I believe maintaining an open fishery with fair and equitable regulations that sustain the fish and the fishermen is a better method of fisheries management.</p>	Naples, FL, 34109	Private Recreational Angler

6/18/2012 19:15:54	Jason Bailey	jbaileyortho@hotmail.com	I will keep my opinions short. Catch shares and sector separation are a terrible and illogical solution to fisheries management in the gulf. Recreational caught fish contribute far more to the local economy than commercially caught fish. If charter boats are to receive their own sector it should come from the 51% already given to commercial fishing. Commercial fishermen catch thousands of pounds of fish per trip. It would take rec. anglers years to catch that amount. That is dozens of trips: bait, condos, electronics, gas, food, etc. We often take guests from out of town or those without boats. Similarly charters attract guests that rent condos, restaurants, and stimulate our local economy. Commercial interests harvest the fish with in the most efficient manner possible. Minimize costs like food, hotels, etc. Please don't hurt our local economy any more. Katrina, BP, and now further fishing regulations to slow the growth of our hurting economy.	orange beach al 36561	Private Recreational Angler
6/18/2012 20:07:39	dale woodruff	marinesuv@aol.com	Capt. Dale Woodruff owner/capt. Of the Class Act.12 years vessel owner. It seems now that our choices for the charter for hire industry is steadily being limited on a monthly basis due to a government model that best suits what is needed to continue chaos in the recreational and for hire sector. I understand we have to work under a government system that has never done any good for man that strives to be self sufficient and not depend on anyone but God himself to survive in todays world. Throughout all these regulations forced on us by an entity that does not respect these type of people but enjoys sucking every bit of tax dollars out of us. As hard working individuals that do not depend on tax dollars but generates tax dollars some of us will survive this next round of assaults why because of God and self reliance. Sector separation sounds good but what comes with the meaning for the for hire industry. VMS I already have for commercial fishing and have no problem with it. The only problem I have is what do I get. Days at sea, fish tags, or just an accountability system. If sector separation is the next step we need to define it for the for hire charter boats. First we need to identify who is doing what is this industry. What and when are these different species being caught. How are they being caught, where are they being caught. After this information is complete after at least four years of data then and only then can a logical decision be made on how to manage the fisheries. I feel if we separate the charter for hire from the recreational boats you should leave it the same for four years while collecting data as is. Then let a majority vote of all the federally permitted vessels that are currently operating as a legitimate fishing business.	orange beach, al. 36561	Charter/Headboat For-Hire
6/19/2012 3:36:22	john c fetzer	captjdj123@aol.com	I am completely in favor of passing this bill to initiate sector separation and help save the charter boat industry and help save the fisheries in general from further degradation and unfair management thank you capt dr john fetzer charter boat frances j pensacola beach florida	pensacola fl 32533	Charter/Headboat For-Hire

6/19/2012 6:42:40	Marc Rounsaville	mrounsav@gmail.com	<p>I strongly oppose sector separation. Broad, strong grass roots support of fisheries management is needed for the move towards more sustainable fisheries. Finding common ground and collaboration should be high priority goals for all interested parties. Separating the fish stocks is creates an atmosphere counter to collaboration.</p> <p>Secondly, recreational boat owners / fishers as a group are certainly not "elitist" as some espouse. Hard working men and women that have chosen recreational fishing as their hobby.</p> <p>Lastly, though there may be a role for the government in supporting business and growing the economy these objectives cannot be fulfilled by taking from one and giving to another. Recreational fishers are strong contributors to the economy -- gas, bait, food, boats, and tackle. Discounting these contributions is short sighted.</p> <p>I offer a different view of sector separation. Since the for hire fleet is making money from the fishery, place them in the 51% commercial sector. This frees up more TAC for recreational fishers (making them slightly happy and encouraging growth) and allows the for hire fleet a longer season -- provided they do some self regulation.</p> <p>Thanks for listening.</p>	Orange Beach, AL 36561	Private Recreational Angler

6/19/2012 6:44:38	Bert Wilson	gafullstrut@yahoo.com	No catch shares No sector separation The council needs to use data that is up to date not out of date. I have been buying Florida, saltwater fishing licenses for 12 years and have never been surveyed. The whole system being used is flawed. The fisherman and hunters of this great country are the true conservationist. Listen to us!	Quitman, GA, 31643	Private Recreational Angler
6/19/2012 6:55:17	Captain Dan Kipnis	kipnisd@atlanticbb.net	As a past member of the State of Florida Marine Fisheries Commission, I have been involved in helping maintain our fisheries in viable and sustainable conditions. I have never felt, and believe, that there has never been a need to designate shares (sector separation) of a common resource to only a few users essentially making the fishery private. If it is the intention of the Council to establish then divide ownership of the shared resource, I feel that this would be the most detrimental outcome for both the resource and the users. Many participants in fisheries would succumb to economic pressures and leave the fisheries. If that is the true intent of the Council, then it should be stated plainly that the Council strives to regulate and enhance the resource by severely limiting the number of participants able to access the resource. I have always said that the most foolproof way to manage fisheries is to not have any fishermen. Please do not follow plans to implement sector separation as it will have devastating effects on many users and an irreversible economic hardship on a whole region of fishers. Thank you, Captain Dan Kipnis	Miami Beach, FI 33140	Private Recreational Angler, Charter/Headboat For-Hire, Commercial Fisher, NGO, Other
6/19/2012 7:12:17	Everett James	saltrocker.sj@gmail.com	I oppose implementing Sector Separation for the Gulf of Mexico.	Winder, GA 30680	Private Recreational Angler
6/19/2012 7:27:28	Charles Walker	cap@ffish.com	This has to be one of the sleaziest ideas ever to come from the anti-fishing crowd that I have seen in over 40 years of actively fishing and being involved in other aspects of the industry in the Gulf of Mexico. I urge you to drop this plan.	Pinellas Park, FL 33782	Private Recreational Angler, Charter/Headboat For-Hire
6/19/2012 8:32:23	Louis P. Vallee	guppy_28@hotmail.com	I am a pharmacist at a hospital in Lake Charles, La. and I have had a master captains license. I have been fishing the Gulf of Mexico since I was 8 years old in 1948. Giving everyone the same regulations does not make any sense at all. That would be like making the speed limit on all highways the same. The Gulf waters off the state of Louisiana has tons of Red Snapper as proven by the fact that all the commercial boats come off our coast to catch there limits of snapper. We have thousands of oil rigs that provide habitat for these fish. We (Louisiana fishermen) should be allowed to catch more of these abundant fish as compared to other fisheries where there are not as abundant.	Elton, La. 70532	Private Recreational Angler
6/19/2012 8:43:37	Robert Vail	directdrive8@gmail.com	I am dead set against the concept of sector separation and catch shares currently being considered as a management tool. Open water and catches are requisite for good conservation. More and more restrictions are taking away our freedom to fish. I would like to think that the Fishery Management Council will have the good sense to vote a resounding NO! on reef fish amendment 39!	Pensacola, Florida 32503	Private Recreational Angler

6/19/2012 11:57:46	Capt Bob Briggs	gon42na@msn.com	I am totally opposed to catch share/sector fishing regulations. The system has proven to be an ineffective managemnet tool and prevents equal access to a public resource and allowing limited access to a previledged few. It is well know that Congress recently cut off funding for futher implementation of this management SCHEME, let us hope the the council has sence enough to head the warnings. Take a look at New England sector management and reflect on the detriment not just to the fishermen but TO THE FISH!!	Hanover,MA. 02339	Private Recreational Angler, Charter/Headboat For-Hire, Commercial Fisher
6/19/2012 12:53:24	mark s hartley	mhartley@hartleypurdy.com	Charter boats and head boats are commercial fisherman and there catch should be incorporated into the commercial catch not recreational.	tampa, fl 33617	Private Recreational Angler
			<p>I am writing to express my concerns over the proposal to seperate the fishing sectors. Unfortunately, most of my info and fear is driven by those on internet message boards, who may or may not have all of the facts. Living in-land (Nashville), we obviously don't get much news regarding fisheries management in the Gulf of Mexico. However, the thought of 'catch shares' scares someone like me who only is able to fish when time allows and has to plan in advance to take trips.</p> <p>My family has owned several small offshore fishing vessels over the years and have always kept them some where along the Gulf Coast. These days, we primarily fish for reef fish in the northern Gulf Coast. Obviously, with the current situation regarding various populations being overfished and the subsequent regulations to curb this, it has really hampered our fishing experience, and to some extent, made us question the future of our family's long standing tradition of offshore fishing. Do we continue to invest in a boat? Boat maintenance? Slip rental? Fuel? Bait? Hotel/Condo rental? Going out to eat?</p> <p>I can only hope that the decisions being made are for everyone's best interest. Obviously we have no choice but to trust that the current leadership are making sound, scientific decisions based on facts. But I have to admit that I've been frustrated by the shortened seasons on red snapper in particular, when I've seen the dramatic change, for the better, in that particular species's population.</p>

6/19/2012 14:43:38	James Michael Lynn	mjlynn52@yahoo.com	Please vote no to reef fish amendment 39 - sector separation . Charter/Headboats are for-hire by recreational anglers like myself. Why should they get to fish when I can't? So I strongly appose amendment 39. I just returned from a fishing trip in the panhandle. I made 3 trips offshore which I caught my limit of snapper each time for a total of 6 red snapper. I spent a \$1,000.00 to catch these 6 red snapper- that is roughly \$150.00 per fish. There is 3.7 million licensed anglers for the Gulf of Mexico - multiply that \$150.00 by however many you think fish offshore and I think you will get the picture that recreational fishermen make a big economic impact on the gulf states. Don't let us down - Vote NO to amendment 39 - THANKS!!!!	Lawrenceville Ga. 30046	Private Recreational Angler

6/19/2012 19:12:26	Lisa Akins	Lisainmidtown@yahoo.com	<p>June 17, 2012 Lisa Akins Letter to Editor, Tampa Bay Times on "Catch Shares Amendment 39" Sector Separation Privatizes Gulf Coast Fishing When I think of a public council to decide a fishing referendum in the Gulf I think of our local fishing and I am disappointed today. The sector separation plan (SOS) does not call for any reduction in the fishing quota; it has no proven environmental impact whatsoever, only an economic one that is potentially negative to recreational fishing. This amendment splits the charter for hire industry from the recreational fishing sector with the intention of reallocating shares among the two newly separated groups. But there is a benefit, just ask Captain Gary Jarvis, President of the Charter Fisherman's Association and a developer of the plan. In a letter to the Gulf Council supporting the amendment this week, his first argument is that the plan would, "...improve the flexibility that small business needs to stay profitable..." and it is no secret which small business activity he is referring too. Meanwhile, the recreational sector and most of the charter boat industry have strong opposition to SOS, for the four years since this amendment was introduced by Jarvis. They cite reductions in recreational fishing shares which will lead to a drop in tourism dollars, and they say that this issue is polarizing the charter boat and recreational fishing sectors. Intentionally or unintentionally, SOS weakens the power that the two groups once shared in opposition to commercial fishing practices in Florida. The Gulf Council has gotten it right before. I agree with the catch share practice of individual fishing quota's (IFQ) because it is a more sustainable practice by preventing derby fishing (reducing bycatch, stabilizing prices and fish populations), unlike the earlier quota system. And, GulfCouncil.org, states that their policy is working; reef fish populations are rebounding commercially and recreationally. So, why would the Gulf Council mandate privatizing this public resource now? Whatever the reason, privatizing the sector countermands this public council's first function of Florida's sustainability agenda.</p>	st petersburg, FL, 33703	Private Recreational Angler, Charter/Headboat For-Hire, Commercial Fisher, NGO, Other
6/20/2012 4:03:52	William Brown	w_h_brown@yahoo.com	I have not fished the gulf, but plan to in the future. I know from fisheries struggles on the east coast the sector separation is not good for recreational fisherman. Traditional fisheries management has been proven effective. 6/20/2012 7:37:10	Bill Coursen	billvirg1@cox.net	As a member of the Pensacola Recreational Fisherman's Association (PRFA) I represent our members in stating we are against any further sector separation - Reef Fish Amendment 39, in the waters of the Gulf of Mexico. We are also against any implementation of catch shares. We also think fishing regulations, as a result of excessive unduly influence by environmentalist, are depriving us of our inalienable rights to retain a decent daily catch of fish. Also we have already lost about three weeks of the red snapper season due to high seas in the Northern Gulf which restricts the average size boat from entering the Gulf. Sincerely, Bill Coursen Pensacola, FI 32507	Pensacola, FI 32507	Private Recreational Angler
6/20/2012 8:59:47	Herb Trace	htrace@bellsouth.net	no comment will change the outcome....since the people in charge have their own agenda....but I hope you also understand that another Administration can have the entire group standing in the unemployment line.....enjoy your empire, while it lasts. 6/20/2012 11:11:38	Randy J. Riha	rjriha@spectraenergy.com	I am against Sector Separation in the Gulf of Mexico. Creating separate groups of recreational fisherman (those going with a guide and those going on private boats) will serve no useful purpose and only cause further issues that create divisiveness between anglers. Further, I have yet to see any scientific evidence that it benefits the resource and that is what you are supposed to be doing. And I recall you were forbidden by Congress to use any funds for this purpose, so why is it being proposed. Are you going to force me to contact my Congressman again?	Sugar Land TX 77479	Private Recreational Angler
6/20/2012 12:42:05	Tom Ard	tom@orangebeachfish.com	I am for amendment 39, sector separation. The charter for hire group is the only access to a public resource for the rest of the nation of non boat owners. We are like the public lands of America, we provide the access to the resource for those who can not or does not want to own there on boat. The for hire sector must be protected for the future. Please vote yes for amendment 39 sector separation.	Orange beach, alabama 36561	Charter/Headboat For-Hire
6/20/2012 14:44:18	Aaron C. Scholten	aaronscholten@comcast.net	This is outrageous. You must NOT implement catch shares, sub dividing or any other similar programs. This will benefit nobody but big interest groups like walmart and the likes who are intent on shutting down commercial and then recreational fishing for their own purposes. If case you forget, Florida's fishing industry is a 9 BILLION, with a "B" dollar a year industry, that probably helps pay YOUR salary as well. The state is hurting for money, the people are hurting for money in this financial wreck we find ourselves in. Do you really want to add more laws and restrictions, curtailing even more desperately needed funds from states and private citizens to just survive on? Last time I looked, the small commercial fisherman does not own private resorts on islands in the caribbean to go vacation on. Half of them can't even afford a weekend visit to disney world. With this you will burden them even harder, and completely decimate some of them. WHY? It's not about the environment, it's not about ecology, it's about dirty politics plain and simple. Be unique, have a conscience, do the right thing and DO NOT IMPLEMENT THIS!! Thank you very much. Respectfully: Aaron Scholten RFA - NE Florida.	jacksonville, FL 32219	Private Recreational Angler, Commercial Fisher
6/20/2012 14:56:28	Jim Bramblett	jimmy.bram@att.net	I am against any seperation of Gulf of Mexico fishing into sectors. Stop giving so many tons of fish to Commercial fishermen. Use only proven science to make rules under Magnuson.	Pensacola, FL 32503	Private Recreational Angler
6/20/2012 16:32:45	Jon Reitz	jlreitz@aol.com	I am against implementing sector seperation for the gulf of Mexico!	Newburgh, In, 47630	Private Recreational Angler
6/20/2012 20:17:32	Nicholas Giardina	nickoftime67@gmail.com	I am 100% against your plans to change fishing regulations for the sport fisherman. we spend a great deal of money on boats, fishing gear, food, lodging, restaurants, entertainemnt. In general the local economies of many gulf towns are supported by us. We buy fishing licences comply with all fishing regulations. We are against over fishing and don'r believe we the sportfisherman are responsible for depleating the fish population. Fishing is part of the American heritage. Don't try to thak this right away from us.	Mars Hill, NC 28754	Private Recreational Angler
6/20/2012 20:46:08	Terry Kerns	tekerns@aol.com	I strongly oppose this amendment. As a rec. angler, who only gets to fish several times a year, there is absolutely no damage that me or other anglers like myself can do to damage the population of fish.	Canton, GA, 30115	Private Recreational Angler
6/21/2012 5:49:32	Ron Wheeler	ronwlr51@gmail.com	I'm against SECTOR SEPARATION in the Gulf of Mexico or any other body of water. Please STOP using FLAWED DATA to make decisions on our fish stocks and trying to implement BAD regulations.	leander Tx. 78641	Private Recreational Angler

6/21/2012 10:06:37	Suellen Clark	jaxclarks@gmail.com	I am opposed to sector separation. I feel this is a means to privatize our fishing industry and will destroy our freedom to fish by allocating fishing rights to specific corporations and limiting access by the recreational fisherman. This same tactic was used in farming and made millionaire out of some and paupers out of most. I am dead set agains "catch share" and liken them to corn and peanut allotments. They are wrong and un-American!	Jacksonville, FL 32257	Private Recreational Angler
6/21/2012 14:14:11	Charles Bozeman, Jr.	chuckbozeman@fairpoint.net	I am against implementing Sector Separation for the Gulf of Mexico. Please spend your time and resources on better information gathering and better modeling. For example, assessments are about three years behind in regards to red snapper. I know first hand that you cannot fish for grouper without catching numerous large (25 to 35 inch) snapper using live bait. I fish in the Indian Pass to Panama City area from six to twenty five miles out.	Blountstown, FL, 32424	Private Recreational Angler
6/22/2012 8:37:48	Walter W Moye	ofshore2@yahoo.com	As a 58 y/o male I would ask you to please abandon all efforts to bring 'Catch Shares' along with 'Sector Seperation' to the Gulf of Mexico, what we do need is some current good stock assessments of our waters and INCLUDE all oil rigs and reefs. Catch Shares along with sector Sep would lead to less Recs on the water and farther loss to coastal cumunities. thanks Walter Moye	Kountze Tx	Private Recreational Angler
6/22/2012 20:38:14	Karen Gibbs	susansilverthorn@hotmail.com	I oppose Reef Fish Sector Separation Amendment 39	Panama City Beach	Private Recreational Angler
6/25/2012 6:38:31	Ritch DeVoe	ryd22@bellsouth.net	The biggest issue with Sector Separation and ultimately Catch Shares is if the quota or share is allowed to be sold, thus making fishing a commodity and slowly shoving aside the average family. Recreational allocation should remain recreational for all. A privileged few should not be granted by the government a stake in a public resource that may limit access by the public without paying someone else for the right to that public resource. Here's an idea. Since the charters are commercial enterprise, the quota that is allocated to Charter for Hire should come from the commercial sector, since ultimately charter boats are a commercial, for profit, business.	Gainesville, FL 32653	Private Recreational Angler
6/25/2012 7:29:33	Dawn Brady	chapelhillfarm@earthlink.net	I am opposed to this amendment and urge officials to produce real solutions to legitimate problems. The proposed qualifies as a divisive "tactic" which will create further separation, competition and discord among anglers of all sorts. I would urge the council and other agencies to first get on board with correct and ACCURATE science, identify real and legitimate problems from this process and implement sensible and logical solutions in accordance.	Douglasville, GA, 30135	Private Recreational Angler
6/25/2012 8:43:17	rt woodruff	rtwoodruff@aol	My name is Capt. Ron Woodruff. I am apposed to any more sector separation or fish shaeres. The Rec angler has already given in enough. We need flexible fish mannagement on certian fish species such as snapper trigger fisk and vermilion snapper. The NMFS has done a poor job manageingour fisheries.We all as comon citizen have the right to fish in the gulf and no commercial sector has the right to anymore thn what the have right now. What gives me the right to speak on this matter. I have grown up in this bussiness. No one deserves anymore than the next person. This is complete BS. Have a nice day Capt.Ron Woodruff 251-942 7653.	orange beach al	Private Recreational Angler, Charter/Headboat For-Hire

6/25/2012 10:13:44	Robert Grayson Shepard	grayshep@yahoo.com	<p>I hold a Fed Charter/Headboat license am against sector separation in the Gulf of Mexico.</p> <p>The commercial IFQ system has obviously benefited larger established commercial fishing companies and fish houses while completely closing this industry to young entrepreneurs with the ambition to try their hand at commercial fishing. The moratorium placed on Fed Charter/Headboat permits has caused their cost to increase from \$150 to well over \$5,000. Commercial IFQ shares are now bought and sold like shares of stock or leased to those who can't afford to buy them. Please don't allow a similar system to be imposed upon the charter industry. With the relentless fishery regulations which seem to get more strict on a daily basis, it truly appears the government is purposely trying to drive us out of business.</p> <p>Thank you, Capt. Grayson Shepard Apalachicola, FL 32320</p>	Apalachicola, FL 32320	Charter/Headboat For-Hire
6/26/2012 7:04:06	Michael McDuff	mikemcduff9@yahoo.com	<p>First off, the process of determining how many lbs of fish are caught and kept from the recreational sector has to be flawed and outdated... there is no method of tracking so I believe you are taking a stab or pulling numbers out of the air. Most every fisherman now has a smartphone or access to the internet... why not make an app/website where fisherman can report their catches? Why not have some sort of tracking form distributed when licenses are bought? Technology has come a long way... I think it would be beneficial to utilize it.</p> <p>If I understand section separation correctly, for hire vessels want their quota broken out so they can record it better... Here is my problem if the people guessing at the recreational total catch overestimate (which I think is the current situation)</p> <p>I do not think it is right for a customer of a for-hire boat (typically out of area person) to be able to catch or keep any fish that I am not allowed to catch. I pay local taxes, maintain a boat, and purchase good from local bait & tackle shops... They pay about \$150. How could someone travel to my home area and be allowed to utilize things that the locals can't? It isn't right.</p>	Pensacola, FL 32504	Private Recreational Angler

6/27/2012 12:48:53	charles weaver	hweaver@sswce.com	i am absolutly opposed to any sector separation as im sure it will reduce my opportunity to fish on my own boat. this is an attempt to shut out those who fish on their own. . You need to interview some of the people who fish on charter boats and see how much fish they waste. most gets frozen in big bags and thrown away the next year. i usually fish with one other person and can keep only 4 fish from reefs i put out 40 miles offshore. give me an annual limit and tags	auburn alabama 36830	Private Recreational Angler
6/27/2012 12:49:12	keith mozena	keithmoz@bellsouth.net	I stand against Sector Separation. As a recreational fisherman, I do not want to be carved out and told I can't fish because the commercial guys have caught everything in sight.	perdido key, Fl	Private Recreational Angler
6/27/2012 12:55:16	Billy C. Bedsole, Jr.	avismob@aol.com	I just wanted to voice my opposition to any type of sector separation among recreational fisherman in the Gulf of Mexico. As a recreational fisherman, I purchased a boat to take myself, family, and friends fishing. It is unconscionable to give special access to these resources to a select group of "for hire" boats. I have heard the argument that it isn't taking from the recreational fisherman because he/she could pay to fish on one of these for hire boats. That argument simply confirms that sector separation is elitist allocation of resources concentrating access to a limited few and requiring others to pay those few. We should be able to choose who and how we pay. We all pay one way or another. I choose to pay for a boat, gas, bait, food, etc. instead of a charter boat. Thank you.	Mobile, AL 36608	Private Recreational Angler
6/27/2012 13:17:58	Benjamin Ber	bberdds@hotmail.com	I do not think that is far to allocate catch shares from the people to give it Charter boats. Rec fisherman have a huge economic influence on the gulf coast. The rec guys are spending more money stimulating the economy than the charter industry could ever equal. Rec fisherman should be the government's priority. Not the charter industry or the commercial fisherman who have a large financial backing from outside sources. Very few charter guys head out just in the search of Red Snapper. Mostly they are just an added benefit. I hope that the council respects the wishes of the everyday person and halt any sector separation.	Thibodaux, LA, 70301	Private Recreational Angler
6/27/2012 13:20:45	jon cross	jpcross.1@juno.com	I can not, nor have not, and will not support sector separation. I will also tell every fisherman & woman to do the same!!!	grand bay Al 36541	Private Recreational Angler
6/27/2012 14:07:11	Ted Boozer	tedboozzer@boozercorpany.com	I am AGAINST sector separation for recreational fishing. I have and will spend thousands of dollars anually on fishing in the Gulf of Mexico on MY OWN BOAT. I do not believe I should have to hire a charter captain to take me fishing if I decide I want to catch and keep a certain species of fish. This arrangement is not representative of the principles this country was founded on.	Franklin, TN 37064	Private Recreational Angler

6/27/2012 19:04:40	Jeremy Gelarden	jeremytab@hotmail.com	<p>Thank you for taking the time to read my comments.</p> <p>I would like to voice my concerns regarding this amendment. I am a father of 3 grade school children and working a more than full time job. We have a boat and have to balance our water time to make everyone happy. If money is tight we will just go float and swim or fish inshore. If allowed the time and a little gas money, I can get the boys out for a day of fishing the close in reefs and hopefully one of the reef fish season is open so we can catch and keep some fish! I have looked at getting a charter boat to take the boys out fishing for some better fish but it is out of my price range. We could enjoy 2-3 of our own trips for the price of one charter trip. I value the time I can spend bonding and mentoring my sons, something I don't think I could do on a charter boat.</p> <p>I am not knocking the charters. There is a need for someone to take the tourists fishing, Its part of the vacation attraction and good for our local economy. They seem a little rude to me, but I can keep my distance and there is plenty of water and fish for all of us! I am not asking for any special privlages just because I am a local and I do not expect the charter boats to get special privlages because they want my money. Its America, fair is fair and we should all get equal oportunities.</p>	Daphne AL, 36525	Private Recreational Angler
6/27/2012 19:40:20	Ryan Whitelaw	rwhitelaw@woodsandwildlifeunl	I do not support sector separation.	Winder, GA	Private Recreational Angler
6/27/2012 21:32:06	B J Peacock	Bjaypk@gmail.com	I truly believe that this is the worst idea yet. I understand the the tactic and am appalled. The fish in our seas are a natural resource and should not be taken from the public and distributed among a few for profit.	Mobile, al 36608	Private Recreational Angler
6/28/2012 7:09:14	Chuck Baldrige	chuck@emlinfo.com	<p>As I understand it with Sector Separation, a special class will have been created that will allow recreational fishermen to pay to play. Where as for me, even though I spent gobs of money or my boat I will be regulated to the dock because I wont pay a for hire guy to take me.</p> <p>Why would one recreational angler, just by virtue that he paid someone else for the opportunity to fish, be granted special Status? Did I not pay for my access to the opportunity to fish? Do I not purchase licenses and permits? Did I not have to purchase my boat, the fuel, the bait and supplies?</p> <p>This plan is absurd; there does not need to be classes of recreational fisherman. Charter Captains and crew are excluded from the quota, so we are talking about only recreational anglers and this plan like most lack logic. I spent time and money on my own vessel to fish, but it has to sit in the yard while my neighbor who doesn't have a boat hires a charter and gets to catch reef fish?</p>	36619	Private Recreational Angler
6/29/2012 11:19:15	Robert R. Brady	robroyartisans@earthlink.net	I am against sectoring. What is good for Recreational Anglers is good for Commercial Anglers. 7/27/2012 8:16:42	Charles Walker	cap@ffish.com	Sector separation is NOT of any use to anyone except those people that want to own the resource at the expense of others. Vote NO to any form of sector separation schemes, no matter who brings them to you. Capt. Charles Walker	Pinellas park, FL 33782	Private Recreational Angler, Charter/Headboat For-Hire
7/27/2012 8:34:02	Christopher Barton	reefpirate@me.com	Sector separation does not help the majority of charter/headboat operators. If the charter boat community wants to be able to fish year round, then combine the commercial catch shares. I make money fishing, why would the recreational sector have to give up their fishing opportunity to someone who does it for a living? This plan is ridiculous, you have a small well financed group, backed by your organization, that is working to reduce the fleet of charter boats and limit recreational anglers. Leave the fisheries alone, stop pandering to the lobbyists.	Bradenton,FL 34212	Private Recreational Angler, Charter/Headboat For-Hire, Commercial Fisher

7/27/2012 8:43:32	Kerry Stone	osprey205@gmail.com	Amendment 39; Sector Separation is NOT in the best interest of the PUBLIC and should not be passed!	Fort Lauderdale	Private Recreational Angler
7/27/2012 9:05:37	Dale Kenneth Fields	flatsmeow7222@yahoo.net	First off all of your numbers for pounds of fish landed and number of trips are false. You have no way of tracking the number of trips other than a wild guess. There is never anyone at the marinas or boat ramps asking the fishers where they fished for or what they caught. The idea of giving any commercial interest preference over recreational fishers is crazy, Also as a charter vessel I consider myself and my customers recreational fishers and only keep recreational limits if we keep any fish at all. The idea that any government agency has the right to tell me where and when I can go fishing is also absurd.	Wesley Chapel, FL	Private Recreational Angler, Charter/Headboat For-Hire

7/27/2012 9:16:59	william dawson miller	bill@billmiller.com	Dear sirs, I am very much AGAINST the sector separation. Make no sense privatizing a part of the public resource. Please vote no to sector separation. Bill Miller	tampa florida 33629	Charter/Headboat For-Hire
7/27/2012 10:00:34	Capt. Tom Blatt	Doubleunsafe@msn.com	I am opposed to sector separation. Most Charter Captains are being hurt by the current slow economy. This may drive many more of us out of business. Thank you	Hudgins,Va. 23076	Charter/Headboat For-Hire
7/27/2012 10:03:10	Kent F. Hall	bevandkent@hotmail.com	I am opposed to sector separation of recreational anglers. If, for any reason, I choose not to own a boat, I should not be penalized for deciding to go fishing on a charterboat. Conversely, why should I be rewarded if I own a boat or have the option of going on a friend's boat? All recreational anglers should be treated equally regardless of how they access a fishery!	Sitka, AK 99835	Private Recreational Angler, Charter/Headboat For-Hire
7/27/2012 10:08:41	Candy Hansard	candy@valp.net	I am opposed to Sector Separation and Catch Shares. The Charter industry provides transportation for Recreational Fishermen and should remain in the Recreational Sector. These management schemes create winners and losers. Problem is, they create more losers than they do winners. The Magnuson Stevens Act demands fairness in fishery management. Sector Separation and Catch Shares are not fair. The Gulf Council needs to focus their attention on solving the biggest problem we have in the Gulf of Mexico and it's not fishermen, it's the voracious, prolific, Lionfish! Our fishery is in serious trouble and the GC is fretting over management schemes while the Lionfish is eating our native fish at an unsustainable rate. If proactive lionfish control measures are not taken quickly, it will be just a matter of a few years and the GC will NOT have a fishery to manage because the lionfish will destroy our native ecosystems. Lionfish are in the GOM and they are reproducing very quickly! The damage is already happening. What is the GC doing about this? The GC should also promote artificial reef building to show that they are interested in solving problems instead of just managing problems. To build a healthy and sustainable fishery, we need to build habitat. NO to Sector Separation, NO to Catch Shares, YES to Lionfish Removal programs and YES to Artificial Reef Building! Candy Hansard Private Recreational Fisherwoman Valparaiso, Florida	32580	Private Recreational Angler
7/27/2012 10:37:50	harry ivy	guanacaptain@yahoo.com	As a 40 year charter boat owner and captain I strongly disapprove of sector seperation. It is only being pushed to line the pockets oa a few individuals that want to increase the value of their commercial ifq shares. Most sportfishing charter boats do not own ifq shares and do not commercial fish. Please do not pass this and let this happen.	panama city,fl 32413	Charter/Headboat For-Hire
7/27/2012 11:33:38	Rodger J Parcels	ParcMarc@aol.com	Based on my knowledge of sector separation, I am opposed, based on there being no positive aspects for myself, or any of the other charter captains in SW Florida. It seems to only be beneficial to a small group of select operators. Please reject the proposal. Thanks.	Marco Island, FL 34145	Charter/Headboat For-Hire

7/27/2012 12:51:47	Richard Yamada	richard@shelterlodge.com	<p>Dear Gulf Council,</p> <p>I have been a charter captain in Alaska for over 30 years. Let me enlighten you to what has happened to recreational fishing in Alaska due to sector separations. Alaska's halibut fishery was rationalized in 1995 and the IFQ (Individual Fishing Quota) Program was established. This gave commercial halibut fishermen, who had qualifying time in the fishery, quota shares in the fishery for free. Quota shares since then had to be purchased from owners at increasing prices every year. While these quota shares are in reality permits for harvest rights, they have no sunset and thus have been treated as property rights in the fishery. The commercial fishery was thus separated into haves and have not's.</p> <p>In the late 90's, charter businesses began to grow and the numbers of halibut their clients caught began to scare commercial fishermen. Every halibut that was taken by another sector, other than commercial fishing, was a halibut some commercial fisherman had paid for through the purchase of quota shares. So, a charter logbook program was started in 1998 to keep track of charter client harvest. This was the beginning of the separation between guided (those recreational anglers that chose to use the services of a charter captain) and other non-guided anglers. This sector separation was formalized by a North Pacific Fishery Management Council (North Pacific Council) motion which was adopted in 2003, establishing a Guideline Harvest Level (GHL) for the Charter Sector. With this separation came the ability for the North Pacific Council to set different allocations and harvest measures for recreational anglers (guided and non-guided).</p> <p>In 2011, Southeast Alaska anglers who used a charter boat to access their halibut could only retain one halibut a day and it had to be no larger than 37 inches (a 20 pound halibut). While, other anglers that went out on their private boats or had access to a bare-boat rental, could retain two halibut a day of any size! Nowhere else in the nation have recreational anglers been so disenfranchised!</p> <p>There is a current motion coming up for final action by the North Pacific Council called the Catch Sharing Plan. This plan would have the charter sector, representing guided anglers, and the commercial sector sharing a combined catch limit. This would formalize the charter sector and their clients as commercial fishermen; furthering the distance from the rest of the recreational fishery. The plan provides a mechanism for relief for charter clients. A charter captain can lease some halibut from a commercial fisherman and then offer this to their clients at a cost of close to \$100 a halibut the first year and then \$6 or more per pound the following years! I don't see this as any form of relief, but will only lead to more agony! This has been the result of sector separations in Alaska.</p> <p>A charter IFQ (Individual Fishing Quota) program was actually passed by the North Pacific Council in 2001, which gave charter operators an allocation of guided angler fish. It was later rescinded in 2005 due mainly to the efforts of the Alaska Charter Association, who felt that angler rights to the halibut fishery should remain with anglers and not be privatized by charter operators. The move to separate the sectors in the Gulf of Mexico will take the recreational fishery down a dangerous path that will be very difficult to reverse in the future. I hope the rest of the nation will learn from Alaska's mistakes.</p> <p>Regards, Captain Richard Yamada Auke Bay, Alaska</p>	Auke Bay, AK 99821	Charter/Headboat For-Hire
7/28/2012 7:05:18	Norman H DeRuiter	deruiter58@comcast.net	<p>I believe the vast majority of Charterboat Associations and recreational fisherman do not believe that this will benefit them. I think it is unfair to give a select few an advantage over everyone else. I believe the council is there to protect the resources in the Gulf for everyone and if a clear majority of users think Sector Separation is a bad idea you should listen to them.</p>	Bath ME 04530	Private Recreational Angler, Charter/Headboat For-Hire, Commercial Fisher

7/29/2012 4:13:30	Henry Hauch	henryhauch@hughes.net	<p>As a Recreational Angler that has been following the coarse of these proposed measures, and the groups primarily responsible for them, I am appaled that this has made it to this stage of consideration. The language used in this admendment is disturbingly similar to that used by the very groups selling this scheme, and its eventual direction of Recreational Catch Shares. The very fact that this admendment essentially states that no determinations of any allocations or fishing limits could be determined until "After" it was approved is about as scary a proposition as one could imagine, and exactly what EDF and the CFA have asked to happen. This is essentially a 'Blank Check' in asking recreational fishermen to sign off on, in the 'hopes' that their best intrest will be considered. In light of the great distrust created by the NMFS and the fishing public, this only furthers the divide.</p> <p>Consider this a strong opposition to any scheme designed to divide the Recreational fishing community. I know that the majority of the Charter captains Oppose this, as do the private anglers. When one considers the current data being used to develop recreational regulations, any decision that would come from this "High Level of Uncertainty" would in of itself be flawed. Until the level of Recreational Data is elevated to a reasonable level of certainty, NO "New and Novel Management Idea's" should even be on the table. Doing so is nothing more than building a foundation on shifting sands!</p> <p>The groups pushing this scheme, have made the claim that the "Status-Quo" is not working, but sadly they are wrong. The current management, despite being inadequate as far as science based data goes, has allowed great growth in the fish stocks. Its been decades since fish like the Red Snapper have been so abundant that they are rightly being considered a nusience fish most of the year. Bag and size limits, circle hooks and venting tools, along with seasonal closures have allowed such tremendoug growth.</p> <p>What is needed is not a Divide and conquer scheme, but real, hard data, including an accurate number of recreational participants, a accurate statistic on the habits of those federal fishery anglers, and ttargeted speceis. A reasonable estimate of recreational fish landings, based on a known number of federal fishery participants. A reliable biomass number than considers all fish stocks, including those that are found in the sizable artifical structure complex that exist in the GOM. This is currently not part of the Recreational fishery management....but should be. Until these basic, science based tools are developed, no "Market Based" scheme should even be considered.</p> <p>Further more, unless ALL recreational fishermen come to a consencus on the matter, and a majority of all recreational fishermen are in favor of this admendment, by means of a majority referendum, then no such dividing of the recreational stocks should occur. Its a well known and recently admitted agenda of the Environmental Defense Fund, which has claimed to have had its members in both the Gulf Council and AP's to further its agena of influencing policy, and to advance its recreational Catch Share goal in the Gulf, by means of Sector Seperation. This recent revilation has been well know for some time, but not having been admitted by EDF itself, it certainly calls to question the very nature of this admendment, and the validity of having it further considered.</p> <p>Fishermen have been calling for reliable data in OUR recreational fisheries for some time, and have been largely ignored by the NMFS. Several idea's to collect real data have been suggested, but have gotten no-where. Yet the very nature of this admendment that proclaims a recreational data with a "High Level of Uncertainty" goes forward. How is that possible?</p>		Private Recreational Angler
			No unfair advantage shall be assigned to one group over another by means of fishery

7/29/2012 4:13:30	Henry Hauch	henryhauch@hughes.net	<p>regulations, yet this is exactly what a small handful have ask for. The idea that a fraction of a percent of all recreational anglers being given special consideration, will somehow benefit ALL recreational anglers is very hard to comprehend, and none has been offered by those asking for such special consideration. Although ALL recreational fishermen should be allowed a voice by means of a referendum vote, even if it was only the CFH permit holders that were given such an oppurtunity, its highly unlikely there would be any chance of it passing. We are sure that the Gulf Council realizes the great opposition to this scheme, and as such we look on in amazement, wondering if this is going to be a matter of forcing a policy against the will of the majority, or rather an oppurtunity to kill this unwanted scheme for good?</p> <p>What the Gulf Council decides to do will either take a step towards rebuilding the credibility and mistrust created by the NMFS, or put the last nail in the coffin at any such attempt to do so. Going forward with this unwanted scheme, Admendment 39 and Sector Separation, will certainly drive a wedge that may not soon be repairable between the NMFS and the Special Intrest groups pushing this and the Majority of Charter Operators and the Private Recreational Fishing Community as a whole.</p>		Private Recreational Angler
7/29/2012 9:04:45	James C Dougherty	Fishkip@gmail.com	<p>Special interest groups like environmental defense fund are exactly like the terrorists that attack everyone that is not like them. They need to be exposed to the general public for what their true goals are. Then a lot of the financial donations they get might dry up .</p>	Key Largo,fl 33037	Charter/Headboat For-Hire
7/29/2012 9:18:59	Capt. Stu Paterson	dreamcatcher27@optonline.net	<p>I oppose sector separation. It will only benefit a few & would not be beneficial for an already struggling industry. Let's start to work together and promote American seafood together! Plus, let's get our coastal communities back to work & get our sluggish economy moving again! We have an awsome opportunity to work together with integrity & accountability to get this done. This is the time & place to promote a PR campaign for American seafood in global markets...let's work together with commercial & recreational folks to get it done now!</p> <p>Sincerely, Capt. Stu Paterson Northport Charters, Ltd.</p>	New york, 11768	Charter/Headboat For-Hire
7/30/2012 5:05:09	Chip Blackburn	mexicobeach.bz@mchsi.com	<p>NO SECTOR SEPARATION in the Gulf of Mexico. Do I need to scream it any louder?</p>	Mexico Beach, FL 32410	Charter/Headboat For-Hire
7/30/2012 19:01:08	Barrick J Burkett	hookemupcharters@gmail.com	<p>My name is B.J. Burkett. I own and operate Hook'em Up Charters, LLC in Panama City Beach, FL. I am a charter/commercial fisherman. I am a IFQ shareholder and also hold multiple GOM federal fishing permits.</p> <p>IT'S VERY SIMPLE!! Sector separation will not benefit our fishery. It will only benefit a chosen few people. The fishermen can manage the fishery better than any scientific system. Let the fishermen vote on the issue of sector separation. Majority wins; it's that simple! No weighted vote; each federal permit should get a vote. Let's see what all the fishermen involved want. I think I know why this is not a popular way to solve this issue. The few people pushing for sector separation know the majority are against it because the majority will not benefit from sector separation. Only the few that work the system will benefit. It's amazing the PULL those is few have on a entire fishery. BE FAIR TO EVERYONE INVOLVED. Please call or send a personal email in response. I would like to know if this email is actually being reviewed or if the comments received are just to make everyone think their views are being heard. Thanks, B.J. Burkett 850-774-8333</p>	Panama City FL	Private Recreational Angler, Charter/Headboat For-Hire, Commercial Fisher

7/30/2012 22:42:35	Steve Beauchamp	john.beauchamp@gpc.edu	"Sector separation" is typical bureaucratic Newspeak for a plan that will give a small number of people much greater economic control of a public resource. In recent decades, we have seen our rights as individuals radically reduced while a very small percentage of people have gained more power and a great deal more money. Now that show has come to the Gulf. The people proposing sector separation have little or no data to indicate what effects this change is likely to have. They have no answers to even the most basic questions about percentages of allocation various groups will have. They seem to be saying trust us to do the right thing once we have rammed this through. Some have posted information showing private interest groups pushing this forward behind the scenes. So the entire process has a huge cloud of ambiguity and dishonesty hanging over it. For these and many other reasons, I think sector separation is a terrible "strategy" and will lead to an economically motivated gestapo type control of yet another public resource, and the private individual who wants to enjoy fishing will be the big loser. I hope that people who enjoy fishing and don't want to be "separated" from their basic rights to use public resources will fight tooth and nail to see that this amendment is not passed.	Port Charlotte, FL 33953	Private Recreational Angler
7/31/2012 11:30:09	Jim Smarr	jimsmarr@gmail.com	The Texas RFA is not in favor of any type sector separation. We feel this Amendment is in direct conflict with the wishes of majority of the permit holders in the Gulf Of Mexico. The Governors of the Gulf States and the Congressional Delegation's from the Gulf states are also opposed to Catch Share Schemes and or Sector Separation. Any move forward with Sector Separation is a clear violation of the will of the clear majority of the Stake Holders and their Elected Officials.	Stonewall,texas 78671	NGO

8/1/2012 4:42:25	Capt Bob Bryant	bob.bryant@subocorp.com	<p>I would like to enter these comments AGAINST Amendment 39 and state that I agree with the Congressional Sportsman Caucus, that any move such as this is ludicrous, until the council has sufficient data and knows fully what the impacts will be on ALL FISHERMEN.</p> <p>Amendment 39 is being foisted on 6 million fishermen at the whim of about 120 for hire permit owners (funded by EDF of course) who are members of the Charter Fishermen s Association. They represent a small minority of federal permit owners, most of whom also oppose this measure.</p> <p>Kay Williams ask me at the Tampa Meeting in June about what was more important Jobs or Recreation....I would ask her; what about the 80,000 jobs supported by recreational fishermen?</p> <p>The reasoning behind this amendment is fatally flawed; It states that is seeks to help the for hire operators make a better business model and protect their jobs. It seems this council has done enough for the for hire operators as in 2004 at the urging of the for hire operators a moratorium was passed to limit new entrants, now active permits are down.</p> <p>The for hire sector points to this and the fact that the private recreational anglers are catching more share of THEIR quota.....to say that their business are in trouble and thus this sector separation is needed to protect them form us....</p> <p>The measure of their business is not in how many permits there are or what percentage of the quotas they are catching. The measure of their business is in HOW MANY PASSENGERS are they carrying. Based on NMFS' numbers form MRIP, the for hire sector is carrying about the same percentage of total recreational angler trips as they have historically carried, in fact in some instances they have increased. So if fewer permit holders are carrying the same or more passengers, then does it not follow that their business is growing.</p> <p>Recreational Fishing is about the OPPORTUNITY to fish and the current for hire sector is providing that OPPORTUNITY at near full capacity. TO say that they need this because the private recreational anglers are actually now finally catching more of the quota that is being given to the private recreational angler is a weak and silly argument.</p> <p>The for hire sector is being impacted by the same economic conditions that are impacting business across the country; less disposable income, higher fuel prices and hire cost of doing business. Sector Separation will do nothing to cure fix these conditions and will surely drive a wedge between what has traditionally been a tight and supportive group</p> <p>This amendment is a problem looking for some place to happen. It seeks to fix a crisis that does not exist and it does nothing to address: Allocations, Better Data Collection, or fishery management.</p> <p>On the subject of Data....if one of the goals is to use for hire catch data as a benchmark for the recreational sector, then again this would be another failed and flawed approach as you can not take data based on PROFESSIONAL fishermen and apply it across the board to all anglers. IT will produce as fatally flawed results as does taking commercial catch data as the primary source in determining stock assessments.....</p> <p>Remember this....90% of the fish are caught by 10% of the anglers and 90% of those anglers become charter captains....</p> <p>To use their data to try and figure out what, when and how much the private anglers are catching will be a disaster.</p> <p>Let's get back to focusing on data collection, stock assessment and real management and stop chasing after all these pie in the sky scheme cooked up by the anti-fishing NGOs.....</p> <p>Market Based management is a failure and does nothing for the fishery, just lines the pocket of the lucky select few (mostly at PEW).</p>	St Petersburg, FL 33710	Private Recreational Angler

8/1/2012 5:03:42	Chris Beck	Gulfbeck@me.com	<p>I stand strongly against sector separation. We are all recreational anglers whether we fish from our own boats or hire someone to take us fishing. It is a free market economy. Why prop up the charter business at the expense of other business like boat manufacturers, tackle shops, tackle manufacturers, etc?</p> <p>The Gulf councils priority should be managing fish stocks, and sector separation will do nothing to help the fishery. Please leave this for the free market to regulate and focus on data collection improvement.</p>	Milledgeville, Ga, 31061	Private Recreational Angler
8/1/2012 5:32:26	James Young	master47@cableone.net	<p>This amendment does not help anyone, including the millions of recreational fishermen. It does not help the charter boat industry nor does it help any other part of the fishing population. Care must be taken that thousands of jobs are not lost in order to benefit a few select businesses.</p>	Biloxi, MS 39532	Private Recreational Angler, Charter/Headboat For-Hire
8/1/2012 6:12:55	Christopher C. Pratkanis	cpratka@earthlink.net	<p>I oppose sector separation. I believe that maintaining an open fishery with fair and equitable regulations that sustain the fish and the fishermen is a better method of fisheries management. Management needs to focus less on catch shares and sector separation and more on improved stock assessments with more appropriate modeling that will account for the substantial growth of a fishery like red snapper. Figure out how many fish are out there and not how to carve up the fishery so to line the pockets of a greedy few individuals that have followed the EDF charge to create a cap and trade system in the Gulf of Mexico for the public resource that IS THE RED SNAPPER FISHERY. These fish do not belong to any one individual. They belong to the people. Remember the people? Therefore to re-interat.....Just say NO TO CATCH SHARES AND SECTOR SEPARATION!!!</p>	Pearland, Tx. 77584	Private Recreational Angler

8/1/2012 7:11:35	Gary S. Colecchio	gsc@gate.net	<p>I offer these comments in opposition to RFA 39 (Sector Separation)</p> <p>As a charter boat operator fishing under personal and for hire recreational licensure I demand that any recreational fisheries quota not be further subdivided between the recreational sector.</p> <p>That sector and quota was established to ensure all recreational fishermen have the ability to use their own resources and abilities to harvest fish without the need to rely upon purchasing it from a commercial fishermen or hiring a charter boat to provide themselves with one.</p> <p>This plan further reduces an already reduced recreational capacity through Annual Catch Limits skewed towards the commercial sector.</p> <p>By enabling a sector sub-division, there is a likely hood that a recreational quota could be reached, while the for hire subdivision has quota available.</p> <p>This would advantage holders of those quotas to set a market price for those fish and sell them back to the recreational fishermen they were taken from.</p> <p>An even more absurd and inequitable scenario suggest that once the recreational quota is reached, recreational fishermen would be unable to use their own vessels to harvest fish and would need to charter a for hire vessel to harvest a recreationally designated fish.</p> <p>This conversion of a recreational fishery to a commercial one further commodifies a public resource available to the largest population of recreational fishermen while enabling a small group to realize a profit at the public's expense.</p> <p>This concept is wrong headed and unjustifiable in any fisheries management scheme other than one that again puts commercial interest ahead of the public's.</p> <p>Captain Gary S. Colecchio Bonita Springs, Florida</p>	Bonita Springs FL 34135	Private Recreational Angler, Charter/Headboat For-Hire
8/1/2012 7:54:22	Capt. Troy P. Sapp	tsapp22334	<p>I am opposed to sector separation. This is nothing more than a scheme to further weaken the rights of recreational fisherman and to continue to push the NGO catch share agenda.</p> <p>The for hire sector is no more than a service to provide recreational anglers access to the fishery. I can just see the quota system coming in to play and the reduction in the fleet soon to follow. Of course, it will take us down the path of catch shares in the commercial sector. Maybe that is why many of the minority supporters of this in the for hire sector also hold commercial reef fish permits.</p> <p>1 The public resource going to the select few. 2 The cost of for hire trips going through the ceiling due to reduced competition. 3 The larger operations ending up with most of the quota and controlling the industry.</p> <p>Catch shares have a history that will be repeated. All one needs to do is look what catch shares have already accomplished in the commercial sector. See above, it's a easy to understand as 1,2 and 3.</p> <p>Captain Troy P. Sapp Federal for Hire Permit Holder Fins and Tails Guide Service Florida Guides Association Senior Vice President</p>	Odessa FL 33556	Private Recreational Angler, Charter/Headboat For-Hire

8/1/2012 8:35:07	Derek Nichols	nichols.derek@gmail.com	I strongly oppose Sector separation/catch shares. We need separation by region, such as divided by state boundaries. There is such a radical difference in number and species of life from one side of the gulf to the other that one body cannot adequately govern the entire gulf.	Seabrook, Texas 77554	Private Recreational Angler
8/1/2012 8:55:16	Pat McGuigan	patmack52@hotmail.com	DATA,,, DATA, DATA ,, , on Fish Populations!!!! Noaa,,, Gulf Council,,,,, You GUYS Have NO Creditability !!! Left,,, You 'all will be Subject to CRIMINAL Prosicution,, For YOUR Actions,,, Rec Fishermen Will NOT REST,, until,,, YOU are IN JAIL !!! for What you have DONE to the Costal Communities, !!!	Fort Worth Texas, 76053	Private Recreational Angler
8/1/2012 8:58:09	Ritch DeVoe	ryd22@bellsouth.net	I'm a Florida native and have been saltwater fishing most of my life. Mostly in the Gulf. This has to be one of the most asinine things I have ever seen. Recreational is recreational and to sub-divide the little bit of grouper and snapper we are so graciously granted is nothing more than a MONEY grab by the 120 charter boats that are behind this. Recreational fishing is supposed to be about fun and family. Commercial fishing is about money. Please, for the sake of my children and everyone else that tries to enjoy what the Gulf of Mexico has to offer, shoot this ridiculous amendment down. (I double dog dare you to do this, but give the charter guys use of commercial quota since this is about money.)	Gainesville, FL 32653	Private Recreational Angler
8/1/2012 9:00:30	Michael Bursten	mikeb@traditionaltitle.com	"NO "way , do we need or want any more regulations on our fishery as Rec anglers , we have got the short end of the stick for years now. I have fished for 30 years in the GOM, and the fishing is better today than its ever been in years. Red Snapper are so thick , it seems at times all we can catch yetI am told the are endangered. The requirements listed to adhere to the regs wanted will be impossible , and will only seal our own fate later down the road when the GOV decides we have over fished certain fish. Between the oil spill lost year , High gas prices, broke people with no Jobs who sold their boats , there is no need for any other regulations on what are already terrible Regulations that have me toss back wounded fish due to seasons being open and closed every 3 sec's. It so bad we have no idea what we can even keep until we head to the Tackle store and ask , and even they don't have the correct answers. The best idea would be , buy back commercial permits and end the wholesale slaughter of everyone's fishery . How does it make sense to allow commercials to fish red snapper while i cant , then vise versa based on rec/ commercial regs.....The fish get no break when the commercials take 12 million pounds of snapper and untold million tons of grouperect . Limit them, not me with a 2 red snapper limit and 4 grouper limit, with fuel at 4 bucks a gallon.	Roswell GA 30076	Private Recreational Angler
8/1/2012 9:03:59	Nicholas Trevor Hilton	nicholastrevhilton@yahoo.com	I am opposed to sector separation / catch shares. Amendment 39 should not go forward. Thank you, Nick Hilton	Sugar Land, Texas 77479	Private Recreational Angler

8/1/2012 9:05:32	Janet L. Hilton	trixiehilton@yahoo.com	I OPPOSE Sector Separation / Catch Shares. Please do NOT move forward with Amendment 39. Janet Hilton	Arcola, Texas 77583	Private Recreational Angler
8/1/2012 9:17:18	Mike Smith	MSSFFMEDIC@yahoo.com	Against Sector Separation There are simply too many unanswered questions and no accountability within NMFS we cant trust you guys to manage your own budget but you plan to manage a fishery.	Niceville FL	Private Recreational Angler
8/1/2012 9:23:42	Ryan Hughes	ryanhughes@gmail.com	I am opposed to Sector Separation. I am against implementing Sector Separation for the Gulf of Mexico. This will be detrimental to fishermen whether recreational, commercial, divers and others. I am opposed to Sector Separation. I am opposed to Sector Separation. NO privatization of Americans right to fish ! I've been fishing the Gulf for over 25+ years have never heard of such BS that is taking place in our waters now. This shouldn't even be an option!! I am opposed to Sector Separation.	Galveston, TX 77554	Private Recreational Angler
8/1/2012 9:42:56	Doug Franklin	dugf007@yahoo.com	I am against seperation without know more about it, and everytime i have tried to get answers its typical political jargen avoiding the answer!!! I would rather the government(NOAA) get out of the fisheries business, they dont know what they are doing!!!	pensacola	Private Recreational Angler
8/1/2012 9:43:59	Robert Stuart	rstuart@sugsands.com	I am against sector separation. Furthermore, the current regulations you have in place are inadequate and doing harm to the fisheries. The madness must stop.	Orange Beach, AL. 36561	Private Recreational Angler
8/1/2012 9:44:21	Brian Keith Wyatt	brianw@stic.net	I totally Oppose any for of Catch Shares and also totally Opose any form of Sector separation in our Gulf of Mexico. These two management Practice's are not wanted by any of the fishermen I know.	950 Port Mansfield Texas 78598	Private Recreational Angler
8/1/2012 9:44:22	Christopher James Nabholz	cjnabholz@gmail.com	I am a recreational angler and I vehemently oppose Sector Separation and Reef Fish Amendment 39. Regards, Chris Nabholz	Fort Walton Beach, FL 32547	Private Recreational Angler
8/1/2012 9:58:20	Benjamin Ber	bberdds@hotmail.com	Please do not do Sector separation.	Houma	Private Recreational Angler
8/1/2012 10:03:14	Phillip Beal	pdbeal@bealz.net	Sector separation of fishing regulations is nothing more than a Charter/Headboat For-Hire profit-grabbing scam masquerading as a conservation tool. I strongly oppose this proposed change.	Panama City Beach, FL, 32413	Private Recreational Angler
8/1/2012 10:15:15	Henry Maclin Smith Jr	hmsmithjr@bellsouth.net	Sector Separation is going to further cripple the private recreational fisherman. You are proposing a scenario that will only benefit the CFH industry and allocate them more time to fish a PUBLIC resource while our time is restricted. I also believe SS will create a situation where the private rec angler will get even fewer days because ya'll will say that the Recreational quota has been met by the CFH boats already. Instead of focusing your efforts on dividing anglers and goading us against each other, WHY do you not work on developing a better model to account for how many fish are taken each season? This would be a much better use of your time bcause right now ya'll do not have a clue how big the biomass is, or how many fish are caught in the season. If you truly did the season would be longer because there are more fish out there than there have ever been in my 25 years of offshore fishing.	Fairhope, AL 36532	Private Recreational Angler

8/1/2012 10:46:02	Debbie Barlow	shoalriv@cox.net	As a recreational fisher I strongly oppose sector separation. The economic impact of this will be devastating to our coast. Please keep in mind as to how many businesses this will impact if sector separation is implemented. I just can't believe this is even being considered. There are thousands of businesses along the coast that depend on marine resources and you guys are willing to take away from thousands of businesses owners to give to a hand full of charter boats. Who do you think is going to create more revenue through out the coast states? Charter? I think not. Do you guys really think this is the answer for a way of collecting data to destroy economy here even more? You people really need to think about how many families you are going to affect if this plan is implemented. Please reconsider and take a good long look at what the outcome will be. Debbie Barlow	Crestview FL 32539	Private Recreational Angler
8/1/2012 11:26:16	Christopher Yarborough	andyar@gulftel.com	I oppose Sector Separation.	36561	Private Recreational Angler
8/1/2012 11:48:04	Brad Young	brad.young@mpmci.com	I am writing to express my opposition to sector separation of the recreation fishing sector. If I list my reasons why, they will mirror what every one else has written who has expressed their concern, so I will save time for both of us. Thanks in advance for taking notice of my position. Brad	Nashville, TN 37204	Private Recreational Angler
8/1/2012 11:54:34	Joel McDaniel	McDaniel8402@gmail.com	Sector separation is not going to do anybody any favors. It is a bad idea. Our Guld of Mexico waters are not something to be carved up, and distributed to suit some politicians agenda. No catch shares, no sector separation.	Dickinson, TX 77539	Private Recreational Angler
8/1/2012 12:11:34	Andrew West	awest@westburchell.com	Please take note that I STRONGLY disagree with the proposed sector separation proposal, or ANY proposal that seeks to provide commercial interests with a greater access to a public resource, such as Red Snapper.	League City, TX 77573	Private Recreational Angler
8/1/2012 12:26:24	William F Glockzin	Billwahoo99@yahoo.com	I cannot find a single recreational fisherman with an understanding of how the proposed Catch Shares can benefit any recreational fisherman or sportsman. The Catch Share proposals are aimed at benefitting a few people at the expense of many recreational fisherman.	Aransas Pass, Tx, 78336	Private Recreational Angler
8/1/2012 12:31:52	Brad Plantz	bplantz@gmail.com	I fully OPPOSE sector separation. At best it is flawed policy and at worst it is disingenuous and reeks of political, not scientific or conservatory motives.	77007	Private Recreational Angler
8/1/2012 12:40:12	Robert M Cromie	robromie@gmail.com	I strongly oppose Sector Separation / Catch Shares It is a true scam and unlawful of our public rights.	Houston, Texas, 77098	Private Recreational Angler
8/1/2012 12:44:00	Donald Pelle Donham	dpdonham@msn.com	I support separate management policies for the Charter Boat industry. This gives me a chance enjoy the offshore experience more due to the amount of fish that could be caught. I do believe in catching only enough to feed your famiy.	Angleton, Texas 77515	Private Recreational Angler
8/1/2012 13:21:57	Christopher Brian Haile	brian@hailecpa.com	I am registering my opposition to the use of Sector Separation and Catch Shares as conservation policies in the Gulf of Mexico. While I may not be a resident of a coastal state bordering the Gulf, I have vacationed in Apalachicola for the last twenty years, and have a personal interest in this issue. I support the use of accurate data in any fisheries management effort, and I feel that the better use of the Council's limited resources should be to support, encourage, and facilitate the better collection of recreational and commercial catch data. Please do not implement these programs.	Marietta, GA 30062	Private Recreational Angler
8/1/2012 13:47:37	Brittany Macon	macon.brittany@gmail.com	It is time to move forth with a separate Fishery Management plan for the Charter Boats. Being a non boat owner, this is how I access the fishery each time I fish.	Freeport, Tx 77541	Private Recreational Angler

8/1/2012 14:03:21	Kenneth Norman Kirby	KKirby7777@aol.com	For years I have used independent fishing charter boats to fish off shore. I found this less expensive than to buy my own rig, stow it when not in use and to work my entire life learning where the fish are. A charter captain knows this already and should be encouraged to ply his trade without too much limitation. The captains I have chosen work with the state local and federal governments to provide excellent fishing opportunities for their customers while maintaining a personal watch on making sure that all phases of their work is environmentally friendly. Lets maintain this support for these guys and keep the federal government out of it.	77082	Private Recreational Angler
8/1/2012 14:31:45	Kevin Bellington	captaincowby@embarqmail.com	I am opposed to separating the recreational fishery from the Charter for hire in any form. We do not need additional regulations pertaining to CFH . What we do need is better management of existing data collection and regulations based on solid scientific evidence.	Fort Myers Fl. 33908	Charter/Headboat For-Hire
8/1/2012 15:08:55	Richard Burgreen	rburgreen@pclnet.net	I do not support Sector Separation. Please do the math. There has been an explosion in the red snapper population off the coast of Alabama. It seems to me they have gotten so big that they are consuming the fry of other fish and anything else they can eat. It's a no win for the rec angler...fish are larger so reduce the days allowed to fish...fish are smaller so reduce the limit to allow for restocking...you had better take some snapper out of the gene pool quick.	Athens, AL 35611	Private Recreational Angler
8/1/2012 15:34:40	Michael p Mixon	Captainprestonmixon@hotmail.com	Yes let us charter	77554	Private Recreational Angler, Charter/Headboat For-Hire, Commercial Fisher
8/1/2012 15:53:02	Michael Stephenson	lbtsoom@aol.com	Please institute a separate fishery management plan for the charter for hire sector. This will assure the non boat owning angling public access to offshore fishing opportunities that may otherwise be lost!	Hitchcock, Tx 77563	Private Recreational Angler
8/1/2012 16:24:10	Kyle Arnold	Kyle_arnoldatm@yahoo.com	No!!	Houston, Tx, 77095	Private Recreational Angler
8/1/2012 16:32:30	Douglas Schoppe	daschoppe@scbglobal.net	Need separate regulations for charter boat captains, because at this time it's not worth hiring a off shore boat to go fish with and that hurts a lot of people trying to make a honest living. It's time to quit voting with the special interest groups and do what is right and let honest people make a decent living to.	Columbus, Texas 78934	Charter/Headboat For-Hire
8/1/2012 16:36:25	Douglas McMullin Jr	deputy2018@yahoo.com	I am in support of the sector separation and charter for hire captains.		Private Recreational Angler
8/1/2012 16:36:41	Douglas Schoppe	daschoppe@ sbcglobal. Net	In favor of the sector separation and I support the charter captain for hire. Good day.	Columbus, Texas 78934	Private Recreational Angler
8/1/2012 16:50:47	Gary Gautreaux Jr	gary.gautreaux@hotmail.com	I wanted to share my opinion that I am totally against Sector Separation. In fact no one in my circle of long time fishermen are supporters of Sector Separation. We would appreciate you putting this to bed for good! Thank you.		Private Recreational Angler
8/1/2012 17:18:16	Bruce Vieau	bvieau@gmail.com	We need a separate fishery management program for the Charter/ For Hire fishing industry. Thanks	Galveston, TX 77550	Private Recreational Angler

8/1/2012 17:48:00	Larry Fox	lwfox@sbcglobal.net	Comment is simple... No sector separation, no catch shares	Pearland, TX 77584	Private Recreational Angler
8/1/2012 19:07:59	Jim Stewart	jstewadjuster@hotmail.com	I am a Recreational fisherman primarily off the Texas coast and I would like to go on record that I am OPPOSED TO AMENDMENT 39. There are many better options for the management of our nations oceans, The people and fish deserve more than guess work and back door science spawned by the EDF. I am both embarrassed and alarmed that you would wast time and precious funds to even consider such a scheme. If you need to separate anything than please consider separating the different ecosystems and managing them accordingly.	seguin Texas 78155	Private Recreational Angler
8/1/2012 19:12:24	Craig Alan Rucka	c.rucka@yahoo.com	I an in favor of sector separation and support the charter for hire captains.	El Campo, Tx 77437	Private Recreational Angler
8/1/2012 19:46:22	Mark Anthony Holland	marknkelly10@yahoo.com	Let this go on record that I am IN FULL SUPPORT of sector separation for the CFH folks. They have a plan to be ACCOUNTABLE AND RESPONSIBLE to help maintain a healthy fishery.	Bay City, Texas 77414	Charter/Headboat For-Hire
8/1/2012 20:01:59	Monica Lynn Curry	lynn@workingmancharters.com	I own workingman charters a private charter ran from Galveston Texas I personally want sector seperation because we need a count of what is being taken on our part. My boats run offshore,jetty and bay . Two snapper for Texas water federal is just crazy our red snapper is bigger and more abundant than florida we have never had a problem with outr fisheries. Everyone who be accountable for what they catch. The headboats have theirs and the commercial have theirs this is my only source of income and I am slowly watching it go down the tubes . . U have our amberjack in season and you have most of fish limits way down also this is crazy my husband was mastercaptain Bill Curry and he fished over 30 yrs and every year we saw something different . Well now is the time to seperate us and give us our on accountability. End the end lets see who is getting more snapper this is what it all boils down too is who is getting the most fish and what species Lynn Curry booking agent/owner workingman charters	Galveston, Tx 77551	Private Recreational Angler, Charter/Headboat For-Hire
8/1/2012 20:15:46	cody lee spalek	cjspalek@ykc.com	Im in favor of the sector separation and support the charter for hire captians.	Markham Texas 77456	Private Recreational Angler
8/1/2012 20:18:10	Matt Harlow	matth182@hotmail.com	I support moving forward with a separate Fishery Management Plan in the Charter For Hire industry	Liberty Hill, Tx, 90266	Private Recreational Angler
8/1/2012 20:25:27	John C. Hightower	jch619@hotmail.com	Absolutely oppose this measure! This is yet another profit grab of the public resources!	Gulfport,MS 39507	Private Recreational Angler
8/1/2012 20:28:19	Henry Hawney	hhawney@hotmail.com	I am against implementing any type of sector separation plan in the Gulf of Mexico.	New Orleans, LA 70124	Private Recreational Angler
8/1/2012 20:35:04	Robert Blair	fireandh2odvr@aol.com	I want to state I am against Amendment 39, Sector seperation and catch shares. The GMFMC has a history of ignoring the will of the majority to promote their own agenda. Their so called "scientific data" is flawed. We as fishermen have tried to improve our fisheries in many ways, fish habitat, size limits, etc. We have been rewarded with the shortest ARS season ever this year. I myself have never seen as many ARS in my life. Now You want to drive this stake into the heart of the industry. The people of the gulf states will remember this if it is imposed and work to give the GMFMC what they deserve, a place in the unemployment line.	Pensacola, Florida 32507	Private Recreational Angler

8/1/2012 20:44:20	Steven Pettit	sjpettit@eprod.com	I strongly OPPOSE catch shares and sector seperation.	Pearland, Tx 77584	Private Recreational Angler
8/1/2012 21:24:23	Ronnie Paul Watkins	moneyjunk83@yahoo.com	This is a terrible amendment and needs to be struck down where it is. How can you possible run a Fisheries Management for the whole GOM? Let the states figure out what needs to be done. And dividing the rec fishermen from the For-Hire captains is even more rediculous. Shut this down and let the States manage their own fisheries the Federal government has no business dealing with GOM waters.	Corpus Christi, TX 78418	Private Recreational Angler
8/2/2012 0:20:18	Zack Bagwell	Zack.bagwell@capitalone.com	I strongly oppose sector seperation. This is not the answer to good management of our fisheries. This might actually be the worst idea yet to manage our fish stocks in the Gulf.	Plaquemine,La, 70764	Private Recreational Angler
8/2/2012 4:55:18	walter w moye	ofshore2@yahoo.com	I am against sector sep AND any type of catch shares PERIOD. All the recreational anglers I know are also against this type of management for OUR offshore fisheries. thanks Walter Moye	kountze tx 77625	Private Recreational Angler
8/2/2012 5:31:54	James Nielsen	j.nielsen.photo@gmail.com	I'm opposed to Reef Fish Amendment 39 - Sector Separation.	Houston,Texas 77018	Private Recreational Angler
8/2/2012 5:40:41	Tom Pennington	topenningtonphoto@gmail.com	I am opposed to Sector Separation. I am opposed to privatization of our fisheries through Catch Shares, for which Sector Separation makes possible. I am opposed to the deception used by some members of the charter-for-hire community to try to justify Sector Separation. I am opposed to the NMFS and certain members of the Gulf of Mexico Gulf Council working with the extreme anti-fishing groups such as Environmental Defense Fund to put on the Sector Separation Workshop.	Fort Worth, TX 76107	Private Recreational Angler
8/2/2012 5:41:40	William Conley Rhodes	bill1001@bellsouth.net	I am strongly against sector separation.	Cumming, GA. 30041	Private Recreational Angler
8/2/2012 5:44:48	Brandon Edwards	Reellifeoutfitters@charter.net	Sector seperation will manage PUBLIC fisheries in a way that will LIMIT public access. As a recreational fisherman I have invested much of my time and a tremendous amount of money to be a part of one of the most engaged and passionate sportsman groups in existence. Recreational fisherman have every right to have access to our fisheries as commercial and headboat captains and sector separation will absolutely limit public access. No one has the right to have greater access to a PUBLIC resource than anyone else. Furthermore, there are far more recreational fisherman who fish in their own vessel or a friends vessel than people who pay for a charter. I fish multiple times a month, I'd venture to say that no one charters a boat multiple times a month. This is ludacr	70431	Private Recreational Angler
8/2/2012 6:05:42	john regnier	john.regnier@comcast.net	I strongly oppose sector separation. This is not about conservation - I strongly support conservation. Heck I would support lower limits on almost all fisheries. But don't give it to the commercial guys - they already get preferential treatment from ya'll.	houston tx 77005	Private Recreational Angler
8/2/2012 6:09:17	D. James	djotw@tampabay.rr.com	Just say NO to sector separation.	Palm Harbor, FL 34684	Private Recreational Angler, Other
8/2/2012 6:48:40	Mike Jones	s1nger1@hotmail.com	I am against anything that takes a public resource and uses it to benefit few. No for Sector Separation.	36544	Private Recreational Angler
8/2/2012 7:14:45	Clinton Crawford	cdcraw550@hotmail.com	I am against Reef Fish Ammendment 39! I am sick and tired of having my limits reduced by commercial interests who are the ones truly responsible for depleting fish stocks.	Estero, FL 33928	Private Recreational Angler
8/2/2012 7:32:59	Rob Pourciau	rpourciau@jbace.com	I strongly oppose Sector Separation / Catch Shares. For once, do you think you guys can get it right?	Madisonville, LA 70447	Private Recreational Angler

Timestamp	Enter your full name	email address	Comments	City, State, Zip Code	Check all that apply
8/2/2012 8:30:03	Steve Hardy	steve.hardy@acuitybrands.com	Please end this blatant grab for power and profit called "Sector Separation" or "Catch Shares" or "Limited Access Privilege Program" immediately. Here is why: 1. These programs create special classes of users of a national resource. It is not fair to waive rules of season closure, method of harvest, bag limits or gear restrictions or size limits to improve the profitability of a sub-set of the users. 2. Subsidizing a sector through economic privilege fails to capture the highest value for the commodity. Maintaining an inefficient market where bag limits, gear restrictions, season closures, etc. limit the effort due to poor economic returns insures the highest value for the resource and throttles participant effort. 3. Commercial interest has driven EVERY fish, fowl, animal, etc. resource to the brink of extinction (and beyond). The council's goal should be to remove completely all commercial pressure from any fishery that is overfished. It is absurd to waive gear, size and bag limit restrictions for a portion of the users in the name of economic efficiency. Wake up! That is what caused over fishing to begin with! Cloaking oneself in the argument that there is some sort of National Interest in maintaining a commercial fishing fleet is ludicrous. Having a parent that was a policy wonk does not entitle you to become one as well. You have to earn your way in. The same is true for commercial fishermen. If the result of implementing this policy is legally construed as a "taking" of rights, then use the power of eminent domain and compensate the commercial fishermen. The bottom line is, eliminate this burden on the fishery. If the problem is funding, then impose a fee on the remaining users (Yes, charge recreational fishermen for a license, stamp or other device) and get this off the table. This makes the most economic sense BY FAR. Do it first in Red Snapper, do it now. Retire the fee after the commercial interests are "purchased" or perhaps consider setting up a habitat program to build artificial reefs. But make all the money go back into the fishery--so not allow this to become another funding source for the Federal Government.	Dripping Springs, TX 78620	Private Recreational Angler
8/2/2012 9:03:27	Mark Hughes	mhughes08@att.net	I am opposed to this amendment because it is an attempt to unjustifiably shift a share of fish stocks from recreational fishermen to commercial fishermen and charter boat operators. You need to be focused on the recreational fishermen. They are the conservationists and they drive the economy.	St. Augustine, FL, 32084	Private Recreational Angler
8/2/2012 10:11:55	Mark A. Bazor	propbend2@yahoo.com	I am against catch shares	Orange Beach, AL 36561	Private Recreational Angler
8/2/2012 10:12:35	Ryan Perry	ryanperry@cox.net	I would like it to be known that as a tax payer, voter, business owner, and recreational fisherman I am strongly opposed to sector separation. This proposed action attempts to divide a resource between groups that all should have equal access to. In my opinion it's a critical step for the anti-fishing environmental activists attempts to end fishing through a divide and conquer mentality.	BR, LA 70810	Private Recreational Angler
8/2/2012 10:36:06	kailey mcnamara	kailey.mcnamara@yahoo.com	I support moving forward with a separate Fishery Management Plan in the Charter For Hire industry	77441	Other
8/2/2012 11:10:48	Mark Otteman	motteman@powersys.us	I am absolutely against Sector Separation and Catch Shares and have voiced this opinion in the past. It is unbelievable to me, that after all the comments you have received expressing this same opinion and the fact that Congress has forbidden NMFS to use any of their budget to promote this idea, that this is still under consideration. It is evident to me that NMFS is hell bent on pushing this idea and will do so until either Congress or a the Coart System shuts this down. You obviously do not listen to the Recreational Fishermen nor consider their opinions of any value.	Tiki Island, TX 77554	Private Recreational Angler

8/2/2012 13:21:28	Joe Battalio	battalio@gmail.com	Sector separation is against all this country stands for which is the rights of the individual to enjoy the freedoms of our country. This country was founded on the principles of individuals enjoying the great bounty of this land not just the privileged few. If sector separation passes, it will not only separate the ability to enjoy fishing; it will separate the wealthy from the average fisherman trying to enjoy our offshore fishery. It will surely hurt businesses along our shores who depend on fishing. We salt guys already have to deal with gas prices, changing limits without cause, and now more fishing restrictions with money hungry, greedy individuals trying to make money off what we all should be allowed to enjoy.DOWN with sector separation! POWER to the fisherman!		Private Recreational Angler
8/2/2012 13:36:15	Capt. James G. Stone	gulf_rider@hotmail.com	I've stated this before at Gulf Council meetings, there's no way you can fairly divide this fishery. Any way you do it, someone gets screwed. Also making vessels add VMS's tell us something about you. You don't trust us. Period. Well that feeling is mutual. I will fight Sector Separation with any resource that I can. The E.D.F. has effectively become NOAA, NMFS and we are feeling it. There have been more regulations that ruined so many business and made them either go out of business or sell out. The actions of Gulf Council and NMFS in the past 10 years have been the absolute worst for the fishermen in the history of the fishery. Stop this agenda based action and get back to real management. James G. Stone.	Pensacola, FL 32507	Private Recreational Angler, Charter/Headboat For-Hire
8/2/2012 14:11:08	Patrick Hebert	abe351@gmail.com	I am firmly opposed to the separating of the allowable harvest within the recreational sector in the GOM. With the many problems that continue to exist in these fisheries, such as the near complete lack of real world recreational fishery data, including an actual number of participants in the recreational federal fishery, the number of recreational fish caught, and the accurate, current and reliable biomass numbers for ALL of the fish, yes even the great abundance that are found in the thousands of artificial structures lining the GOM's coastal area's., With these problems continuing, adding a "New and Novel" management scheme is pointless and truly counter-productive. There is really no point to Sector Separation.	New Orleans, LA 70006	Private Recreational Angler
8/2/2012 14:16:18	Joe B Hinkie	joebhinkie@gmail.com	Totally opposed to this nonsense. Appears to be based on political correctness than anything else.	Gautier,MS,39553	Private Recreational Angler
8/2/2012 14:39:00	G. TODD PENICK	eaglehead1@verizon.net	Sector separation is total insanity that has to stop before it starts. While recreational fisherman continue to bare the brunt of NOAA the commercial guys continue to slaughter our resources and then brag about it as they deposit big checks. If sector separation is started the craziness will continue into for hire guys. Please stop!!!	LA MARQUE, TX 77568	Private Recreational Angler
8/2/2012 15:54:11	Phillip Allen Tillman	philtillman@sbcglobal.net	I oppose this measure as a solution to managing the G.O.M. fish population.	Antonio, TX. 78201	Private Recreational Angler
8/2/2012 16:49:05	Richard C. Homminga	Rchomminga@comcast.net	I am against any sector separation.	Texas	Private Recreational Angler
8/2/2012 17:58:24	Charles Everts	rifraft25@aol.com	!00% against sector separation. Its all about money. Seems to me this should be part of commercial fishing not recreational. Folks are being paid to take recreational fishing but its really about the Commercial guides who are attempting to lock up part of the recreational catch for them. (just to make money).	Tiki Island, Tx. 77554	Private Recreational Angler
8/2/2012 17:58:36	Steve Johnson	big1fish@cox.net	Please dont consider it. Its a total scam.. Sector Separation is not the Answer to the fish stocks. ACCURATE DATA IS!	Pensacola, FL 32507	Private Recreational Angler
8/2/2012 18:33:45	travis allred	travis_allred67@hotmail.com	The management of the offshore fisheries is a disaster. Habitats are being destroyed on a daily basis. There is no way that I can support sector separation/catch shares. how much are yall going to take away from the rec fisherman? This is unamerican and unjust.	woodville, tx 75979	Private Recreational Angler

8/2/2012 18:34:29	Richard P Thompson	triumphrick@gmail.com	I am strongly opposed to anything resembling sector separation. Thank you, Richard Thompson	Masaryktown,. FI 34604	Private Recreational Angler
8/2/2012 18:40:59	Bruce j. Daniecki	bjd76@suddenlink.net	I totally oppose sector separation and catchshares. Like the present commercial recreational split, it is unfair to recreational fisherman and allocates a natural resource disproportionately to a few individuals for profit.	Conreo, TX 77304	Private Recreational Angler
8/2/2012 18:56:59	Ryan Whitelaw	rwhitelaw@woodsandwildlifeunl	I am very much opposed to sector separation. Please find a better alternative.	Winder, GA, 30680	Private Recreational Angler
8/2/2012 19:23:11	Mike Lyles	lylesmw@yahoo.com	I would like to go on record opposing the concept of sector separation in the Gulf of Mexico. The very thought of allocating a portion of our natural resources, which we are guaranteed access to by virtue of being a citizen of these United States, to one segment or another is appalling. The fish in the gulf belong to every American. No group has a right to these and certainly not one over another. Going down this path will create division between charter and recreational fisherman and will negatively affect our economy. The millions of recreational fishermen provide more economic benefit to the states along the gulf than do all the charter fisherman and this amendment would take a portion of that away at a time when the states can ill afford it. This idea needs to be eliminated now!	Prattville, AL 36067	Private Recreational Angler
8/2/2012 19:43:21	Clint Townsen	c_townsen@ yahoo.com	No sector separation!	Houma, la, 70360	Private Recreational Angler
8/2/2012 21:59:29	Gregory Gant	ggvg198@bellsouth.net	AS a Recreational fisherman , "I am against implementing Sector Separation for the Gulf of Mexico." Thank You	Daphne, AL, 36526	Private Recreational Angler
8/2/2012 22:53:58	Mark Etie	etiesheree1418@comCAST.NET	You have taken my right to fish away from me with your catch shares. So if your going to screw me you might as well screw just about everybody else while your at it. Your so good at it. NOAA destroying fishermen and communities since 1986. Thanks for everything. I really like how about 25 guys have 90% of the red snapper shares in the gulf, that is so fair. Thanks to your "catch shares program" I am looking forward to falling overboard and drowning at sea. Thanks Roy and Jane.	Clute,Texas,77531	Commercial Fisher
8/3/2012 4:24:31	Thomas J. Becker	tdchart@bellsouth.net	As President of the MS Charter Boat Captains Association I am asking that any and all further work on Sector Speration be stopped. Our members have voted NO, NO NO everytime we have voted on this issue. How many times do we have to listen to a EDF back process be pushed into place and you don't have the brains to listen to the problems in the country that have it where the EDF has pushed this through. I will not give the EDF or any member the time of day to listen to there lies and foul mouth crap. Wake up and listen to the real fisherpersons. They have stated they are going fishing no matter what you do.	Biloxi, MS 39532	Charter/Headboat For-Hire
8/3/2012 5:22:33	William R Trippett	wtrippett@verizon.net	As a recreational fisherman on the Gulf of Mexico, I oppose this amendment and any attempts to reduce the access to the fishery for the recreational fisherman for any reason. I fish and I vote. While I may not be able to vote against the folks on the council, I can vote against those who appointed members and will do so if this amendment goes through. William Trippett	Saint Petersburg, Florida 33712	Private Recreational Angler
8/3/2012 6:28:07	Geoge W. Duren	geoduren@aol.com	I STRONGLY APPOSE SECTOR SEPARATION	Port St. Joe, FI 32456	Private Recreational Angler

8/3/2012 8:06:12	jason mcrae	jason_mcrae@hotmail.com	My vacation schedule isnt always in line with snapper season. Have more days in the fall. Would love to book more than one trip a year! Let these charter boats earn a living year round!	deer park tx 77536	Private Recreational Angler
8/3/2012 8:44:58	Tom Merchant	tgmercha@aol.com	I support sector separation and a new fisheries plan for charter boats	77586	Private Recreational Angler, Charter/Headboat For-Hire, Commercial Fisher
8/3/2012 8:54:05	william r bird Jr	bill@lightseylaw.com	sector separation is a horrible idea - instead of spending its resources trying to help a handful in the least economically significant sector in the fishery, to the detriment of the public and the most economically significant sector in the fishery, the Council should be working to increase allocation to the rec sector, improve data collection and implement other measures that would provide the greatest benefit to the nation - sector separation is move in the opposite direction	winter park, fl 32789	Private Recreational Angler
8/3/2012 9:23:28	Donna Brooks	brooksgang3@yahoo.com	Writing in Support of Sector Separation. If sustainability and accountability are our goals . This can only be achieved with cooperation of all who can be accountable and cooperate with mandates set before us. Recreational sector has gone far beyond their allowable catch and can see this will be the best way to help them manage their buisness and be accountable in the process.	Lecanto,Florida 34461	Commercial Fisher
8/3/2012 9:25:48	reneekmcneil	reneekmcneil@comcast.net	I support for admendment 39. I loved the fishing and hope to be back for more and longer trip.	Manassas, Va 20111	Other
8/3/2012 9:30:39	Daisy Mae Fishing Company	Eric@flcharterfish.com	Daisy Mae fishing Company supports Admendment 39. We provide access to the overwhelming majority of rec fisherman in the Gulf of Mexico. The non boat owning public across the country. We support accountability and sustainability and it's time the Gulf of Mexico fishery moves in the 21st century. The against everything anti government crowd has a loud voice but not a very strong one. We will never accomplish anything but just being against every management plan that comes before the council. Admendment 39 is not perfect but it's a giant step in the right direction. All of my customers I have talked to support the charter for hire fleet and would like to see them become there own sector. I know many private boat owners who feel the same way. The idea that some of theserec fisherman groups like RFA and CCA speak for the majority is a joke. There membership is small and weak and has been getting smaller and smaller every year. People are sick and tired of rhetoric. We need action and we need our own fishery management plan for the charter for hire industry. The leadership In the rec sector is willing to go down with the ship and continue this against everything policy that will always fail. These groups are membership driven and could care less about the state of our fishery. Support admendment 39 and next time one of these groups says they represent millions of people ask them to show you there books and how many members they really have. The majority want admendment 39. Thanks	Clearwater Beach Florida	Private Recreational Angler, Charter/Headboat For-Hire

8/3/2012 11:07:45	Dan Davis	ddavis1952@tampabay.rr.com	I very strongly oppose Amendment 39. To further seperate access to the resource by recreational fisherman does nothing other than granting more quota to the commercial sector.	33770	Private Recreational Angler
8/3/2012 11:36:05	Charles J. Turner III	cturner@elmore .rr.com	Greetings to all Presents, I would like to offer my sincere disagreement on the implementation of amendment 39. Increasing the granularity of the Gulf of Mexico federal fishery management is neither reasonable nor prudent. Federal intervention into Interstate commerce under the guise of resource management has become intolerable to the social fabric of many coastal communities. Furthermore, the data used to demonstrate a rationale for sectorization is insufficient to conclude upon. Lastly, considering the vast majority of recreational fishermen stay within the 9 mile limit, I intend to do my utmost to encourage Gulf States to establish independent regulations which more accurately capitalize on their local reef resources. Sincerely, Chuck Turner	Deatsville, Alabama, 36022	Private Recreational Angler
8/3/2012 12:57:58	Jesse Zepeda	jessegzepeda@aol.com	I Truly Believe that Sector Seperation is the only way that the Charter Boat Owner and their employees will have a future. With amendment 39 the American public will still have access to the most valuable resource we as Americans Cherrish . Please Help us keep our Jobs and way of life that we Love so much and the people we cater to . To see a young man catch his or her first fish makes going to work , a Blessing . Thank You, Capt. Jesse	Galveston Texas 77554	Charter/Headboat For-Hire
8/3/2012 13:35:43	Sally Wise	July2ruby@aol.com	I support amendment 39.	St Pete Beach, FL	Private Recreational Angler
8/3/2012 15:22:05	anne henderson	sndpipr325@aol.com	we own an island rv park. galveston texans and out of state visitors will benefit if the commercial charter operators could have a catch share program . this allows our guest to fish days that are not windy. i understand alaska allows this and alsoa share program too. our web site is www.sandpipervresort.com. we are open 365 days a year. we would like more pleasurable calm fishing days. J	galveston texas 77550	Private Recreational Angler, Other
8/3/2012 23:25:30	David Krebs	Dakfish@gmail.com	Let's get recreational fishermen some flexibility and accountability. It is also time to stop the failed catch and release regulations in the rec sector.	Destin fl 32541	Private Recreational Angler, Commercial Fisher

8/4/2012 2:12:53	Michael Graef	capt.mike@cox.net	<p>To the Gulf Council, Once again I'm commenting on the proposed amendment 39 . I'M AGAINST SECTOR SEPARATION! There is not one valid piece of information that I have seen were any one from the Charter for hire sector will benefit, unless you are a duel permit holder and have a Red Snapper IFQ that EDF is promising that you can use those fish on the recreational side. If you really want this issue settled once and for all mail out a ballot to all the Charter for Hire Federal permit holders since we are really the only ones that have a say in this matter. Thank You, Capt. Mike Graef Charter Boat Huntress</p>	Destin, FL 32541	Charter/Headboat For-Hire
8/4/2012 8:05:51	Merlin B. Morvin	merlinmorvin@aol.com	<p>In response to the following solicited comments, I would have to say that if I was Bob Zales, and I knew I had NOT caught enough fish to fill the back of a pick up truck in my life; I would be against sector separation too, knowing I would get next to no allocation if it were distributed individually. If he was an honest and fair person he would not oppose it for his own selfish reasons, and let all the charter fisherman decide by a referendum.</p> <p>Dear NACO Member,</p> <p>The Gulf Council will take up the issue of Sector Separation (reef fish amendment 39) at the next meeting the week of August 20, 2012. NACO has a well known and published policy opposing sector separation. Here is a link direct to the Gulf Council to receive comments on the issue. http://www.gulfcouncil.org/council_meetings/comment_forms/RF%20Amendment%2039%20-%20Sector%20Separation.php</p> <p>Except for a select few Charter Boat Associations in the Gulf, every major Charter Boat Association in the Gulf and across the country are opposed to sector separation. In addition, every recreational fishing association is opposed to sector separation. A letter from the Congressional Sportsman's Conference was recently received expressing their opposition to sector separation.</p> <p>Sector separation is an idea created and pushed by the Environmental Defense Fund and a few of their hand selected fishermen. It will not provide more days fishing, will not provide a different fishery data system, will not provide any benefits to charter boat owners that we do not already have. Sector separation is a type of "cap and trade" for charter boats and will only work to financially enhance a few charter boat owners.</p> <p>As a NACO member you can help to stop this effort by clicking on the link above and providing your comments. Please do so today.</p> <p>Thanks, Capt. Bob Zales, II President</p>	Panama City FL	Other
8/4/2012 10:58:15	Daniel Wise	zlander2@aol.com	<p>I charter a boat 3-4 times a year to fish for grouper, snapper, and trolling fish. It is to the point now that I cannot justify the expense with the incredibly low keep limits. Why a boat that carries six fisherman is restricted while the commercial grouper guys key tons of fish with electric reels is beyond me. Be nice to know whose logic this is?</p>	St Petersburg, FL 33706	Private Recreational Angler

8/4/2012 16:28:02	Capt. Cliff Cox	bentrodsrus@cox.net	I am strongly in favor of sector seperation. The headboats and charter boats need their own allocation of fish, much like the commercial boats have. We are being squeezed, (losing days) out of the red snapper and other fishing seasons by the growing pvt. rec sector. We need our own fmp, one we can responsibly fish, and not overfish our allocation. The only way to achieve this is through sector seperation.	Destin, FL 32541	Charter/Headboat For-Hire

8/7/2012 10:18:36	James O. Bishop	bishop1942@aol.com	I checked category "other" because government mismanagement of the Gulf fisheries resource has been sufficiently demoralizing to end, probably forever, my enjoyment as a private recreational angler. That is the sole reason I no longer participate in any type fishing. In better days, in the past, a day on deep water reliably calmed me, made me at peace, over the unspeakable government intrusion into private matters on land. I lament that is no longer the case.	Houston, TX, 77098	Other
8/7/2012 10:19:24	gary e hansen	gvisions@cableone.net	The concept of changing our catch regulations to benefit big business and penalize citizens know as "Private Recreational Anglers" is unconscionable! If there is a concern for conservation then cut the catch rate across the board. But to single out one group that is the backbone that provides revenue all across our country. It's just plain wrong! ghansen	aransas pass, tx, 78336	Private Recreational Angler
8/7/2012 10:19:29	Guy Orton	gorton@satx.rr.com	Please reject based on zero conservational data to support such a seperation. Thank you	san antonio, tx. 78216	Private Recreational Angler
8/7/2012 10:19:32	Jeff Holberg	jeffholberg@gmail.com	The proposed division of Gulf of Mexico recreational fishing between charter boats and privately-owned boats is an absurd rule impacting recreational fishermen while having no impact on protecting fish. Government should work to protect the resource, not vested business interests.	Bastrop, TX 78602	Private Recreational Angler
8/7/2012 10:20:06	Carter Robbins	carter@crobbins.net	No Sector Separation. All should enjoy these resources under the same regulations and opportunities.	Lake Charles, LA 70602	Private Recreational Angler
8/7/2012 10:20:07	Kevin Bell	kbellatty@aol.com	Please reject the obtrusive and unwarranted sector separation plan currently being considered. It is bad enough that harvest quotas are determined based upon questionable data and speculation. There is simply no necessity to deny the average recreational angler the opportunity to participate in the fisheries that are supposed to be available to all--not just a chosen few who are politically connected.	Houston TX 77066	Private Recreational Angler
8/7/2012 10:20:08	BRYANT B SMITH	bayless190@aol.com	IT WOULD NOT BE ETHICAL TO TAKE AWAY THE RIGHTS OF THE PRIVATE CITIZEN IN ORDER TO BENEFIT A FEW PEOPLE.	ENTERPRISE, FL. 32725	Private Recreational Angler
8/7/2012 10:20:25	Jim Fazende	jim.fazende@ffbla.com	Sector separation is a bad idea, plain and simple. I reject the idea, and hope you do too.	Lake Charles, LA, 70601	Private Recreational Angler
8/7/2012 10:20:58	Tony L. Draper	tdraper@wwmlawyers.com	Having read through the proposed amendment, I see a lot of speculation and conjecture built around concepts of what someone apparently believes is a potential solution to an ill-defined problem. This proposal lacks detail necessary to advise the public exactly the allocations will be made and/or how the sectors will be broken down. I strongly oppose this proposal, and not just because it lacks any meaningful detail about the actions it will authorize.	Kingwood, Texas 77346	Private Recreational Angler
8/7/2012 10:21:18	Scott McFarland	smcfarland@sealinkinternational.com	You cannot separate or give special privileges to "for hire" boats only, or allow them a way to sell quota! This would bring me to the point of shutting down my only leisure activity and I'm sure many of us would start cutting off our fishing. May as well shut down recreational fishing...what would that cost the state? I'm not hiring a guy who took away my right to fish. Not sure how many \$ millions it would reduce but I'm out if this happens.... going to go fish in another country!	safety harbor, FL 34695	Private Recreational Angler
8/7/2012 10:21:22	Andrew Schleis	Andrew@firstfidelityamerica.com	I am opposed to sector separation. Though I have no problem with people making their living from the sea. I believe that separating the charter and recreational fisherman is a bad idea. Recreational fisherman and charter should be lumped together as a common voice. The recreational anglers provide more revenue for more businesses. Gas, hotels, boats, tackle, restaurants etc. Separating us puts us at odds with a group that should be united and share a common voice.	San Antonio, TX, 78253	Private Recreational Angler

8/7/2012 10:27:51	Hill Dishman	hdishman@sofs.cc	Sector separation in the Gulf of Mexico is a bad idea. I fish the GOM from Venice, LA to South Padre Island, Texas. I have done this all my life. I would hate to see my resources taken from me and allocated some where else.	Houston, TX 77024	Private Recreational Angler
8/7/2012 10:27:55	Bill Minyard	bill.minyard@grace.com	Sector Separation is a bad idea. The resource belongs to all the people, not just a select few.	Houston, Texas, 77079	Private Recreational Angler
8/7/2012 10:27:58	Troy	Martinilighting@earthlink.net	Govt get out of our waters, bye		Private Recreational Angler
8/7/2012 10:28:17	Todd W. White	twhitwh@aol.com	I am against separate allocation of catch to recreational anglers and to those who have a boat "for hire". I fail to see how this benefits conservation or fisheries at all, and will only benefit those who receive more of a precious resource, at no cost.	Rockwall, TX 75087	Private Recreational Angler
8/7/2012 10:28:32	Chad Moncrief	xenon16@aol.com	Private boat anglers supply the vast majority of license fees that support state fisheries programs. There is no reason to reallocate the catch to charter/for-hire vessels when they do not amount to the numbers or the revenue stream to benefit the states and income that benefits the Gulf. If anything should be done, you should re-evaluate the numbers of the snapper in the Gulf and consider changes to the daily limit that would benefit the recreational fisherman that provide the majority of the funds and numbers fishing, along with those who pay a guide to take them out. This could increase the economic effects all along the coast. There would be many more people headed out to fish, and in turn spending money along the coast, if they were allowed more than two fish per expensive trip.	Metairie, LA 70002	Private Recreational Angler
8/7/2012 10:28:45	Rebecca Roberts	rroberts3@gmail.com	I believe it is a bad policy to separate fishing resources to various groups without an expected positive outcome to conservation. Regulators of the fishing industry should not be supporting one entity over another if it is not necessary for prudent conservation. The private boater and fisherman have the right to fish and keep their catch as much as the businesses that run charter boats. Please vote against sector separation.	League City, TX 77573	Private Recreational Angler

8/7/2012 10:29:42	Robert Svendson	robert@sillc.us	<p>I am very confused as to how these types of recommendations even get to the point of discussion, as there is no quantifiable way of measuring the fish populations throughout the entire Gulf of Mexico. Using inaccurate assumptions, based on macro data is not the way to do it. Instead of giving Louisiana's fish to Florida Charter Boats, you should be looking at splitting the gulf into sections not splitting fisherman into sections. The economic impact that would result from this, would do as most government initiatives have, do the exact opposite of what they are intended to do! There is a huge economic multiple related to each additional private non-hire vessel fishing (boat purchase, tackle purchase, fuel purchase, repair and maintenance, so obviously they should be able to go and catch fish if they want to expend the money to do so), very opposite of the guy that spends \$200 once a year to catch a few fish.</p>	Baton Rouge, LA, 70808	Private Recreational Angler
8/7/2012 10:29:43	R. Carter Simonds	RCSimonds@aol.com	<p>I am strongly opposed to any kind of sector separation.</p> <p>Fishery Management Council:</p>	Sugar Land, TX 77478	Private Recreational Angler
8/7/2012 10:29:45	Zachary Blaine Dutton	zach@yeticoolers.com	<p>My name is Zach Dutton and I am an avid private angler who believes that sector separation will have a devastatingly negative impact on conservation efforts to promote a healthy population and environment for gamefish in the Gulf of Mexico.</p> <p>Please consider the facts, studies, and evidence that over-fishing by commercial fishermen will negatively impact the environment in the Gulf.</p> <p>It is a delicate ecosystem that must be protected for current and future generations to enjoy.</p> <p>Regards, Zach Dutton</p>	Austin, TX, 78702	Private Recreational Angler
8/7/2012 10:29:51	John Torrance	jtorrance@reynco.com	Sector Separation is a horrible idea. I am part of CCA and the data they have supplied shows no benefit to the recreational angler.	Austin, Tx 78745	Private Recreational Angler

8/7/2012 10:30:10	John Allan Kerr	jakerr55@hotmail.com	I am expressing my opinion on what is being considered for Gulf of Mexico fisheries management. Recreational catch should not be divided between 2 sectors. Recreational catch should stay as 1 no matter if the angler is on a private boat, or is on a boat for hire. They are still a recreational angler and there should be no separate catch category depending on the boat they are on. Dividing it between private boats and for Hire boats effectively reduces the catch each recreational angler is able to have. This is a bad idea. The recreational catch should remain whole and be available to all recreational anglers no matter what type of boat they are on.	Pasadena, TX 77505	Private Recreational Angler
8/7/2012 10:30:18	Robert S. Weber	rsddw2@cableone.net	I am very much against sector separation. I can not find examples where it is effective. It will be costly to implement, monitor and maintain. More government ineffective spending.	Aransas Pass, TX 78336	Private Recreational Angler, Other

8/7/2012 10:31:16	Rex Engelhardt	rengelhardt@mation.com	I think it would be a horrible idea to separate sectors. No conservation gained at all.	Austin, TX 78737	Private Recreational Angler
8/7/2012 10:31:16	owen sears	otsears@texaschildrens.org	As a recreational fisherman I probably catch about 20 fish a year on average, and I spend about \$15,000 a year on the sport, supporting ALL forms of business related to the offshore fishing industry. I assure you that I am not alone in stating that taking away even more opportunity to target and keep the ridiculously few amount of fish I do catch, in the now absurdly short seasons given to the recreational fishermen (compared to the commercials absolutely ravaging the oceans), and giving them away to guide/charters will not only hurt the industry overall, but will definitively hurt both fish populations as well as the future of the sport - needlessly and unfairly. I'm sure this plea falls on deaf ears, as do most recreational fisherman pleas do, and that is very sad. What is even more sad is that my kids won't have the experiences and joy that offshore fishing has given me. Might as well let the longliners and netters come on in and take the rest of our fish, like they have already done in the pacific, before they are all gone from blowing them up removing all of the rig habitats. Makes ABSOLUTELY no sense. At all.	houston, TX, 77043	Private Recreational Angler
8/7/2012 10:31:36	Peter H Herber	Pherber123@aol.com	I am against sector separation. It is a bad idea. Who creates more jobs and puts more money into the economy? Not the fishing guides, or commercial fisherman. Only the recreational fisherman. The factor is more than 20 to one. This move will only take fish away for the Recreational fisherman who pays for the lion-share of the cost and your salary. Pete Herber	Punta Gorda, FL 33955	Private Recreational Angler
8/7/2012 10:31:36	Peter H Herber	Pherber123@aol.com	I am against sector separation. It is a bad idea. Who creates more jobs and puts more money into the economy? 8/7/2012 10:31:44	Charles W. Gordon IV	cgordon@prdg.com	Please do not move forward on any attempt or any vote to segregate or separate harvests rules between the private boat owner sector and the for hire or charter boat sectors. It is imprudent to allow Commercial or Charter boats to harvest more than recreational boat owners. Thanks for your consideration, Charles Gordon	Corpus Christi, Texas 78401	Private Recreational Angler
8/7/2012 10:31:47	John Edward Griggs III	jgriggs@gulftel.com	Sector separation is a bad idea, plain and simple. Please reject sector separation. This is just a bad idea who's time has not come.	Foley, AL 36535	Private Recreational Angler
8/7/2012 10:32:00	Margo Jones	margo@hollonsafe.com	Seriously?!	Corpus Christi, TX 78405	Private Recreational Angler
8/7/2012 10:32:07	Lauren Lee Hollon	hollon@hollonsafe.com	This is one of the worst ideas I have heard. My grandfathers raised my parents, and all of their grandchildren out on these waters and to be told where we can and cannot fish would cause them both to roll over in their grave. These waters are Gods creation and should be available to all fishers alike. As a conservationist it seems very unfair to give commercial fishers their own section that us conservationist work so hard to keep up.	Corpus Christi, TX 78414	Private Recreational Angler
8/7/2012 10:32:14	Harold W. Crawford Jr	hwaynec@centurytel.net	I request that action be taken to prevent the separation of fishing quotas by taking away from the individual fishermen with their own boats who fish with their own family and friends and giving the quota to commercial interests. It is terrible to even think that such an unfair act is possible. It sounds like some dirty money involved but for sure no fairness or science could support such an act. Please help to prevent such an action from happening. I am an old retired veteran and my wife and I enjoy fishing together on our own boat in the Gulf of Mexico. Do not take away that pleasure from us. Thank You.	Port Aransas, TX 78373	Private Recreational Angler
8/7/2012 10:32:15	George e. egger	Edegger@3dimaging. Net	Do not separate charter boat fishing rights from recreational fishing rights in gulf of Mexico. We have enough regulations and limits on recreational fishermen currently	78414	Private Recreational Angler
8/7/2012 10:32:15	George e. egger	Edegger@3dimaging. Net	Do not separate charter boat fishing rights from recreational fishing rights in gulf of Mexico. We have enough regulations and limits on recreational fishermen currently	78414	Private Recreational Angler
8/7/2012 10:32:25	Mark Duncan	mark.duncan@kepha.com	I recall when over fishing by commercial interests devastated the Gulf fisheries. Now, you propose to UN-do all we have accomplished in the last twenty years. Please DO NOT go forward with sector separation. It is a BAD idea that only benefits a favorite few "pet" interests of yours.		Private Recreational Angler
8/7/2012 10:32:33	Al Kelly	akelly@firetron.com	Sector separation is a bad idea and it needs to be rejected in whole. In fact, you need to look at ways to deregulate the fisheries in the Gulf.	Houston, TX 77077	Private Recreational Angler
8/7/2012 10:32:50	David Ruitledge	david@coveralls.biz	Division of fisherman? Why? Taking from one segment of the fishing sportsman and giving to another is just wrong fundamentally. It is not complicated. Who thought this up? someone who cant grasp the basic ideals and principles of recreational fishing--its called sport. Sportsmen are the most responsible stewards of the resource, and let's not forget that. Without sportsmen, there would be very little hinting and/or fishing. Don't do it!!	Dallas, TX 75209	Private Recreational Angler
8/7/2012 10:32:52	Edward Baker	EdBaker@wans.net	Overall the economic impact of Sport Fishermen is much greater than Charters are. So in effect a separation would actually COST jobs and hurt the economy. Don't do this, Please!	Saint Rose, LA 700878	Private Recreational Angler

			<p>This is the most ridiculous and hair-brained idea they have come up with yet. CCA and other recreational and conservative organizations have attempted for years to join hands with the charter boat and for hire captains in effort to ensure that the marine conservation regulations are fair and meet the standards desired for both. This bit of buracratc action would place tramatic barriers between the private recreational fishermen and the for-hire. Does't anyone up there have any undstanding of what this Type of action would do??? Let's have an open discussion on this with the folks involved instead of letting the so called "authoritives" make such drastic moves. Also, take a look at the monitary impact the private recreational fishermen have on the economy and overall equipment research. They need a equal vote in this. Thank You, Dick Wilson - 82 year old recreational fisherman - CCA Board member - (local, state and national)</p>

8/7/2012 10:41:50	Paul A. Kennedy, Jr	pkennedy@gte.net	I strongly oppose any attempt to restrict recreational fishing opportunities for me and others like me. The management of our marine resources by the federal government is very disappointing to say the very least. Please tell me why a commercial fisherman should have greater access to public natural resources than I do. Do they contribute more significantly more to marine research, habitat creation, restocking efforts? Absolutely not ! The resource belongs equally to all of us, not disproportionate to a few.	Corpus Christi, Texas 78413	Private Recreational Angler
8/7/2012 10:41:56	Bradley Stuart Forward	ForwardB@hotmail.com	I have fished my whole life in the Gulf of Mexico. Today there are way more fish and the fish are bigger than they were 30 years ago. There are many more reefs and oil rigs to fish. The data used to set the limits is inaccurate and everyone knows it. The government is responsible for thousands of fish kills by removing oil rigs with explosives and loss of habitat. Alabama pays money to create artificial reefs and the government mandates removal of oil rigs, vital fish habitat. Many recreational fishermen go fishing on charters. Many of us will never support a charter in the future if those guys start taking away from the recreational share. Gas prices alone have hurt boat dealers, tackle and bait stores, etc. Using flawed data and more government is not the answer. The answer is KISS, Keep it simple, you know the last word. Dont pit fishermen against fishermen. Stop killing the incredible resource we all should have equal opportunity to share.	Dothan, AL, 36305	Private Recreational Angler

8/7/2012 10:42:35	James Gourley	jamesg@gourleycontracting.com	Opposed to sector seperation.	Corpus Christi	Private Recreational Angler
8/7/2012 10:42:57	alex t. howard 111	sandy@landhp.com	Vote no on this law.It is a very bad idea.	mobile al. 36608	Private Recreational Angler
8/7/2012 10:42:59	Edward Leatherbury	esl62@aol.com	Recreational fishing is Recreational, For hire is commercial fishing. There is already a commercial fishery quota, that is where the for hire quota should be split from, not recreational. Recreational people fishing on commercial boats should apply to commercial harvest, not recreational	Mobile, Al 36608	Private Recreational Angler
8/7/2012 10:43:05	Jon Tyler newburn	Newburnj@uwa.esu	If Sector Seperation has no ecological benefits then this should not even be an issue the only benefit that I can see is economical and only for a select few buisiness'. I do not agree with this idea and do not believe that it should even be voted upon and hope that it doesn't pass at this time or any other in the future.	Citronelle, al, 36522	Private Recreational Angler
8/7/2012 10:43:10	W. Routt Thornhill	rthornhill@coatsrose.com	I oppose any attempt to divide recreational anglers into two sectors. There is no rational reason for creating different treatments for boat owning and charter boat using anglers.	Austin, Texas 78739	Private Recreational Angler
8/7/2012 10:43:12	LaRhonda Aron	laron@royalpurpleraceway.com	Please do not allow them to do this!	Houston, TX 77044	Private Recreational Angler
8/7/2012 10:43:18	Ted Morris	mrmorre@gmail.com	In learning of the 'Sector Separation' proposal, it irritated me. Being a South Texas saltwater recreational fisherman basically all of my life, I enjoy the pursuit and enjoy the rewards of a well planned fishing trip. I have noticed many, many more charter for hire boats on the water these days, than in the past. My thoughts - free enterprise, go for it. Sometimes I wish I had gotten into that as a sideline to my full time career. It's got to be a rewarding effort, taking folks to do what they enjoy, being where you enjoy, and doing what you enjoy as a skill and an occupation. Now this?!?!? The best thing to do with this 'idea' is to strike it from the list. That is no way to conserve the resources. Conservation is meant to replenish and sustain what is there naturally. Fishing has been around for thousands of years. I know of one story where the fishermen were rewarded (shown) what was possible. He in turn made them 'fishers of men' and it led to wonderful things. If this Sector Separation is passed, do you think that anything will be accomplished? Other than many folks (recreational fishermen) being deceived of their rights.	Corpus Christi, TX 78418	Private Recreational Angler
8/7/2012 10:43:19	WALTER SCHWAMB	WGSCHWAMB@GMAIL.COM	Do not OK sector separation. This is a bad idea. We have worked hard to sustain the fisheries in the GOM to reallocate through separation does not help maintain and manage the Gulf of Mexico fish resources.	CORPUS CHRISTI TEXAS 78414	Private Recreational Angler

8/7/2012 10:43:24	Ronald C Henderson	capnron@live.com	I did not think that I could be shocked anymore about your slanted proposals. You have reached an alltime high. When will the American recreational citizens given some fair representation. No, No, No to you and the clients that you represent! Certainly not recreational fishermen. How can we get some folks in there and get the lot in there removed. Thanks for the time to comment. Ronald C Henderson,citizen,veteran	Port Arthur,Tex, 77640	Private Recreational Angler
8/7/2012 10:43:46	Bobby J Caskey	bobbyjcaskey@yahoo.com	To Whom it May Concern, I am not in favor of separating quotas/preferential treatment for one user over another in the Gulf of Mexico. Thank You, Bobby J Caskey	78336	Private Recreational Angler, Charter/Headboat For-Hire
8/7/2012 10:44:02	Ronald Wardell	rwardell@wardelllawfirm.com	This amendment is a terrible idea for the future of fishing, especially as it relates to recreational anglers. To develop "sectors" and then divide benefits is ludicrous and simply geared to cause more time, expense and abuse in relation to the management of our natural resources. Vote "NO" to the Reef Fish Amendment 39.	77056	Private Recreational Angler
8/7/2012 10:44:03	William H. Jeffries	bigbilljeffries@gmail.com	My Government want to take something away from me and my five grandsons everyday, it,s time to STOP this trend, NOW!!!!!!! To whom it may concern:	Orange Beach,AL 36561	Private Recreational Angler
8/7/2012 10:44:04	Russell W. Stafford	Rustystafford1@bellsouth.net	I am writing to you with strong conviction regarding my rights as a recreational fisherman in the State of Louisiana. There is not a single shred of evidence to support that sector separation in the Gulf of Mexico is a benefit to the habitat or the population of our wonderful Gulf fisheries. I am appalled at the idea of sector separation, providing no proof or benefit to those who will use the fisheries, in good faith there should be studies performed before further consideration of this matter takes place! As an avid sportsman and conservationist, I would appreciate further consideration of this matter in the future!	Denham Springs, LA 70726	Private Recreational Angler
8/7/2012 10:44:07	Andrew A Smith, Sr	aasmith624@bellsouth.net	I do not believe that Sector Separation is a viable plan at all. It seems to me that the commercial side benefits are all carried on the backs of the Recreational Angler. I hope this plan is NOT approved.	Fairhope, Al 36532	Private Recreational Angler
8/7/2012 10:44:08	Roy D Palmer	palmerd@bp.com	I do not want the fisheries divided depending on the boat owner uses. Taking my resourses prevents me amd my family from enjoying the harvest while giving the for hire boats the unfair advantage to the resources.	Santa Fe, TX. 77510	Private Recreational Angler
8/7/2012 10:44:22	Ronald P. Matson	reelnwithron@att.com	Do not Pass the Amendment for Sector Separation.	Rockport,Tx. 78382	Private Recreational Angler
8/7/2012 10:45:04	Gary R Toups	gary.toups@jacobs.com	Please reject amendment A !	Kingwood, Texas 77339	Private Recreational Angler
8/7/2012 10:45:10	Mary Pousson	polly.pousson@coxcxfilo.com	SECTOR SEPARATION NOT ACCEPTABLE! REJECT SEPARATION!	Sulphur, LA 70663	Private Recreational Angler
8/7/2012 10:45:11	Earl L. Foreman, Jr.	earl.foreman@bp.com	Sector Separation is truly an bad and unfair proposal. As a recreational fisherman, I should have the same oppurtunity as the for hire individuals. This proposal benefits conservation in no form or fashion. It might even hurt, because as a private owner I would discontinue my contributions to the conservation organizations.	League City, Texas 77573	Private Recreational Angler

8/7/2012 10:48:13	Roderic Vaughan	rodeaux@yahoo.com	I do not agre with this sector sepration that is being talkd about. I do not agree with it. Please vote against this issue.	Lafayette, LA 70508	Private Recreational Angler
8/7/2012 10:48:19	James Wilson Bowman Jr.	jamesbo@cctexas.com	The idea of Sector Separation of the recreational portion of fish is wrong. Fish in State and Federal Waters belong to "We The People" and not to commercial and Charter or Headboat For Hire fishermen. The first priority should go to Recreational Anglers, and scientific data should be utilized to support a quota to sustain a the species. After the allotment to the Recreational Anglers, then any remaining portion of the sustainable harvest then could go to commercial harvest. Remember: 1. Sustain the fishery. 2. First Priority of harvest to the Recreational Fisherman. 3. Any remaining allotment harvest to commercial. Thanks, James W. Bowman Jr.	Corpus Christi, TX, 78412	Private Recreational Angler
8/7/2012 10:48:21	Matt Brown	mattb@landmoutdoors.com	Sector Separation is not only a bad idea, but just plain not fair. You can not tell certain groups that they can fish and others that they can not. Our natural resources are for everyone to share and take part of. The recreational fisherman inserts more money into the local economy than any charter boat or for-hire boat could even come close to. Not only would this put many people out of work like hotel employees, marinas, tackle stores, gas stations and the list could go on and on, it would be unjust that our council is even thinking of such a thing. Our government is going to push and push and take and take until the recreational fisherman has nothing and nowhere to fish.	West Monroe, La 71292	Private Recreational Angler
8/7/2012 10:48:39	Carla B Wilson	wisdom1@flash.net	So, let's see if I understand: >> dividing professional anglers and recreational anglers? >> professional anglers are allowed to remove more/larger catches? >> to be able to this an individual has to PAY \$\$\$\$ to a professional? >> the public (taxpayer) has to PAY \$\$\$\$ to hire regulators / enforcers All for something that is not necessary or needed, or appreciated. We buy fishing licenses and we pay dues (would pay a little more each) to study, renew and maintain the levels of game fish. Why do we need more CONTROL on the situation? Regulating something is a fine line between doing right and doing wrong -- let's keep it right and keep the REGULATORY controls at a minimum --	Houston, TX 77092	Private Recreational Angler
8/7/2012 10:49:03	john vollmer	pinnaclemarine@satx.rr.com	Do not seperate. If anything, give more to the recreational fisherman. Commercial operators exploit the resouce. If you want to see a true tradgedy in the gulf, follow a shrimp boat while its culling the catch. You will see a fish carcus every foot for 3 miles. Every conceivable specie of fish is caught and released dead as by-catch. This does not happen in the recreational fishery.	san antonio, tx, 78253	Private Recreational Angler
8/7/2012 10:49:08	MARK CRAWFORD	mark@lscs.cc	There should not be a separation of anglers into two sectors.	Chapman Ranch, TX 78347	Private Recreational Angler
8/7/2012 10:49:30	Dianne Gates	dianne.gates@exterran.com	I disagree and do not approve of this Amendement. There is nothing wrong with the way the fish are distributed now. Allow the fish to decide who gets them with fishing. Do not divide up the Anglers and then grant special previlages to one group.	77429	Private Recreational Angler

8/7/2012 10:55:02	William V Cable	vcable@yourtpa.com	Catch quotas is not acceptable and dividing the recreational segment is even a worse idea. No doubt fishery management is important, but it can be handled in other ways such as using a higher license fee to buy out commercial catch permits. This will enable the recreational and charter boat captains to fish and not have the resource exploited by the commercial sector.	Birmingham, AL 35242	Private Recreational Angler
8/7/2012 10:55:02	Ronald E Atnip	atnips@aol.com	Please reject separation of private and public fishing.	San Antonio Texas 78108	Private Recreational Angler
8/7/2012 10:55:11	Casey Flanagan	casey.flanagan@exterran.com	I am opposed to any sector seperation concerning recreational fishing in the Gulf of Mexico. Best regards. Casey Flanagan [small boat fisherman]	Sealy,Texas, 77474	Private Recreational Angler
8/7/2012 10:55:23	Matthew Robertson	Matthew1415@hotmail.com	Please vote no on this proposal	Sugar Land, TX 77498	Private Recreational Angler
8/7/2012 10:55:35	Pat S West	Patsterlingwest@yahoo.com	I hope that the council respects the wisdom of all pvt anglers, and does not separate the commercial fisherman from pvt anglers... Certainly not giving them carte blanch! If separated ... Then their should be a fee pd to state... And a hefty one... Funds could be used to enhance fishing, much like CCA! Thanks Pat	Poteet, texas	Private Recreational Angler
8/7/2012 10:55:39	Scott Delaney	scottd@delaneyinc.net	Sector Separation is a bad idea and should not be considered.	Mobile, AL, 36608	Private Recreational Angler
8/7/2012 10:55:50	stan smith	stanooo@msn.com	Sector separation is a bad idea all of the way around. Why is everything with Gulf Fisheries management like a episode of Seinfeld and Crabtree is Castanza. Do JUST the opposite of everything that you are doing right now and it will be a job well done.	New Orleans, LA 70126	Private Recreational Angler
8/7/2012 10:55:58	mark weston ray	mray@bordenins.com	lets get this done	corpus christi, tx 78412	Private Recreational Angler
8/7/2012 10:56:08	William B Hardy	william.hardy1@att.net	Please reject separation!	Houston, TX 77063	Private Recreational Angler
8/7/2012 10:56:09	matt willis	kenner96skiff@gmail.com	Please consider carefully sector separation. I don't have all your data but it's clear to me the the economic benefits to the economy of private anglers over commercial charters is huge. We need to act, when we can, to make pubic resources available first to the public: the waders, the pedestrians, the private rigs. This drives better, closer state management and participation. This brings incentives for more and better attention to the entire scope of the fishing experience from the dock to the jetty. Better for the environment, better for the appearance of our facilities. If commercial rigs want this business they should share equal access to the fishery with everyone else, pay the state an appropriate amount for the privilege and pass these costs to their wealthy clients. Thanks for your interest.	bay saint louis, ms 39520	Private Recreational Angler
8/7/2012 10:56:19	Brian Roach	brian.roach@usave.com	All this will do is create more outlaws. There is no reason to give a Charter more rights to the fish than a private angler. The private angler is not on the water everyday depleting the fish like the charters are.	Madison, MS 39110	Private Recreational Angler
8/7/2012 10:56:23	Ross Henning	Ross.Henning@henningmail.com	I was shocked to hear that you guys are looking at punishing the recreational fisherman yet again by way of "separation". Was enter my vote to REJECT separation. Private angler rights have been trampled on far to long.	Tomball, TX 77377	Private Recreational Angler

8/7/2012 11:05:34	Bruce Nelson	bdntex@att.net	To: Coastal council, Sector separation is a bad idea, please reject the sector plan. Bruce Nelson San Antonio, Texas 78209	San Antonio, Texas, 78209	Private Recreational Angler
8/7/2012 11:05:38	John F. Anderson, JR.	janderson@foxeverett.com	I strongly oppose sectoring the fishing rights. I don't think I hurt the charters but I'd hate to be limited somehow so that they could sell more charters. It's unfair. Thank you of opposing the sector seoration. John Anderson	Jackson, MS 39211	Private Recreational Angler
8/7/2012 11:05:43	Louis Todd	ltodd@toddriskmgmt.com	Dear Gulf Council, please do not give support to the idea of dividing anglers into the 2 groups of recreational and charter/guides. As a recreational fisherman in south Louisiana, I do not understand any benefit here. Again, I kindly ask you not to be supportive of any separation of anglers. Thank you.	Lake Charles LA 70605	Private Recreational Angler
8/7/2012 11:05:47	William D. Gouvier	wgouvie@gmail.com	Please do not move forward with the proposed "sector separation" in allocating fisheries resources. The recreational anglers already suffer at the hands of the first split between recreational and commercial fisheries. To further oppress the individual angler by reserving a portion of the recreational catch for commercial operators such as guide and charter services only goes to dilute the already weakened voice of the individual who use the resource solely for recreational pleasure. Thank you for considering this issue, and I hope the voices of many individual citizens influences your decision in this matter. Sincerely, William Gouvier	Baton Rouge, LA 70809	Private Recreational Angler
8/7/2012 11:05:51	hunter Douglas Smith	hsmith@houstoncompression.com	This is bullshit Communist bastards! !!!!	Houston tx 77049	Private Recreational Angler
8/7/2012 11:05:56	Robert Kent	Robtkent@hotmail.com	We do not want this	Palacios, Texas 77465	Private Recreational Angler
8/7/2012 11:06:13	Robert P Brown	rpbrown@atlasinsuranceagency.com	Please reject sector separation. Sector separation does not serve any conservation purpose. Thank you, Rob Brown	Sarasota Florida 34240	Private Recreational Angler
8/7/2012 11:06:17	Mark A. Cartwright	cartwright8@cox.net	I think that sector separation is a bad idea and should be thrown out.	Baton Rouge, La, 70809	Private Recreational Angler
8/7/2012 11:06:19	norman trubee	ntrubee@pmbhd.com	i urge you to reject the proposed sector segregation plan. this idea is an ignorant approach toward the allocation of the recreational fishery. there should be no distinction between boat owners and charter or for-hire operators. Please do not implement sector separation.	leander, tx, 78641	Private Recreational Angler
8/7/2012 11:06:31	Sam H. Gingles Jr.	samgingles@gmail.com	Sincerely, Sam Gingles	Riviera, Texas 78349	Private Recreational Angler
8/7/2012 11:06:41	Tim Dooley	tdooley2@windstream.net	Sector separation is a bad idea, plain and simple. It is unfair and will pit one set of anglers against another. Please reject this bad idea.	Sugar Land, TX 77478	Private Recreational Angler
8/7/2012 11:06:45	Bill Sjolander	Bill@Billsjolander.com	I oppose Reef Fish Amendment 39-Sector Separation.	Dayton, Tx 77535	Private Recreational Angler

8/7/2012 11:06:50	James R Purgerson Jr	jim@cbtla.com	I am writing regarding sector separation. I believe it is a bad idea. NOAA Fisheries staff have attempted to force through sector separation without the basis of real information on impacts that could affect our Gulf fishing for generations. Please consider discussing this at your August meetings and oppose efforts to enact this measure. It is very concerning to me that this measure would in effect remove rights of recreational fisherman and give away fish to a select few businesses operating those charter and for-hire boats to use as their own, however and whenever they wish. Thank you for your time and consideration. Jim Purgerson Baton Rouge, Louisiana	Baton Rouge, LA 70806	Private Recreational Angler
8/7/2012 11:06:56	kenneth Coons	Krc @coastalsecurities.com	I am against separation !!! Seems like you are taking the same catch but discriminating against the recreational angler. Many more dollars are spent in the economy by recreational anglers than by commercial and charter boat fisherman. Not economically viable does not reduce catch size smacks of chroannisim for the commercial interest	houston,tx 77024	Private Recreational Angler
8/7/2012 11:07:01	JOHN CULLEN YORK	CULLENY@UNITYMFG.COM	PLEASE DO NOT SUPPORT THE SECTOR SEPARATION UNDER THE REEF FISHING AMENDMENT 39 AS IT IS NOT BENEIFICIAL TO OUR FISHERIES	75071	Private Recreational Angler

8/7/2012 11:08:53	Darrin Patrick Richards	drich0204@sbcglobal.net	<p>NOAA's own economic studies show that for the period 2009 to 2032, private boat recreational anglers will contribute \$9.1 billion of the value in the Gulf of Mexico shrimp and reef fish fisheries, followed by the commercial shrimp fishery at \$1.6 billion, and the recreational for-hire fishery at just \$0.83 billion.</p> <p>It shouldn't make any sense to state wildlife management agencies. Given the limited recreational allocation, the only way the idea works at all is if managers take fish and fishing days away from private boat anglers and give them to a few private businesses. Private boat anglers supply the vast majority of license fees that support state fisheries programs. Charter/for-hire vessels supply a much smaller percentage of revenues. It is very likely a move to separate the recreational sector will create challenges for state fisheries directors by influencing the growth in the number of licensed anglers and fishing opportunities in their states.</p> <p>The issue of sector separation and catch shares for the recreational angling sector has drawn opposition from governors, Congress and recreational anglers. And yet, the Gulf Council members continue to toy with the idea like a puzzle they can't quite fit together.</p> <p>Before the Council lets sector separation whither into existence against the will of everyone but a few operators, it should first heed calls to reallocate fisheries according to modern factors like economic, social and conservation criteria, rather than outdated catch history. There is a very good likelihood that reallocating red snapper would solve many of the problems faced by operators without creating so many new ones.</p> <p>Today's Gulf red snapper allocation is 51 percent commercial/49 percent recreational. Before the Gulf Council turns the recreational sector inside out and upside down for the benefit of a few charter/for-hire and headboat operators, it would seem wise to first determine what happens if they changed the allocation to something more reflective of current reality. Maybe something that would encourage growth in the sector that is the greatest economic engine in this fishery!!</p> <p>If those same operators are still struggling a few years from now under the new allocation, then perhaps you reallocate again or perhaps you throw some other ideas on the table and sift through those.</p>	Port eches,Texas, 77651	Private Recreational Angler
8/7/2012 11:09:08	Judith Sadler	jsadler@lojspc.com	<p>Please reject the issue of separation. It is impractical and illogical. How can anyone think that this is enforceable or fair?</p> <p>Why should charter businesses receive preferential treatment? If I have my own boat, which I do, why should I be more limited in the amount of my catches because I do not go an hire a person to take me out to fish?</p> <p>Most significantly there is NO tangible conservation benefit to this plan. The only purpose of this plan is to limit private anglers and thus put money into the pockets of those who charter for a living.</p> <p>Thank you for your immediate attention to this issue.</p>	Houston, TX 77040	Private Recreational Angler

8/7/2012 11:09:47	David M. Riley	dmr112754@gmail.com	We rec anglers out number the Charter/Comm/etc... We purchase boats, motors, trailers... we purchase gas and diesel to get to the Gulf and then to fuel our vessels. We normally don't have opportunities to schedule our trips to the coast well in advance due to jobs and other responsibilities, thus making a charter very unhandy at times. And I believe that we are much closer to the environment. We show more interest in keeping the Gulf free and sustainable. I know this because i spend much time cleaning up after the Charters and those that come and don't show appreciation to the beauty, bounty, and blessings that the Gulf of Mexico provides. The Charter and Commercial operators are a very important part of the life and economy of the Region, however, as this measure does nothing to promote the life and sustainability of the Gulf, it seems just a political game business as usual.	Hearne, Tx, 77859	Private Recreational Angler
8/7/2012 11:09:49	Maurice LeBlanc	Maurice.LeBlanc@jvic.com	Please support the Recreational Angler in this matter!	Breaux Bridge, La 70517	Private Recreational Angler
8/7/2012 11:09:50	Scott A. Gilcrease	scott.gilcrease@cleco.com	Reject separation - for an angler with my own boat, I can not fathom why separation is good for me but great for the for-hire group.	Alexandria, LA 71303	Private Recreational Angler
8/7/2012 11:10:14	Gregory Goley	gmg39gmg@yahoo.com	Please vote against sector separation. Current limits for recreational anglers are stifling enough, and makes owning a boat hard to justify. One of the main reasons that I moved to the coast was my love of off-shore fishing. The federal regulations are hurting the economy and should be loosened not tightened.	Ocean Springs, MS 39564	Private Recreational Angler
8/7/2012 11:10:17	diane castoro	diane@baymarina.com	i have a marina in bay saint louis, if the quantities will be less for the recreational fishermen and fisherwomen they will not go out as often and the state will lose revenue. please don't change the limits!	bay saint louis,ms. 39520	Private Recreational Angler, Other

8/7/2012 11:15:46	Sang Nguyen	scnguye2@gmail.com	please do not give away my recreational catch.		Private Recreational Angler
8/7/2012 11:15:50	Brent Duet	bduet@hntb.com	This amendment would only hurt recreational offshore fisherman even more. It is enough that we only get 40 days to fish red snapper with other fish (trigger, grouper, amberjack) closed at this time. With the cost of fuel, reduction in limit, and staggering season, this amendment would be death to offshore fisherman like myself who would see further reductions because of this measure. Very bad idea.	Baton Rouge, LA 70806	Private Recreational Angler
8/7/2012 11:15:50	ron behnke	captbehnke@aol.com	We do not want separation in the Gulf of Mexico. Period	corpus christi,tx. 78412	Private Recreational Angler
8/7/2012 11:15:51	David Mert McKeithen	mckout@gulfel.com	I had a charter license and Charter boat operation for 36 years. I never thought it was fair to separate recreational angling from commercial boats with a quota and this is no different. The red snapper resource is obviously mismanaged and this is evident to anyone with any common sense. Each area of the Gulf is entirely different and should be managed as such. I was on the first advisory panel for reef fish after the council was formed and I fought an unpopular fight for limits until they got under 4 fish and the size goal was realized. Since then the science has not backed up the regs. The law has backed the council into an unreasonable position of mismanagement. Don't go this route of separation. It's bad for the sport and will ultimately breed much hard feelings between the hard working charter guys and the public. Get the science right. Let individual states manage the resource they are best equipped to manage. Then you will see charter boats and recreational boats get a chance to take reasonable numbers of fish present in sufficient numbers and see other species regulated correctly. Believe me, no charter boat captain wants to see any species over-fished. If this is passed, it will separate two groups that should be always on the same side.	Summerdale, Al 36580	Private Recreational Angler
8/7/2012 11:16:15	Ryan Bellew	rtbellew@hotmail.com	Sector separation is a bad idea, plain and simple. It serves no benefit to the fishery as a whole or to the general fishing public. It only serves to benefit the select few that operate charter boats and for hire boats. If those few need to be separated, then their new share should come from the commercial sector not from the recreational sector since they are for hire and making a living off the fishery. The recreational fishery has been reduced and restricted enough as it is.	Pearland, TX 77581	Private Recreational Angler
8/7/2012 11:16:32	Wade Hayden	whayden@7750law.com	I am extremely opposed to Sector Separation. It benefits no one except the lobbyists pushing it. Why should I be limited when a business operator is not limited and benefits? There is no answer to that question. There simply is NO empirical evidence of ANY benefit to be derived from Sector Separation.	San Antonio, Texas 78209	Private Recreational Angler

8/7/2012 11:16:46	Barbara Harper	cqm4b5@hotmail.com	What good would it do to change these laws? The recreational individual chartering their fishing trip has the same bag limits as a single boat owner? What's the point? The bag limits are not based on boat size or what the boat is used for. If they are, then that is the first mistake of the law.	Corpus Christi, TX 78368	Private Recreational Angler
8/7/2012 11:16:51	Charlie Gibson	cgibson@fabricatedpipe.com	Why would you pit the charter boats against the recreational boaters? Why not limit the fuel tank sizes, amount of tackle, hook size or bait, hours of the day, days of the week? Now its all about who has more or less money. I want the charters to make a living. But only when they play fair. Most of the time they limit out. Not many Recs can do that. Get your head in the game. Find another way. Respectfully Charlie Gibson		Private Recreational Angler
8/7/2012 11:16:52	Caleb King	caleb.ckster@hotmail.com	Do NOT separate recreational anglers into the two classes, those who have their own boats and those who charter/for-hire boats. What is the point? What advantage does this give fishermen? How does this help conservation efforts?	Houston	Private Recreational Angler
8/7/2012 11:16:52	Michael G. Johnston	mjohnstonlaw@hotmail.com	An all out NO to sector separation. Recreational anglers create more revenue and conservation dollars than charter or commercial fisherman. We are sick and tired of being S#it on by the powers that be.	lafayette La 70503	Private Recreational Angler
8/7/2012 11:17:14	Paul Blezinger	blezip1@yahoo.com	We do NOT want sector separation. Please reject this policy! Thank you.		Private Recreational Angler
8/7/2012 11:17:28	David S. Watts	dwatts003@centurytel.net	I am opposed to this amendment, and it appears to be someone attempting to milk off the resources for the benefit of a few. So unless you are one of the ones who will profit. I request you vote to oppose it as well.	San Marcos, Texas, 78666	Private Recreational Angler
8/7/2012 11:17:58	John Dyer	dyerequip@cox.net	What kind of ridiculous idea is this? The government wants to take away our private rights and GIVE them to someone to make money off of? Is the government going to pay me for my boat? Buy my fishing gear? Subsidize all of the bait and tackle shops for their lost business? Who is going to benefit from this?	Destin, Fl. 32541	Private Recreational Angler
8/7/2012 11:17:59	Paul Franz	pfranz@digby.com	I am not in favor of the separation being proposed. I urge you to reject it.	Austin, Tx 78739	Private Recreational Angler
8/7/2012 11:18:00	Joaquin S. Molinet	king.molinet@halliburton.com	The segregation of the sport fisheries into private boats and boats for hire is absolutely a terrible idea that will result in additional damages to the resources and those who provide the majority of the fisheries funding, namely, recreational angler.	Spring, Texas 77373	Private Recreational Angler
8/7/2012 11:18:16	Luby Guillot	lubygayle@aol.com	Reject separations	Rayne, La 70578	Private Recreational Angler
8/7/2012 11:18:18	Stacy Kempf	stacykempf@gmail.com	How would seperation improve management? I'm asking that your group vote against this proposal and focus on the conservation of the Gulf's resources. Thank you.	Corpus Christi, TX 78414	Private Recreational Angler
8/7/2012 11:18:23	Bret A. Gtraham	bret.graham@pgnmail.com	Once again the government is trying to take rights from a few to line the pockets of others. Stop the "seperation" and leave it the way it is.	Leesburg, FL 34788	Private Recreational Angler
8/7/2012 11:18:28	Loye Tankersley	landlt1@verizon.net	The separation of sectors makes no sense on coastal waters just as it doesn't make sense for inland waters. Everyone should have an equal opportunity to compete for game fish. It makes no sense to advantage or disadvantage any group. The single strongest support for game fish lies in the hands of the individual sport fisherman practicing good stewardship and I believe we already have that under currently existing regulations.	Mertzton, TX 76941	Private Recreational Angler
8/7/2012 11:18:36	Bill Goeser	bgoeser@hotmail.com	I oppose Sector Separation in the Gulf of Mexico and encourage it to be rejected.	Brownsville, TX 78526	Private Recreational Angler

8/7/2012 11:18:40	William E. Lanford II	piratelanford@me.com	Sector separation is a terrible idea. ALL of the anglers involved are recreational anglers, whether they pay someone to take them fishing or go out in their own boats. This proposal is not about the resource. It's about money - more money for the Charter/Headboat owners. You are charged with managing our fisheries resources, not bank accounts. Each licensed fisherman is allocated a fragment of the resource. Keep it that way.	Arlington, TX 76016	Private Recreational Angler
8/7/2012 11:18:48	Ryan Kasten	rkasten@oxfordcommercial.com	Please reject Gulf Separation.	Austin, TX 78703	Private Recreational Angler
8/7/2012 11:18:54	Chris Hebert	chris@allstarsigns-specialties.com	I am opposed to the reef fish amendment 39- sector separation. This is a terrible idea, and should not be implimented.	lafayette	Private Recreational Angler
8/7/2012 11:19:02	Steven M Cook	smcook1@dow.com	Gulf of Mexico Fisheries Management Council, I would urge the council to not implement any planned "sector separation" dividing the recreational anglers catch between private individuals and charter boat fleet. There is no sound science that would disctate this need for separation and it only serves to divide a strong group of fishermen, conservationists, and activists. Personally, I do not have an off-shore boat and have used charter boats in the past for my off-shore fishing needs. That said, I see no sense in that fact that one group or another could be excluded from the fishery before the reareational quota is reached due to a sector quota being reached. This will only serve to create animosity between two groups that have always cooperated in matters of conservation of our scarce marine resources. Regards, Steven Cook CCA Member	Baton Rouge, LA 70810	Private Recreational Angler
8/7/2012 11:19:25	Brennan Bishop	brennanbishop@hotmail.com	Sector separation is the worst idea that I have heard of concerning the Gulf Of Mexico fishery. It would ruin our fishery and economy, we must make sure this does not happen!	Lafayette, LA 70506	Private Recreational Angler
8/7/2012 11:19:25	Jordan Trahan	jordan.trahan@bakerhughes.com	Vote NO on the seperation of recreational and charter boats	Houma,La 70306	Private Recreational Angler
8/7/2012 11:19:27	LAWRENC J BADEAUX JR	l_j_bado@hotmail.com	VOTE AGAINST THIS.	42161 JAMIE RD. PRAIRIEVILLE, LA 70769	Private Recreational Angler
8/7/2012 11:19:30	Robert Bruce Walker	bwalker@gt.rr.com	Sector separation is a bad idea. Please do not support this proposal without the basis of real information on impacts that could affect our Gulf fishing for generations. There seems to be no tangible conservation benefits of this proposal Please reject separation.	Beaumont, TX 77706	Other
8/7/2012 11:19:46	Fred D Herring Jr	fdh@coastalsecurities.com	That is the most ridiculous proposal I have ever heard. Guide or no guide, individuals should have the same bag limits, no matter who they are or who they're fishing with. I'm sorry that fishing charter business' are affected by limit changes, but that happens with poor fishing cycles etc.... The financial markets have been tough and bonds are at the lowest yields ever, so should they change the law so only certain people can do my type of business since my income is down!!!!!! Let's subsidize all markets, and have the government run it all, then we'll all be screwed!!!!!! Vote no on separation!	Hou, TX, 77027	Private Recreational Angler
8/7/2012 11:19:47	Thomas C. Singer	tandpsinger@sbcglobal.net	Sector separation is an idea that should not be considered for implementation. Please do not take any action in favor of it. Please remove it from further discussion and consideration. Thank you.	San Antonio, TX 78230	Private Recreational Angler
8/7/2012 11:19:51	Anthony C Panipinto	tony.panipinto@gmail.com	Sorry kids we can only keep 1 or 2 fish,the few commercial fishermen are keeping the rest of our fish.	Bradenton,FI 34209	Private Recreational Angler

8/7/2012 11:27:05	Richard Despault	rdespault@satx.rr.com	I totally reject separation of limits for recreational fisherman and commercial fisherman. It is totally unfair to take away from the recreational fisherman and give it to the commercial fisherman. The economic impact of recreational fisherman exceeds the impact from commercial fishermen and needs to be protected. At first glance, it may not look like a big deal but it is a giveaway that is scarcely conceivable in the management of other natural resources. The Gulf Council is considering dividing recreational anglers into two sectors, those with their own boats and those who own charter and for-hire boats. The Council would then take some portion of the fish now given to all recreational anglers and literally give it away to a select few businesses operating those charter and for-hire boats to use as their own, however and whenever they wish. And what would those businesses pay for this windfall? Nothing. What are the tangible conservation benefits of this course of action? Nothing.	San Antonio, TX 78239	Private Recreational Angler
8/7/2012 11:27:06	Eric Benoit	Eric.a.b.1@hotmail.com	This wrong and unfair to the mass public which generate the majority of the tax revenue.	Kilgore, Texas, 75662	Private Recreational Angler
8/7/2012 11:27:53	Blanche Habetz	bhabetz@yahoo.com	Sector separation is a bad idea, reject separation. The Red Snapper issue already pisses enough people off, don't make the fisherman really not want to fish anymore.	Baton Rouge, La 70806	Private Recreational Angler
8/7/2012 11:28:01	Chris Mahoney	Mahoneybausagency@cox.net	Do not push this separation thru	70508	Private Recreational Angler
8/7/2012 11:28:06	Andoni Zagouris II	azagouris@gmail.com	Please do not allow Reef Fish Amendment 39 - Sector Separation to take effect. This is unfair to recreational anglers who are constantly receiving pressure from the commercial/charter sector. Recreational anglers deserve equal rights to the marine stock and sector separation would take that away. Most importantly, this amendment is extremely unfair to the fish themselves.	78504	Private Recreational Angler
8/7/2012 11:28:13	Louis Fingleman	lfingleman@slb.com	Allowing, "For Hire" Guides / Fishermen to have Special Treatment and /or Fishing Rights, to Special Areas or Numbers of Fish, is Really unacceptable and would no doubt decrease My Right to Fish where I want and catch my Limits, as set by State and Local Guidelines Now! I Do Not and will not support this Action nor will I support the People trying to Aquire this Movement, So on My Behalf Reject this Seperation of My Rights They should have to pay a premium to be using this resource as it is..	Dayton Tx. 77535	Private Recreational Angler
8/7/2012 11:28:13	Mike Rains	mike.rains2tasb.org	Louis Fingleman Please do not split the harvest between commercial (charter) and recreational fisherman. This option benefints no one but a special group of individuals, will not enhance the fishery and literally guarantees a maximun harvest on the commerical side. Thank you.	Georgetown, TX, 78633	Private Recreational Angler
8/7/2012 11:28:19	Scott M. Ponton	scott.ponton@graybar.com	Sector separation is a bad idea, plain and simple!	Corpus Christi, TX 78411	Private Recreational Angler, Charter/Headboat For-Hire

8/7/2012 11:29:01	Randal Sutton	randalsutton@gmail.com	Sector separation is a bad idea, plain and simple and I respectfully request that the Gulf Council reject such an idea of separation. I don't want to discover the details of a radical new federal program after it is approved. Similar actions now have us trapped with OBAMA-CARE!	Richmond, Tx, 77406	Private Recreational Angler
8/7/2012 11:29:02	Brenda F Jackson	actionjaxn2@gmail.com	STOP messing with the recreational fishermen! The recreational fisherman spend LOTS more money to the coastal cities and states than the commercial and charter captains combined, but has a LOT less impact on the volume of fish harvested. The people controlling the fisheries MUST quit these heavy-handed restrictions to the recreational fishermen. These kind of actions are what is killing our economy. And while I'm at it, we need to harvest some goliath grouper! They are eating up all the gap and red grouper, seabass, and all the other fish around them. If they aren't open up soon there won't be any fish around except sharks and Goliath grouper.	Suwannee, fl 32692	Private Recreational Angler
8/7/2012 11:29:12	shawn Royston	sroyston@avp.glacoxmail.com	I do not think there should be any separation, if so i think we should look after the private recreational angler as we fish the least among the categories	Lafayette LA 70506	Private Recreational Angler
8/7/2012 11:29:23	Cody Vidrine	trashvidrine@aol.com	Do not separate recreational sectors.		Private Recreational Angler
8/7/2012 11:29:27	RON DENNEY	RONDENNEY01@AOL.COM	PLEASE REJECT REEF FISH AMENDMENT 39	LAKELAND FL 33813	Private Recreational Angler
8/7/2012 11:29:32	James campo	Jacladent@cox.net	I think separation is a very bad idea unless you take away the commercial quota and give to the charter fisherman. They are both in it for a business.	70047	Private Recreational Angler
8/7/2012 11:29:59	charles perez	chperez583@gmail.com	Do not separate angling into two separate categories, this is unfair and down right dangerous. With all the for hire boats being able to take as many fish as they wish; they would certainly take more than their fair share. The regulations should stay as they are now.	new orleans	Private Recreational Angler

8/7/2012 11:39:37	Jeffrey D. Sinda	return2sinda@sbcglobal.net	I oppose the Council's proposal, which would take some portion of the fish now given to all recreational anglers and give it away to a select few businesses operating those charter and for-hire boats to use as their own, with no compensation to private anglers, and with no tangible conservation benefits identified. Furthermore, the sector separation has been proposed without the basis of real information on impacts that could affect our Gulf fishing for generations. Such impacts should be studied and identified prior to advancing any such agenda.	Houston, TX 77095	Private Recreational Angler
8/7/2012 11:39:48	Robert Scott Gullick	sgullick@bergeriw.com	It is not in the best interest of any recreational angler, or future anglers for you to "give away" our natural resources. Commercial and "for hire" boats should have no special rights to our fish. This is a terrible proposal. You people must not be fisherman!	Spring, Texas, 77388	Private Recreational Angler
8/7/2012 11:39:59	Floyd E Appling, Jr.	biminybabe@aol.com	Any type of sector separation is a terrible idea. Please make sure this does not happen.	El Campo, Texas 77437	Private Recreational Angler
8/7/2012 11:40:00	Stuart Ernst	stuart.ernst@charter.net	Vote against dividing recreational anglers into two sectors, those with their own boats and those who own charter and for-hire boats. Keep fishing open to all specially to the recreational anglers!	70454	Private Recreational Angler
8/7/2012 11:40:07	troy w sunkel	tw sunkel@gmail.com	I don't think that 'allowing' charter boats to use for free some of the fish tonnage set aside for recreational boating is a good idea. Please vote against it!	Dickinson TX 77539-6784-	Private Recreational Angler
8/7/2012 11:40:11	John Stipanovich	Mckager@fowlerwhite.vom	I ask that you not implement separation of recreational fishing quotas between privately owned and operated vessels and charter vessels. To give this advantage to the charter vessels that are relatively few in number and relatively small in terms of economic impact when compared to privately owned and operated vessels is fundamentally unfair and an unjustifiable example of the tail wagging the dog. Don't do it.	Destin FL 32541	Private Recreational Angler
8/7/2012 11:40:20	Mack Graham	mack_604@msn.com	It "STINKS"	Mobile, AL. 36609	Private Recreational Angler
8/7/2012 11:40:21	Kathryn R Cunningham	chris_cunningham@sbcglobal.net	I am AGAINST the sector separation that is being considered. It is just another way that greed takes away the enjoyment for everyone. Please vote NO or remove the issue completely and forever.	Huntsville, TX 77320	Private Recreational Angler
8/7/2012 11:40:31	Ivan Kopecky	trekopecky@gmail.com	The fact that the Gulf Council is considering dividing recreational anglers into two sectors, those with their own boats and those who own charter and for-hire boats. The Council would then take some portion of the fish now given to all recreational anglers and literally give it away to a select few businesses operating those charter and for-hire boats to use as their own, however and whenever they wish. Is absolutely ridiculous. Please do everything within your power to keep this from happening.' Regards, Ivan Kopecky	78735	Private Recreational Angler
8/7/2012 11:40:55	patrick seidensticker	pseidensticker@gmail.com	this a bad idea. it will just make all the non-regular anglers who fish with guides to think it is ok to keep as much fish as they can.	austin	Private Recreational Angler
8/7/2012 11:40:56	william sciba	bsciba@eereed.com	i think it is a very bad idea to separate sports fishermen and for hire and owners of their own charter boats. the limits should be the same across the board. Sector separation is a bad idea. I urge you to reject this plan.	columbus, texas 78934	Private Recreational Angler
8/7/2012 11:41:04	Colin kalinowski	Colinkalinowski@gmail.com	Thanks, Colin	New braunfels tx 78130	Private Recreational Angler

8/7/2012 11:54:26	Les White	catdaddy129@gmail.com	<p>I strictly oppose the sector separation between recreational anglers and for hire charters in regards to creel limits diminished for recreational anglers and increased for the charter for hire business.</p> <p>I strongly support the Charter for hire sector but why do they get an advantage over the average weekend warrior for increased catch limits.</p> <p>I feel this will breed a level of contempt between the two types of anglers and can strongly result in unnecessary conflict and confrontation. I don't have the data but I'm sure it's a safe bet that the income Louisiana enjoys from the recreational fisherman far outweighs the Charter industry. Let's make a fair playing field for everyone,,,,if this passes, as far as I am concerned,,just another black eye for the state,,and once again we become the tail that wags the dog.</p> <p>Charter skippers need to investigate other means of fulfilling their income besides fishing. I charter occasionally and feel for their demise however, I work 8-10 hours a day just like most other folks. After 35 years of committed service, my new young aggressive management team decided to eliminate the senior staff of the company I worked for,,including me! . Yes,,it was and still is a struggle for me to support my family,,I am working but,, for a third of the income I had enjoyed previously,,so yes,,,,I feel the Charter captains pain because of lack of public participation due to low economic conditions and coupled with imposed creel restrictions. However,,when I fish the coast and see them arrive at the dock at 10-11am with limits for the customer,,most of them clean the fish, the boat, prepare for the next charter and then sit around and drink beer the rest of the day. I'm not saying all do that, but just go hang out at Grand Isle docks for a weekend and see for yourself. My point,,go find something else to do to supplement your income or make serious adjustments to your lifestyle,,I'm doing it, why can't they,,,, Don't take away my fishing limits,,,,shame, shame,shame,,,,</p> <p>I tried downloading the proposal but was not successful. With that being said I am at risk for not having all the information to make any correct comments. I can only comment based on the limited information I have at hand</p>	Pierre Part LA, 70339	Private Recreational Angler
8/7/2012 11:54:27	Timothy R Thomas DDS	TRTDDS@aol.com	<p>Please accept my input on the subject of Separation of recreational anglers. I see no possible conservation advantage to separate recreational anglers and charter anglers into separate categories and ask that you do not allow this to occur. As it is, our fishing has been repeatedly curtailed, and, as the biggest financial and habitat supporters of fishing and coastal fisheries, this measure will negatively impact the recreational fisherman and reduce an all ready diminishing resource.</p> <p>Sincerely, Tim Thomas</p>	Broussard, LA 70518	Private Recreational Angler
8/7/2012 11:54:31	Hunter Arceneaux	hsa1201@yahoo.com	<p>Sector separation is truly a terrible idea to say the least. This movement is so radical that it will surely not go through. DO NOT mess with the people of the gulf coast concerning recreational fishermen.</p>	Louisiana	Private Recreational Angler
8/7/2012 11:54:54	Lewis Henderson	lphranch@lhagency.com	<p>Only a very small percentage of the catch goes to the recreational side of the limits. These moves could even lessen the catch for the pure recreation fisherman. Please do the right thing for a change. While you are at it, the removal of the old oil platforms from the Gulf is also a bad idea</p>	Hurst, TX 76053	Private Recreational Angler
8/7/2012 11:55:01	Stephen Elliott	spe_elliott@msn.com	<p>Please vote against sector separation</p>	Flower Mound, Texas, 75022	Private Recreational Angler
8/7/2012 11:55:02	Thomas R Morris	rmorris141@sbcglobal.net	<p>I am totally opposed to Reef Fish Amendment 39.</p> <p>This sounds like another ill-conceived governmental plan and is extremely unfair to the recreational angler who provides millions of dollars to the local economy's.</p>	San Juan, TX 785879	Private Recreational Angler
8/7/2012 11:55:06	Mark Hall	mhall01@live.com	<p>I beg you to reject dividing recreational anglers into two sectors, those with their own boats and those who own charter and for-hire boats. These businesses would pay nothing extra for this minfall and there are no tangible conservitive benifits.</p>	Pearland, Tx, 77584	Private Recreational Angler

8/7/2012 11:55:12	Kevin John Kipina	kevin.kipina@ineos.com	I oppose the Sector Separation proposed in Reef Fish Amendment 39 as written. This current proposal is more evidence of the unjust behavior of those who promote favoritism for the few versus equal access for all. Those few are typically already in a favorable position (already wealthy, and/or those who will benefit financially, and/or close connections to the influential,). It's just not right. If sector separation is what is preferred, then lets revise the separation to favor the private recreational angler over the "for-hire" fishermen and women.	405 Valley Brook Dr, La Porte, Tx 77571	Private Recreational Angler
8/7/2012 11:55:46	Alex Stangl	alex@oliveraconstruction.com	Reject seperation. Enough is enough.	lakeland	Private Recreational Angler
8/7/2012 11:56:05	Matthew J Seese	mseese@gmail.com	Sector separation is a bad idea. I am opposed to the idea of sector separation and do not want my fisheries mismanaged any longer.	Mobile, AL 36608	Private Recreational Angler
8/7/2012 11:56:05	Matthew J Seese	mseese@gmail.com	Sector separation is a bad idea. I am opposed to the idea of sector separation and do not want my fisheries mismanaged any longer.	Mobile, AL 36608	Private Recreational Angler
8/7/2012 11:56:45	Rob Ligon	ligonlawrob@bellsouth.net	Please accept this as my opposition to Sector Separation. The current system certainly needs to be examined, but I can't see how sector separation will help balance managment of the resources with utilization of the resources by recreational anglers.	Clinton, LA 70722	Private Recreational Angler
8/7/2012 11:57:01	Carole C. Cauble	carole.caublehotmail.com	This is just to much federal control and recreational angler are not catching the largest amount of fish as it is.	San Antonio, Texas 78263	Private Recreational Angler
8/7/2012 11:57:04	Brad J. Fife	fifeb@mcneary.com	Please reject Sector Segregation. This would truly be unfair to recreational fishermen who do not have a business interest. Seems like way to much consideration is being given to commercial fishermen lately and now trying to segregate the "true" recreational fishermen even more is as bad idea.	Baton Rouge, LA, 70827	Private Recreational Angler
8/7/2012 11:57:06	Bradley Richard Beaulieu	bradrat@swbell.net	I am against sector seperation. The mis-managment of the Gulf resouces by the council has gone on too long and this would be just another mis-step in what has been a long road of mistakes.	Winnie, TX 77665	Private Recreational Angler
8/7/2012 11:57:49	Stephen Peltier	peltier@cajun.net	I am against sector separation. Please vote to keep the recreational and charter fisheries together.	Thibodaux, La. 70301	Private Recreational Angler
8/7/2012 11:57:55	Ray Reeves	redfishray@my grande.ney	Please keep the gulf oil rigs in tach. Do not remove them. Maybe just cut the top off only for boat clearence.They are a great fish habitat. I've been fishing the gulf since 1968.	Corpus Christi TX 78418	Private Recreational Angler
8/7/2012 11:58:11	John griffin	Johngriffin007@gmail.com	They should take charter and for hire out of commercial limits.	Tallahassee,fl, 32309	Private Recreational Angler
8/7/2012 11:58:20	Steven L. Gainey	sgainey@tampabay.rr.com	It is my understanding that the Gulf Council is considering dividing recreational anglers into two sectors, those with their own boats and those who own charter and for-hire boats. As a recreational fisherman, I would like to take this oppourtunity to submit my position AGAINST the plan for Sector separation. Steve Gainey	Tampa, FL 33615	Private Recreational Angler
8/7/2012 11:58:27	Eric Paul Elias	megalodon45@yahoo.com	Please reject separation if recreational sector and make red snapper season longer for crying out loud they are over populated	70517	Private Recreational Angler

8/7/2012 11:58:40	Lester Francis Thomas	lfthomas93@gmail.com	Dear Council members, I am 19 years old and i have only been fishing for 2 years. I joined the CCA very recently and I along with many other CCA affiliates (sp) are very concerned about the proposal to divide the fish in the Gulf of Mexico between commercial fisherman and Recreational fisherman like myself. I do not know how many of you members have ever participated in angling but what if some one just decided that it would be a good idea to take a large portion of the fule available for every one and give a large portion of the supply to just a few people. the fish are wild. and no one person or few persons has any more right to them than some one else. the choice to draw lines all over the fish populations is imperialist and wrong. I think that if you are hell bent on robbing the populations of the coast from a classic american pass time than at the very least the non commercial recreational anglers are entitled to compensation. i know that you all will make the right choice god bless you all.	Houston TX 77098	Private Recreational Angler
8/7/2012 11:58:42	Chris dodd	dodd75@gmail.com	When do we quit losing as tax payers. Business owners should not have more rights than recreational fishermen. Recreational fishermen support way more as a whole than any group of guides. We love, live and invest in this sport. I've seen guides that could care less about the fish. Even try to squeeze in an extra trip for more money. It would be a big mistake to separate guides, and recreational fishermen.	Victoria, tx 77905	Private Recreational Angler
8/7/2012 11:58:48	Jerry Y Burks, Jr	jyburks@hotmail.com	I trail my 20' center console boat to Freeport, Port Aransas and Port Isabel for offshore and for bay fishing at least once a month. I stay in motels, eat in restaurants and buy fuel, bait etc. If I have to charter a vessel to fish, I will give up salt water fishing. Jerry Burks, DDS	Lago Vista, TX 78645	Private Recreational Angler
8/7/2012 11:58:56	Dwane Harrison	Redfisher99@aol.com	No sector separation.	Webster, TX 77598	Private Recreational Angler
8/7/2012 11:59:00	Kelly Brock	brockk@bayltd.com	Reject Sector Separation and increase the Red Snapper limit.	Aransas Pass, Tx., 78336	Private Recreational Angler
8/7/2012 11:59:23	John Robert Vriesenga	jrvdvm@gvtc.com	I am oppose to dividing the quota and giving it to the charters~!!!!	Boerne, tx 78006	Private Recreational Angler
8/7/2012 11:59:39	Gary Reicherzer	gary.reicherzer@sbcglobal.net	The idea of separating the recreational angler catch into two components - private boats and business enterprises is not a good idea. We have too much governmental interference in our lives already. We don't need another ill-conceived rule that would govern our leisure time activities.	Houston TX 77018	Private Recreational Angler
8/7/2012 11:59:47	CONLEY UTER	CONLEY@BLADECONSTRUC	PLEASE DON'T SEPARATE OUT CHARTER & INDIVIDUAL LIMITS. FISHING IS A BIG PART OF OUR FAMILY'S LIFE & IT'S UNFAIR TO GIVE MORE TO CHARTER BOATS, WHO TAKE OUT NOVICE FISHERMEN, THAN TO THOSE WHO LOVE & INVEST IN THE SPORT & LOOK FORWARD TO EACH SEASON & TEACHING OUR CHILDREN HOW TO FISH & AT THE SAME TIME PROTECT THE OCEANS FOR FUTURE GENERATIONS.	FOLEY, AL 36535	Private Recreational Angler
8/7/2012 12:00:01	KYLE DESHOTEL	kyle.deshotel@perrypitreford.com	I AM A WEEKEND FISHERMAN AND DO NOT SUPPORT SECTOR SEPARATION ON OUR FISHERIES	EUNICE, LA, 70535	Private Recreational Angler
8/7/2012 12:00:10	Jack Lehman	jklepomis@sbcglobal.net	In theory, I could be in favor of separating recreational and Charter boats when dividing the catch limits. But in practice - NO. I'm afraid that commercial interests would use their influence to unfairly set the dividing line. I don't believe an accurate catch survey exists to know how the catch is currently divided. I don't see the current swings in government funding to provide for accurate counts and enforcement. The party boat industry will underestimate their catch and end up with a virtual monopoly on the existing PUBLIC fishery.	Austin, TX 78750	Private Recreational Angler
8/7/2012 12:00:11	david boyles	boyles_david@hotmail.com	As a longtime fisherman I am against the Reef Fish Amendment 39-Sector Separation as it can be detrimental to our well established fisheries that we have strived to improve.	houston, tx 77055	Private Recreational Angler

8/7/2012 12:08:15	Christopher M Wilke	chriswilke@cox.net	I am against separating recreational and for hire fishers catch allowances. For all purposes, for hire captains are recreational fishers. They are employed to transport private recreational anglers. It is the recreational angler still making the catch.	New Orleans, LA 70122	Private Recreational Angler
8/7/2012 12:08:27	Michael J Buras	mikeburas@cox.net	VOTE AGAINST SEPARATION, PLEASE !!!!	Metairie, La. 70002	Private Recreational Angler
8/7/2012 12:08:35	Allen Pride	Tamupride@gmail.com	I am disturbed at the notion that the council may change the fishing quotas to help the charter fishing boat captains at the expense of the recreational fisherman. I think the decision to reallocate the quota system to the benefit of charter captains would make an already expensive past time more expensive. It would mean that to get a good catch of fish, I would have to hire a charter boat versus taking my own boat. I don't think I should have to hire someone else to enjoy fishing. I've seen a similar set of circumstances with how hunting tags are allocated in the Western United States. The state wildlife offices have allocated a large percentage of hunting tags to outfitters. These outfitters then resell these tags at a high profit, placing the hunt within the reach of only the wealthy. This practice makes the sport more expensive as a whole and decreases the availability of hunting for the common man. In summary, I believe that by classifying charter boats differently from recreational fishermen, and reallocating fishing quotas would increase the average cost of fishing, and decrease the accessibility of the sport. I am against it and hope the Gulf Council concurs with my argument.	Beaumont, TX 77713	Private Recreational Angler

8/7/2012 12:09:49	Capt. Stephen Boriskie	onemorecastfishing@gmail.com	This sector separation designation is a bad idea and would be a detriment to the plight of the general public fishing waters and will set a terribly dangerous scenario for waters all over the world. Gulf Counsel,	Texas	Charter/Headboat For-Hire
8/7/2012 12:10:15	Greg Kalb	Gregkalb@gmail.com	I an a concerned recreational angler on the Texas gulf coast. I read recently about the vote being taken on separation of recreational anglers into two, those with boats and for-hire boats, for the purpose of gulf fisheries management. I believe this is a bad idea and would urge you to vote against this decision to split the two. Thank you.		Private Recreational Angler
8/7/2012 12:11:24	Alan Mikes	alan.mikes@bakerhughes.com	Greg Kalb I totally disagree with the Sector separation. Bad Idea.	Houston, Tx. 77049	Private Recreational Angler
8/7/2012 12:11:49	Trey Sawyer	tsawyer@cdcltd.com	The sector separation in our coastal waters is an extremely bad idea. Most anglers respect the limits set up and want to pass the sport down to following generations. Adding more rules and regulations that cost money to inforce is not what our country needs now or forever.	Needville, TX 77461	Private Recreational Angler
8/7/2012 12:12:04	Robert J. Pullin	rpullin288@aol.com	This idea of the separation of the waters to give fish from me (a vacationing, private angler who may go on a charter, or may go out on my own), is the most ridiculous thing I have ever heard of. I am not sure of what I was actually reading until I read it twice. To take fish from the recreational angler wheter he charters a boat, fishes by wade fishing, takes his own boat, etc, and then gives to business to take as they please. Are we a free country or all we going to go back and me a third world one. Do you not understand we pay for licenses, bait, vacation spots, hotels, etc and also pay taxes already on the items we use to support the sport of fishing and also we pay to eat at the restaurants. So you want me to catch the fish, give to the businesses to do as they wish, and then possibly pay again to eat the same fish I or others may have caught. I have now seen ignorance at it's best or maybe worst depending on how you look at it.	Burnet, Texas 78611	Private Recreational Angler

8/7/2012 12:17:35	Duncan Smith	ds49@mac.com	I am against sector separation and request that you reject this idea. Dear Fishery Management Council:	Orange Beach, AL 36561	Private Recreational Angler
8/7/2012 12:17:52	Kevin Lucas	kevinlucas3@gmail.com	I am writing in regards to the notion of Sector Separation you are considering. In short -- This is a BAD IDEA. It does not support the conservation of fish, is bad for the economy, and flies directly in the face of gulf coast tradition. I hope this measure is not only unsuccessful, but that future attempts to separate sectors is also unsuccessful.	Deer Park	Private Recreational Angler
8/7/2012 12:18:00	Mickey McMorris	mickey.mcmorris@gmail.com	I am opposed to the separation policy	Denham Springs, LA 70706	Private Recreational Angler
8/7/2012 12:18:07	Lester Knupple	vknapple@aol.com	I am absolutely opposed to dividing recreational anglers into 2 sectors, one for those like myself and one for charter boats. There is no good reason for this. Giving away my portion of fish caught arbitrarily to a select few businesses is a very bad idea and I am very much against it. There are no conservation benefits to this idea, and as such this should NOT happen at all!!	Baytown, TX 77521	Private Recreational Angler
8/7/2012 12:18:08	jerry borden	jborden@schmidt-electric.com	Leave well enough alone! We do not need any more regulations from beauracrats that have no idea of what they want to impose on the rest of us. If they feel like they need to set standards on something , how about foreign fishing boats operating in our waters and who have little to no regulations imposed on them. The sportfisherman as usual bears the brunt of any legislation pressed onto them.	houston texas 77064	Private Recreational Angler
8/7/2012 12:18:27	norman vaughan-birch	normanvb@kirpinkerton.com	The assets of the sea belong first to all citizens who in turn must be shepherds of those assets. Recreational anglers are not driven by a profit motive while commercial fishing entities are. To arbitrarily grant to commercial interests the ability to take our fish stocks in greater numbers than those who fish for enjoyment is not fair, not reasonable and capricious on the part of the regulatory body. Bluntly speaking, in today's political environment, money talks. The commercial interests influence over the MFC was the direct cause of the gill net amendment to the Florida Constitution. Please reject this concept of favoring the commercial interests.	sarasota	Private Recreational Angler
8/7/2012 12:18:56	Gail Murray	gam0606@gmail.com	No separation equal rights for all	La Vernia, TX, 78121	Private Recreational Angler
8/7/2012 12:19:17	Robert L. Haeuser	bhaeuser@haeuserinsurance.com	Sector separation is a bad, poorly conceived idea being promoted by charter/for hire interests. It will serve no useful purpose other than to line their pockets. No conservation goals will be accomplished by its enactment. I urge you in the strongest terms to reject separation. Thank you,	Robert, LA 70455	Private Recreational Angler
8/7/2012 12:19:19	Chris Peterson	chris@hellsbayboatworks.com	Sector separation is a bad idea, recreational fishing is recreational fishing, dividing into separate groups does nothing but give an advantage to one group in future regulation.	Titusville, FL	Private Recreational Angler
8/7/2012 12:19:26	Joe Centofanti	josephcentofanti@cox.net	It is a bad idea to utilize the Sector Segmentation scheme. All facets of fishermen in the gulf should have an equal opportunity to use the resources the Gulf provides.	Gonzales , La, 70737	Private Recreational Angler
8/7/2012 12:19:27	John W Williams, Jr	w.williams@wiltew.com	I am opposed to the recreational angler separation that is being proposed. There are at least 125 private boats to 1 charter boat in Alabama. it is not fair to take away from the individual boat owners that represent the majority of the tax payers!!!!!!	Mobile, AL 36608	Private Recreational Angler

8/7/2012 12:22:38	Chelsea Tillman	ck_1420@hotmail.com	The manner in which proponents and NOAA Fisheries staff have attempted to force through sector separation without the basis of real information on impacts that could affect our Gulf fishing for generations has drawn the opposition of the Congressional Sportsmen's Caucus. The CSC, with more than 300 members in the U.S. Congress, promotes and protects the rights of anglers and hunters and is one of many groups opposing this issue on behalf of Gulf Coast anglers. Sector separation is a bad idea, plain and simple. I also oppose seperating sectors. Reject sector separation!	Spring Texas 77373	Private Recreational Angler
8/7/2012 12:23:17	Dana F. Irby	irbyd@zhi.com	I do not support sector separation. I am concerned this strategy will further limit my access to this fishery. To all Gulf Council Members:	Corpus Christi, TX 78418	Private Recreational Angler
8/7/2012 12:23:32	Rad Trascher	rad@ccalouisiana.com	Please reject the implementation of Sector Separation. It is a bad policy that is unfair to anglers and citizens but also harmful to fisheries management. You should not be able to give away portions of a resource for only certain individuals to make a profit especially when the recreational sector creates a much larger economic impact to the sounding communities. If you want to help everyone out, consider a reallocation of quota, not separating it into smaller pieces. Thanks, Rad	Baton Rouge, LA, 70809	Private Recreational Angler
8/7/2012 12:23:48	Phil Johnson	johnson@ncc1701.mv.com	Sector separation is a bad idea, plain and simple. Please reject separation.	Bonita Springs fl 34134	Private Recreational Angler
8/7/2012 12:24:00	William B. Stringer	billstringer@ausvestinc.com	The ideal of dividing the Gulf into two recreational sectors, boat owners and charter companies is not an acceptable way to address the allocation of our natural resources. We are all boat owners, some doing it for profit, thus not recreational fishermen.	Austin, Texas 78734	Private Recreational Angler
8/7/2012 12:24:35	Bruce Jones	Makowish @ AT&T.net	No separation	Ormond beach fl 32174	Private Recreational Angler
8/7/2012 12:24:46	Robert B Juul	rbjuul@aol.com	I completely disagree with segregation of resources and arbitraryly handing a portion of it over to select groups for their personal gain and benefit. These resources are available to the public who pay taxes and not to select few who have connections. I am sure the private recreational fisherman pays more taxes nad spends more money on associated fishing resources than charter operations. Charter operations in fact should be limited in their catch because of the intense pressure they can put on some limited defined areas. I believe if you pay someone to take you fishing the limits should be half of that of individual private fisherman. Do not pass this legislation. PLease do this right.....	Covington, LA 70433	Private Recreational Angler
8/7/2012 12:24:56	David M Zuniga	davidmzuniga@hotmail.com	Sector separation is just one more encroachment on the powers of the American People over our own lives, activities, and resources that should be respected by our public servants unless We The People request that government take action to address a problem that we cannot address as individuals. There is no benefit to the average citizen, to sector separation. You should vote to kill this special interest lobby's plan.	Boerne, Texas 78006	Private Recreational Angler
8/7/2012 12:25:15	Jack Johnson, Jr.	jayjohnson3088@sbcglobal.net	I reject separation that would take some portion of the fish now given to all recreational anglers and literally give it away to a select few businesses operating those charter and for-hire boats to use as their own, however and whenever they wish. Recreational anglers deserve better and in no way be restricted other than what is mandated by the current law to fish and catch the current limit of fish; giving more to businesses and charters is not the way to go, it flat out STINKS....STOP THIS MADNESS	77077-6827	Private Recreational Angler

8/7/2012 12:25:41	Gary Hough	hough@q10kdhco.com	I am very much opposed to sector separation and potentially offering our resources to the "highest bidder". Also, I will do everything possible to prevent Marine Protected Areas from being deployed in the Gulf of Mexico. Only a 40 day Red Snapper season is grossly unfair to the fishermen and the economy tied to offshore recreational fishing. Please make the right choices. Gary Hough	Houston, TX 77042	Private Recreational Angler
8/7/2012 12:25:53	Mac Guarino	mac.guarino@cls-us.com	Please do not vote to implement sector separation!!! If passed, it would be the most radical decision ever made by any agency against the rights of fisherman and outdoorsman!!! This will be your legacy!!!! This council should be embarrassed to have even ever considered such a vote!!! Shame on you!! You can try all you want, but you will never take away my freedom to fish!!!!	Lafayette, Louisiana 70503	Private Recreational Angler
8/7/2012 12:26:00	Patrick Langlinais	patrick.langlinais@gmail.com	Please do not consider dividing recreational anglers into two groups. Don't add more corruption in our great state..	Lafayette, La. 70506	Private Recreational Angler
8/7/2012 12:26:06	MAC SANDEL	MAC@MACNAN.COM	reject separation!!!!!!!!!!!!!!!!!!!!	MONROE LA 71201	Private Recreational Angler
8/7/2012 12:26:10	Don Joffrion	don@joffrionconstruction.com	I think it is utterly obsurb the way NOAA is screwing with recreational fishing! I was targeting Amberjack this past weekend and struggled to get past the Red Snapper to catch an Amberjack! There needs to be science behing management, not whims like divide the recreational catch share.	Baton Rouge, LA 70808	Private Recreational Angler, Charter/Headboat For-Hire
8/7/2012 12:26:14	ladd hey	heyladd@bellsouth.net	Please do not separate the charter boats from the recreational fishermen. The charters kill more snap[per than they bring in. Recreational fishermen bring more tax dollars to the state than a few charter boats can. When snapper season was open from spring until fall i went down to my camp almost every weekend Rain or shine. I even got off shore when the weather permitted. It cost me between \$500 and \$1,000 per weekend which were taxed dollars spent in LA. (I live in MS) I made three trips this spring and summer and have none planed until November. That's about \$8,000 to \$16,000 that LA taxes are not paid on.	Flowood, MS 38232	Private Recreational Angler
8/7/2012 12:26:21	Ronald Layne McWilliams	ron.mcwilliams@sbcglobal.net	This is probably the dumbest idea I've ever heard of since its so very difficult to even catch 3 keeper size fish of any type. What are you idiots thinking? The average fisherman goes to the coast w/expectations of catching a few fish for his family to eat & rarely has the opportunity to keep a few for later. When you figure the cost of fuel, bait, equipment,& lodging, you can hardly afford to even go to the coast. What your thinking about would probably devastate those coastal communities that depend on fisherman to shop in their town for things they need to try to catch something to eat. So actually you are promoting fish brought in from China and other 3rd world countries. I think its time for these individuals that are on this council to be investigated &/or kicked out of any decision making pertaining to the Gulf of Mexico. That is by far the very worst idea I've heard in my 56 years of going to the coast for recreational fishing. Sounds like somebody is getting some under the table \$\$\$\$ to support an idea that will be fought by every man, woman, & child whoever baited a hook.	Cameron,Texas, 76520	Private Recreational Angler
8/7/2012 12:26:48	norman vaughan- burch	normanvb@kirkpinkerton.com	The assets of the sea belong first to all citizens who in turn must be shepherds of those assets. Recreational anglers are not driven by a profit motive while commercial fishing entities are. To arbitrarily grant to commercial interests the ability to take our fish stocks in greater numbers than those who fish for enjoyment is not fair, not reasonable and capricious on the part of the regulatory body. 8/7/2012 12:27:13	Adrian Arzola	adrian.arzola@sbcglobal.net	This is a terrible idea. Everyone should have the same limits throughout the coast. In some areas, charter boats will run 2 parties a day. The last thing you need is to give them the ability to put more pressure on the fish population. The recreational angler may go out once or twice a month. If you start to limit them too much, they will take their dollars to other activities. You must remember, the recreational people are the ones that pay full price for their boats, rods, reels, bait, etc. If you start driving them away, you will have an economic impact on several industries.	Missouri City, Texas, 77459	Private Recreational Angler
8/7/2012 12:27:25	William Parker	Danparker34@hotmail.com	I should be able to fish where I choose as long as it is not private or protected land without having to hire a charter.	Houston, TX	Private Recreational Angler
8/7/2012 12:27:27	Curtis Connell	cconnell@wholesaleelectric.com	90% of the recreational fisherman would have to hire a charter to catch the affected species. How will the Gulf Council take away from the recreational angler? Again, 90% of the recreational anglers have to hire a boat to catch these species. Please forward a breakdown of current restrictions and the proposed alternate. Thank you, CHC	Friendswood, TX, 77546	Private Recreational Angler
8/7/2012 12:27:29	Shane White	swhite848@austin.rr.com	Vote against sector separation. I am against any group being allotted ownership rights to wildlife resources to use for profit at the expense of the public. These are public resources FIRST. Please send me a copy of the Bill.	Austin, Texas , 78739	Private Recreational Angler
8/7/2012 12:27:48	Peter Mitchell	pmitchell@earthlink.net	Thank you very much. Shane White To Whom It May concern....I find the Sector Separation issue which you are considering to be extremely discriminatory. I purchase fishing licenses, fuel, etc., in order to enjoy salt water fishing. Commercial fishermen do the same. The only difference between us is they sell their harvest. Commercial fishermen provide a needed product, but please consider the economic impact that recreational anglers have upon their state and this nation. Forget about Sector Separation. Such a decision is probably unconstitutional and all you will be doing is clogging the Court system.	Tallahassee. FL 32309	Private Recreational Angler
8/7/2012 12:27:56	Brandon Wallace	bwallacevc@aol.com	Please stop the sector separation. I have been an avid fisherman and member of CCA and GCCA my entire life. This is not a good idea and will not promote the welfare and conservation of the Gulf Coast.	McAllen, TX, 78504	Private Recreational Angler
8/7/2012 12:28:04	Terry de waal	Terrydewaal@sbcglobal.net	I am firmly against reef fish amendment 39	San Antonio, Texas	Private Recreational Angler
8/7/2012 12:28:24	John W. Hall	jwhall@johnhallappraisals.com	Please consider CCA's stance on this issue as CCA serves the best interest of all fishermen and women.	Victoria, TX 77904	Private Recreational Angler
8/7/2012 12:28:36	Matthew Morin	morinmatthew1@gmail.com	I am a recreational fisherman who uses charter boats to access the deeper waters of the gulf and I am opposed to separation.	Bastrop, Texas, 78602	Private Recreational Angler
8/7/2012 12:29:06	David H Owens	dowens@owensbusinessmachi	Sector Separation is the worst idea ever. If you want to start a war pass this horrible idea.	Purvis, Mississippi 39475	Private Recreational Angler
8/7/2012 12:29:11	Ed Mashburn	edmashburn@aol.com	To whom It May concern: The proposed resource allocation plan is bad- please do not adopt this proposal. Recreational anglers have equal right to fisheries access as large commercial concerns. No to the proposal- thank you- Ed Mashburn	Bay Minette, Alabama 36507	Private Recreational Angler

8/7/2012 12:29:12	Clint Osteen	costeen@graniteprop.com	Please, please reject Sector Seperation. This takes away from recreational anglers and the potential risks to wildlife conservation far outway any potential benefits. Regards, Clint Osteen	Plano, TX, 75024	Private Recreational Angler
8/7/2012 12:30:17	LueAnn Walter	lueann.walter@amec.com	Reject separation	Houston, Texas 77041	Private Recreational Angler, Charter/Headboat For-Hire, Commercial Fisher, NGO
8/7/2012 12:30:35	Engel Schmidt	eng.schmidt@gmail.com	Please do not add any more segregation in regards of the fisheries. Adding restrictions by segregating recreational vs charter boat is a bad idea. As it is the concept of no restrictions on commercial fishing vessels but then strongly restricting the recreational creates an imbalance in the way we deplete the fisheries. Further segregating the fisheries from charter to private would only restrict the individual who spends more in gross \$\$ for fishing when adding the boating, and tackle industry sales. if anything the restrictions should be on both the commercial or charter allowing individuals to catch more. In all less fish would be harvested and the economy would benefit more.	Houston, 77098	Private Recreational Angler
8/7/2012 12:30:36	Michael C. Carter	michael.c.carter@lyondellbasell.com	We do not need Sector Separation. It has no value for our fisheries.	Deer Park TX 77536	Private Recreational Angler
8/7/2012 12:30:59	Douglas B Ritchie	kajunbr@yahoo.com	Sector Separation is a bad idea. This will lead to further damage of the recreational fishing industry.	Thibodaux, LA. 70301	Private Recreational Angler
8/7/2012 12:31:05	Luke Difulco	lukedifulco@gmail.com	Sector separation is not only a bad idea, but is an unjust distribution of a public resource for the financial gain of a few private businesses. The private recreational anglers have faught hard to protect and ensure sustainability of our fisheries for more than a half century. Do not compomise our right to a sustainable recreational harvest with no scientific or management validation.	Alexandria, La, 71303	Private Recreational Angler
8/7/2012 12:31:13	WESLEY E. OWENS	GOWENS@OWENSBUSINESS	I REJECT THE CONCEPT OF SECTOR SEPARATION	HATTIESBURG MS 39401	Private Recreational Angler
8/7/2012 12:31:21	Cadmus Kilgore Lawson II	lawson@portfoliosinc.com	Sir: CCA has today informed me that the Gulf Council is considering transferring a portion of the fish available to all recreational anglers to charter boat operators at the expense of recreational anglers with a vote to be taken on the issue as early as later this month. On the surface the allocation to commercial operators seems like a very bad idea. If, in fact, there is a good reason for such a transfer, there should be public discussion making the case for the transfer and a broad consensus reached before any decision on the allocation of fish is made.	Dallas, TX 75230	Private Recreational Angler
8/7/2012 12:31:51	Steven A Moffitt	stevemoffitt0@gmail.com	I think separating the recreational from the charter and for hire fisherman on creel limits and species is a bad idea. While I know our charter captains and guides are under pressure to produce fish for their clients, I think all fishermen should be under the same rules. The laws are hard enough to keep up on now. Separating us would further confuse the situation, not help it. There should not be one faction of the sport that has different rules or creel limits because of who they are. Bad idea. Sincerely, Steven A Moffitt	osprey, Fl. 34229	Private Recreational Angler
8/7/2012 12:32:27	Bryant Gould	fbg58@att.net	Please don't pass admendment 39 to the Fishery Management Plan for Reef Fish Resources of the Gulf of Mexico.	Houston Texas 77079	Private Recreational Angler

8/7/2012 12:32:29	Travis Land	landt@vmcmail.com	The Council would then take some portion of the fish now given to all recreational anglers and literally give it away to a select few businesses operating those charter and for-hire boats to use as their own, however and whenever they wish. And what would those businesses pay for this windfall? Nothing. What are the tangible conservation benefits of this course of action? Nothing. THIS IS A BAD IDEA!!!	Seguin,Tx 78155	Private Recreational Angler, Charter/Headboat For-Hire
8/7/2012 12:32:48	Charles Stockton	cestockton@msn.com	I have worked for over 35 years to save enough money to own my own boat for off-shore fishing. Now every time I turn around some government agency is trying tell me I have just wasted my time on dream I'll never realize. Now you want to take away my opportunity to catch and keep a modest crill of reef fish while head boat operators can haul the lions share. How is that fair? Not to mention you intend to protect reef fish species while the Dept of the Interior is devistating habitat and killing those same species by forcing platform owners to blast and remove idle iron. Where is the intigence of that strategy? Please reconsider sector separation.	SAn Antonio, Tx 78254	Private Recreational Angler
8/7/2012 12:32:51	Joe Breeden	jbreeden@montalbanolumber.com	The whole idea of sector separation needs to be rejected !	Willis, TX 77378	Private Recreational Angler
8/7/2012 12:32:56	Thomas Salais	tsalais1@att.net	I can't believe there is consideration given that I might not be able to take my family fishing due to a "Quota" being filled. BUT I can spend a lot of money and have a charter take me out because they have a seperate "Quota". This is a large injustice for the average Fisherman.	Pearland, Tx. 77581	Private Recreational Angler

8/7/2012 12:40:41	Bill Kowalski	billkow@sbcglobal.net	I am vehemently against sector separation being proposed by the Culf Council!	Plano TX 75093	Private Recreational Angler
			All fishermen should be held to the same standard. All fishermen deserve the same opportunity. We all share a limited resource, and the opportunity to profit from our resource should not entitle one to separate standards. Perhaps the professionals among us need to "man up" and charge their clients sufficiently so that they can continue to do business with the resource that is available to them. More money per trip, and less trips would seem to be something they could do for themselves. Sell the sizzle, Florida's fishing grounds should be highly prized by those who love to fish, and do not have that opportunity at home. We do not need to "Wal Mart" our beautiful and rare fishing tradition. Those who count success strictly by the numbers of fish they possess would do much better to visit one of our fine grocery stores.

8/7/2012 12:49:33	William VanBuskirk	drew.vanbuskirk@gmail.com	Please do not pass the sector separation of the offshore fishing resources, these should be open to everyone. Gulf Council,	Angleton, Texas 77515	Private Recreational Angler
8/7/2012 12:49:37	John M. Delchamps	johndelchamps@aol.com	Please reject amendment 39 sector separation as I believe this is unfair to me and all other recreational fisherman. I support for hire charter boats and understand clearly the struggles they face with todays set seasons and creel limits. However, I do not think it is fair to create a special classification just for their benefit. Sincerely, John M. Delchamps	Mobile, AL 36606	Private Recreational Angler
8/7/2012 12:49:46	Glenn Davis	davis2322@sbcglobal.net	I had no idea what impact commercial fishing vessels were having on the GOM snapper fishery until I saw for myself a boat tied up to an offshore platform out of Matagorda, Texas a few years ago. If the public saw those vessels, with their yo-yo fishing reels and hundreds of hooks, throwing literally throwing hundreds and hundreds of juvenile snapper over the side, and saw a half mile long line of those small snapper on the surface with their bladders out of their mouth floundering on the surface, they would be outraged. To know commercials get 51% of the take and kill tens of thousands of juveniles is just ludicrous. Now the council is considering a sector separation and once again screwing the recreational fisherman who spends 5 times what the commercial and for-hire vessels combined spend. I think an investigative report along the lines of 60 minutes to expose all council members and their ties to the commercial/for-hire vessels would be appropriate. If this passes, and quota is once again taken from the recreational fisherman, I will do everything I possibly can to contact the investigative news media and enlighten them on a great story of corruption that exists in the council who makes decisions without any scientific basis but obviously for monetary reasons for themselves.	Spring, Texas 77373	Private Recreational Angler

8/7/2012 12:50:19	Brandy LeBlanc	brandy@cordell-ins.com	I am strongly opposed to Reef Fish Amendment 39 - Sector Separation. In order for you to have accurate data to produce the licensing charts, you would have to first ascertain the percentage of Private Recreational Anglers who fish the reefs. The majority of PRAs who are known by me only fish the inland marshes. Your data is skewed and is heavily weighted to benefit charters and harm PRAs. Perhaps you should consider splitting saltwater licensing for PRAs into inland / coastal and deepwater fishing.	70719	Private Recreational Angler
8/7/2012 12:50:21	Philip Stanaland	Phillip@wishfarms.com	This idea of separating fishermen by charter vs private is bull crap, you people are on your way to making normal law abiding citizens into criminals with your jackass ideas. You would serve the fishery well by backing off and taking a few deep breaths	Sarasota fl 34246	Private Recreational Angler
8/7/2012 12:50:41	Rich Donaldsohn	donaldsonrich@cox.net	I am stunned that the Gulf Council would take time to create a problem between people who have shared our bountiful gulf in harmony. I believe the Gulf Council has better things to do than to try to muscle some new rules on the backs of recreational anglers when the Gulf Council has failed for so many years to deal with existing rules. Need an example? Try Red Snapper!!!!!!! Rich Donaldson.	Baton Rouge, LA, 70806	Private Recreational Angler
8/7/2012 12:51:41	Robert E Hylant Jr	hylanro@gmail.com	Sector seperation is a very bad idea. Taking away the rights of the recreational angler at every turn seems to be a theme. The charter boats get paid to take people fishing. No body but, me is paying for my boat, gas, tackle, taxes or fees. Alot of which go back to fisheries management. As a group we pay a lot more taxes and fees than the charter boats and put a lot more into our local economy's. Why do you want to discourage this sector? Closing access and limiting catches, now you want to "give" our fish to the charter/head boats. What will this accomplish? Less recreational fishing, which equals fewer boat sales, fewer services shops, few bait and tackle stores, etc. There are not enough people to hire charter/head boats to make up for the loss of revenue and taxes. There has to be a hidden agenda in this plan other than propping up the charter industry. Don't do it! Bob Hylant	Bokeelia, Fl, 33922	Private Recreational Angler
8/7/2012 12:52:00	Steven K. Titus	titusgroup@centurylink.net	It is morals and getting back to doing what is right and not selling out to profit at any cost that will guarantee a fishery our kids and grandkids can be proud of. Don't sell out!	Clermont, Fl. 34714	Private Recreational Angler
8/7/2012 12:52:23	Jeffrey A. Stevens	jkstevens0882@bellsouth.net	Do not approve this ammendment!	Slidell, LA 70461	Private Recreational Angler

8/7/2012 12:53:20	Charles Frederick Cludius	cludius@hotmail.com	<p>I have just become aware of the proposal to separate recreational anglers into two "sectors" depending on whether they own their own boat or have to use a charter. From this recreational angler, this is a bad idea and will only lead to limiting recreational anglers when there is no showing this will accomplish any good. It is one of those "solutions in search of a problem."</p> <p>Instead, the proposal favors one group over another and helps guarantee a profit to the charter operators.</p> <p>I am in favor of businesses making a profit. However, why should you take away something from recreational anglers so you can guarantee a profit to charter operators? In other areas of government such a move would be an unacceptable intrusion on individual rights.</p> <p>Imagine limiting the amount of gasoline people could buy so the taxi operators would have enough?! Imagine limiting television sales so movie theatre operators would get more business?! Those proposals would be laughable and quickly drummed out.</p> <p>Don't let the commercial interests trump the recreational angler. It is a bad precedent and does not deserve your time.</p>	New Braunfels, TX 78132	Private Recreational Angler
8/7/2012 12:54:00	Donald Vlasek	djvlasek@gmail.com	<p>Crazy! If anything lower the fish limit on the boat for hire and keep the same limit on the owner boat who only fish occasionally.</p> <p>Don</p>	Areansas Pass, Texas 78336	Private Recreational Angler
8/7/2012 12:54:01	Eric Rathke	ejr@seahusa.com	<p>Please do not support this ammendment.</p>	Pinehurst, TX 77362	Private Recreational Angler
8/7/2012 12:54:19	Doug Wheeler	fsuwheeler@aol.com	<p>I respectfully request that you OPPOSE this amendment. I believe efforts to divide recreational anglers into two sectors, those with their own boats and those who own charter and for-hire boats will adversely affect the "average" recreational fisherman. I can not envision a successful management plan that would allocate a portion of the fish now given to all recreational anglers and literally give it away to a select few businesses operating charter and for-hire boats to use as their own, however and whenever they wish. I'm not even sure I can even see any real tangible benefit to this plan at all.</p> <p>In summary, sector separation is a bad idea, plain and simple and I ask that please OPPOSE this ill-advised plan.</p> <p>Sincerely,</p> <p>Doug Wheeler</p>	Tallahassee, Florida, 32312	Private Recreational Angler
8/7/2012 12:54:47	Todd Matherne	toddmatherne@toddmatherne.com	<p>The fishery is a resource for all citizens. All fisherman should abide by identical rules. Preserve the habitat and the resource using good science. Thank you.</p>	Humble	Private Recreational Angler
8/7/2012 12:55:18	Kenneth M. Cox	kckc1234@verizon.net	<p>WOW!!! Nothing to say here except this is just another bad idea!!! Texas is already starving when it comes to fishable days for the rec guys and now this. Basically you would be shutting it down for the rec guys all together!!</p>	Santa Fe, Texas 77510	Private Recreational Angler
8/7/2012 12:55:36	Charles A. Watts	txcwatts@hotmail.com	<p>To the Gulf Council,</p> <p>Please reject the bill that will separate anglers into to parts. I feel this bill is unjust and should not pass.</p> <p>Thanks for all you do,</p> <p>Charles A. Watts</p>	Victoria, TX, 77905	Private Recreational Angler
8/7/2012 12:56:15	Taylor Morrissette	taylor Morrissette@gmail.com	<p>REJECT Sector Separation</p>	Mobile, AI 36608	Private Recreational Angler
8/7/2012 12:56:16	Kevin Rothbauer	kevin_rothbauer@hotmail.com	<p>I do not feel that it is a good idea to let charter type boats reap the benefits of this and get paid for the charter on top of it. I own a small boat and enjoy going off shore on a calm day. It would be a shame for me and my buddies to spend all that hard earned money for fuel and bait just to find that the rigs and reefs are all fished out.</p>	Victoria, Texas, 77905	Private Recreational Angler

8/7/2012 12:56:30	Brian A. Stepchinski	step3@netzero.net	This is not sound management practices, the for hire bosts should pay for the resources they harvist, there gitting paid. The rec. guuys are not out there every day!!! Council Members: This letter opposes bisection of the recreational fishery into recreational and recreational-for-hire groups. The result of sector separation is a divestment of resources to which all recreational anglers have a reasonable expectation of continued interest. This decision is not based on any sound science, and cannot reasonably register as an effective management tool. While your actions are undertaken in an administrative body not directly subject to immediate ballot-box reaction, please realize that at some point, the impact of your actions will be reverberated back through the political process, and the voice of recreational anglers will be heard. Please count this as opposition to sector separation. Thank you,	Leander TX. 78641	Private Recreational Angler
8/7/2012 12:56:40	Morgan P. Lynch	mpl6038@gmail.com	Morgan Lynch	Tampa, FL, 33604	Private Recreational Angler

8/7/2012 12:57:58	Dale Purpera Jr	Dpurpe1@cox.net	Bad idea for sector separation. If its not broke, don't fix it		Private Recreational Angler
8/7/2012 12:58:20	Michael Raindl	miker@boedeker.com	Stop!!! Vote "NO" to sector separation, its a bad idea, plain and simple. Recreational fishing is a boom to our Gulf Coast cities and towns and any cut into allowable limits, will surely reduce the amounts of money available to these small fishing communities, you will turn them into Ghost towns. You have already ruined the entire offshore fishing industry for recreational and charter fishing boats with your un-acceptable limitations on Red Snapper and to do the same for bay fishing would be devastating. Don't ruin a good thing, you have already done so for offshore fishing, so don't make the same mistake.	Shiner, Texas 77984	Private Recreational Angler
8/7/2012 12:58:26	Dale S. Beaumariage	beamads@comcast.net	As a seafood consumer and occasional fisherman I advise against creating more sectors to squable over sharing a portion of a common property resource which should be managed according to prudent conservation oriented fishing regulations rather than by access limiting allocation regulations. These resources are being wasted rather than conserved due to sector political struggles for dominance.	Golden, CO 80401	Other
8/7/2012 12:58:28	David Jordan	dwj1944@sbcglobal.net	We don't need more control by anybody.	Deer Park, TX, 77536	Private Recreational Angler

8/7/2012 12:58:31	William R. Meyer	bill@cincopipe.com	Segregating anglers into two groups, those private recreational anglers and those for-hire is a very poor idea with regards to setting limits or seasons on offshore fisheries. What could the possible benefit be? One must wonder what the Council's true intent is since this will only drive a wedge between two groups that have to this point remained cooperative with one another. This is another example of why the council is so widely distrusted and regarded as a bureaucratic entity with little common sense. regards, Bill Meyer	Huffman, TX 77336	Private Recreational Angler
8/7/2012 12:58:32	John R. Hansen	mesalogistics@sbcglobal.net	Please cast my vote in opposition of sector separation. This is a bad idea/proposal for recreational fisherman.	Dallas, TX 75230	Private Recreational Angler
8/7/2012 12:58:37	Mickey DuVall	librarydude1@gmail.com	Sectoring is a bad idea. Please reject this amendment. Please uphold everyone's right to equal access to fish. Just because someone owns a business, it is not reason to give them an advantage over someone who doesn't.	Bastrop, Texas 78602	Private Recreational Angler
8/7/2012 12:58:48	Carl Bohn	cbohn@naireocpartners.com	This idea of segmentation and allocation between recreational and charter fishing segments is a very bad idea, and I believe unprecedented in management practice.. and I see no reason to do so now..very bad precedent ..trust you will have the good judgement to turn this proposal down quickly Thank You; Carl Bohn	San Antonio, Texas,78258	Private Recreational Angler
8/7/2012 12:59:01	Mark L Johnstone	mark@sanbornstravel.com	No to separate rules	Corpus Christi, TX 78413	Private Recreational Angler
8/7/2012 12:59:14	Billie G Baker	bgwork@sbcglobal.net	Sports fisherman/women/kids accidentally put more revenue to society while having a far less impact on fish populations. Punishing recreational fishing again for the benefit of lobbyists-the people putting monies in your pocket under the table-is not only dishonest, deceitful and disgusting, its against our constitutional rights as citizens of our states and this great nation.	77020	Private Recreational Angler, Charter/Headboat For-Hire
8/7/2012 13:00:15	Martha Allison	marthaoturner@sbcglobal.net	And this kind of behind the back business causes me and others to wonder who on the council has a tie to fishing for hire fisherman and would be getting a 'kickback' for the separation. I and I'm sure others enjoy being able to fish where they please and when they please. I don't think giving fishing charters a special to fish. They are NO BETTER, than anyone else. There's a whole lot of water out there. Since they suppose to be so knowledgeable, why they need to be separated from everyone else. They suppose to know where to go fish. If a private fisherman is in a certain area, there's ENOUGH fish and water for everyone.	Houston	Private Recreational Angler
8/7/2012 13:00:24	Tim Gallagher	timg@wg-cpas.com	PLEASE Reject Separation		Private Recreational Angler
8/7/2012 13:00:33	Gary W Krouse	1rangerangler@cox.net	I wish to voice my opinion against dividing recreational fishing between charter captains and private fisherman. There is enough division amongst gulf fisherman already	Baton Rouge, La 70818	Private Recreational Angler, Other
8/7/2012 13:00:53	James M Grady	jgrady@fugro.com	I am total against dividing recreational anglers into two sectors, those with their own boats and those who own charter and for-hire boats. This is unfair and prejudicial idea.	Scott, LA, 70583	Private Recreational Angler
8/7/2012 13:01:19	Albert J. Isacks III	ajisacks@centurytel.net	Please do not separate the allocation for redfish between anglers and charterboats. We are both recreational anglers.	Dauphin Island, AL, 36528	Private Recreational Angler
8/7/2012 13:01:53	Patrick Fleming	pfleming82@hotmail.com	Do not divide between the two sectors without research on what it would cost the recreational angler with the fisheries all of us share!!!	Houston Tx 77077	Private Recreational Angler

8/7/2012 13:02:25	gerard laborde	gerard_laborde@bugmanonline	I am totally against The Reef Fish Amendment-Sector Separation. There are enough restrictions concerning recreational fisherman. Enough is enough. Thanks Gerard	baker, la. 70714	Private Recreational Angler
8/7/2012 13:03:22	Duane lyssy	duane.lyssy@gmail.com	I reject amendment 39.	falls city tx 78113	Private Recreational Angler
8/7/2012 13:03:41	jim schumacher	jimcarla2008@hotmail.com	Recreational anglers like myself spend more money per person than any charter service. I own 3 boats, one offshore and two bay boats, do the math on ownership, maintenance, fuel, insurance etc. To allocate resources that are public to just for hire or charter boats is not only unfair it is immoral. I used to charter a boat and have a 50 ton master captian license with the USCG, I quit because of the waste of resources just to fill the cooler with fish. You don't care about resources, you care about a precious few who can pay lobbyist to sway you. You ought to be ashamed. I sure hope I never meet any of you on the water.	kerrville texas 78028	Private Recreational Angler
8/7/2012 13:03:44	Quintin Greco	qgreco@linbeck.com	It is imperative that the Gulf Council REJECT the Sector Separation. This will kill the recreational angler.	Arlington TX 76013	Private Recreational Angler
8/7/2012 13:04:14	John Barry Teare	Jbteare@gmail.com	A very bad idea. On its face it makes no sense. No one should have more access to our resources because they charter trips. What is the logic?	Tiki Island, Texas	Private Recreational Angler
8/7/2012 13:04:56	terry burleson	burlarts@earthlink.net	NO! Don't give away my fishing rights.	austin texas 78759	Private Recreational Angler
8/7/2012 13:05:07	Joe E Tyner	tynerjet1@aol.com	Don't take any more resources from our tax paying, license buying recreational fisherman. Recreational fishermen add more to our economy per fish than any commercial, or charter operation.. Nuff said..	Ft Walton Bch, FL, 32548	Private Recreational Angler
8/7/2012 13:05:09	Russell Thompson	rtthompson17@tampabay.rr.com	I recommend that there is no separation. I see no benefit to this.	New Port Richey, FL. 34655	Private Recreational Angler, Charter/Headboat For-Hire
8/7/2012 13:06:06	Karl Kulp	karlkulp@live.com	Sector separation is a bad idea, plain and simple. I want to reject separation.	Tampa, FL 33634	Private Recreational Angler
8/7/2012 13:06:14	Matthew Peterson	mattplsumba@gmail.com	Please reject separation. As a recreational fisherman I do not support the taking away of natural resources from myself and other recreational fishermen. Although there may be economic incentive to do so, our country was not founded on the mere pursuit of wealth, rather it was founded on the principles of "Life, Liberty and the pursuit of Happiness" as defined by our Declaration of Independence. Furthermore I would also argue that this would not result in the greatest good for society as a whole. It would only serve to benefit a few while detracting from the rights of the greater recreational fishermen society.	Metairie, LA, 70001	Private Recreational Angler
8/7/2012 13:06:22	C. Ted Beaulieu, Jr.	tedbeau@bellsouth.net	I am AGAINST sector separation. I am a boat owner and operator and I do not feel it would be right to have some of my fish allocation taken away that would affect my ability to take my family out on fishing trips when I am able. Charter boats are not always available when my schedule allows for me to fish. I feel I would be losing another freedom of choice when there is no reason to do so except to benefit a handful of people.	Lafayette, LA 70508	Private Recreational Angler

8/7/2012 13:10:02	jerry findley	jerryfin43@aol.com	Dont give our recreatinal fishing to commercial, and charter fishing. I dont understand the idea that one secter can own the sea for profit.We still live in the USA dont we ?	pae, fl.32571	Private Recreational Angler
8/7/2012 13:10:05	mike young	youngbev2@cox.net	Recreational fishermen are the back bone of our economy, tourism, property values, and JOBS.. .. these fish belong to all of us.. not just a few commercial fishermen.. red snapper are over populating.. running off other species !! No Sector Separation	Miramar beach, Fl. 32550	Private Recreational Angler
8/7/2012 13:10:58	Rusty Scholl	aviator@zochnet.com	Sector separation is a terrible idea. It does nothing but create class warfare and bad feelings among the fishing community.	Lincoln, TX 78948	Private Recreational Angler
			To Whom It May Concern: As a long time recreational angler and tax paying US citizen, I am adamantly opposed to the proposed Reef Fish Amendment 39-Sector Separation. This amendment has no reasonable justification for being inacted other than to favor a specific group of anglers(commercial and charter/headboat anglers). There is no scientific justification and no financial justification for this ruling. In fact, the number of private recreational anglers by far out number and out spend on maritime resources than the comparatively small group of charter/headboat and commercial anglers. I urge you to oppose this proposal.		
8/7/2012 13:11:17	Charles Moore	cmoore1953@aol.com	Respectfully, Charles Moore	Baton Rouge, LA 70879	Private Recreational Angler
8/7/2012 13:11:37	patrick bourgoyne	pwbourgoyne@gmail.com	I do not support the idea of having sector seperation	humble, tx 77396	Private Recreational Angler
8/7/2012 13:11:40	Joe Burke	jmwb63@hotmail.com	Sector separation is a bad idea. Charter fisherman, who cater to out-of-towners, should not be given greater rights than the local recreational fisherman who recognize and appreciate the tremendous value that fishing adds to their lifestyle and their community.	Port Allen, LA 70767	Private Recreational Angler
8/7/2012 13:11:55	Gary J Gautreaux	gary@ddintlcorp.com	The idea of catch shares sounds good, but what will be left for the recreainal angler like me. I was only able to catch red snapper on 3 trips this year. I work so I can only go when I am off. I caught a total of 6 red snapper. We need some common sense in the management. Thanks Gary	houma, la. 70364	Private Recreational Angler
8/7/2012 13:12:02	Dennis Lea Evans	evans_dennis@hotmail.com	I do not support the proposal to separate the Gulf Coast fisheries between recreational anglers and charter / for hire operators. The separation does not seem to be directed toward benefitting the resource. It would however create another layer of regulation and bureaucracy. After that, the recreational angler and the charter / for hire operators would competing and in conflict over allocations. What problem is the proposal intended to address? How will the separation solve the problem? What new problems and unintended consequences will it create? Thanks Dennis Evans	Lake Charles, LA 70611	Private Recreational Angler
8/7/2012 13:12:08	Matthew Carroll	matt@fsbobr.com	Sector separation is a bad idea, plain and simple.	Baton Rouge, LA 70816	Private Recreational Angler

8/7/2012 13:12:35	Byron Swartzendruber	masterofthefish@gmail.com	I am absolutely AGAINST sector separation and the abuse of power that has been displayed against our ocean's natural resources. There is no sound scientific data that supports such actions and this needs to be STOPPED IMMEDIATELY! A commercial / charter / headboat captain should not have more rights than I do to harvest the oceans resources. Please do not attempt to force through radical measures that the people DO NOT WANT!	78255	Private Recreational Angler
8/7/2012 13:12:47	Thomas	tjdred@sbcglobal.net	We should all play by the same rules.	Spring, TX 77379	Private Recreational Angler
8/7/2012 13:12:51	Greg Harrison	gregharrison@remax.net	Sector Separation is a bad idea for Florida. Fishing licenses provide much needed funds for resource management. Charter boat clients do not buy licenses. Please do not consider it. Thank you!! Greg Harrison	Orlando, FI 32806	Private Recreational Angler
8/7/2012 13:12:54	Leo Cormier	lcormier@camtel.net	Please do not go forward with your plans to divide the recreational fishermen into two classifications and thus alter the fishing structure as it now stands. There is no good reason for doing so and those that gain through it, give nothing back to the recreational fishing industry as a whole. Thank you, Dr. Leo Cormier	Lake Charles. LA	Private Recreational Angler
8/7/2012 13:13:14	Benny Black	benny.black@tide.nocoxmail.com	Without any noted benefit to the fishery, why is there an effort to divide recreational anglers into two categories; those with their own boat and those who own charter and for-hire boats. Separating the allocation of fish given to recreational anglers and assigning specific quotas to those operating charters doesn't make sense as it allows charter and for hire boats to fish when other can't. This will require additional monitoring for enforcement personnel, therefore driving up costs for everybody. I'm sure these vessels would be allowed to fish while recreational are fishing, but would not face the same competition from recreational during these other 'allocated' fishing periods. It doesn't appear to offer any benefit to the fisheries and therefore this measure shouldn't be passed.	New Orleans, LA 70131	Private Recreational Angler
8/7/2012 13:13:21	David Lawrence	tlservice@yahoo.com	Do not think that the Sector Separation idea is a good one. I do not support that idea at all and think that it is not fair! Please don't pass it!!!!	New Waverly, TX 77358	Private Recreational Angler

8/7/2012 13:17:32	Lawrence Svendson	Lawrence.Svendson@marlinenergy.net	<p>Dear Gulf Council, I have read that the Council is to consider dividing the recreational anglers into two sectors thus lowering the private angler limit and transferring the balance to charter boats.</p> <p>I believe this is a bad idea and my comments are meant to encourage you to dismiss this concept.</p> <p>The basis for it being a bad idea is thus: 1) the sportfish limit is already very low and lowering it will discourage the gigantic amount of commerce associated with sportfishing (which overwhelms the commerce generated by charter fishing). The reason so many people have recreational properties and have developed coastal areas by built homes/camps, docks, marinas, fuel docks, supply stores, sport fishing stores, bait stores and on an on is because of the opportunity to use their boat for sportfishing recreation. 2) if this decision is not dismissed it will ultimately serve no purpose in that it will lend itself to private sportfishers "pretending" to be charter fishers (legally getting licenses and meeting requirements) and continuing to fish and thus creating another set of problems. 3) A decision in favor of sector separation smacks of a small group of people lending themselves to picking winners and losers and not allowing personal freedoms and market conditions to dictate commerce, 4) if the charter fishermen are complaining about how bad business is maybe it is because the economy is bad and people are not spending money on that luxury when on vacation. Does it make sense to take away from private anglers to supplement a very small group of anglers who are not making a good go of it nor are they making much of an overall contribution to the overall commerce of sportfishing.</p> <p>We as citizens see too many regulatory body decisions which end up not making a lot of sense and which cause people to make adjustments resulting in a "no point" rule. I respect your interest and willingness to serve on the council but it certainly is a frustration to see boards and councils, as a group of 15 people or so, who believe then can out think or out smart the hundreds of thousands of people their decisions affect.</p> <p>I have sportfished in the Gulf of Mexico for the past 49 years. I beg of you as a council to allow wisdom to prevail and to leave well enough alone for all recreational anglers. You have made it difficult enough to keep sportfishing.</p> <p>Sincerely, Lawrence Svendson Lafayette, LA</p>	Lafayette, LA 70503	Private Recreational Angler
8/7/2012 13:17:39	Leon Macha	jjmacha@swbell.net	<p>There must be No separation between recreational anglers and the charter boat fishing businesses. 8/7/2012 13:34:18	Thomas Solari	tsolari@woodleywilliams.com	I am very much against any "sector seperation" which divides the recreational quota between the private recreational angler and the charter boat industry. 1) Charter boats are a commercial enterprise and any "sector seperation" should require the commercial fisherman and the charter boat industry to share the commercial quota leaving the recreational quota to true private recreational fisherman who take the least from the resource while putting the most dollars back in the community. 2) I fish out of Cameron LA. There are ZERO charter boats operating out of Cameron for red snapper. Yet, my ability to catch fish will depend on how much of the quota is left after it is split up between the charter fleets in Destin, Orange Beach and Port Aransas. The fish I am fishing for have nothing to do with the fish being caught in these areas, but I can't fish in a healthy area of the Gulf because of the fishing pressure elsewhere. 3) The snapper fishing is better than it has ever been. So much so that the season gets shorter and the number of fish is reduced each year, not because there are too few fish but because the fish are so big, the pound quota is reached sooner and with fewer fish. Instead of touting this as a sucess story, the Managment Cousel apparently continues claim the fishery is in crisis because to claim success would mean funding cuts and lay-offs Pat yourselves on the back for a job well done and leave use alone. Thanks.	Lake Charles, LA 70601	Private Recreational Angler
8/7/2012 13:35:02	WILLIAM BRYSON	wildbill347LA@att.net	ARE YOU PEOPLE OUT OF YOUR MINDS? This is the most ridiculous proposal I have ever heard from "supposedly" educated people with the public interest in mind. How can you cow-tow to the charter fishing industry like this? There can't be ANY logical basis for this proposal other than greed and/or self-interest. SCRAP THIS IDEA!!!!!!!	LACOMBE	Private Recreational Angler
8/7/2012 13:35:20	J. T. Dibble, PhD	Dibblejt@att.net	This seems like bad policy. The fish do not distinguish who catches them, and it perpetuates an us vs. them division. It could also be viewed as a subsidy or protection for the for profit fishers. Recreational fishers spend more money (and taxes) per pound of fish.	Spring, TX 77386	Private Recreational Angler
8/7/2012 13:35:22	Roque	bsg@bizlaredo.rr.com	I believe that sector separation of the fish for different groups is a very dumb and irresponsible idea. LEt think a lot more about this decision. Roque Hines	Laredo, Texas 78041	Private Recreational Angler

8/7/2012 13:37:26	john w. paul	jp46832@gmail.com	If I understand this amendment, the plan is to sector the fishing into commercial and recreational and allocate between the two groups for all reef fish; I do not like this proposal and ask that it be dropped; in fact, the fishery management and council is dominated by commercial interests and I am advocating transferring the entire fishery management over to USFW and out of the commerce department--which has done a totally unsatisfactory job of managing our fishery resources. John Paul Lumberton, Tx	Lumberton, tx 77657	Private Recreational Angler
8/7/2012 13:37:48	DALE MADDOX JARVIS	dale@scott-electric.com	To hopefully someone with common sense, I have fished for nearly five decades inshore and offshore along the texas coast. Over the years i have witnessed good and bad things from regulations. The feds need to pull there heads out of their asses and do the right things to protect the recreational anglers rights. The destruction of near shore oil rigs is one way the feds are decimating a proven rich marine ecosystem. I don't see how these idiots can conjure up there regulations to benefit everyone, so they are trying to screw the recreational angler. The majority of us work for a living and only get to fish on our boats on the weekends. When it comes to going offshore we are also limited to mother nature. I believe the majority of boaters have boats less than 25' long so we average around ten trips a year. That is 20 red snapper per angler in federal waters if the season was year round, but it's not. I could go on and on so e-mail me back and i will do what i can to help. Please reject the current fisheries separations proposal.	CORPUS CHRISTI TEXAS, 78418	Private Recreational Angler
8/7/2012 13:38:42	Michael	Langlianis	Thanks Mike Langlinais	Youngsville, LA 70592	Private Recreational Angler
8/7/2012 13:38:45	Milton Sayre Holcombe	Miltonholco@aol.com	It is not a smart idea to take away from the segment of the sport that supports it and give to those who profit from it. PLEASE REJECT SECTOR SEPERATION!!!!!!!	Ridgeland, MS 39157	Private Recreational Angler
8/7/2012 13:39:35	James Gordon Faulk	gfaulk69@gmail.com	Please allow me to add my name to those opposing the division of recreational quotas into segregated categories. Whether I charter or haul my own boat, I still contribute to the overall demand on the fisheries. By the way, I catch and release either way also. Let's not further complicate a complicated situation. Thank you for letting me comment. Gordon Faulk	Autaugaville, AL 36003	Private Recreational Angler
8/7/2012 13:40:25	Thomas Robertson	Deltapilot767@att.net	How about going to a tag system. When you purchase a fishing license you get so many tags to catch fish. Then after the tags are used up you can purchase more tags from the state or other fisherman that haven't used theirs. Then you will know how many fish are actually being caught. You could have reef fish tags, inshore tags etc.....	Moss point, MS, 39563	Private Recreational Angler
8/7/2012 13:40:50	Larry D Johnson`	ljohnso1@stx.rr.com	Please reject the separation. It is absolute nonsense!	Corpus Christi	Private Recreational Angler
8/7/2012 13:41:29	jonathan handy	jhandy@austin.rr.co,	Why does the Gulf of Mexico Fishery Management Council continue to hurt the recreational fisherman? In my opinion, you are being bought off buy the commercial fisherman. Additionally, I believe you are just like the a&^holes in Washington DC. You have a hidden agenda (class warfare) and continue to find ways to make the little person (boat owners - those with) fight against the other little person (non-boat owners - those without). I am unsure what the goal is but it is clear to me that as a government agency you want to keep your jobs by making more rules and pitting those who have an interest in the same resource chose sides. Government is supposed to be equal and fair for all people. If you pass this rule, your actions will not be what this country was founded on.	austin, texas, 78759	Private Recreational Angler

8/7/2012 13:42:00	Thomas E. poche'	tpoche@shelfenergy.com	Please protect the rights of anglers to continue as it is now. Separation and limits to recreational anglers does not make sense. When I charter a fishing boat they are held by the same limits as recreational anglers. They just have more people in the boat. If anything limit the charter boats as they catch the majority of the fish. They are professionals.	70503	Private Recreational Angler
8/7/2012 13:42:51	Melvin P. Crissey	crisseym@sbcglobal.net	Separating recreational anglers into two sectors, those who own their own boat and fish from it and, those who own charter boats and for hire boats, i.e. guides. The charter boat owners and for-hire boat owners getting an exclusive portion of the recreational fishing just for their own, at no cost, will surely destroy the angling for those of us who don't make money from fishing. Each time that I go to the Gulf to fish in saltwater, which is about 6 to 7 times per year, I have calculated that I spend approximately \$350 in the local economy. That is at least \$1,800 annually. Multiply that by thousands to account for all of the other recreational anglers who do the same in the Gulf fishing towns for the economic impact we have. What the Gulf of Mexico Fishery Management Council is proposing is to virtually assure that recreational anglers will disappear from the Gulf. Shame on all of you. How ridiculous is your thinking. LTC (Ret) Melvin P. Crissey, San Antonio, TX.	San Antonio, TX 78247	Private Recreational Angler

8/7/2012 13:48:55	Dr. James R. Dunn	james.dunn@mgccc.edu	<p>I'm opposed to dividing an already small quota of fish resources, like red snapper and Greater Amberjack, between the recreational and charter boat industry. Although this separation might have some benefit to our charter boat operators, I can't see much advantage provided to the recreational sector.</p> <p>Shortening an already curtailed red snapper season and reducing catch limits further, for instance, could depress the purchase of blue water boats and related accouterments. This wouldn't help Gulf marine economies. Being able to catch only small number of red snapper during a short, 40 day season is bad enough, without further subdividing what is already a miniscule quota.</p> <p>For these wild fish stocks to really be protected from exploitation, they should be designated as gamefishes, therefore banning their harvest by the commercial sector. Otherwise, you risk these species following in the path of the passenger pigeon, great Auk, Atlantic Codfish and very nearly our American Bison. Whenever a wild stock is harvested for profit, it's numbers always plummet. Thank Heaven there's no commercial largemouth bass and deer season or there wouldn't be any of those species left either. I guess we'll never learn. jim dunn</p>	gautier, ms 29553	Private Recreational Angler

8/7/2012 14:00:14	Craig Mitchell	craigmkrep@earthlink.net	We are over regulated NOW! There are more and bigger Snapper in the Gulf now than I have seen in over 20 years. It is time to back off and loosen up the Regulations.	Spring, TX 77379	Private Recreational Angler
8/7/2012 14:00:15	Jose G. Cavazos	wallycavazos@sbcglobal.net	If your interest is in conserving fish numbers these guys take many more than we do. WE are already limited to a few fish. Limit us more and the sport fisherman will quit costing a great number of individuals a bunch of income from less hotel and fishing supplies revenue.	McAllen, Tex 78504	Private Recreational Angler
8/7/2012 14:00:33	Larry Phelps	reddognsdq@gmail.com	Please don't pass this unnecessary and unwanted regulation. Fishermen are all in favor of regulations that bear fruit for the environment or for our conservation efforts. This does neither.	Belton, Texas 76513	Private Recreational Angler
8/7/2012 14:01:12	Ryan Williams	Ryan_williams@us.afiac.com	Sector separation has taken no real data into account with concerns of long term effects on Louisiana's fisheries. It is my opinion that this omniment be totally removed.	Baton Rouge, LA 70816	Private Recreational Angler
8/7/2012 14:02:09	Mark A. Malacord	pocfisherman@aol.com	Sirs: Reject separation of the fishery in the Gulf of Mexico.	Richmond, Texas 77406	Private Recreational Angler
8/7/2012 14:03:05	Terrill Hooks	thooksntex@gmail.com	Separation of recreational anglers? Really? That is the most egregious misuse of power you have ever demonstrated. Recreational anglers, whether they are paying for their own equipment, fuel, bait and associated costs of fishing or are paying a premium for someone else to take them in order to avoid all of the responsibilities of boat ownership are still recreational anglers. To award those who choose to avoid the responsibility of boat ownership a lion's share of the catch is preposterous. You are placing a de facto tax on private boat ownership. While making charter operators and their lobbyists very happy you will eventually be making another sector of the equation feel the pain in their pockets. Who employs more people; boat manufacturers and retailers or charter operators?	Spring, TX 77382	Private Recreational Angler
8/7/2012 14:03:37	Tom J. Miller	tomiller@cebridge.net	Private recreational anglers are a significant part of the fishing community. We are interested in keeping the activity a part of the family entity that will provide for a positive future for all of us. Tom Miller	Montgomery, Tx. 77356	Private Recreational Angler
8/7/2012 14:04:46	Jacob Flint Braddy	Fbraddy@gmail.com	Don't try to fix what isn't broke! The government has their hands in too much stuff as it is, go fix something that really is an issue! The purpose of this e-mail is to urge the GoM Fishery Management Council to reject the proposal of Amendment 39, sector separation. The amendment has the potential of greatly limiting the opportunities of recreational fishermen while having no impact on overall fish conservation.	Corpus Christi, 78418	Private Recreational Angler
8/7/2012 14:04:54	Andrew O'Neill	awoneilltx@att.net	Thank you for considering this request. Regards, Andy O'Neill	77055	Private Recreational Angler
8/7/2012 14:04:57	James C Towers	jctowers@jcti.biz	Please vote against the proposal dividing of the recreational anglers into two sectors, those with their own boats and those who own charter and for-hire boats. This is a form of discrimination and therefore should be illegal.	Port Alto, TX, 77979	Private Recreational Angler
8/7/2012 14:05:04	Clint Tetrick	superwash51@yahoo.com	How could you think about voting for the separation. Think about the boat dealer, marinas, and other businesses that would be affected. I like to fish from my boat and not with a guide. Don't take our rights to fish away!	Osyka, MS 39657	Private Recreational Angler

8/7/2012 14:12:32	Scott Sobolewski	scottsobo@gmail.com	Times are tough for charter/for-hire and headboat operators in the Gulf of Mexico. No one disputes that. Times are tough all over. But somehow, a small, vocal minority of operators has convinced the Gulf Council that they need extra help. They figured their lives would be a lot easier if someone would literally give them some of the recreational quota of red snapper and allow them to be one of the very few segments in America today with some stability in their businesses. This is a bad idea!	Apollo Beach, FL 33572	Private Recreational Angler

8/7/2012 14:16:15	Patrick Raney	patr@gyrodata.com	I am AGAINST DIVIDING RECREATIONAL ANGLERS INTO TWO DISTINCT GROUPS (those who own there own boat, and those who hire a boat). We should vote together and equally on how the resources are made available. There is already enough fighting and division between commercial and private fisherman quotas and seasons, this will only create more infighting and hurt many others in the industry as well. It would also give an unfair advantage to the for hire boats much like in the case of commercial fisherman because they are more organized and have deeper pockets to lobby to those in power who make decisions on this type of thing. Those decisions should be based on what is best for the natural resource, not who has the stronger lobby for their own interests.	Cypress, TX 77429	Private Recreational Angler

			Please provide all of us: recreational, and commercial fishing people with a logical and sustainable resource management method. Trying to invent a new approach such as separation by class creates a disadvantage for some and an undeserved benefit for others.		
			There is no substitute for good conservation measures that can be sustained over the long term; such as fish size, catch limits, and probably even closures during spawning seasons. The separation idea is another "clever" sounding approach that will divide and/or alienate the fishing community and create new problems and few benefits for long term fisheries sustainability.		
			Sincerely,

8/7/2012 14:48:50	Mark Clark	espanolabass@yahoo.com	Amendment 39 is a BAD IDEA. It makes no economic sense for anyone but a handful of fortunate operators. By catering to a very small segment of the Gulf reef fish fishery, the Council is apparently willing to shortchange the private boat angling sector that is many times larger and far more economically vibrant. NOAA'S OWN ECONOMIC STUDIES show that for the period 2009 to 2032, private boat recreational anglers will contribute \$9.1 billion of the value in the Gulf of Mexico shrimp and reef fish fisheries, followed by the commercial shrimp fishery at \$1.6 billion, and the recreational for-hire fishery at just \$0.83 billion.	The Woodlands, TX 77381	Private Recreational Angler

8/7/2012 14:52:07	Joe Gibbons	joe.gibbons@macammo.com	I am against the Sector Separation ammedment. The data provided does not clearly support a move like this. Current economic conditions may be scewing the for hire catch numbers. The cost of charter fishing has driven fisherman away and reduced the number of charters and head boat riders. This will naturally cause percentages to shift away from those to the private sector. If better data is needed then collect the data from the private sector. I fished on the coast for 20 years and have never been asked to complete a survey. Any ammendment that is proposed should include costs, fees and quotas for all affected parties.	Diamondhead, MS. 39525	Private Recreational Angler
8/7/2012 14:53:04	Glenn E Plumb	rcplumbs@gmail.com	It is inconceivable that the Gulf Fisheries Management Council could even consider such a bizarre, absurd action. Sounds like the days when commercial redfishers had control of that stock and the 'fishery managers' thereof. The proposed actions are unthinkable.	Tampa, FL 33629	Private Recreational Angler

8/7/2012 15:07:52	vincent j wall	vincejwall@gmail.com	<p>I am surprised that you are thinking of separating the Private Recreational Angler from the Charter/Headboat Fore-Hire Anglers giving special treatment to the charter group. First off it is not fair for them to get any special treatment and secondingly I do not know that it makes economic sense which I guess is the reason why you are considering it. I suspect that you are thinking well the charter/headboat for hire fellows do this for a living so we must protect their business. Well I am a private owner. someone who does it for fun. I go on about 25 trips a year and take freinds and family out with me. Yes we are not making a living on the water but a whole lot of businessmen rely upon us for their businesses. I spend about \$4000 per year for my slip at a marina which needs the business of the private boat owners. I spend another \$1200 or so on insurance which making. I pay my mechanic \$5,000 to \$7,000 a year for general maintenance to my boat (some of this goes to him, some goes to the parts house). I also spend about \$5000 per year on fuel. Thus with just me I am contrinuting a lot to the businesses of the folks mentioned above. Already the Commercial fishermen have special priviledges in that they can fish anytime of the year. Now special consideration is being considered for the charter guys and this year I was locked into 46 days. I mean I really love going offshore but there is only so much I and other privat eboat owners are going to throw up our hands and say enough, I am selling the boat (at a loss if I must)(and giving up on boating. If it gets to that point you may have a lot of boaters giving up, selling their boats and then what happens to the economics of the small lbusinesses that depend on us (marinas, mechanics, insurance companies). There are other economics invovled besides those of the charter/headboats for hire. You best practive would be to keep it fair and keep us all in one group.</p> <p>Sincerely, Vince Wall</p> <p>Private Recreational Angler</p>	houston, tx 77069	Private Recreational Angler
8/7/2012 15:07:59	Jimmie B. Riley	jrily1943@sbcglobal.net	<p>Any seperation of Recreational vs. Charter for Hire fishing areas on the Gulf Coast would create a hugh burden on any business that support all fisherman and also would create a decrease in tax revenues for local, county and state government in the areas. These areas should be open to all citizens of USA in any event.</p> <p>Thanks, Jimmie B. Riley</p>	Houston, TX 77043	Private Recreational Angler

8/7/2012 15:18:04	Philip A. Gruenberg	pgruenberg@embarqmail.com	Fish take rules should be geared to the protection & sustainability of each species. It makes no sense to disallow private boaters to take grouper (for example) while allowing commercial & charter operations to take grouper. Take rules should apply the same for all. If that means commercials & charter operators can't sustain their business operation because of limited catch restrictions then so be it...The basic problem is that human population is going way up & ocean fish populations are going way down. Fish are the losers in this, and regs to promote commercial & charter take may provide some short term economic benefits to those parties but will lead to long term disaster for all.	Pine Ridge, FL 34465	Private Recreational Angler, Other

			Sector separation is a bad idea and serves no purpose other than to enrich commercial charter operators at the cost of true recreational anglers. This is bad policy and should not be allowed to progress. Vote no on this SEPERATION OF RIGHTS from all to give to the chosen few.		
			I have actually read the proposal and can't find the logic in it. Recreational fishing in federal waters, contrary to some charter captains assertions here, is accessible to all and used by many private craft recreational anglers. Quotas should remain consistant across the spectrum of recreational fishing. The biggest part of the charter industry appears to support the status quo rather than supporting sector separation. The larger boat and operators with multiple watercraft appear to be supporting (if not actually pushing) this legislation. In my opinion, there should be a boat size or passenger limit as well as number of allowable days fishing per year by "charter" boats that determines the threshold of whether they should be catagorized as commercial fishing operations.

8/7/2012 15:23:42	Don Tyer	dctyer51@yahoo.com	<p>Times are tough for charter/for-hire and headboat operators in the Gulf of Mexico. No one disputes that. Times are tough all over. In reality, every entity from the federal government to your local vegetable stand craves a little stability in their business right now. I bet all of the state wildlife management agencies that are seeing their budgets slashed and burned would love to see some stability and guaranteed revenue streams as well.</p> <p>It's a nice gig for the operators, if they can get it. But does the chance to play favorites for a few operators justify the Council striking off on such a radical and wildly unpopular idea that makes no sense at any level?</p> <p>It makes no economic sense for anyone but a handful of fortunate operators. By catering to a very small segment of the Gulf reef fish fishery, the Council is apparently willing to shortchange the private boat angling sector that is many times larger and far more economically vibrant.</p> <p>NOAA's own economic studies show that for the period 2009 to 2032, private boat recreational anglers will contribute \$9.1 billion of the value in the Gulf of Mexico shrimp and reef fish fisheries, followed by the commercial shrimp fishery at \$1.6 billion, and the recreational for-hire fishery at just \$0.83 billion.</p> <p>It shouldn't make any sense to state wildlife management agencies. Given the limited recreational allocation, the only way the idea works at all is if managers take fish and fishing days away from private boat anglers and give them to a few private businesses. Private boat anglers supply the vast majority of license fees that support state fisheries programs. Charter/for-hire vessels supply a much smaller percentage of revenues. It is very likely a move to separate the recreational sector will create challenges for state fisheries directors by influencing the number of licensed anglers and fishing opportunities in their states.</p> <p>The issue of sector separation and catch shares for the recreational angling sector has drawn opposition from governors, Congress and recreational anglers. And yet, the Gulf Council members continue to toy with the idea like a puzzle they can't quite fit together. WHY?</p> <p>Therefore I am opposed to any such action. Please note I am a retired recreational charter boat captain so I know both sides.</p>	Dickinson, TX 77539	Private Recreational Angler

8/7/2012 15:36:48	Jerry L. West	matagorda_captain@yao.com	WRONG,WRONG,WRONG,REJECT IT.What is the saying: if something is working don't try to fix it.Where is the logic?	Bay City,Tx. 77414	Private Recreational Angler, Charter/Headboat For-Hire
8/7/2012 15:37:30	christian scheuermann	cscheu@nocoxmail.com	Sector separation is a very bad idea. I do not support it nor should The Gulf of Mexico Fishery Management Council. Thanks, Christian Scheuermann	alexandria, la	Private Recreational Angler
8/7/2012 15:37:34	Capt. Jeffery Howard Shoults	Jshoults@cox.net	I run a private yacht in destin and fish around 100 days a year, taking other recreational fishermen into the gulf. I do the same thing charter boats do, and I've done it for the last 25 years of my life. It's my career! So where do I fall in the sector separation? If it's split am I going to get my fair share of fish to catch. The real problem I have is that they are not your fish to give me. Charter boats don't have a right to make a living off of a public resource anymore than the commercial fleet does! That's a different discussion, I am completely against separating for hire vessels from other rec. anglers because all they do is provide access for other rec. anglers, and like me make a living doing it. Thank you, Capt. Jeff	Destin, fl 32541	Private Recreational Angler
8/7/2012 15:37:35	Joyce G. Jolly	jollykeetz@yahoo.com	Please reject the separation!	Santa Fe, TX 77510	Private Recreational Angler
8/7/2012 15:38:08	Peggy Thompson	peggythompson2@yahoo.com	Please reject sector separation. It is a really bad plan.	Rockport, Tx 78382	Private Recreational Angler
8/7/2012 15:38:37	Ronald Benko	ronbenko@gmail.com	It is a horrible idea to separate the Gulf fisheries into two separate categories. Fish are fish and the notion that one group would be shown any advantage is ridiculous! How about helping to save the abandoned oil rigs to promote artificial reefs which would increase the numbers of fish in the gulf instead, or at least stabilize the numbers.	Hammond, La. 70403	
8/7/2012 15:39:09	Donald B. Jolly	jollykeetz@yahoo.com	Please reject the separation!	Santa Fe, TX 77510	Private Recreational Angler
8/7/2012 15:39:53	Robert Seaton	seatonr@sbcglobal.net	REJECT, REJECT, REJECT Separation .	Pasadena Texas 77502	Private Recreational Angler
8/7/2012 15:40:20	James W. Russell	jwrussel@swbell.net	Sector Separation seems to me to be excessive regulation, with no clear benefits. A perfect example of a solution in search of a problem. The free market has worked just fine so far, and should be left as is.	Fair Oaks Ranch, Tx, 78015	Private Recreational Angler
8/7/2012 15:41:41	John Daniel Colombo	johndcolombo@sbcglobal.net	Dear Gulf Council, I urge you to reject any proposed, catch share programs, or sector separation plans. To allow these proposals to pass could do irreparable damage to the gulf fisheries. I also believe the " Little Guy " recreational anglers rights should always come first.	Pasadena, TX. 77505	Private Recreational Angler
8/7/2012 15:41:51	Ted Bland	tbland@goldeneagleenergy.com	none	Houston, TX 77079	Private Recreational Angler
8/7/2012 15:42:24	Daniel Damon	ddamon@austin.rr.com	The quote below is absolutely insane! Why take away a freedom and begin to limit it to commercial activities? "The Gulf Council is considering dividing recreational anglers into two sectors, those with their own boats and those who own charter and for-hire boats. The Council would then take some portion of the fish now given to all recreational anglers and literally give it away to a select few businesses operating those charter and for-hire boats to use as their own, however and whenever they wish."	Round Rock	Private Recreational Angler

8/7/2012 15:43:03	Abelardo Montes	pepito_tejanored@yahoo.com	<p>There is no reason for this action to take place. There is no justification for it. In hind site the commercial person taking anglers out for a days run should be limited as to how many fish his vessle can bring in on daily or weekly basis. Many times the self employed captains bring in limits on dasily basis at an average of 4 people to a boat those numbers can sure add up quickly.</p> <p>Unlike a week end private angler who goes out before the sun gets too hot and returns ealry in the afternoon, his party maybe two to four friends and far and few times in between does his party limit out. The he is only doing once if lucky monthly. Those numbers do not add up as quick.</p> <p>Limits are placed with each respectd species of catch. It is becoming harder each year to find fish, yes the commercial captain has a survival need, but he too can set limits and allow for growth. The future in fishing is for everyone to look at where we are at, how often do we limit out, are we keeping breeders or sending them back in. Originaly I am from El Paso, Tx, our fishing hole, The Rio Grande was taken away by our government, it's borders where fenced for mile on end, lights every where, cameras, and goverment agents at every mile mark. No longer can fish the Rio Grand. Let's not do the same to our bays and gulf coast, find a better solution than take from some to give to others.</p> <p>Thak You for allowing to express.</p>	Brownsville, Tx 78521	Private Recreational Angler
8/7/2012 15:43:21	Derrick morrell smith	dsmith_1_2000@yahoo.com	i vote no on private sector fishing. keep it fun for all who fish and want to fish in our great country. Tks for listening	77346l	Private Recreational Angler
8/7/2012 15:43:53	Scott Moore	bogey76golf@hotmail.com	I am very opposed to the proposal of sector separation. Charter boats are often not much more then recreational anglers that are trying to cover expenses of fishing. For many it is not even a full-time profession. My family has been in the marine/fishing industry for 60 years and the Gulf Council has not taken drastic action to protect my business as it struggles with the economic fall out from their regulations. I don't see why the Council should be so eager to change the rules to protect another group more than any other. This suggestion in regards to sector separation from the council is very disappointing.	Lake City, FL, 32024	Private Recreational Angler
8/7/2012 15:44:29	jack kellam	texjack48@yahoo.com	please think very, very carefully before you decide to vote on reef fish 39/sector separation. Please vote no.. Thank you	corpus christi, tx. 78418	Private Recreational Angler
8/7/2012 15:44:37	Robert W. Felder	rfelder7@cox.net	I feel that recreational fishing being divided into 2 sectors is a bad idea! It is unfair to someone like me who enjoys fishing and taking family and friends fishing. Please reject separation for people who enjoy fishing and who are already being wronged in so many other ways.	Walker, La. 70785	Private Recreational Angler
8/7/2012 15:45:20	JAMES E. FRITTS	jimsentexasfishing@yahoo.com	<p>Dear Sirs</p> <p>I fail to see any positive for separating fish catches into groups. How could it possibly help fish concervation?</p> <p>Please drop this issue.</p> <p>Respectfully James E. Fritts</p>	CORPUS CHRISTI, TX. 78414	Private Recreational Angler
8/7/2012 15:45:29	Beverly Acker	backer@cableone.net	<p>What is the Gulf Coucil thinking?? This is a very bad idea, both from the conservation aspect and the private recreational fisherman or fisherwoman, as the case may be! Please don't pass this amendment!!</p> <p>Sincerely, Beverly Acker</p>	Aransas Pass, TX 78336	Private Recreational Angler

8/7/2012 15:45:59	Robert T. Holt	timholt@earthlink.net	This would be a detriment to recreational anglers that provide a source of income to both the states in license fees and business that cater to recreational anglers. I feel this should not be passed. Respectfully, Robert T. Holt	Houston, TX 77079-3603	Private Recreational Angler
8/7/2012 15:46:11	William Ihlanfeldt	Wjjjr@hotmail.com	I oppose sector separation. I firmly believe that private anglers should never have to sacrifice for the benefit of the commercial fishery. At the same time, as a private angler, I am more than willing to sacrifice for the fish population. Quickly, your job is to 1) determine how many fish can be taken 2) determine what the private angler will take 3) give the remainder to commercial.	Sugar Land, TX 77479	Private Recreational Angler
8/7/2012 15:46:16	w may	wtmay123@gmail.com	Please reject sector separation. It is a very bad idea! Thank you! W May	houston, TX, 77024	Private Recreational Angler
8/7/2012 15:46:52	William Stevens	wstevens@nctv.com	Please reject sector separation until it has been more thoroughly investigated and made its provisions more aware to the public	Horseshoe Bay, Tx 78657	Private Recreational Angler
8/7/2012 15:46:52	Richard P. Flake	rflake@cbylaw.com	Do NOT support sector separation. The idea makes no sense to anyone but the special interests groups. Please OPPOSE this idea. Rick Flake	Houston, Texas 77010	Private Recreational Angler
8/7/2012 15:47:19	Theodore C. Flick	tedflick@sbcglobal.net	It is fundamentally unfair to favor the angler who fishes from a charter or headboat with a different allotment than we who fish from our own boat. We have made the large investment in our boat, rigging, and equipment in order to fish by ourselves. The rules are now so restrictive that it is harder and harder to justify the time and expense on any basis. How in the name of fishery management, or on any equitable basis, can a rational argument be made to support the idea ? What possible benefit could such preferential treatment have to the fish. It is not the office of the Managent Council to favor one faction of recreational anglers at the economic and recreational expense of another. That's too far from the function of fishery managment. Such a distinction of recreational fishermen can have no benefit whatsoever to the fish. It will be a gross disruption to those who scrimped and saved to buy the equipment and a possible unsurmountable hardship impacting the major industries supporting private recreational anglers.	Houston, Texas 77024	Private Recreational Angler
8/7/2012 15:47:38	ed acker jr	backer@granderiver.net	Don't do this to us!!	Tilden, TX 78072	Private Recreational Angler

8/7/2012 15:49:08	Robert Riche	rriche3@aim.com	please shoot down this amendment, catch your own fish.If you want some just ask some of us will give you some. To whom it may concern,	70360	Private Recreational Angler
8/7/2012 15:49:37	Charles Daigle	charlesdaigle@bellsouth.net	I am in deep opposition to the plan to seperate recreational fishermen into those who own their own boats and those who own Charter businesses. It has no conservation benefit and looks like to me just another way to allow basically another form of commercial fishing (charters) to fish for an unfair portion of resources and limit recreational fishermen to strict laws on limits while commercial fishermen are allowed an absurd number or quota of these resources.	70817	Private Recreational Angler
8/7/2012 15:50:09	Barry Bayham	bbayham2@aol.com	reject separation	Grosse Tete, LA 70740	Private Recreational Angler
			The proposal to divide recreational anglers into separate classes of recreational boat owners and charter/for hire boat owners to reallocation harvest between the two groups is flawed because it offers no viable conservation value and merely forces a division of interests among recreational anglers who, even when united in a single class, have to succumb to the extraordinary lobbying influence of the commercial sector. This is to say nothing of the incredibly flawed data that everyone, including the government's experts, say is being used to make allocation and harvest decisions which are unworthy of the paper upon which they are written. Save the heritage of our country's sportsmen and their families. The vast majority of sportsmen are conservationist that work to preserve our wildlife resources when credible practices prevail. This proposed action is nothing more than a political ploy to divide and conquer the recreational angler's opposition to unreasonable commercial interests. I sincerely urge you not to move forward with the proposal to divide the recreational anglers into separate classes.

8/7/2012 15:51:40	ronald Bertucci	bertuccir@bellsouth.net	Get all commercial fisheries out the gulf.	New Orleans Louisiana 70129	Private Recreational Angler
			It is beyond my thought processes to see how you can give away part of the recreational quota to a select few for hire companies that carry recreational anglers. Why should they be allowed to make a profit at my expense? If you go out on a headboat you are the same as I am going out with a friend. I only catch my two snapper and then fish for another species. What makes it right for those that fish on a headboat/charter to be able to catch more than other recreational anglers. Did you ever think how much it costs for private anglers to buy bait, gas, oil, repairs...on and on when compared to what charter/headboats spend. We add more to the economy than they ever will.

8/7/2012 16:19:12	Keith M. Bryan	kbryan49@yahoo.com	Used to be a charter captain and really like for those folks to be able to succeed in their business, but cannot see how having separate limits would be beneficial to anyone or any group of fish? Off Louisiana it is extremely obvious that it's time to cut way back on the red snapper restrictions which is just an example of how far out of touch with reality some of the government regulations are. Creating separate limits would just be another dumb move.	Prairieville, LA 70769	Private Recreational Angler
8/7/2012 16:21:06	Gary Clark	gwc24@hotmail.com	Sounds really fishing to me. Think there maybe a very big backlash from this kind of over reach. There will be kick back for this type of approach to what you preceive to be a problem. Period.	Lake Jackson, Tx 77566	Private Recreational Angler
8/7/2012 16:21:39	Linda Nouwen	plnouwen@windstream.net	This is totally wrong. The fish belong to all of us! I am against such a thing even being considered in the USA!!!	Douglass Texas 75943	Private Recreational Angler

8/7/2012 16:42:15	Steve Hollingshead	smh264@gvec.net	Please REJECT the sector separation attempt. Plain, short, and simple.	Seguin, TX 78155	Private Recreational Angler
8/7/2012 16:42:34	Aaron Shelton	aafloxtown16@gmail.com	Please VETO the Sector Separation of coastal offshore fishing! I am an active recreational angler and CCA member. Based on what I have read from CCA sources, I do not agree with sector separation. The snapper fishery easily supports recreational pressure, but pulling some of our quota to the commercial side and certain harvest, will further deplete the stocks that have been on a rebound in size and numbers. Please throw away this bad idea, as it hurts the many and benefits so few to the further detriment of the fishery.	Corpus Christi, Tx, 78418	Private Recreational Angler
8/7/2012 16:42:55	William S. Perry	saltyrims@aol.com	Sincerely, Bill Perry	77459	Private Recreational Angler
8/7/2012 16:44:26	Joseph Michael Lovoi	Luber0924@aol.com	Separation of recreation angler allocation is bad, as it is. Giving it away is immoral. Rec anglers are already getting shafted due to questionable science, and this dispute that shortens the Texas season. Vote against separating the allocation. A reminder about the shortened season. Us fisherman and divers who want to Snapper fish are now forced to fish in UNSAFE conditions due to such season limitations. Maybe a few deaths due to inclement weather will wake you guys up. JML	Beaumont, TX. 77707	Private Recreational Angler
8/7/2012 16:45:17	Mark Bagwell	markbagwell@rocketmail.com	I think this a bad idea to separate the season/quota between rec and charter fishermen. Keep as it is currently,	Denham Springs La 70706	Private Recreational Angler
8/7/2012 16:45:27	albert hohlt	adhohlt@yahoo.com	More confusion. More regulations. More red tape = Bad idea...More invested in habitat construction and preservation= right direction...thanks	elkhart,tx 75839	Private Recreational Angler
8/7/2012 16:45:46	Fred Hamilton	fastfreddie6969@yahoo.com	They have cut the recreational catch so much, it is almost not worth the fuel to go fishing. Any more cuts would be devastating	Marshall Mi. 49068	Private Recreational Angler, Charter/Headboat For-Hire
8/7/2012 16:46:34	William Gibbs	wlgibbs@tisd.net	"sector separation". Good grief! What wont you people think of next in order to divide and anger the recreational fisherman. If too many people are catching a species then limit it across the board. It has worked for inshore fish where there must be a much higher proportion of private boats to guide boats. If anything the guides should be the ones restricted. They catch a much higher "per unit" number of fish and fish per fisherman and per boat. And dont deny it, the guides still catch fish for their klutzy customers. All you can do with this create more anger between the "favored" and "unfavored" groups/.	Palacios, TX 77465	Private Recreational Angler
8/7/2012 16:47:10	Lawrence Dellis	lmdellis@comcast.net	I oppose this proposal		Private Recreational Angler
8/7/2012 16:47:58	Patrick Lavergne	pslavergne@yahoo.com	separation of charter boats for hire and recreational angler boats is a bad, bad idea. Don't do it!	houston, tx, 77059	Private Recreational Angler

8/7/2012 17:01:57	Karen Watt	kmwatt78589@yahoo.com	I don't think we have enough information to vote or recommend on this. What does it mean to take a portion of the fish from recreational fishermen?	Laguna Vista, Texas ,78578	Private Recreational Angler
8/7/2012 17:03:18	George R. Bolin	gbolin@comcast.net	As my elected representative, I am asking you to oppose the Sector Separation Bill currently being proposed. Thank you George R. Bolin Houston, Texas	Houston, TX. 77056	Private Recreational Angler
8/7/2012 17:04:08	Capt. Jeffery Howard Shoults	Jshoults@cox.net	I run a private yacht in destin and fish around 100 days a year, taking other recreational fishermen into the gulf. I do the same thing charter boats do, and I've done it for the last 25 years of my life. It's my career! So where do I fall in the sector separation? If it's split am I going to get my fair share of fish to catch. The real problem I have is that they are not your fish to give me. Charter boats don't have a right to make a living off of a public resource anymore than the commercial fleet does! That's a different discussion, I am completely against separating for hire vessels from other rec. anglers because all they do is provide access for other rec. anglers, and like me make a living doing it. Thank you, Capt. Jeff	Destin, fl 32541	Private Recreational Angler
8/7/2012 17:04:40	Dale E. Beene	dbeene002@comcast.net	Vote "no" to sector separation.	LaPorte, Texas, 77571	Private Recreational Angler
8/7/2012 17:05:47	Kenneth Stevens	kajuntexan@yahoo.com	As a citizen of the this great United States of America, land owner, tax payer, boat owner and recreational sportsman, I am opposed to providing benefits of our natural resources for profit versus allowing other to use the same natural resources. Not sure why the Gulf of Mexico Fishery Management Council is trying to provide something to a special group with return or revenue. Please do not allow this decision to take place now or anytime in the future. The impact on the recreational sportsman will impact the economy greater than the few charter boats operating in the Gulf of Mexico fishery. Recreational sportsman spend more funds than charter boats on fuel, bait, tackle, boats, licenses, gear, electronics, etc. This industry will go away if we make separation of this nature. For the good of our country and use of our natural resources, say no. Ken Stevens	Nederland, Texas 77627	Private Recreational Angler
8/7/2012 17:07:56	Mary Oneal	Sunshinerowdy@yahoo.com	It is tough enough fishing as it is. Please leave us alone. Do not allow the separation .	Cat spring,tx 78933	Private Recreational Angler
8/7/2012 17:09:08	Robert Moseley	robert.moseley40@yahoo.com	Please no to this separation of the Gulf. The only people this will hurt is us private Anglers!	houston, TX 77062	Private Recreational Angler
8/7/2012 17:10:37	Johnny Perez	Perez_johnny@bellsouth.net	I would like for the council to remember the economic impact of recreational fishermen on the Gulf Coast and do all to preserve their fishing rights.	Thibodaux, LA, 70301	Private Recreational Angler
8/7/2012 17:11:02	Roxane P. Curtin	rpcurtin56@hotmail.com	Reject this proposal to divide. What more can I say. Like everything else those who have get more and more and those who have not get everything taken away. Fishing is more than a sport for those making a "BUCK". I am disabled and fish for therapy. Seems to me that with all the damage boats and boaters are doing to destroy the sea grass and breeding areas this would be a "no brainer" to NOT take the fishing from those of us who dont own a boat but take something away from those who are diligently trying to destroy fishing areas. BUT, hey money talks and kick backs to law makers is the 2nd oldest way to make a living!!!!	78412	Private Recreational Angler
8/7/2012 17:11:55	Capt. Anthony Buquoi	Abuquoi@eatel.net	This is a really bad idea. It is not right for the fisherman of the gulf. That is not what the gulf is for. Do it by limits and quota. Not this way. Thanks Captain Anthony Buquoi Spot On Fishing Adventures 225-806-8808	Gonzales la 70737	Private Recreational Angler, Charter/Headboat For-Hire

8/7/2012 17:27:16	Gary Kramer	garyk409@sbcglobal.net	I am opposed to Sector Separation or any action that has the potential to furthur restrict the catch by recreational anglers. Here on the northern Gulf of Mexico coast, it is very difficult to catch the weather safe enough for our boats to get out more than a hand full of days during the short season and then for a restricted catch. It is obvious that sector separation has the potential to shut us out entirely.	Crystal Beach, Texas, 77650	Private Recreational Angler
8/7/2012 17:27:35	Lindsay Kersker	linker1@charter.net	Reject this unfair imposition on my liberty. Vote NO on sector separation. I just wanna fish!!! Thanks, LK	Mandeville	Private Recreational Angler
8/7/2012 17:27:45	Dewayne Allen Pack	Dpacman@ymail.com	I don't think it is fare to me and all other anglers of present day or our future anglers for you to allow a select few business owners to use the same fish that we are able to fish for to pad their pockets. I work hard and pay my taxes, boat registration, boat insurance, fishing license, by bait and tackle from local shops, by plenty of fuel, and oil to go and enjoy the same waters that they do. If they are allowed to set limits on the amount of fish taken and when then it WILL NOT BE LONG BEFORE THE \$\$\$\$\$\$ overrides the habitate and fish productivity. PLEASE DON'T LET THIS HAPPEN IF FOR NO OTHER REASON THAN WE WORK HARD TO ENJOY OUR HOBBIES ANDBECAUSE WE AMERICANS ARE TAKING ENOUGH CRAP FROM THE GOVERNMENT	Gonzales, La 70737	Private Recreational Angler
8/7/2012 17:27:57	Ann Cantu	Jacan202@yahoo.Von	Please reject sector separation.	Sugar Land, TX 77479	
8/7/2012 17:27:58	Keith Peoples	keithpeoples@comcast.net	Reject separation.	Katy, TX, 77450	Private Recreational Angler
8/7/2012 17:29:33	Richard Armstrong	2arms@verizon.net	I am contacting you to urge you flatly reject sector separation.	Coppell, TX 75019	Private Recreational Angler
8/7/2012 17:29:59	Dean Sutherland	deansuther@aol.com	Even though I have engaged in more chartered fishing trips than fishing trips using my personal boat during the last few years, I oppose the concept of dividing the permissible catch between charter boats operators and private recreational anglers. The amount of money paid by private recreational anglers in the pursuit of the legitimate catch greatly outweighs the amount of money paid by charter boat operators. There appears to be no legitimate reasons to support the sector separation. Thank you for considering my opposition to this bad idea.	New Orleans, LA 70131	Private Recreational Angler
8/7/2012 17:30:00	Edward D. Lett	Ed_lett@yahoo.com	Dean A. Sutherland Please do not allow this new measure to pass. There is no benefit but to the charter companies. The individual recreation fisherman investment is just as great and there impact on the fisheries much less. Please consider this when you make your decision for it will impact generations to come.	San Antonio, tx 78260	Private Recreational Angler, Charter/Headboat For-Hire
8/7/2012 17:30:26	ryan mossman	ryanmossman@hotmail.com	I am strongly against sector seperation between boat owners and charters. Please do not enact this at your New Orleans meeting.	houston, tx 77046	Private Recreational Angler

8/7/2012 17:31:11	k. c. mccollough	kcmccollough@comcast.net	DON'T DO THIS!!!!!!!!!!	brandon,ms 39047	Private Recreational Angler
8/7/2012 17:31:35	Mike Burks	mrburkspeed@peoplepc.com	I don't like the sector separation proposal at all. Pretty soon, recreational anglers will be completely shut out since the commercials will get all the allowable. All anglers should have an equal chance. If the commercials choose to make a living by fishing, then they should take their chances just like we all have to do in life. The recreational anglers do not make a dent in the game fish population anyway. Of the bycatch, juvenile game species killed etc. nearly all are killed by the commercials and nets.	Magnolia, Tx 77354	Private Recreational Angler
8/7/2012 17:32:04	Matthew Laverdiere	intodna@yahoo.com	Reject this please...!! I pay taxes, this is my country, those fish belong to all of us. The fish are not there for the sole purpose of men to make money. They are there for mankind to enjoy, manage and share. If the fisheries need rest then we all abstain as needed. The ocean is not a prostitute to be used up until its dead. Its a beautiful entity that deserves our respect.	bayou vista, tx, 77563	Private Recreational Angler
8/7/2012 17:33:44	Rodolfo C. Valenciano	rvalenci21@gmail.com	I have had enough with the government telling what I can do and not do in everything. My only pastime is fishing. Leave it alone.	Baton Rouge, La. 70817	Private Recreational Angler
8/7/2012 17:40:19	Jason Westbrook	jwestbro123@yahoo.com	Just say "NO"!!!!	Fulton, Texas 78358	Private Recreational Angler
8/7/2012 17:40:26	Terry A. Gray	dirtdeviltx@aol.com	Please do not consider section separation for fish management. This would hurt the common recreational fisherman and limit their ability to fish gulf waters. We don't fish everyday and when we can find time, it would be only fair to us to be able to fish and not have our abilities taken away by the guides and commercial fishermen.	Bayside, TX 78340	Private Recreational Angler
8/7/2012 17:40:44	christopher abernethy	cabernet050@gmail.com	Sector separation is a bad idea, please vote against it	galveston,Tx 77554	Private Recreational Angler
8/7/2012 17:41:20	Mike Reynolds	Mike.reynolds@ringpower.com	Vote no on this crazy idea. Why change to give an advantage to some? We vote no !!! Who owns a charter service on this council ? Who's the friend of the charter service on this council???	Orlando,fl. 32708	Private Recreational Angler
8/7/2012 17:41:34	Malcolm D Brown	malbrown@mac.com	The private Recreational angler has given up so much to allow our fisheries to come back. Do not punish us with this type of amendment.	Saint Petersburg, FL 33711	Private Recreational Angler
8/7/2012 17:45:12	Trey Hadley	treyhadley105@yahoo.com	I feel this is a bad idea, and gives no good cause for fisheries management.	College Station, TX 77845	Private Recreational Angler
8/7/2012 17:45:23	Michael Buffington	buffin2 @ Verizon.net	The separation is unfair. If we are going to protect our fisheries, everyone needs to share the responsibility. There shouldn't be any favorites.	Valrico, FL. 33594	Private Recreational Angler
8/7/2012 17:45:26	Roger Smith	Bingoroger@aol.com	I am against sector separation. Gulf coast fish are equal opportunity fish.	Metairie La 70001	Private Recreational Angler
8/7/2012 17:45:54	Matthew Garner	3G@hughes.net	I think it's a wonderful idea and we need sector separation. The charter boat guys are just trying to make a living and will allow the recreational fisherman to charter out a boat and fish year around for snapper. Thanks for your time.	Marquez,tx,77865	Private Recreational Angler
8/7/2012 17:46:30	Michael Alan Whitley Jr	mike.whitley@pescador3.com	I fully support the sector separation and RFA 39. The for-hire industry takes out recreational anglers every day that have the right to catch fish, just as much as the next person, but do not have their own vessel to do it. The for-hire industry is not asking for anything that is not historical to what has been happening for many years. Since we are willing to provide better feedback on our catches, it will provide better data tracking of what is specifically being caught. And therefore would lead to better management of the resources. Contrary to what many are saying on the recreational side, we are not taking anything away from the recreational anglers that we haven't historically had.	Shalimar, FL 32579	Private Recreational Angler, Charter/Headboat For-Hire, Commercial Fisher

8/7/2012 18:00:42	Rickey Johnson	Rgjbass@comcast.net	Reject the separation	Houston tx 77073	Private Recreational Angler
8/7/2012 18:01:33	Joshua Adams	jba7@students.uwf.edu	Although sector separation will allow for better management of reef fishes in the recreational sector, Amendment 39 will further take away a natural resource for the profit of a few at the expense of many private citizens. Simply taking the recreational sector and subdividing it into for-hire and private vessels is a lazy way to solve the problem of inaccurate, incomplete, or imprecise landings data. A complete overhaul of both recreational AND commercial quotas for reef fish species such as gag, red snapper, and greater amberjack that are referred to in Amendment 39 would be better suited to address overfishing given the current explosion in private anglers. If Amendment 39 does pass, the averages used in tables 7 and 8 does not accurately reflect the most recent landings data (2011) which continues to show an upward trend in private fishing.	Pensacola, FL, 32506	Private Recreational Angler
8/7/2012 18:02:15	William Holland	billholland@bellsouth.net	What are you people thinking???????	Brandon, Ms, 39047	Private Recreational Angler
8/7/2012 18:03:47	Robert Spikes Jr.	rhs84@yahoo.com	Please do not forget the fishermen that have worked hard to purchase and maintain an offshore boat. We have worked to become a part of an elite group of anglers and should not be penalized for such.	Jennings, La. 70546	Private Recreational Angler
8/7/2012 18:04:29	Lynne A. Farlow	lafarlow@satx.rr.com	Sector separation as a method for managing our fisheries is an ill-conceived plan that punishes private boat owners. Reallocation of catch limits from those who own/operate their own boats to the charter fleet is nothing more than re-shuffling the deck chairs. There is no net benefit to the fish population, just a reallocation of the catch to those who are "more deserving"??? How does that work? We own a boat, skipper/crew the boat, pay for the gas, maintenance, bait, storage, etc. and am rewarded by having the catch even further limited? A long time ago, my husband and I stopped figuring the price per pound for red snapper because we enjoy fishing - sector separation only increases the price per pound and will be another dis-incentive for private boat owners.	Boerne, Texas 78015	Private Recreational Angler
8/7/2012 18:04:32	Kathleen Bowen	kpbowen@charter.net	I strongly oppose the Gulf Council proposal to segregate recreational anglers by criteria based on boat ownership: private versus charter/for hire. This will have negative consequences on our economy and marine ecosystem. Respectfully, Kathleen P. Bowen, MD, MBA	Birmingham, AL 35243	Private Recreational Angler
8/7/2012 18:05:58	Jaames C Sherman	bigwoody7@gmail.com	As a Council, you have mismanaged the fishery of the Texas coast, trying instead, to apply Florida fisheries to a totally different region. The Fishery that is the GOM is diverse, and does not orbit around the Head Boat, and Charter Boat fleet in Florida. Some of the dumbest people I know, are smart people, and your Biology reports, and subsequent directives by the Overlord of darkness, Mr. Crabtree, proves it beyond a doubt. Total incompetence by a government employee, that is bought and paid for by commercial interest. Pathetic is a mild term I would describe the science forwarded by the Gulf Council. Pick up your Government paycheck, and the one you receive from commercial interest, and continue to screw the rec angler, who provides the real money to coastal communities. An epic failure by a government bureaucracy, and it's untouchable employees. Total Failure, and a lack of any responsibility demanded by the private sector, that writes your checks. Incompetence, and personal failure as government employees, to put it mildly.	Waller, TX 77484	Private Recreational Angler
8/7/2012 18:06:36	Donald Obenhaus	dobenhaus304@hotmail.com	Quit screwing with my fishing rights. You obviously don't fish in the area you are "responsible for" which leads to the question, who are you representing? It can not be me, so the answer is yourself which means that everyone else will suffer needlessly. I guess you will just keep answering to the big pocketbook lobbyists.	Aransas Pass, Tx 78336	Private Recreational Angler

8/7/2012 18:40:16	John Gleeson	floridagleesons@yahoo.com	<p>To the Gulf Council Members,</p> <p>I understand that an item is coming before the council that could divide the gulf bottom fish catch between recreational and charter fishing vessels. This is a bad idea. While I live (and fish) here in Florida I just returned from a trip to Alaska where a similar initiative on catch shares have significantly impacted the charter boats that target halibut.</p> <p>I happened to visit Homer Alaska where the limits on charter fishing is 2 fish per angler (any size). Most of Alaska is limited to 1 relatively small fish. That rule is driving business and livelihood from many charter boats. No such restriction is placed on recreational angling. This crazy rule is not based on conservation... but clearly picks on the least organized segment of the Alaska fishing business..</p> <p>Like Alaska, certain fish stocks here in Florida are under pressure. The best way to allow for a recovery is an across the board restriction on taking that species. Let's use seasonal closures or trigger a closure based on takings... not by arbitrarily picking on user groups that are not well organized (charter boats and recreational anglers). The closed season on snook is an excellent example of an equitable management tool.</p> <p>Let's use science to shape our fisheries policy.</p> <p>Best Regards, John Gleeson</p>	Boca Raton	Private Recreational Angler
8/7/2012 18:41:01	Leonard Brautigam	leonard.brautigam@gmail.com	Please don't divide the recreational catch limit between recreational fisherman and charter/headboat for hire. This is very unfair to the recreational fisherman and does not do anything to conserve the overall catch limit. Actually, charter/headboat for hire should be moved to commerical fisherman. Thanks for reading and considering my concerns.	Cypress, Tx. 77429	Private Recreational Angler
8/7/2012 18:41:23	ronny d. stegall	rdstegall8@gmail.com	recreational angler and friends that believe in conservation and only keep what is needed. like it this way and want to keep it this way.	houston, tx. 77015-3129	Private Recreational Angler

8/7/2012 18:56:04	kent wayne vaughan	kvaughan@securecommercesy	The federal government has gotten way out of hand regarding the limits and allocations of the red snapper fisheries. The snapper are a resource that belongs to everybody and should not be allocated to a special interest groups (charters and commercial) while everybody else suffers as a result. This is a Nothing more than a Money Grab, plain and simple. Why should special consideration be given to those who charter or commercial fish. The money the private fisherman put back into the economy is more than the charter and commercials do. This is a Resource that belongs to everybody, Treat is as Such. Sincerely, Kent Vaughan	dickinson, texas, 77539	Private Recreational Angler

8/7/2012 19:10:53	Steve Beauchamp	john.beauchamp@gpc.edu	I submitted comments on this issue a couple of weeks ago, but I have yet to see them posted. So I'm not sure what good this will do. But just in case, I'll say again that sector separation constitutes a takeover of a major portion of a public resource for the purpose of giving it to a small group of charter boat operators who apparently have influence over the council. As many other groups have shown, recreational fishermen provide the bulk of economic support for the Gulf fishing industry. Any arbitrary limits set on recreational fishing for the sake of a small number of commercial operations will ultimately damage the Gulf fishing industry. Also, it will not serve conservation in any way. The council has no research and no data to support such a radical change and has made no commitment on what percentages might be used. All of that apparently they plan to determine after they have already voted on this change. I hope that Gulf residents will make their voices heard on this issue. If they do not, they might very well find themselves with limited access to a public resource that they pay to support and conserve.	Port Charlotte, FL 33953	Private Recreational Angler
8/7/2012 19:11:26	John Allen	jallen21750@att.net	Reject Sector Segregation!!!!	hockley, tx 77447	Private Recreational Angler
8/7/2012 19:12:01	John C. Dasch	jdasch2002@yahoo.com	I oppose the "Separation" initiative. The issue should be an economic/environmental one. The net effect would not be any change in environmental protections, but would have a negative effect economically. The private boat owners add many more dollars to the economy than commercial fishermen. The new regulation would, in effect, reduce the private interest in spot fishing while allowing the commercial fishermen to "sell" certain numbers/species of fish, instead of just providing a fishing "service". Please defeat the Separation Initiative.	Sugar Land, TX 77479	Private Recreational Angler
8/7/2012 19:12:11	Randy Underwood	randyu55@sbcglobal.net	Private Recreational Anglers contribute much more money and volunteer efforts to maintain and improve the fisheries. I have volunteered at numerous clean the beaches, remove crab traps, and raffles to support the fisheries and I have never seen a commercial fisherman or charterboat owner at a single one. Reward the ones that contribute.	Bellaire, Tx 77401	Private Recreational Angler
8/7/2012 19:14:50	Curtis Muzyka	cmuzyka@houwire.com	Dividing the recreational anglers in to two sectors is a bad idea! Please reject separation.	Houston, TX 77065	Private Recreational Angler
8/7/2012 19:15:25	Randall Sharp	randysharp@gmail.com	Please do NOT split the recreational quota between charter & private boats! As a private boat owner with limited time to fish there is already no justification to owning a boat because of so few days when taking of Gulf fish is legal. By splitting the quota and giving the private boater fewer opportunities to fish you will: 1. reduce the slim justification for owning a Gulf fishing boat, thus destroy what's left of that boating segment. 2. Deny childred the opportunity to learn fishing/boating/navigation skills from their parents.	Gulf Breeze, FL 32563	Private Recreational Angler
8/7/2012 19:18:30	Patrick B. Piper	ppiper2@att.net	Thanks,		
8/7/2012 19:18:30	Patrick B. Piper	ppiper2@att.net	I enjoy recreational fishing in the gulf and bays around the Texas gulf coast. I cannot even fathom why anyone would place any kind of separation or restrictions on the freedom we all have to enjoy the waters along the coast. Reef fish amendment number 39- Sector separation sounds too much like destroying my freedom to fish where and when I so desire. Please do not approve such bad policy. I cannot even imagine why anyone, other than those who do not fish, would come up with such a ridiculous proposal. Leave our fishing rights and freedoms alone.	Friendswood, TX 77546	Private Recreational Angler

8/7/2012 19:32:11	Micheal Ziegler	zshark01@hotmail.com	Sector separation is a bad idea, plain and simple. Don't give away my fishing harvest rights!	Destin, FL 32541	Private Recreational Angler
8/7/2012 19:32:53	Buddy Burks	bburks62@yahoo.com	Sector separation is unfair to private recreational anglers. Poorly managed Red Snapper fisheries is already a joke. Splitting the sectors will put private anglers on the water...	Lake Charles LA 70605	Private Recreational Angler
8/7/2012 19:33:08	James Svoboda	jamesds1@swbell.net	I oppose the idea of sector separation. I would at least expect some sort of a option to vote against this and not see it just put into place.	San Antonio,Tx, 78213	Private Recreational Angler
8/7/2012 19:34:41	Hayden Gaspard	haydengaspard@gmail.com	This is insane. It's absolutely absurd. It's downright unconstitutional. Every other facet of American life is being corrupted more and more by the year; don't let this one go to those who don't need it. Reject separation of commercial charter fishermen and private recreational fisherman. To accept this ridiculous deal is to lose my support and my vote forever.	Lake Jackson, TX, 77566	Private Recreational Angler
8/7/2012 19:35:15	Rickie Lynn Neyhard	rickneyhard@yahoo.com	Reject separation of those who own their own boats and those who own charter and for-hire boats.This separation would be taking away of the rights of the recreational fishermen and giving to a select number of guides who think they own the public waters already.	Brenham, TX. 77833	Private Recreational Angler
8/7/2012 19:36:33	Gerald N. Weyant	gweyant@comcast.net	The Council would then take some portion of the fish now given to all recreational anglers and literally give it away to a select few businesses operating those charter and for-hire boats to use as their own, however and whenever they wish. And what would those businesses pay for this windfall? Nothing. What are the tangible conservation benefits of this course of action? Nothing. The manner in which proponents and NOAA Fisheries staff have attempted to force through sector separation without the basis of real information on impacts that could affect our Gulf fishing for generations has drawn the opposition of the Congressional Sportsmen's Caucus. The CSC, with more than 300 members in the U.S. Congress, promotes and protects the rights of anglers and hunters and is one of many groups opposing this issue on behalf of Gulf Coast anglers Sector separation is a bad idea, plain and simple. I am against this proposal boats for hire take many more fish than recreational fisherman!. I would like to see more habitat and places close to shore and in bays to fish.	League City, TX 77573	Private Recreational Angler
8/7/2012 19:36:49	Shelley Britton	shellrbritt@gmail.com	Totally idiotic idea. Who comes of with these ridiculous ideas?	77027	Private Recreational Angler
8/7/2012 19:37:05	Tom Jones	thomasj9@bellsouth.net	Please reject the concept of two sectors for the Gulf. It is an unfair concept.	70791	Private Recreational Angler
8/7/2012 19:39:50	Keith Dickerson	kadps@yahoo.com	No sectors separation. Commercialization and the regulation of the right to fish the gulf is the ultimate act of governmental control.		Private Recreational Angler
8/7/2012 19:40:02	Brent Evans	Brent_evans86@yahoo.com	There is no need to hold back anglers from enjoying their recreational activities to provide for a for hire service. This appears to be nothing but a way to drum up money for the buddies of those in power and a play to bring in more revenue to the government through increased taxes on the guide services which will be welcomed by the guides as a strict limit on recreation will produce more customers. Why should guides who generally catch far more fish have an advantage? I enjoy the water and fishing and am against separating the guide service and individual private anglers into different groups - the government should have far more important issues to deal with than worrying about my trout intake; but I guess those other issues aren't as easily handled or drum up easy revenue.	77494	Private Recreational Angler

8/7/2012 19:49:20	Elizabeth Anderson	lizandberry@verizon.net	To Whom It May Concern, I am writing to voice my concern about Sector Separation. Why would a group that contributes so little to the 'economy' of the Gulf be given a windfall like this proposal? Recreational anglers contribute many tmes more than guides. I realize the guide industry is suffering the economic tides right now, so is the entire nation from the waitresses to the small business owners. I am a small business owner and an avid angler. Are you going to take away from me to give to someone else? BTW, many/most guides are flying under the IRS radar and we know they are not contributing their fair share of their income from their guide services. You know it is true. Is this Obama economics? Those who don't contribute get distributions from those that do? I have really had enough of that and NOW you want to mess with my fishing? Sector Separation is a bad idea. Period. It is unfair and those promoting it and selling off 'our' resources will be exposed. Liz Anderson	Huffman, Texas 77336	
8/7/2012 19:50:40	walter coleman todd ii	tfencing@yahoo.com	natural resources like fish and birds and wildlife belong to all people. we as recreational fishermen and hunters spend millions of dollars annuallynto help keep these sports alive for future generations can you expect the same attitudes and monies to com from commercial and charter fishermen and outfitters, i am in favor of protecting the rights of individuals and am strongly against putting more of our natural resources in the hands of people to make money off of them My wife and I oppose Reef Fish Amendment 39 - Sector Separation.	needville texas 77461	Private Recreational Angler
8/7/2012 19:51:57	Mike McMurray	michaelamcmurray@gmail.com	Sector Separation is bad for the gulf fishery and for tourism. Bait-tackle shops, marinas, hotels, cafes, boat dealers, and service stations will lose business when recreational fishing is marginalized. We spend 15 days per year fishing the gulf at a minimum. We invest \$400 per day for fishing tackle, bait, fuel, meals, and motels while fishing on the Gulf of Mexico each and every year.	Arlington, TX 76001	Private Recreational Angler

8/7/2012 20:31:21	Juan T. Perrett	Jtperrett@hotmail.com	For years now recreational fishermen have taken the brunt of an all out assault on the harvest of our marine resources. My frustrations on this battery on my fellow outdoorsmen has come to a head and I feel we need to speak out on these attacks. The ideas that recreational fishermen cause such degradation of the marine life in question in my opinion as well as witnessing the senseless loss of many species of marine fish at the hands of commercial fishermen has to be set straight. The recreational fishermen's sense of conservation has flourished in organizations especially here in Texas have led the way to establishing sustainable practices to support species of fish deemed to be in danger of overfishing. Through scientific research not only isolated to certain regions can be a true representation can real solutions be administered to aid the marine life to rebound to prior levels. These instances of as I call "fish kills" are seen by your regulatory commission as bycatch, and who takes the blame for these juvenile fish raped of the ecosystem....recreational fishermen. The recreational fishermen are now being threatened by having their minuscule quota being handed out to operations that in comparason pale in contrast to the amount of economic stimulus injected to local businesses by private fishermen. It appears that the stewards of our marine resources are slowly being strangled by the very commission designed to support and provide protection for our resources. So I beg for your commission of educated and concerned commission to refrain from reducing the recreational fishermans ability to enjoy this natural resource.	South Houston, Texas, 77587	Private Recreational Angler

8/8/2012 1:18:00	David A. Williams	d12161950@yahoo.com	I am totally against dividing saltwater fisherman into private and charter/ headboat groups. CCA (formerly GCCA) was initially successful in declaring speckled trout and redfish to be game fish and off limits to commercial fishermen. Back then there were only a handful of saltwater guides. Now there are at least 50 guides in the Galveston area alone and 30 or more in each of the other coastal regions. I see the same effect on fishing that the commercial fisherman caused years ago. These guides are on the fish every day, keeping full limits for each of their clients. They know where the fish are and hammer them every day. My opinion is that professional guides should be banned from retaining any speckled trout or redfish at all. The guides are causing the same decline in fish populations that commercial fisherman caused years ago. They are just commercial fisherman wearing a different hat.	Spring, Tx. 77379	Private Recreational Angler

8/8/2012 2:11:36	Tom Adams	4tomadams@gmail.com	<p>RECREATIONAL FISHING ALLIANCE PO Box 3080 New Gretna, NJ 08224 888 JOINRFA, www.joinrfa.org August 2, 2012 Gulf of Mexico Fishery Management Council 2203 North Lois Avenue, Suite 1100 Tampa, Florida 33607</p> <p>RE: Comments on Scoping Document for Amendment 39 to the Fishery Management Plan for the Reef Fish Resources of the Gulf of Mexico</p> <p>Dear Chairman Gill:</p> <p>Please accept the following comments from the Recreational Fishing Alliance (RFA)1 in regard to the scoping document for Amendment 39 to the fishery management plan (FMP) for the reef fish resources of the Gulf of Mexico. In general, RFA is opposed to the use of sector separation when applied to specific modes of the recreational sector. In its simplest description, such a system would take fish away from individual anglers and then re-distribute these fish to a limited number of permit holders who in turn sell them back to private anglers. The application of this management concept fractures the recreational fishing community and pits the 'haves' against the 'have-nots'.</p> <p>RFA points out that the idea of sector separation between different modes within the recreational fishery is extremely unpopular. The concept was discussed in Amendment 32 and the Generic Annual Catch Limit/Accountability Amendment as far back as 2009 but was subsequently removed from those documents due to overwhelming public comments in opposition. Non-governmental environmental organizations based out of Washington DC, Philadelphia and New York City and with absolutely no stake in the long term health of the fishing industry have been paying members of the Gulf fishing community to advocate for their agenda of advancing catch shares and sector separation. By implementing these measures, their intent is to reduce the overall number of people fishing and mold the remaining participants into their "model" fishermen who display a specific demographic and attitude towards fishing. This influx of environmental organization money into the Gulf region is the primary reason that the concept of tearing apart the recreational sector through sector separation is back on the table. RFA, as all fishermen should be, is troubled by this influx of money that aims to manipulate the public record.</p> <p>Specific to the Scoping Document, in the purpose and needs section, RFA disagrees with the tone and context of the entire section. The section explains that it is the intention of the Amendment to improve the management of the recreational sector by reducing scientific and management uncertainty associated with the current data collection efforts. The section implies that since the data collection system used in the private angler sector remains poor, that fish should be taken away from this sector and allocated to the for-hire and head boat considering that data collection in those sectors is better. RFA is disgusted by this notion considering the flawed and inaccurate data collection system which drives up uncertainty in the private angler sector is the sole</p> <p>1 The Recreational Fishing Alliance (RFA) is a national, grassroots political action organization representing individual recreational fishermen and the recreational fishing industry. The RFA Mission is to safeguard the rights of saltwater anglers, protect marine, boat and tackle industry jobs and ensure the long-term sustainability of U.S. saltwater fisheries. RFA members include individual anglers, boat builders, fishing tackle manufacturers, party and charter boat businesses, bait and tackle retailers, marinas, and other businesses in fishing communities</p> <p>RECREATIONAL FISHING ALLIANCE PO Box 3080 New Gretna, NJ 08224 888 JOINRFA, www.joinrfa.org</p> <p>responsibility of the National Marine Fisheries Service. The solution is not taking fishing away from individual anglers and giving them to federal for-hire permit holders but to improve the data collection system. Recreational anglers are already disadvantaged by National Marine Fisheries Services (NMFS) failures through the</p>	PORT ST JOE,fl 32456	Private Recreational Angler, Charter/Headboat For-Hire, Other

8/8/2012 2:11:36	Tom Adams	4tomadams@gmail.com	<p>application of annual catch limits and accountability measures which deduct available fish in response to uncertainty resultant of inaccurate data collection systems. RFA will not stand by as recreational anglers are punished for NMFS' failures.</p> <p>It is difficult to find examples with positive outcomes where the federal government intercedes and attempts to manipulate competitive, consumer driven markets. RFA believes the road to a healthy and vibrant for-hire/head boat fishery in the Gulf of Mexico that is able to keep pace with rebuilding progress of reef fish must include steps to restore open access. These steps should also include assurances that those involved in the fishery are committed to the long-term health of the for-hire/headboat industry on behalf of a united recreational fishing community.</p> <p>In conclusion, sector separation within the recreational reef fish fishery in the Gulf of Mexico is bad public policy. The RFA urges the members of the Gulf Council to listen carefully to the grassroots members of the for-hire/headboat sectors and individual anglers whose collective voice is fiercely opposed to recreational sector separation. RFA also cautions council members of those advocating in favor of recreational sector separation and suggests following the money trail which will no doubt lead back to environmental organizations based outside of the Gulf region who are promoting the use of catch shares and sector separation as a means to carry out their agenda of reducing the number of fishermen on the water.</p> <p>RFA opposes this divisionary scheme and would ask each Gulf Council member consider the ramifications of their vote on the future generations of fishermen and vote against this policy designed to cap fishing participation through the trade and reallocation of a public resource.</p> <p>Thank you for your consideration.</p> <p>Sincerely, Jim Donofrio Capt. Tom Adams RFA Executive Director RFA Forgotten Coast Chair</p>	PORT ST JOE,fl 32456	Private Recreational Angler, Charter/Headboat For-Hire, Other

8/8/2012 4:58:23	Marshall L. Miles	handmadecowboyboots@yahoo.com	Please do not allow the dividing of these fish. All paying customers on charter boats must have a valid fishing license and should be subject to the game laws of the state that they are fishing in. Please do not divide OUR natural resources up to allow profit for someone else. They have been doing great business before this idea came about. Thank you. Marshall Miles	Salado, TX, 76571	Private Recreational Angler
8/8/2012 4:58:27	Craig E. Nini	ninic@bellsouth.net	Do not want fishing reg change between private and charter fishing.	Berwick la 70342	Private Recreational Angler
8/8/2012 5:02:13	Jerry Hammers	jleon2@yahoo.com	I would like to voice my opposition to the separation of the recreational angler into for hire and private sub-classifications. Current regulations mandated by the Gulf Fisheries Council already heavily favor the commercial sector and any further dissolution of the recreational component would in effect lay the ground work for the eventual exclusion of individuals fishing in the Gulf of Mexico aboard their own privately held craft. Give the fisheries of the Gulf of Mexico back to the angling sector that cares most about conservation of these resources. Jerry L. Hammers	Orange, TX 77630	Private Recreational Angler
8/8/2012 5:03:19	William Claude Morton	wcmkingoling@verizon.net	I am a registered voter and I am against giving commercial (ie: charter) fishermen more fishing privileges than private fishermen.	San Leon , Tx. 77539	Private Recreational Angler
8/8/2012 5:03:40	Terry Lynn Nunn	terry_nunn@eogresources.com	The idea of taking fishing limits away from private anglers sounds like some oone is going overboard to me, maybe you just need to stop and think where most of the money comes from to run run most of your programs and I believe you will fing the biggest percent will come from fishing liences that we the private recreational angler pays out every year.	Corpus Christi Texas 78418	Private Recreational Angler
8/8/2012 5:04:12	Michael Duetting	mduetting@yahoo.com	I believe that the idea of separating recreational fishing based on using your own boat or hiring a boat is a very bad idea! From the public's standpoint, there is absolutely no benefit from this type of plan and several major negatives. This plan should be scrapped!	Bonita Springs, FL 34135	Private Recreational Angler
8/8/2012 5:04:16	nicholas s. aradi	aradiphd@comcast.net	I am against the sector separation amendment. It is unfair, unreasonable, and designed to benefit a select few, not the majority.	jupiter, FL 33458	Private Recreational Angler
8/8/2012 5:06:04	hugh corban	hccorban@dow.com	I'm against sector separation	greenwell springs, la 70739	Private Recreational Angler
8/8/2012 5:07:06	William J. Hobson	bill.hobson@gmail.com	I am against splitting catch share between private anglers and commercial boats that take anglers offshore. There is no tangible benefit to conservation from this plan. It appears that it is done solely to split those two concerns to dilute their voices. Please reconsider this ill-advised plan.	Bryan, Texas, 77802	Private Recreational Angler
8/8/2012 5:07:31	sterling harrison	bowedup2003@yahoo.com	Do not separate areas. The waters should be open to all fishermen at the same times. I do support closer of areas to allow for spawning and conservation. When they are closed they should be closed to everyone and when open it should be the same in turn.	conroe tx 77385	Charter/Headboat For-Hire
8/8/2012 5:07:53	Matthew Hufft	Mrhufft@yahoo.com	If you are going to give fish to businesses, it should at the very least come from the commercial sector. To penalize the hard working people that di this for fun who already a severely limited access Is ridiculous, especially to give it to people out to turn a profit who are forced to fish more and catch more to pay the bills. It seems so obviously that this is a terrible idea and makes the normal fisherman wonder how much money it took for the council to suggest such a dumb idea.	77484	Private Recreational Angler

8/8/2012 5:22:40	Larry G. Parker	accer1941@msn.com	Why is seperation of sector for Private and charter a good idea. Please justify . We have been sport fishing in the Gulf of Mexico for 25 years. It is a passion in our lives. We have watched the commercial or charter fishermen disregard bags limits, size limits, closed seasons etc for years. They dump bags of garbage into the Gulf and I watch their bilge pumps puke oil into the water. Now you want to take away from the same amount of fish that we can legally keep and give the extra to these despoilers. Unacceptable! We support the local Gulf coast community 6-7 months a year buying groceries, shopping at local store and eating at local restaurants. I believe any such ruling would do more damage to the Gulf coast communities than good. Please reconsider your position	Pasadena, Tx 77502	Private Recreational Angler

8/8/2012 5:33:50	James T Black	retblack@yahoo.com	Stop this Sector Separation "Maddness". The Charter/Headboat is not a sector of recreational fishermen!!! You will just be eliminating more recreational fishing than you can imagine. The senior citizens that cannot afford to "Hire" will not be fishing. The younger recreational fisherpeople will not be "Taken" by mom and Dad or Grandparents due to rising costs as it will surely go up if there is a slice of the pie goes to the guides. If there is any doubt in your mind, I am against Setor Separation and think you should be also. James Black	P0rt Charlotte,FI 33981	Private Recreational Angler
8/8/2012 5:34:31	Joseph P. Westhoff	joe@westhoff.org	Please say no to Sector Separation, don't mess with private fisherman's fishing rights. I think the limits are unreasonable and that boats fishing should be allowed to keep a few fish for a meal the night they are caught. Catch and release with barb less hooks is the way to go. I hear of people boxing fish and when coast guard or game wardens are seen they ditch the dead fish. The whole idea of going out to load the boat instead of enjoying cat and mouse thrill of the strike is just such old school. If you need a freezer full of freezer burn fish go buy it from a fish farm. Take a picture and email it, let the real winner (the fish) go!	Houston, TX 77062	Private Recreational Angler

8/8/2012 5:45:59	Clinton Zavros	jr_zavros@yahoo.com	I disagree with the Amenddment 39 due to two things: First the council needs to get accurate fish counts and accurate fish haverested counts prior to seperating classes of fisherman and secondily quotas need to be adjusted for indivally areas instead of setting one quote for a species that covers the entire GOM (Example: quota for red snapper is the same for all the states in the GOM which we all know that some states have better fish stocks than other, so why punish the states with high fish stocks. I fished from SE Florida to South Texas and the northern GOM states Al, FI, MS and LA how way better fish stock than the other states). I feel that the first thing that needs to been is to divid the GOM in sections and quotas given out to each section depending on thier fish stocks for each speices.	36578	Private Recreational Angler

			<p>It is my understanding that the Gulf Council is considering dividing recreational anglers into two sectors, those with their own boats and those who own charter and for-hire boats. I have understood that the Council would then take some portion of the fish now given to all recreational anglers and literally give it away to a select few businesses operating those charter and for-hire boats to use as their own, however and whenever they wish.</p> <p>Businesses would pay nothing for this windfall. They would gain additional profit from a public resource. The public, I pay for their inventory and to give them a larger share of that inventory is not acceptable.</p> <p>The manner in which proponents and NOAA Fisheries staff have attempted to force through sector separation without the basis of real information on impacts that could affect our Gulf fishing for generations has drawn the opposition of the Congressional Sportsmen's Caucus. The CSC, with more than 300 members in the U.S. Congress, promotes and protects the rights of anglers and hunters and is one of many groups opposing this issue on behalf of Gulf Coast anglers</p> <p>Sector separation is a bad idea, plain and simple. The public needs you vote against this sector separation. Please reject separation.</p>		
8/8/2012 5:54:52	Mickey Reves	mickeyreves@yahoo.com	Thank you.	Little Elm, TX 75068	Private Recreational Angler
8/8/2012 5:55:07	Malcolm Hein	malcolmhein@hotmail.com	This will even more limit the amount of fish that private people can take, it already is so limited that its not worth spending the money to go offshore fishing. It will get to the point where more and more boaters will not make the offshore trips, then the population of fish will be so that we will be right back to the smaller fish. Our waters are governed too much as it is. If rules were made with the recreational boaters in mind instead of trying to make money off another of our natural resourses it would be better. I can bet that this bill that is wanting to be implimented someone somewhere will be putting money in their pockets. This is another one of the bad ideas that need to be stopped!!!!	Bryan, Texas 77808	Private Recreational Angler

8/8/2012 6:03:29	Martin O. Klein	mklein9095@aol.com	<p>I am opposed to sector segregation. The value and limits placed on fishing in the Gulf of Mexico should not be based too heavily on direct business concerns. Rather, the recreational value of fishing in the Gulf of Mexico is far reaching into the economy on many levels. The issues that inaccurately come to mind, when recreational fishing is brought up as a topic of discussion, seems to center on simply the number of fish and the seasons for opening fishing for select species. All of this information is based upon fish population statistics that should be further evaluated by an objective and scientifically competent party. If important decisions are being made based on inaccurate or poor data, then the decisions are equally poor and people (and businesses) suffer for that mis-guided judgement. I think it is time for those who study the fisheries in the Gulf of Mexico to re-examine the fish populations and form a new and improved method for data collection as well as a decision-making process (and logic) before placing "blind" restrictions and rules on the business and recreational sectors.</p> <p>The issue regarding sector segregation (if implemented) would have a severe backlash on businesses that are not immediately connected to the number of fish allowable to retain. More specifically, a much more complex supply chain of businesses (such as hotels, resorts, beaches, vacation activities, restaurants, real estate, and the list goes on). Moreover, the loss of incentive to recreational fisherman, equates to a "loss of use" value that could be very damaging and trigger an unknown response from those who have personally invested much of their lives (and resources) to this hobby. There are ways to calculate the loss of use of a natural resource (refer to the BP financial settlements from the oil spill).....this can also be researched in the hazardous waste industry and Natural Resource Damage Assessments (and settlements).</p> <p>In summary, please be prudent and back up to where and how the fishing population data have been collected and presented. And finally, do not under estimate the impacts that sector segregation could have on the recreational fishing industry. If anything, be more conservative with the protection of the recreational sector. It could be easily mis-understood and mis-represented by those involved in the rule-making process who do not hold the same value as the recreational fisherman.</p> <p>Thank you.</p>	Tampa, FL 33611	Private Recreational Angler
8/8/2012 6:04:18	Mason Gilfoil	masongilfoil@yahoo.com	Sector separation sounds like a capital bad idea. There is no benefit to conservation. It should be rejected.	Humble, TX, 77396	Private Recreational Angler

8/8/2012 6:11:52	Charles Cocks	ccocks_2000@yahoo.com	This is just another example of special interest groups lobbying for their benefit! The fish belong to EVERYONE, not just a special few. Charter boats are just like commercial fishermen. They profit at the cost to recreational fishermen. Please vote "NO" on separation. It stacks the deck even further against recreational boaters/fishermen who spend a lot of their personal money on the sport they love without hoping to make any profit other than a great day out and a reasonable catch. Limits on all species of recreational fish have dwindled in recent years, almost to the point of making it "not worth it" to go 20-30 mi. to catch 2 snapper over 16" in a very abbreviated season. These limits have come about because of overharvesting by commercial fishers. Don't make a bad situation even worse by giving them the right to take any more than they currently do at the expense of the recreational individual. Thank you for your understanding!!	Portland, TX 78374	Private Recreational Angler

8/8/2012 6:17:20	James dobson	Jldobson@hotmail.com	Please refrain from approving any sector separation regarding gulf fisheries the impact would reach far further than, less fishing by individuals such as myself. A typical trip consists of 300 gallons of fuel, bait, ice, food and all other supplies to which I purchase from a small community called SurfSide tx. If there were to be more decisions against our recreational fisheries I assure you these already expensive trips on my boat would be basically worthless if there were no fish to be caught legally. I would not need my boat anymore and I would also not take a charter ever as I prefer the challenge of myself vs . The fish. I cannot imagine not fishing but that would be the course of action I would follow. Thanks for hearing my voice.	Houston tx 77056	Private Recreational Angler
8/8/2012 6:17:31	John Charles Wilkinson	jackwilkinson1@msn.com	Although I do not hire out as a charter boat, I am on the water every week of the year! What group am !! I strongly object to any "separation" or other allocation of our natural resources for the exclusive, or preferred, use of commercial interests. I warn that the Council risks losing the support of the fishing community which originally gave it the momentum to exist.	Irving, TX 5062	Private Recreational Angler

8/8/2012 6:18:28	Richard Hair	Casablanca747@hotmail.com	The Ammendment is a bad idea as recreational fisherman far outweigh the commercial charter people in numbers and voting power. Richard Hair	San Antonio, Tx 78232	Private Recreational Angler
8/8/2012 6:18:30	Thomas Walker	tommyw@cawalker.net	I am against splitting the fisheries!	Houston, TX 77043	Private Recreational Angler
8/8/2012 6:18:31	blain arthurs	barthu3@yahoo.com	I am completely against sector separation.	thibodaux,LA, 70301	
8/8/2012 6:18:44	Thomas M Page, Jr.	thomasmansfieldpage@yahoo.com	I, as a citizen of the USA, reject that anyone has the authority to restrict my rights as a fisherman by separating out some portion of any marine resources for the exclusive use by commercial or any other interests!!!	Rio Medina, Texas 78066	Private Recreational Angler
8/8/2012 6:19:35	michael kalupa	kalupa@gte.net	I can see no benefit to this sector separation except for a select few. This is bad for the state of Florida, recreational fisherman and local business in general. In these hard economic times there can be no reasonable explanation for these regulations. Mike Kalupa kalupa@gte.net	tampa, fl 33629	Private Recreational Angler
8/8/2012 6:20:11	Steven Wayne Earle	swearle@cox.net	I am an avid recreational fisherman, both inshore and offshore. I spend considerable money supporting, storing and operating my small boats. Why should any part of the "recreational" catch be given to the charter businesses that run commercial fishing operations? They may not be selling the fish, but they are making money by fishing. Those are clearly commercial operations. The take limits for charter fishermen should be included in the commercial limits. As it stands now, the tight limits on recreational fishermen make it impossible to make a worthwhile offshore trip. The limits are tight and seasons are often closed. If you don't catch your targeted fish there are often no options to "save the day" by catching other species. Those trips generally cost from \$500 to \$1000, even for small boats like mine. It's becoming too costly to justify the limited catch. Please do not give any part of the recreational catch allotment to the charter operations. Their catch should be part of the commercial catch.	Metairie, LA 70002	Private Recreational Angler

8/8/2012 6:21:03	Clinton B. and Merry G. Mesker	cbmgm@sbcglobal.net	To divide the private recreational anglers from the business fisheries into sectors is the most ridiculous idea we have ever heard of. We have a place at Crystal Canals, Crystal Beach, Texas, where we will be able to saltwater fish. Not only did our taxes by Galveston County increase 97%, but now we the people have to deal with more government restriction on our freedoms. This is absolutely the last straw! If this is passed, the private sector, again, will be the ones bearing the brunt of government interference on our freedoms. The private recreational angler is the loser all the way around. The private citizens are the losers. The individual tax payers are the losers. Please reconsider this crazy idea, and give us private citizens some consideration for a change. Thank you. Clinton B. and Merry G. Mesker	Odessa, TX 79761	Private Recreational Angler
8/8/2012 6:21:14	Jose N Valdez	jvaldez@rmspecialist.info	This would be a very bad idea, as it is now head boats take and kill most of the fish. They take whatever they catch for their customers. I think it should be the other way around, watch head boats catch and limit their daily catch instead of recreational anglers.	Austin, TX 78739	Private Recreational Angler
8/8/2012 6:21:18	Richard Alexander	alexa041@gmail.com	No sector separation. Why? Just follow the dollars. They guarantee the long term success of the fishing and boating industry.	Mobile, AL 36606	Private Recreational Angler
8/8/2012 6:21:34	Laurance Wesley Campbell	wes@tticompanies.com	I understand that the Council is considering separating gulf anglers into 2 groups - one that hire charters and one that owns their own vessels. I do not understand the reasoning behind this. First of all, everyone of these anglers care about the fishery. That's probably more so with the vessel owners - they love the fisheries enough to own a boat! From an economic standpoint the vessel owning anglers contribute much more (ie, \$\$ per pound of fish harvested) than charter or head boats. As you know the marine industry has been devastated in the past 5 years. This would be a nail in the coffin for them. Please reconsider your position and think about those people who would lose their livelihood. It's certainly not easy to make it these days. .	Wetumpka, AL 36092	Private Recreational Angler
8/8/2012 6:22:52	Patrick Giesler	Patrick2108@yahoo.com	I personally feel that adopting a law that divides recreational anglers into two sectors is an extremely bad idea. Regulations have begun to tighten over the past decade, some for good reasons but more so for that bad. I can not help but feel that this action is a stronger motive for the government to tighten their grip on coastal fishing. The question I leave is where do we draw the line with how much power over [recreational fishing] do we allow our representative to take and eventually enforce their will upon us?	San Leon, Tx, 77539	Private Recreational Angler
8/8/2012 6:24:20	Greg Gilbert	gregorylgilbert@yahoo.com	Your proposed new regulations segregating fisherman and micromanaging the Gulf of Mexico fisheries is disturbing and overreaching. Proposed fish limits have been a vital tool in conservation of the resources. But your proposal to limit access merely based on my status is unacceptable and will not be tolerated in a free society. I will oppose you at every level and make sure to vote against any local, state, or federal politician that finds this measure acceptable or in any way associates himself with this proposed outrage.	Bellaire, Texas 77402	Private Recreational Angler

8/8/2012 7:10:03	Hunter Shepard	hunter.shepard@gmail.com	Recreational anglers are recreational anglers, whether they are fishing from their own vessel or a for-hire craft. Keep the limits the same for each.		Private Recreational Angler
8/8/2012 7:11:36	Capt Scott Hickman	Info@circleh.org	I fully support sector separation/separate charter for hire allocation, and the further exploration of a charter for hire business plan in the form of a pilot programs.	League city Texas 77573	Charter/Headboat For-Hire
8/8/2012 7:12:22	Anthony J. Cash III	tcash3@cox.net	I am against sector separation, please do not pass this. Instead try doing something like balancing the budget.	Jefferson, LA 70121	Private Recreational Angler
8/8/2012 7:12:25	Matthew J Zuniga	mjuniga@gmail.com	Sector Separation is a terrible idea. The Gulf Council can't even properly manage things the way they are now--splitting everything in half and effectively doubling your "management" duties is ridiculous. Captain Matthew J. Zuniga USCG License #2853800	Port Aransas	Private Recreational Angler, Charter/Headboat For-Hire
8/8/2012 7:12:48	Randal J Dunham	tigers6158@yahoo.com	Sector separation is a very bad idea. We do not need another Federal program.	Sulphur La 70663	Private Recreational Angler
8/8/2012 7:12:58	Robert W Graves	redfishrob@cableone.net	I vehemently oppose dividing up any and all recreational fishing allocations into one set for private anglers & one for charter boats. Fishing is a challenge as it is and giving one segment of anglers special treatment is not right. The ocean's bounty should be available to all on equal footing.	Aransas Pass, TX 78336	Private Recreational Angler
8/8/2012 7:13:32	joe w thornton	mopwau@dishmail.net	sector separation for fishing is a bad deal !	angleton,texas 77515	Private Recreational Angler
8/8/2012 7:14:15	Ernest R. Philippi Jr.	Philippi74@hotmail.com	PLEASE DO NO ALLOW THIS SECTOR SEPARATION FISHING TO PASS!!!!!! IT LOOKS AS IF THERE ARE NO RECREATIONAL FISHERMAN ON THE COUNCIL TO HELP THE RECREATIONAL FISHERMAN.	Hudson, FL, 34669	Private Recreational Angler
8/8/2012 7:14:18	CHARLES RODER	CHARLESRODER@GMAIL.COM	I AM NOT IN FAVOR OF SECTOR SEPARATION, PLEASE DO NOT ALLOW SUCH AMENDMENT TO TAKE PLACE.	ATHENS,TX. 75752	Private Recreational Angler
8/8/2012 7:14:25	Stanley Shenker	stanleyshenker@ymail.com	I support the CCA's position	Royal Palm Beach, FL 33411	Private Recreational Angler
8/8/2012 7:14:33	Michael David Boswell	trpaint@hotmail.com	Enough has been taken away from the private angler, it's time to take some from the commercial fishers.	San Angelo, Tx. 76904	Private Recreational Angler
8/8/2012 7:15:09	Steve Jackson	actionjaxn2@gmail.com	Please do not further decimate our fishing. Make the gag grouper, black grouper, and American red snapper sport fish only and regulate them as such. There are more than enough other species of deep water and cold water fish to satisfy the restaurants of the world. If people wish to eat the above species, they can go fishing, enjoy the sport, clean the fish, and cook and enjoy them more than they ever will in some restaurant. Do not attempt to divide and conquer recreational fishing.	Suwannee, FL 32692	Private Recreational Angler
8/8/2012 7:16:00	Greg I Keffer	dockeffer@sbcglobal.net	Sector separation is a bad idea. Present management is flawed also. Recreational snapper is so short I had time to do one trip. You assume that people will go every day that it is open. Perhaps you forget we work to pay for the boat. My snapper quota was 6 snapper this year. Hardly makes owning a 300,000 boat worthwhile. What really makes me angry is I can go to any fish market when the season is supposed to be closed, and find red snapper for sale. These fish are caught illegally. The smart thing to do if you want to rebuild stocks is take snapper off the commercial market like was done with redfish. As long as there is a price on the snapper commodity, it will be overfished legally and illegally. It seems like every decision made by this council over the past 20 years has favored the commercial fishery, and slapped the recreational fisherman in the face. Greg Keffer M.D.	Bay City Tx 77414	Private Recreational Angler

8/8/2012 7:16:19	Robert Vail	directdrive8@gmail.com	<p>It has come to my attention that the GMFMC is considering "Sector Separation" in the Gulf of Mexico. This is, without a doubt, one of the worst ideas to be hatched in the history of the Council. Pitting one group against another in the name of "management" is ludicrous and dangerous. Not only does it solve zero problems in the Gulf but creates a whole host of other issues that should never have been created in the first place. The Gulf belongs to ALL ANGLERS. Telling one group they can't fish in a certain area is unfair and represents bad management practice. This is either a means to divide recreational anglers against one another or is just poor, thoughtless, bad management. I would vote a resounding NO,NO, NO on this plan. We, as committed recreational anglers will fight this tooth and nail. The Council is creating a tempest that need never see the light of day. Shame on those who have brought this up and shame on those who support it.</p> <p>Sincerely, Robert Vail</p>	32503	Private Recreational Angler
8/8/2012 7:16:55	Xavier Montalvo	Xmontalvo@yahoo.com	Vote no the amendment	Austin, Texas 78749	Private Recreational Angler
8/8/2012 7:17:59	Anne Russell	annejrussell@gmail.com	As a private angler trying to teach my children the love of sport fishing, I implore you to reject this separation amendment.	Birmingham, AL 35223	Private Recreational Angler
8/8/2012 7:18:48	joey sienkiewicz	jsienkiewicz@stx.rr.com	I am not in favor of the proposed idea of regulating the gulf for two types of fishermen. Can't you stay out of the lives of American citizens and quit trying to micro manage our society. You have already done enough damage.	corus christi, tx 78413	Private Recreational Angler

8/8/2012 8:28:59	Elgin Thomas	texaset2@yahoo.com	Sector separation is a bad idea, plain and simple and I for one would like for the Gulf Council to know my feelings about this issue . Thanks for listening	77512	Private Recreational Angler
8/8/2012 8:30:06	Charles Michael Williamson	maxnitz@comcast.net	I oppose the sector separation amendment. It appears that the council is trying to take away a portion from the recreational angler to give to charter fishing. As a recreational angler, I have invested much money and time to be able to fish as a boat owner on the gulfcoast. In these economic times, the cost goes up each year and you want it to be worth your while. This will limit private anglers.	Petal, MS 39465	Private Recreational Angler
8/8/2012 8:30:35	Joseph T. Rabalais	joemarrab@aol.com	Do Not put in effect for dismanteling the last few things that a personal fisherman still has. Remember who elected you and for what reasons. Thanks	Lake Charles, La. 70601	Private Recreational Angler
8/8/2012 8:31:04	MH Phillips	mh.phillips@yahoo.com	There is no rationale for separating recreational anglers into 2 sectors. This is a bad idea proposed by a few greedy individuals at the expense of the whole recreational population. Owning a boat for hire is a personal choice and should not afford that individual anything apECIAL. The opean seas are for all!	Friendswood, TX 77546	Private Recreational Angler
8/8/2012 8:33:02	John W. Stewart, Jr	eckols1924@yahoo.com	Strongly do not beleive in dividing up fishing areas in our coastal waters.	Kenedy,Tx. 78119	Private Recreational Angler
8/8/2012 8:33:12	Timothy D. Stallings	tj@tticompanies.com	Dividing resources to the benefit of a chosen few is bad for everyone. Much like the first and second amendment, fishing is a right for ALL law-abiding citizens. Sector separation is a bad idea, plain and simple. Thank you for your time, Sincerely, T Stallings	Wetumpka, AL 36092	Private Recreational Angler
8/8/2012 8:33:24	David Gorham	dagorham48@yahoo.com	Do not let it happen!!!!	Houston, Tx. 7702:	Private Recreational Angler
8/8/2012 8:34:39	Michael gylnn Heaton	Heatonrabbits@ yahoo. Com	I have my own 32 foot offshore boat and I fish regular. It cost me the same as a boat my size for charter to go out. At 300 gallons fuel tank, it takes me 1150 dollars just in fuel to go fishing. I make atleast 3, two day trips to port aransas Tx a month. I don't think it is right that they can tell me where to fish. I am paying around 2500 dollars to fish two days where someone is paying 100 dollars per person to charter. Private fishermen are paying Alot more so we should fish where we want. Thanks Michael Heaton 361 564 8764	Cuero Tx 77954	Private Recreational Angler
8/8/2012 8:35:47	David Frady	frady.david@yahoo.com	Please reject separation. This legislation appears to have no benefit to our natural resources, only certain segments of anglers. Please reject.	Mandeville, LA 70471	Private Recreational Angler
8/8/2012 8:38:18	Bart Hernandez	bartman1968@hotmail.com	Sector seperation is a Bad Idea!!	Hollywood Park, Texas 78232	Private Recreational Angler
8/8/2012 8:38:50	Joseph Edwin Keener	keener.joseph @yahoo.com	Please treat the recreational angler fairly. I have a \$500K + boat for fishing. Now the way it works I can go after 2 red snapper in federal waters and one Amberjack in a very short season. This is ridiculous and I would be glad to take anyone out to the Gulf and catch red snapper all day long as this fish isn't endangered, but a charter can take out 100 people and catch 2 red snapper and reduce the population by 200 in one day. Charters are the problem as they can catch more fish than any private recreational fisherman who has paid a lot of money for a boat and equipment along with paying taxes for these purchases. Thank You	Corpus Christi, TX 78418	Private Recreational Angler

8/8/2012 9:08:52	Don T. Schwartz	donschwartz@yahoo.com	I like a lot of my other fishing buddies own a small 23" Seacraft and because of the boat's small size and my age I am somewhat limited as to when I can go snapper fishing. The current limits for snapper are already cost prohibitive and has substantially diminished sales of small offshore boats. Allowing the fishing industry exclusive rights to harvest and sell snapper as well as other offshore fish is torally unfair to the recreation fishing industry. I have been fishing out of the Matagorda area for 40+ years and the snapper fishing has never been better. The limits need to be raised if not doubled for reeational fishermen. Don T. Schwartz, attorney at law	rosenberg Tx. 77471	Private Recreational Angler
8/8/2012 9:09:21	Ben Pooler	pool7698@bellsouth.net	Please vote against separation, or class warfare of the fish in the Gulf of Mexico. I am very much apposed to dividing the Gulf up for different people that fish.	Lafayette	Private Recreational Angler
8/8/2012 9:09:54	Pamela Heaton	Heatonrabbitry@yahoo.com	I recently purchased a 33 foot offshore boat for my husband. We purchase at least \$500 in fuel and a \$100 in bait twice a month. We also stay in a motel and eat our meals at local restaurants. I purchase a saltwater license just as everyone else does. Also all the friends that we take out purchase a license to fish. It is not fair to allow individuals that take out numerous people everyday and catch their limit each day and get paid for this to have specific places they can fish that I can not fish. We practice catch and release many times in order that my grandchildren may have fish to catch. If anything we should start putting a stop to the party boats that go out. Please do not limit the pleasure I have of going out with my family for a weekend fishing trip.	Huntsville, Texas 77340	Private Recreational Angler
8/8/2012 9:10:33	Eugene Goodenough	hatterasman65@aol.com	bad idea, because it divides the sportfishing community, and will cause further friction between these groups, just like the division between commercial and rec. we need to stick together to have a stronger voice, and require regulators to use good science and fairness in setting rules, not bullying by divide and conquer strategies!!!	Hatteras,NC 27943	Private Recreational Angler
8/8/2012 9:11:28	Mauro Cervantez	micsw01@gmail.com	no seperation	77076	Private Recreational Angler
8/8/2012 9:12:38	Tom Anderson	twa1945@sbcglobal.net	i am astounded that some governmental beaucrocat has once again decided to make rules that don't make sense, like separating anglers into classes. I can't believe the American people would agree with this-we spent lots of money to preserve, conserve, and increase the numbers of fish in our Gulf of Mexico. We have put up with confusing rules about limits, sizes, and all kinds of other stuff in order to conserve resources and now we are going to take from the poor and give to the rich-kind of sounds like the reverse of our President's ideas. Let's just aggravate every single segment of our life. Please vote against this separation into classes of anglers. Thank you. Tom Anderson	Tomball,tx.77377	Private Recreational Angler
8/8/2012 9:12:55	ora don wollam	skeeterwollam@yahoo.com	Please vote no on the separation issue as there is no need for more rules that are not directly tied to conservation of our fisheries.	danbury texas 77534	Private Recreational Angler

8/8/2012 9:24:42	Leo A. Smith	lasmrs@gmail.com	<p>Good morning.</p> <p>I will admit to knowing essentially nothing about life science in general and fisheries management in particular as my PhD is in engineering. However, having read the proposed amendment, the sector separation idea makes little sense to me.</p> <p>First, logic places the for-hire business into commercial fishing not recreational; it is a segment of commercial fishing that provides entertainment to customers as well as fish for the table.</p> <p>Second, if one (incorrectly) chooses to view for-hire fishing as a customer owned business and classify it as recreational, it appears that nothing positive is to be gained by segmenting the "recreational" fishing population into those who hire a commercial service to assist their fishing and those who do not. There is likely no documented data supporting the assumption that for-hire operators and other commercial fishermen report landings data more accurately than other fishermen given the opportunity to report. It appears that what is needed is the development of an accurate data reporting system, not an increase in the number of categories into which fishing activities are subdivided and regulated.</p> <p>Thank you for considering my comments as you debate this proposal.</p> <p>Leo A. Smith, PhD</p>	St. George Island, FL 32328	Private Recreational Angler
8/8/2012 9:25:08	Arthur E. Whitmer	awhitmer@yahoo.com	Please do not implement sector separation at the expense of recreational sport fishermen.	Houston, Texas 77005	Private Recreational Angler
8/8/2012 9:26:24	Don T. Schwartz	donschwartz@yahoo.com	Sector separation will eliminate offshore fishing for small boat owners and have a negative effect on the industry that caters to recreational fisherman. Sector separation needs to be eliminated. Don T. Schwartz, 1821 Mons Ave. Rosenberg Tx. 281 342 2806	Rosenberg Tx. 77471	Private Recreational Angler
8/8/2012 9:27:44	Ronald T Langlois	hardram@charter.net	This is a bad idea. These fish are just as much mine to catch as is the next fellow, charter fisherman or not. I should have equal rights to these natural resources. Please reject this separation proposal.	Slidell, LA 70458	Private Recreational Angler
8/8/2012 9:27:49	Julie Hebert	jhebert@hebertengineering.com	I definitely oppose the sector separation of recreational fishing. If any sector separation occurs, perhaps Charter Captains need to be put in with the category of "Commercial Fishermen" and pay a significantly larger fee for licensing, as they fish 5+ days a week with clients from outside the state of Louisiana, thus producing a strain on the fisheries far greater than the weekend recreational private angler. Let's be clear; Charter Captains are NOT recreational fishermen! Let's not let politics affect our ability to share the culture of Louisiana with future generations.	Luling, LA 70070	Private Recreational Angler

8/8/2012 10:10:29	Michael Mercer	mmllee10@yahoo.com	I reject the idea of separating the private angler	Fairhope, AL 36532	Private Recreational Angler
8/8/2012 10:10:29	Russell Bland	rbland@caprockhp.com	I strongly oppose sector separation between recreational and commercial anglers in the Gulf of Mexico. As a third generation offshore recreational angler who fishes with his 3 sons I encourage you to resist any effort that would create differing classes of anglers or provide differing bag limits between recreational anglers. Sincerely, Russell Bland	Galveston, TX 77554	Private Recreational Angler
8/8/2012 10:10:50	Shannon Hickman	shickman11@hotmail.com	I support the Charter Fleet in exploring Sector Separation. Kindest regards, Shannon James-Hickman	League City Texas 77573	Charter/Headboat For-Hire
8/8/2012 10:10:54	Yvette Davis	davis7@centurytel.net	Please reject the Sector Separation Amendment.	Welsh, LA 70591	Private Recreational Angler
8/8/2012 10:10:57	John Sturman	jpsturman@att.net	I do not feel that it is right that commercial/charter vessels be given areas that private vessels cannot access to fish. Why should they have the sole rights to fish these areas. There are currently so many restrictions that it is almost not worth spending the money on fuel to go fishing. Maybe that is what the environmentalist and fisheries management want. I have fished for the past 60 years and the way regulation is going I may not be fishing much longer.	Jacksonville, fl 32223	Private Recreational Angler
8/8/2012 10:11:50	Bryan E. Beatty	bryanbeatty@bellsouth.net	I am vehemently opposed to the possibility of some Gulf fisheries stocks (red snapper, grouper, amberjack) being divided up and certain amounts allotted to charter/for hire operations. No one group or entity should own portions on a resource managed by fees from licenses I purchase or excise taxes on fishing equipment I buy. From an economic standpoint, less fishing days/opportunities for private boat owners will have a severe negative impact on the economies dependent on that business. Marinas, hotel operators, bait stands, etc. will definitely be impacted adversely. From what I read, charter operators have no problem filling their available dates.	70809	Private Recreational Angler
8/8/2012 10:12:31	maurie dennis	m.c.dennis@sbcglobal.net	I reject separation(I see no reason for this)		Private Recreational Angler

8/8/2012 10:13:28	Richard Willis	willis.bo@gmail.com	Wow, why does this not suprise me? Does the gulf coast council just try to think of ways to diminish recreational fishing? I frequently fish in Venice, LA on my own boat and spend thousands in the community during the process. I can afford a charter, but I enjoy catching fish on my own. Why would you take away the incentive for the recreational fisherman to fish with sector separation? The red snapper season and limits are already at a bare minimum, so if I have even fewer to catch and/or a shorter season, why would I bother to go? These fishing communities rely on recreational angler's business survive and we overwhelmingly outnumber the charter boats. I can promise you that you will never see me on a charter boat if sector separation passes. I guess I will just take up golfing. Please reject sector separation!!!	Calhoun, LA, 71225	Private Recreational Angler
8/8/2012 10:13:49	dwain j. bailey	jimbailey723@hotmail.com	I am totally against splitting quotas between recreational and for hire fishermen.	crosby, tx 77532	Private Recreational Angler
8/8/2012 10:16:05	Raquel D Castillo	putermensa@yahoo.com	NO! to separation There is no benefit to anyone other then to charter/for hire ..	Houston, TX 77093	Private Recreational Angler
8/8/2012 10:17:09	Charles N. Erigan	cerigan@stx.rr.com	This is a bad idea because it gives the for-hire boat owners an unfair advantage by giving them part of the overall fish quotas that are reserved for recreational boat owners. Also, the for-hire boat owners seem to always get a bigger piece of the total allotment of fish to begin with so giving them part of the fish quotas reserved for recreational anglers is just not the right thing to do.	Corpus Christi, TX 78460	Private Recreational Angler
8/8/2012 10:17:29	Chris G Pastrano	cpastrano@diamantehomes.com	Sector Separation is a BAD IDEA!! Please reject this idea and continue to search for a better and more reasonable solution that takes into consideration the majority opinion of the recreational fisherman	San Antonio, Texas 78238	Private Recreational Angler
8/8/2012 10:17:42	Steven J. Pinson	spinson8@gmail.com	Separation is extremely bad idea. Will pit neighbor against neighbor and build animosity in towns. No advantage in fisheries will be gained!	Driftwood, Tx. 78619	Private Recreational Angler
8/8/2012 10:18:18	Raymond Dean Butler	rdbutler0701@gmail.com	Sector separation is a bad idea plain and simple.	Bartow, Florida 33830	Private Recreational Angler
8/8/2012 10:18:24	Salvatore J. Versaggi	sal@versaggi-shrimp.com	I am opposed to sector separation of recreational fishing. I see no tangible economic benefits for either class of fishermen, nor do I see any rational benefit to the resource. This is an amendment with a hidden agenda to be implemented later on after the framework is in place.	Tampa, FL 33675	Private Recreational Angler, Commercial Fisher
8/8/2012 10:18:45	Douglas Williamson	dwilliamson@wdclaw.com	I oppose Sector separation and encourage you to continue with the present rules that allow limits on all anglers whether private or on a charter. The proposed change will result in more fish being harvested as recreational anglers seldom go out more than once a week/month or even year.	St Petersburg, Florida 33707	Private Recreational Angler
8/8/2012 10:18:46	Jo Gardner	jog3110@msn.com	Reject Sector Separation. it is a bad idea that will hurt many businesses that support recreational fishing. Please listen to those who really know what goes on in the conservation of our natural resources and those who protect the rights of citizens who fish and hunt - I support the SCS's efforts along with the CCA.	Corpus Christi, TX 78418	Private Recreational Angler
8/8/2012 10:20:14	Paul T. Parsons Jr.	tomparsons14@gmail.com	It is utterly ridiculous to give away my fish & my rights to a charter fishing business. What were you thinking ? The only promising thing about it is you can get a better assessment of the fish being caught. I could call in my catch everytime I go fishing if that is what it is. Whats next ? give quota shares to commercial fishermen ? No wait you are already doing that.	Punta Gorda, Fl. 33950	Private Recreational Angler
8/8/2012 10:20:15	Richard O'Donovan	r_odonovan@hotmail.com	I see no justification for this proposal. Smells of corruption.	Monroe LA 71203	Private Recreational Angler

8/8/2012 11:16:05	John DePersenaire	jdepersenaire@joinrfa.orf	<p>Dear Chairman Gill:</p> <p>Please accept the following comments from the Recreational Fishing Alliance (RFA) in regard to the scoping document for Amendment 39 to the fishery management plan (FMP) for the reef fish resources of the Gulf of Mexico. In general, RFA is opposed to the use of sector separation when applied to specific modes of the recreational sector. In its simplest description, such a system would take fish away from individual anglers and then re-distribute these fish to a limited number of permit holders who in turn sell them back to private anglers. The application of this management concept fractures the recreational fishing community and pits the 'haves' against the 'have-nots'.</p> <p>RFA points out that the idea of sector separation between different modes within the recreational fishery is extremely unpopular. The concept was discussed in Amendment 32 and the Generic Annual Catch Limit/Accountability Amendment as far back as 2009 but was subsequently removed from those documents due to overwhelming public comments in opposition. Non-governmental environmental organizations based out of Washington DC, Philadelphia and New York City and with absolutely no stake in the long term health of the fishing industry have been paying members of the Gulf fishing community to advocate for their agenda of advancing catch shares and sector separation. By implementing these measures, their intent is to reduce the overall number of people fishing and mold the remaining participants into their "model" fishermen who display a specific demographic and attitude towards fishing. This influx of environmental organization money into the Gulf region is the primary reason that the concept of tearing apart the recreational sector through sector separation is back on the table. RFA, as all fishermen should be, is troubled by this influx of money that aims to manipulate the public record.</p> <p>Specific to the Scoping Document, in the purpose and needs section, RFA disagrees with the tone and context of the entire section. The section explains that it is the intention of the Amendment to improve the management of the recreational sector by reducing scientific and management uncertainty associated with the current data collection efforts. The section implies that since the data collection system used in the private angler sector remains poor, that fish should be taken away from this sector and allocated to the for-hire and head boat considering that data collection in those sectors is better. RFA is disgusted by this notion considering the flawed and inaccurate data collection system which drives up uncertainty in the private angler sector is the sole responsibility of the National Marine Fisheries Service. The solution is not taking fishing away from individual anglers and giving them to federal for-hire permit holders but to improve the data collection system. Recreational anglers are already disadvantaged by National Marine Fisheries Services (NMFS) failures through the application of annual catch limits and accountability measures which deduct available fish in response to uncertainty resultant of inaccurate data collection systems. RFA will not stand by as recreational anglers are punished for NMFS' failures.</p> <p>RFA agrees that the for-hire and headboat sectors accounted for a decreasing percentage of red snapper landings, and other species, as the stock has continued to rebuild. On average, red snapper landings from the for-hire sector has decreased 9.935% per year since 2004. The basic tenant of US fisheries management is to rebuild and maintain fish stocks to the benefit of the fishing industry and public. The main obstacle that prevented for-hire and headboat landings from keeping pace with private anglers landings is the permit moratorium implemented in 2004. The artificial limit on the number of federal for-hire permits can only be described as a failed experiment that has not only forced the constriction of the for-hire/headboat sectors but has also eliminated important recreational infrastructure. Considering the reef fish fisheries of the Gulf are managed under annual quotas, the number active federal for-hire/head boat permit holders should have no relevance on longterm conservation</p>		Other

8/8/2012 11:16:05	John DePersenaire	jdepersenaire@joinrfa.orf	<p>objectives. Perhaps the Council should consider returning the for-hire/head boat sectors to a free-market, open access fishery. It is difficult to find examples with positive outcomes where the federal government intercedes and attempts to manipulate competitive, consumer driven markets. RFA believes the road to a healthy and vibrant for-hire/head boat fishery in the Gulf of Mexico that is able to keep pace with rebuilding progress of reef fish must include steps to restore open access. These steps should also include assurances that those involved in the fishery are committed to the long-term health of the for-hire/headboat industry.</p> <p>In conclusion, sector separation within the recreational reef fish fishery in the Gulf of Mexico is bad public policy. The RFA urges the members of the Gulf Council to listen carefully to the grassroots members of the for-hire/headboat sectors and individual anglers whose collective voice is fiercely opposed to recreational sector separation. RFA also cautions council members of those advocating in favor of recreational sector separation and suggests following the money trail which will no doubt lead back to environmental organizations based outside of the Gulf region who are promoting the use of catch shares and sector separation as a means to carry out their agenda of reducing the number of fishermen on the water. RFA opposes this divisionary scheme and would ask each Gulf Council member consider the ramifications of their vote on the future generations of fishermen and vote against this policy designed to cap fishing participation through the trade and reallocation of a public resource.</p> <p>Thank you for your consideration.</p> <p>Sincerely,</p> <p>Jim Donofrio Capt. Tom Adams RFA Executive Director RFA Forgiven Coast Chair</p>		Other
8/8/2012 11:16:18	Louis Wayne Gordon	fishfearmewg@yahoo.com	Please do not allow this seperation of recreational and for hire anglers to happen. It is not in the best interest for anyone except the for hire anglers and that is totally unfair. The recreational angler is the only one hurt by allowing this to happen. There is already enough onesided laws. Please DO NOT allow this to get even more unbalanced.	Corpus Christi, Tx. 78414	Private Recreational Angler

			<p>I oppose separating the pure recreational fishermen (those with their own boats) and the for hire charters boats. This is getting ridiculous!</p> <p>Off Topic:</p> <p>I also would like to see the snapper fishery managed by regions instead of using the entire gulf coast as a basis for seasons and limits. There is an obvious major difference in the snapper populations on Louisiana oil platforms as opposed to for example the middle grounds off Tampa (I have been under water in both areas, no comparison).</p> <p>Food for Thought (another Off Topic):</p> <p>I have been diving the rigs south of Louisiana for approximately 31 years and one thing I have noted over time is this. The snapper population in our area has grown. However, I feel that the voracious red snapper has had an affect on other species (ie: eating them to the point of major decline). We used to see much more of the other snappers like lane, vermillion, etc, as well as many more gags in the fishery. I feel the overprotection of snapper in our area is dimenishing the population of the other species. Has any research been done on that?</p> <p>Sincerely, John Fortier Lafayette, LA</p>		
8/8/2012 11:46:32	John Fortier	john@johnfortier.org		70508	Private Recreational Angler
			<p>Mr Crabtree</p> <p>Sector separation without the basis of real information on the impacts that could affect our Gulf fishing for generations is simply a BAD idea, Please reconsider your motivation for these measures and start focusing on a new State based Plan to harvest real data from the active recreational community. If your dead set on separation, then lets give the power of Fishery Management back to the States. Their track record for managing game fish is filled with Success!!</p> <p>Best,</p> <p>Joe Wegmann Jwegmann1@cox.net</p>

8/8/2012 12:11:14	Allen Rogers	allen@thetennant.com	I am overly tired of our government over regulating those who pay the way and giving any spoils away to politically correct nondeserving immigrants and those too damn lazy to work for it. We support it with all the licenses we pay and should have the right to continue as it is now even though it is severly regulated as we speak.	Houston, Texas 77027	Private Recreational Angler
8/8/2012 12:11:21	Christopher E Prusak	f15gus@centurylink.net	Tell the feds to get a real job and support reality instead of living in a dream world. The Council is overstepping its authority if they vote to transfer my meager fishing quota to charter Captains. Access to natural resources should not be given away to biased parties at the detriment of other US citizens.	Ocala, FL 34482	Private Recreational Angler
			I am a recreational fisherman and scuba diver living in Shell Point, Wakulla County, Florida. The measures taken in the last decade by so called conservation agencies such as Gulf of Mexico Fishery Management Council to limit recreational fishing have devastated the economies of counties such as Wakulla County and coastal communities such as Shell Point. Shell Point in recent years has seen the local marina and hotel close and a substantial reduction in the number of visitors who come to fish in the Gulf. Shell Point, because of its proximity to Georgia, used to see a large number of visitors from that state, but no more. Because of the bag limits on grouper and snapper, many anglers no longer are willing to spend the time and substantial funds needed to go fishing to bring home 2 Gag groupers. Now I understand the Council is considering a proposal to further subdivide the recreational fishing allocation by awarding charter boats their own guaranteed allocation. The purpose of this communication is to register my profound disagreement with such an allocation. Given the limited recreational allocation, the only way the idea works is if managers take fish and fishing days away from private boat anglers and give them to a few private businesses. Private boat anglers supply the vast majority of license fees that support state fisheries programs. Today's Gulf red snapper allocation is 51 percent commercial/49 percent recreational. Before the Gulf Council further limits the recreational sector for the benefit of a few charter operators, I wish you would first determine what happens if you changed the allocation between commercial and recreational groups to reflect the fact that recreational fishers contribute so much more too local economies than the few remaining commercial fishing businesses. Please do not further damage recreational fishing by the passage of this ill-conceived allocation system.		
8/8/2012 12:14:37	John H. Tenewitz	jhtenewitz@yahoo.com	John H. Tenewitz 41 Walker Creek Drive Crawfordville, FL 32327	Crawfordville, FL 32327	Private Recreational Angler
8/8/2012 12:15:32	Stephen Hubenak	stephenhubenak@yahoo.com	Hell without any habitat (production platforms) there won't be any resource to divide. The Idle Iron executive order needs to be addressed first!! Then this needs to be shot down in its tracks. If we can't we put a stop to the Fed dictating what we can do in OUR Gulf, we might as well just stop fishing.	Rosharon, TX, 77583	Private Recreational Angler
8/8/2012 12:16:55	Edward A. Ulrich	ulrichea@aol.com	I have a place in Lafitte, La. and bring my people to fish, and we take the fish home to eat.	River Ridge, La. 70123	Private Recreational Angler

8/8/2012 12:27:20	Jim Mailhes	jmailhes@ccfinancialgroup.com	Sounds like the private charter industry has advocated for longer open season for fishing certain species. Keep it the same and have bag limits set using current monitoring methodology. From the Amendment 39 pdf... page 25... "Finally, it is impossible to predetermine the allocations assigned to the for-hire and private vessel sub-sectors and associated season lengths that each sub-sector would enjoy should sector separation be implemented. The question most often asked by those who wish to know the length of the private recreational and for-hire fishing seasons before taking position for or against sector separation can only be answered once (and if) the Council makes the policy decision and apportions resources between the for-hire and private recreational sectors.	Corpus Christi, TX 78418	Private Recreational Angler
8/8/2012 12:28:55	Noe Hernandez	nlhjr@yahoo.com	This is a terrible idea!!!	78641	Private Recreational Angler
8/8/2012 12:29:04	Randy Waymon Oaks	r-goaks@hotmail.com	I use to be a shrimp boat captain and the laws that has been set have more than killed this industry. Now the laws are constantly changing against the Recreational Angler with the possession limits and size limits on various species. I Do Not Support the separation of the recreational angler. The recreational angler does not make money when they go out fishing, while the Charter and For-Hire Boats get paid for their service. Why cant the charter and for-hire boats fall in the category of Commercial Boats. If this keeps going my grand kids will not be allowed to even go out and enjoy the out doors due to all these new changes against the Recreational Anglers.	Sweeny, Texas 77480	Private Recreational Angler
8/8/2012 12:29:07	Dan Middlebrooks	Danmiddlebrooks	I urge the defeat of the sector separation Amendment as a recreational angler. There is absolutely no science involved in this Amendment which would support its implementation. It is a proven fact recreational anglers have a more positive economic impact than commercial fishermen yet the GOMFMC continues to bow to the lobbying efforts of the commercial industry. Please defeat this Amendment.	Houston, Texas 77063	Private Recreational Angler

8/8/2012 14:04:28	Leslie Grover Gourley Sr	peanut1939@hotmail.com	Please reject the sector seperation reef fish amendment #39	Angleton Texas 77515	Private Recreational Angler
8/8/2012 14:04:53	Joshua Malcolm Cook	josh@cookrealestatetexas.com	It makes no economic sense for anyone but a handful of fortunate operators. By catering to a very small segment of the Gulf reef fish fishery, the Council is apparently willing to shortchange the private boat angling sector that is many times larger and far more economically vibrant. NOAA's own economic studies show that for the period 2009 to 2032, private boat recreational anglers will contribute \$9.1 billion of the value in the Gulf of Mexico shrimp and reef fish fisheries, followed by the commercial shrimp fishery at \$1.6 billion, and the recreational for-hire fishery at just \$0.83 billion. It shouldn't make any sense to state wildlife management agencies. Given the limited recreational allocation, the only way the idea works at all is if managers take fish and fishing days away from private boat anglers and give them to a few private businesses. Private boat anglers supply the vast majority of license fees that support state fisheries programs. Charter/for-hire vessels supply a much smaller percentage of revenues. It is very likely a move to separate the recreational sector will create challenges for state fisheries directors by influencing the growth in the number of licensed anglers and fishing opportunities in their states. Please don't let this happen. Josh Cook	Cedar Park, TX, 78613	Private Recreational Angler

8/8/2012 14:46:53	Bill Conner	billc@ozarkmarketing.com	This separation of PRIVATE fish angler & Charter fish monger is not nor can it be considered the same as Separation of Church and State. PLEASE, study before you decide. Leave our Gulf Waters alone. Thanks, Bill Conner Gulf Council,	Destin, FL 32541	Private Recreational Angler
8/8/2012 14:48:00	Juanita Coyle	jpcoyle@ymail.com	Sector separation is a bad idea! I am AGAINST that. Please reconsider. Thank you JP	Cypress, Tx 77433	Other
8/8/2012 14:48:23	dennis gagnon jr	dennisjr@ahifl.com	Seperation of "sector" within recreational fishing is a very poor idea. Please vote no for siad proposal as it will deteriorate an already damaged scenario that we all deal with in FL. TThank you for the consideration	destin, fl 32541	Private Recreational Angler
8/8/2012 14:48:33	Kerry L Veach	kerry@gosouthern.com	Please do not consider seperation from recreational angler's and charter boats on fish quotas. Recreational fishermen are the one's that charter the boat's in the first place.	Niceville, FL, 32578	Private Recreational Angler
8/8/2012 14:52:29	Bonnie Morris Conrad	bonashdav@aol.com	I support sector seperation. Thank you! To whom it may concern:	Houston, Texas	Private Recreational Angler
			For the sake of protecting our recreational resources, I encourage this council to strike down the Sector Separation proposal in the gulf. Passing this movement has several negative impacts on our country. Some of those impacts include but are not limited to: Further endangering our ability to raise our children to learn to enjoy the outdoors without exploiting them Threatening our tourism economy Discouraging experienced adults from furthering recreational activities that teach others their knowlege of geography, ecology, and biology of the earth that they have grown to love and appreciate. By striking down this proposal, middle class recreational anglers, like myself, will be encouraged to stay enthusiastic about the outdoors and share their enthusiasm with generations to come. There are so many more experiences that we can share with our future leaders that the education system does not offer. Whether it is fishing, hiking, religion, or community service it is all about sharing a multitude of experiences with our friends and family. It is difficult enough for US cities and States to secure funding for public recreational areas for camping and hiking, but even that has become more difficult. Our waterways are one of the last places that we are still able to enjoy the outdoors without having to worry about those issues. Don't make recreational fishing more difficult. It is the responsibility of this council to protect and encourage outdoor recreation, not make it more difficult. Especially when it is unnecessary.		
8/8/2012 14:53:45	Michael Mathews	MichaelM@SkiBackpacker.com	Please strike down this motion and protect our freedom to enjoy outdoor recreation to its fullest.	Baton Rouge, LA 70808	Private Recreational Angler

8/8/2012 15:48:21	Alan S Proctor	drproctorms@gmail.com	The Gulf Council is considering dividing recreational anglers into two sectors, those with their own boats and those who own charter and for-hire boats. The Council would then take some portion of the fish now given to all recreational anglers and literally give it away to a select few businesses operating those charter and for-hire boats to use as their own, however and whenever they wish. I find this to be unacceptable, given the expense of the individual anger has to simply go fishing. To diminish our creel limit is yet another financial burden which prevents individuals taking friends an family out for a fun day.	Gulport, MS 39503	Private Recreational Angler
8/8/2012 15:49:40	Elton	eltonurfprofessional@yahoo.com	I don't understand why recreational fisherman are being unfairly targeted with sector separation. We are the life blood of many coastal economies. Isn't it enough that we're seeing the shortest snapper seasons on record ? I was only able to fish a couple of times this year due to weather windows and the rediculous season that was imposed. Enough is enough.	San Antonio, Texas, 78258	Private Recreational Angler
8/8/2012 15:52:46	Gary L Ivy	Gary_ivy2003@ yahoo.com	I believe this is the wrong approach. Fishing is both a hobby and lifestyle leave government out of it. It is the one thing common people can enjoy without red tape.	Cypress, Texas, 77433	Private Recreational Angler, Charter/Headboat For-Hire

8/8/2012 15:54:14	randy bitter	bitascout@embarqmail.com	Natural fishery resources should remain available to the public as a whole without allocating one user group any more access than another. Regulations should apply unilaterally to all (with no regard to segregating groups) if the governing body is fulfilling its obligation to the public, rather than special interests. Please consider your obligation to the general public with your decisions. Allocating a portion of the resource to a specific sub-group of anglers reeks of creative, carefully architected politics where the interests of a specific few have been considered. If there is evidence that creating special interest fishing groups provides a distinct advantage to improving the health of the resource, while maintaining equity for all groups, please be prepared to supply the data that supports the decision.	grand island, FL, 32735	Private Recreational Angler

8/8/2012 16:02:33	Jeffery Harding	Jeffsoldmine@hotmail.com	We do not need to sector separation. This is a bad idea, and I ask you to drop the idea	Bay St Louis MS	Private Recreational Angler
8/8/2012 16:04:26	Hans Crump	hans.crump@att.net	Please reject separation Law, Already they have killed the snapper fishing to two and only one month, when they impose the new laws we will not be able to keep anything???? Thanks Hans	Haouston, Texas, 77074	Private Recreational Angler
8/8/2012 16:07:56	Tommie Walter walker	twwalker@mindspring.com	I am not in favor of separation of the rules, limits, etc. of private recreational anglers and commercial operators including charter boat operators. The rules should be left as they are now. TWW	River Ridge, La. 70123	Private Recreational Angler
8/8/2012 16:09:19	Heidi Dyer	dougheidi@yahoo.com	Our family has for years watched and obeyed all the conservation laws and regulations no matter how unfair they tend to be. We volunteer for the Texas Parks and Wildlife sponsored Kid Fish events and other organizations to promote smart wildlife management practices. Private middle class fishermen are under such restrictions, pay such high fuel prices, and fees for licenses and such just to show their children and grandchildren how important it is to respect and to take care of wildlife; as well as to get them outdoors and active, away from video games and mindless activities. It is truly sad to save for an offshore fishing trip, and be sitting across from a charter or party boat and watch literally hundreds of under limit snapper floating dead all around the for hire boats. I wonder who thinks that is conservation?. At the local fish markets, the non-licensed or foreign owned businesses are selling under sized snapper or illegal to catch grouper and the like. It is still sad to see how we are able to purchase seafood from overseas less that what we have in our own waters. Yes I agree that something definitely needs to be done, but come on guys, stop talking to career statisticians, get out of your air conditioned offices, quit eating on the lobbyists tab, and get on a boat somewhere. Giving private fishermen less and less is not your solution. Try looking at long-liners or gill netting. Leave something for your kids and grandchildren, it worked for Roosevelt.	Hitchcock, TX. 77563	Private Recreational Angler
8/8/2012 16:13:14	Gerald Huval	gmoney86@cox.net	I think that the sector separation is a bad idea.	New Iberia,La. 70563	Private Recreational Angler

8/8/2012 16:22:44	Larry Seale	laserseale@aol.com	From what I have read about sector separation, it is a terrible plan. It does nothing for the protection of our natural resource, the fish, and appears to be in favor of the people who stand to gain financially from it. Ridiculous is the word that comes to mind. If anything, the season for Red Snapper needs to be expanded here in Texas despite whatever the fishery problem is in Florida, Alabama, Mississippi or Louisiana. How about addressing that.	Magnolia, TX 77354	Private Recreational Angler
8/8/2012 16:22:52	Chuck Hopson	310 Somerset Rd	Another typical screwing of the little guy for big commerical fishing business. I guess we will just have to expand the effort to remove those council members who are not impartial and are lining their pockets with personal enrichment to the detriment of the recreational fisherman.	La Place, LA 70068	Private Recreational Angler
8/8/2012 16:27:43	Mike Nesmith	mwnesmith@yahoo.com	I have a degree in Fisheries Science from Texas A&M class of 1972. Have worked and live on the Gulf my entire life. This is the worst idea to ever come from the Gulf Council. Obviously you are now run by politicians and not someone who knows something!	Houston, Tx,77079	Private Recreational Angler
8/8/2012 16:29:53	Shane Kessler	PSDMEDIC@AOL.COM	I am concerned and outraged that you would even consider Amendment 39 - Sector Separation. How dare you determine that a for hire charter service have more rights on our coastal and Gulf water simply because they are making a living. As Americans stood up against the Government to defend out rights of the Second Amendment so shall we do the same with this. We will not allow you to do this with out a fight . Shane Kessler	Pineville, La. 71360	Private Recreational Angler
8/8/2012 16:40:54	Naylon R Sims	naylonsims@sbcglobal.net	Please reject separation. It's a very bad idea. It's tough enough to take your family fishing without more goverment control to divide and destroy our rights as an American!!! Naylon Sims	Sealy, TX 77474	Private Recreational Angler
8/8/2012 16:42:46	Tre' McCrummen	tre_mccrummen@yahoo.com	I have heard rumor of this separation of commercial versus recreational and apparently this is now a valid concern. The commercial sector already receives "favoritism" toward limits and I find it obserd that I cannot enjoy feeding my family a "fresh catch" from my own home. We had 47 days of federal fishing for red snapper in the Gulf of Mexico! How about limiting the thousands of pounds caught and even the waste of snapper that dont survive from a vented catch and release. I oppose this separation and I believe there are multiple other options that will suit both parties. The arrogance of the commercial and charter fisherman pursuing this makes me ill.	Pearland, Texas 77581	Private Recreational Angler
8/8/2012 16:44:53	robert preshong	astrosfans@sbcglobal.net	Do not allow this separation to happen. There are millions of recreation anglers and all arepoton voters for the people that are trying to pass this crap.	houston,tx 77089	Private Recreational Angler

8/8/2012 16:58:57	John C. Landers	john.landiers@sbcglobal.net	Do not seperate professional and recretional fishing. Privete Recreational anglers should have the same rights and priviledges.	Corpus Christi, Texas, 78414	Private Recreational Angler
8/8/2012 17:13:23	Christopher C. Pratkan	ccpratkan@me.com	Council, this has gone way too far. Gifting a portion of the recreational catch to to a select group or any group whatsoever is virtually stealing from a public resource. Recreational fisherman have for to long had there allowable catch diminish more and more! Now its to supposedly satisfy unfounded stock concerns when there is poor documentation of what the biomass actually is! Not to mention the essential fish habitat that is being destroyed every time a rig is removed and reef fish displaced or killed by explosives. Trying to commoditize our snapper needs to be stopped! This apparent EDF backed steam roller trying to push this thru in spite of overwhelming opposition stinks in the worst way. NO TO SECTOR SEPARATION AND NO TO CATCH SHARES!!!	Pearland, Tx. 77584	Private Recreational Angler
8/8/2012 17:19:24	James A. Shanahan	JAShanahanx2@aol.com	I should be free to fish from my boat, obeying reasonable rules, but not deprived from participation by a government directed to gift to specific businesses.....	New Port Richet, FL 34655	Private Recreational Angler
8/8/2012 17:32:29	David Smoot	drsmoot@cmaaccess.com	I think sector separation is a very bad idea, and would hate to see it passed. Sincerely :David Smoot	ngleton, tx 77515	Private Recreational Angler
8/8/2012 17:40:28	Gary Kimbrell	gkimbrell409@att.net	I disagree with sector separation Gentlemen, Thank you for taking the time to consider my input regarding Amendment 39 - Sector Separation. Please be advised that I believe this is a very unfair proposition which will put recreational fishermen at a very severe disadvantage while allowing a select few to harvest the majority of the fish - and do so over the entire year. I find that the opposition by the Congressional Sportsmen's Caucus is also a significant red flag regarding the potential passage of Ammendment 39. Again, please review the wide ranging negative impacts of this proposal and REJECT SECTOR SEPARATION. Thank you in advance, David G. Taylor	Houston, TX 77096	Private Recreational Angler
8/8/2012 17:43:31	David G. Taylor	dgt_seasthemoment@yahoo.com		Hudson, FL 34667	Private Recreational Angler

8/8/2012 18:40:06	Jerry Core	jlcore@bellsouth.net	Fisheries are for all of us to enjoy!! NOT the domain of a select few with a profit motive. Remember how many votes at election and how many \$\$ via lic., tackle, and boats are generated by the NON comercials!!! Cut the foolishness out!!!! Jerry	Slidell, la 70460	Private Recreational Angler
8/8/2012 18:42:25	Capt. Ed Walker	Info@lighttacklecharters.com	Dear Council members, I have been a full time charterboat operator for more than 20 years out of the Clearwater-Tarpon Springs area of West Central Florida. For the offical record, I am 100 percent opposed to the idea of "Sector Separation". While it might be nice to receive some personal gain if the GMFMC and NMFS were to grant me special access to the Gulfs resources at the expense of the recreational community, I believe such a move to be morally wrong. Recreational anglers have been crushed with shortend seasons and reduced access. To even consider taking away half thier 40 day red snapper season and giving it to me personally is wrong. Would you, as a fisheries management offical, be the one willing to stand before the hundreds of thousands of rec anglers and tell them that you have deemed it proper to take half thier breif annual season away so 900 charter operators can fish whenever they want? Would you really consider that fair management of the resource? It is not. My charterboat is a recreational fishing vessel and my anglers are recreational fishermen, same as it has always been. I encourage you to do the right thing and discard this Sector Separation scheme once and for all. This charterboat captain wants nothing to do with it.	Holiday, FI 34691	Charter/Headboat For-Hire
8/8/2012 18:47:22	Dallas Hebert	dallashconsulting@yahoo.com	Leave our fishing just the way it is right now and find something else to do with the time you are wasting on this issue!!!!!!!!!!!!!!!!!!!!	Grand Isle, La. 70358	Private Recreational Angler
8/8/2012 18:48:36	David Campbell	campbellvdw@earthlink.net	Sector separation is a bad idea. Please reject this ill conceived idea. There should is no need for sector seperation. the allotment for recreational fishing should be just that for recreational fishermen. If the charter boat owners do no think they are making enough money taking recreational fishermen out on guided trips maybe the charter boat owners should find a new occupation. Not NO!!!!!!!!!!!!!!!!!!!!	Bellaire, TX 77401	Private Recreational Angler
8/8/2012 18:52:21	Paul Ray Smith	psmith4646@sbcglobal.net	Not NO!!!!!!!!!!!!!!!!!!!!	spring,texas,77373	Private Recreational Angler

8/8/2012 20:16:16	Uray J. POIRRIER	urayj@cox.net	I believe the Gulf Of Mexico belongs to no one, therefore no one has the right to give or take any portion of it from or to anyone. The Gulf Council has no research to prove that by giving portion's of the GOM to commercial, charter and headboat for-hire business will benefit The GOM instead it will benefit thoes that I just mentioned above. It will only hurt recreational fishing. Just like the small limits of red snapper (2) that was imposed on recreational fisherman while commercial fisherman limits are by weight (tons) of red snapper. All of this is directed towards the recreational fisherman by making it to expensive to fish or just to discourage them so they will quit fishing on there own.	Lafayette, La. 70506	Private Recreational Angler, Charter/Headboat For-Hire, Commercial Fisher, NGO, Other

8/8/2012 21:09:01	David Lee Johnson	dltigerjohnson@gmail.com	I am against Sector Separation. Please do not allow this to happen. It is not fair to the Recreational Angler.	Sulphur, LA 70665	Private Recreational Angler
8/8/2012 21:29:24	Sean Gucken	sean.gucken@gmail.com	It fits right in with your perceived dislike of the recreational angler. Slowly but surely you are taking a public resource that should be available to everyone, and give it to a few special interests that you can easily manage. Divide and conquer. Your mismanagement of the gag grouper, red snapper and amberjack stocks is appalling. But you have managed, through your management practices, to make my fishing trips from a year round hobby, to one I only pursue 4-6 months of the year. And now, feel free to give away more of the recreational quota to another special interest, so that I take up golf.	St Petersburg, FL, 33701	Private Recreational Angler
8/8/2012 21:37:09	Grey Cane	greycane3@gmail.com	You should all be ashamed of yourselves. NO to Sector Separation Thank You Grey Cane	Fairhope,Alabama, 36532	Private Recreational Angler

8/8/2012 21:52:30	Capt. Scott McCune	scott@fishntexas.com	<p>This is the most ludicrous plan to aliante recreational fisherman from chaerter for hire captains put on by commercial people in sheeps clothing! NOAA was NOT to have spend a dime moving forward with this proposal so how is it that this is even happening!</p> <p>Catch Shares DO NOT belong in a fishery that is recreational inclusive, period. NOAA needs to cut a huge percentage from the commercial TAC and give it to the recreational fisherman! Recreational only fisheries ARE healthy! Anyone who wants the IFQ bureaucratic crap in our recreational or Charter for Hire fishery Should expect a Fight!</p> <p>An interesting point was brought before me the other day...the quota is being filled more rapidly than ever...recreational people are catching a lot BIGGER fish which mean it takes fewer to reach the quota...which means that the fishery is better, good or has gotten a heck of a lot better...however they recreational angler gets PUNISHED because it takes much less time to catch these plentiful much BIGGER fish...this does NOT make sense to me!</p> <p>The CHF (Charter For Hire) is and should be a recreational sector because it is the license buying, tax paying, public access guy who is keeping his share of the bounty, however granted it should have more than 80% of the TAC! Commercial fishermen have lived off our fish for too long! SOS is not for a recreational fishery, if a fishery is so depleted it has to come to this then commercial fishing should be stopped...period...and especially if it is also a recreational fishery! Too much government money is being spent to try to get everybody a little bit and no one is happy! Ban commercial fishing for Red Snapper and Amberjack to save the economy of the fishing communities...recreational fisheries take care of themselves without greed of profit!</p> <p>I feel that as a charter captain I'm a recreational liaison, not a commercial fisherman... I still can't believe the amount of trouble/money the government goes through to mange a depleting fish stock...it seems as simple as Red fish and Speckled Trout...as technology, fishing pressure, popularity of cuisine changed commercial fishing was eliminated to save the species and the larger economy of the communities...why is that an off limits discussion from our government for Red Snapper, Amberjack and Grouper.... I'm sure there is a species, however I can't think of one off the top of my head that has been disrupted solely by recreational efforts, however I can think of many more that have made a significant come back due to the conservation nature and financial assistance of recreational anglers...it boils down to when you make money for fishing by any means (mass entrapment not Rod & Reel) to gather fish, no matter what restrictions are placed greed or the need to pay bills will make people do things that are illegal thus the down fall of the Red Snapper, Amberjack and Grouper... we had seen this happen in other fisheries to that are booming now after the any means available fishing (not single hook and single line) was banned...i.e. ...Speckled Trout and Red Drum...the commercial fisheries quotas were established years ago when the fishery was more viable, technology was different, the world was different...the demographics have now changed and so should the quotas to reflect a more sustained use of the fish stock going to the growing recreational sector and not the stagnant or receding commercial industry who are just becoming big companies and will get bigger with catch shares and only a few people enjoying the fruits of profit from the mass resource...even though I am not and Snapper/Grouper fisherman I'm not for IFQ's for single hook and line fisherman which included charter for hire which I</p>	Rockport, TX 78382	Private Recreational Angler, Charter/Headboat For-Hire

8/8/2012 21:52:30	Capt. Scott McCune	scott@fishntexas.com	<p>already stated is basically only a liaison for the recreational fisherman so they can enjoy a little more of their sport ...I believe if we let IFQ's into our sector this type of government regulation will run rampant...therefore I'm trying to be proactive before it hits my fishery...I believe as the NRA one more regulation will lead two more and two more regulations will lead to 4 more and so on...recreational only fisheries are well managed for charter and private individuals and conservation within that group has excelled! They should stop wasting money on all the regulation meetings, data gathering for their own interpretation, politics and start putting that wasted money into reef building, stocking programs or whatever idea that actually help PRODUCE more fish!</p> <p>Last but most important if you are a CHF charter captain you should not listen to ANY commercial fisherman (even if he has a secondary CHF business too), they are used to the bureaucracy, regulations, special equipment...they have people who keep up with those records and permits and paper work...they are betting that you don't have the time or the knowledge to deal with all that and WILL take your share...me personally I do NOT want too deal with the added regulations and bureaucracy...nor do I have time for it...I'm a single man operation...heck I don't have even have a wife to cook dinner at the end of a long day...LOL...but that is another story...the environmentalists and the commercial groups want to SPLIT CHF and Recreational groups, divide and conquer...then it will be CHF, recreational, environmental and commercial all fighting each other for their own shares...the only one who wins here is the government (in this administration liberals) because they get bigger trying to regulate all of you...I'm a CHF and I like having help from the recreational sector in lobbying...it's the longer road for the CHF guy...but it will be the one worth traveling for our CHF future! Remember...if it happens for snapper...then it could happen for every other fish you fish for...would you like splitting away from recreational fisherman...YOUR clients...with Cobia, Billfish releases, Wahoo, Dolphin...then Redfish and Speckled Trout...I think not!</p> <p>The CHF is and should be a recreational sector because it is the license buying, tax paying, public access guy who is keeping his share of the bounty, however granted it should have more than 80% of the TAC! Commercial fishermen have lived off our fish for too long! SOS is not for a recreational fishery, if a fishery is so depleted it has to come to this then commercial fishing should be stopped...period...and especially if it is also a recreational fishery! 8/9/2012 5:02:36	Michael Sturgis	bhsturg@hotmail.com	These fish should be shared evenly. Anything short of that smells a little fishy.	Vero Beach, FL. 32968	Private Recreational Angler
8/9/2012 5:03:54	Pierre G. Villere	pvillere@bellsouth.net	Secter Separation in nonsense, and is a bad idea. I support CCA in their opposition to this porrly conceived notion, and ask you to read CCA's position on this concept. http://www.joincca.org/articles/70 I strongly urge the Council to reject Sector Separation. Pierre G. Villere Mandeville, LA	Mandeville, LA 70471	Private Recreational Angler
8/9/2012 5:07:45	edward roberson	ed.roberson@worleyparsons.com	Totally irresponsible action and truly hurting the rec fisherman who truly bring the big bucks to the revenue stream.	houston, tx 77069	Private Recreational Angler
8/9/2012 5:07:53	David Lambert	davidlambert27@yahoo.com	I beleive strongly that the Council should reconsider redistributing the portion of fish that all recreational anglers have. This is a form of our rights and priveleges being taken away and given to a select few for no tangible reason. Similar to whats going on in our government now, it's a sad situation and should be reconsidered.	Lafayette, La 70508	Private Recreational Angler
8/9/2012 5:10:30	Jeffrey Swartz	fishjas1@verizon.net	I am completely against sector separation. Taking more away from the recreational angler is ludicrous especially since this group has the most economic benefit. The recreational angler continues to get a bad deal from fisheries management when they should be getting the best deal because of they create the greatest economic impact. Fisheries management seems to base decisions on nonexistent or flawed data. Then they seem to compound this error by dividing the resources unfairly.	Sarasota, Florida 34233	Private Recreational Angler
8/9/2012 5:17:30	Lori Baird	boodabelly2001@yahoo.com	Why do you want to take away my right to use natural resourses? I have earned this right through my military service and by being a legal and lawful citizen of the United States of America. The concept of sector separation is flawed and boarders on infringement of my constitutional rights. Private recreational fishermen are as large or larger a voting block than Charter and Commercial fishermen (the only difference is lobbyists and money).	Milton, FL 32570	Private Recreational Angler
8/9/2012 5:18:39	Scott Foster	scottf@dsaengineering.com	I believe that sector separation is a ploy supported by the commercial fishing interest in an attempt to increase their share of the total catch and also to divide the recreational angling communities united voice over how to best manage the fishery in a sustainable, healthy manor. I urge you to vote AGAINST Sector Separation.	Youngsville, LA, 70592	Private Recreational Angler, NGO, Other
8/9/2012 5:20:47	David Paul Crochet	dpcroch2@gmail.com	Seperation of Recreational Angler and Charter Angler is a terrible idea. The system is already terribly flawed. This is only another step in the wrong direction.	Walker, LA 70785	Private Recreational Angler

8/9/2012 5:23:17	Eliodoro Moreno	egm20011@hotmail.com	Sector separation is a bad idea.	77339	Private Recreational Angler
8/9/2012 5:25:38	Max Burnell	rosie393@att.net	This is the most absurd idea I have ever heard of. It accomplishes nothing that could be considered good for the G of M fisheries. Dear Sirs,	Kenner, LA, 70065	Private Recreational Angler
8/9/2012 5:25:43	John T. Parker III	jparker@ideallbr.com	Please do not support "Sector Separation" or "Catch Shares" that would not fairly share our resources for all sectors. If recreational fishing by individuals provides the greater economic value per sector than Charter/Headboats For-Hire, then individuals should not be unfairly limited by allowing the Charter Boats a larger share and vice-versa. If Recreational Fishing provides the greater economic value as a sector than Commercial Fishing, then Recreational Fishermen shouldn't be unfairly limited by allowing the Commercial Fishing Sector a larger share and vice-versa. The key words are "share" and "fairly".	Galveston, Texas, 77551	Private Recreational Angler
8/9/2012 5:28:11	Max Burnell	rosie393@att.net	What could possibly be the selling points to accomplish this separation, and what group has even proposed such a bad idea??	Kenner, LA, 70065	Private Recreational Angler
8/9/2012 5:29:32	Edward J Sanchez	edsanchez1@sbcglobal.net	Please count me as apposed to any sector seperation in the gulf water fishing industry. I am a private boat owner/recreational angler. Dividing or seperating the fish in the gulf of mexico, or bay waters is a bad idea. It's my god given right to catch whichever fish I choose. So long as I follow the TX/federal fishing laws regarding lengths, and numbers of fish I may choose to keep. Please don't take that right away from me.	League City, TX 77573	Private Recreational Angler
8/9/2012 5:43:27	William Guinot	BillyGuinot@gmail.com	I am an avid recreational fisherman, both inshore and offshore. I spend considerable money supporting, storing and operating my small boats. Why should any part of the "recreational" catch be given to the charter businesses that run commercial fishing operations? They may not be selling the fish, but they are making money by fishing. Those are clearly commercial operations. The take limits for charter fishermen should be included in the commercial limits. As it stands now, the tight limits on recreational fishermen make it impossible to make a worthwhile offshore trip. The limits are tight and seasons are often closed. If you don't catch your targeted fish there are often no options to "save the day" by catching other species. Those trips generally cost from \$500 to \$1000, even for small boats like mine. It's becoming too costly to justify the limited catch. Please do not give any part of the recreational catch allotment to the charter operations. Their catch should be part of the commercial catch.	Kenner, La 70065	Private Recreational Angler
8/9/2012 5:44:24	Kenneth Cleveland	kenclve7@gmail.com	"Sector Separation" is the worst idea I have heard of in a long time. Please reject this idea. I can't believe this is even being considered. Those who want to implement this on the public should be ashamed.	LaMarque, TX 77568	Private Recreational Angler
8/9/2012 5:46:46	LES FOEHR	TRAFFICDEPUTY424@YAHOO	REJECT SEPARATION	AUSTIN,TEXAS 78753	Private Recreational Angler

8/9/2012 6:05:06	Paul Coco	paul_coco@hotmail.com	I am concerned that the recreational fishermen are going to be further marginalized by this ammendment. By splitting the recreational catch even further, you are disenfranchising the private fishermen who spend far more per capita to fish than the charter clients that fish once or twice a year. Are they no less entitled to the natural resources of our country?? How can you justify reserving the use of a natural resource to a select group of people?? Furthermore, the division of the natural resources lends itself to a "separate but equal" mentality and governance that will not only NOT be equal, but is against the principles of equality that our nation is based on.	Baton Rouge, LA, 70806	Private Recreational Angler
8/9/2012 6:08:49	Marshall Hoverson	hoverson@att.net	I do NOT support separating the recrational sector into private and charter fishermen. I oppose any meddling by you the status quo of the gulf fisheries. Giving head boats a portion of fish they all ready use much to the detriment of sports fisherman is a bad idea! I'm mad and I vote.	78578	Private Recreational Angler
8/9/2012 6:09:30	Merrilee Towers	mleetowers@gmail.com	Please reject the proposal for sector separation in the Gulf. There are already too many regulations on the sport fisherman/boaters.	Port Alto, TX 77979	Private Recreational Angler
8/9/2012 6:13:08	Patrick Carlson	orvistrout@aol.co,	Please do not pass Reef Fish Amendment 39 - Sector Separation.	Austin, Texas 78703	Private Recreational Angler
8/9/2012 6:14:52	RONALD JANECEK	BLJANECEK@SBCGLOBAL.NET	BAD IDEAL ! LEAVE IT ALONE.	PEARLANDTX 77581	Private Recreational Angler
8/9/2012 6:20:24	Robeart Leonard	Bobnrobn3@comcast.net	Solomon was faced with a similar situation where two women claimed ownership of the same child. Ordering the child cut in half forced the women to work out a solution. The resource(Fish) are not something that can be divided for much the same reason. The buying and selling of the right to catch fish will become an unholy mess. No amount of allocation will ever make everyone happy. So with that in mind I feel you should make everyone slightly unhappy by having no allocation and opening and closing the season when the best available science dictates. Thank You, bob Leonard	punta Gorda Fl 33955	Private Recreational Angler
8/9/2012 6:22:37	Sheri Sawyer	sherisawyer@yahoo.com	The government should not take away Americans freedom to give to big business who lines the pockets of politicians.	Needville, Tx 77461	Private Recreational Angler, Charter/Headboat For-Hire

8/9/2012 6:29:16	steven swartz	bonsaisteve@comcast.net	This sector separation issue is a horrific proposal. I'm beginning to believe that our elected officials have no damn sense whatsoever, and are only being influenced by lobbyists, votes, and money. This is common sense!!!!	bonita springs,fl, 34134	Private Recreational Angler
8/9/2012 6:29:36	Jmaes M Frankson	jimfrankson@hotmail.com	I am totally against sector separation.	Bay City, TX 77414	Private Recreational Angler
8/9/2012 6:29:56	Kenneth M. Ware	kmware2@gmail.com	I never comment on things like this because I am smart enough to know that you people are going to do what your agenda is regardless of what "WE" (the people you actually work for!!!!) ask of you even if it makes sense! But this has gotten down right ridiculous!! Come on, not only do ya'll go by flawed data, but also if it comes back in favor of us, you either ignore it or find a way to turn it against us!! This is the straw that broke the camels back for me!! Fishing is my favorite thing to do as i have done it all of my life and will continue to do so regardless of what you impose!! I work all week to be able to fish come the weekend and have spent well into the tens of thousands of dollars doing so. All you will be doing by making more bullshit laws is to make normal tax paying citizens such as myself become outlaws, because i will refuse to abide by laws backed by liberal hacks with an agenda that has a main goal of ending fishing for all through slow but steady jabs at every type of fishing that you can get your hands on hoping no one notices because you have spread it out over a long period of time!!! The time for playing nice with this half-ass excuse for a council is over!! And before you say that I am an extremist who would like no regulation at all (because that is every liberal's defense, to discredit the opponent), think again, i am all for sustainable management because i enjoy fishing and hope my kids will be able to enjoy it as well one day, but if you have your way that will never get to happen!! Your policies have already cost states such as mine (LA) many millions of dollars in revenue and with many people being forced out of the hobby, the marine industry is next. So to rap this up, I as well as 99% of other fisherman believe that your council is a complete joke and i for one can not believe that we as tax paying citizens have to pay whatever your salary is!! Hopefully soon this council's sinister agenda will come to light in front of people (one's that have the power to stop you, not just a level headed citizen such as myself) that will actually do something to stop this nonsense, but until then, i will just keep praying that we don't get bullied by big brother into doing everything it wants us to do!!!!	Baton Rouge, LA 70810	Private Recreational Angler
8/9/2012 6:31:24	Daniel Franz	Franzdanielp@bellsouth.net	I support NOT segregating anglers.	Houma, Louisiana, 70360	Private Recreational Angler
8/9/2012 6:33:45	Jesse Blue	bblue@prestonexpl.com	This proposal is the most uninformed, poorly researched fisheries amendment imaginable to all mankind. Only people working for government agencies could possibly conceive such an idiotic dream. All of you, please voluntarily give up you jobs and go back to washing cars for a living.	Conroe, Tx 77385	Private Recreational Angler
8/9/2012 6:34:38	Thomas Dudley Hixson	tdhixson@suddenlink.net	This separation and giveaway is wrong. It smacks of "something for nothing", which we already have way too much of in our country. Please oppose this action. Thank you.	Alexandria, La 71303	Private Recreational Angler
8/9/2012 6:36:09	william bone	billydidit@att.net	please leave the gulf open to all. my grand kids are growing up and will not have the same rights as we american have had..I USED TO SHRIMP , FISH WITH NETS AND NOW AS AN AMERICAN I FEEL THAT I AM BEING CUT OUT BY BIG COMMERCIAL GIANTS.	houston,tx. 77040	Private Recreational Angler

8/9/2012 8:13:02	Gerald Leining	gleining121@comcast.net	I am against giving away my fishing quota's to a select group of people who operate boats for hire. Limits imposed already On the sports fisherman is already hurting the pocket book. Before long, one would not be able to launch a boat for just catching one or two fish.	Santa Fe, Texas 77510	Private Recreational Angler
8/9/2012 8:13:08	Gerald Leining	gleining121@comcast.net	I am against giving away my fishing quota's to a select group of people who operate boats for hire. Limits imposed already On the sports fisherman is already hurting the pocket book. Before long, one would not be able to launch a boat for just catching one or two fish.	Santa Fe, Texas 77510	Private Recreational Angler
8/9/2012 8:16:43	James Steven McClure	mcclurejsteven@bellsouth.net	I believe the separation of private anglers with their own boats verses anglers on paid charter boats is a terrible idea. Why should my ability to take my family fishing be impacted by the fact that another individual has made a personal choice to be a charter captain? We all make choices and mine hs been to sacrifce and get an education so I can have a real job so I can afford a boat to take my family fishing. I am 100% against the proposal to separate these classes. J. Steven McClure, P. E. 668 Colonial Dr. Fairhope, AL 36532	Fairhope, AL 36532	Private Recreational Angler
8/9/2012 8:19:58	jaime x. martinez	jxmdm@aol.com	The idea of seperating fisherman into two different area is ridiculous.	mission tx 78572	Private Recreational Angler
8/9/2012 8:20:22	Christopher Thomas Reynolds	reynoldschris78@yahoo.com	This doesn't seem like a good idea.	Daphne, AL, 36526	Private Recreational Angler
8/9/2012 8:22:48	Charles Fredrich	Chase.fredrich@hotmail.com	Reef Fish Amendment 39 No Way!! This has to be the most unfair thing I have ever heard. Think of how many recreational anglers you will lose and the money they bring to our coasts. Not to mention the extra cost to patrol the restricted areas for recreational anglers aka the "bad guys" as it seems. To me it is as if we are being punished and for what? It should be everybodies coast to fish, and fish where you please. In conclusion I am against this rediculas amendment please do not allow this to happen. Thank you Charles Fredrich	Luling, Tx 78648	Private Recreational Angler
8/9/2012 8:23:10	Leon Buenger	topper415@sbcglobal.net	It might be time to start looking at eliminating the Gulf Council. I think more control should be given to the public and less to a council that the members probably do not even fish. How can you justify taking something from the majority and giving it to a select few? It appears that we have too much government. Why should a small group be given special privileges over the private recreational angler, who out spends this small group each year fishing? I do not believe these charter boats are going to be able to replace the money that will be removed from the economy and they should not be subsidized, so to speak.	Pasadena, TX 77506	Private Recreational Angler
8/9/2012 8:23:33	John B Carey III	Beckylanehome@yahoo.com	Do not allow this bill to go through as this is a bad idea. Thanks John	Harlingen, Tx 78550	Private Recreational Angler
8/9/2012 8:23:59	Christopher Landherr	landhc@msn.com	Please reject sector separation	Houston, TX, 77019	Private Recreational Angler
8/9/2012 8:26:45	Mark Gruetzner	mark.gruetzner@gmail.com	When it comes time to vote on sector separation, which could come as early as the next Gulf Council meeting, August 20-24 in New Orleans, please reject it.	Lincoln, TX, 78948	Private Recreational Angler
8/9/2012 8:27:05	Tony Pannagl	tony.pannagl@is-t.net	This is a terrible idea - it's not fair the favor one group anglers over another.	Houston, Texas 77057	Private Recreational Angler

Timestamp	Enter your full name	email address	Comments	City, State, Zip Code	Check all that apply
8/9/2012 8:27:15	Timothy J Wagner	timdonwagner@prodigy.net	Please vote no to sector separation for the Gulf Coast. Recreational Anglers who love this area would be at unfair disadvantage to commercial fishermen and businesses and have then only limited access to what should be open to all and not a select few.	Shiner Texas 77984	Private Recreational Angler
8/9/2012 8:31:05	harry emmerton	stryker.emmerton@strykerfuels.com	Having been a boat owner for the past 30 years and a recreational fisherman in the Gulf waters, I personally believe that a move to divide recreational anglers into two sectors is ridiculous. It is entirely unfair, and I will not support this. Nor would I ever support the organization financially.	Houston, Tx 77056	Private Recreational Angler
8/9/2012 8:42:03	Danny Elton Marshall	danmarshall44@yahoo.com	Giving away even more of the already reduced level of catch for recreational fishermen to commercial interests and charter boats is totally unfair and egregious. It smacks of political cronyism, use of over reaching government power without regard for so many sportsmen to benefit the few having connections. This attempt to give unreasonable partiality to the charter and commercial fishing industry at the expense of so many individual sports fishermen is shameful!	Inez, TX 77968	Private Recreational Angler
8/9/2012 8:45:09	warren j kress	wk4652@swbell.net	no to reef fish amendant #39-sector separation. the council should be held accountable for its actions.	galveston,tx. 77550	Private Recreational Angler
8/9/2012 8:45:25	Bennis Moss	bcmoss@goldinc.com	Please Reject the proposal for sector separation. Furthermore; the recreation angler will never damage the fish population. We need to regulate business not recreation fishing for conservation sake. Limit commercial fishing so that there will be a fishing season for the person using a fishing pole without restrictions to enjoy. Ive fished the gulf coast for over thirty years both commercial and recreational and have watched my recreation limits and rights diminish dramatically. I guess we have reached the time when man doesn't know to recognize the right decisions from wrong ones any anymore.	Pearlington,MS 39572	Private Recreational Angler
8/9/2012 8:49:23	Marc Gentry	marlininc@comcast.net	The commercial / charter fishermen on the dock have a "kill them all" attitude and not a conservationist bone in their body.....they drive fancy trucks, live in big houses and are the reason we recreational anglers are cut back year after year....How many commercial / charter magazines do you see promoting catch and release...tagging.... saving the resource....? None..it's all about tonnage....The recreational side spends hundreds of dollars a pound to catch fish and supports many industries....please make your decision wisely....Thank You....	Houston,Texas 77059	Private Recreational Angler
8/9/2012 8:51:38	Daniel Doyle	ddoyle@hwlaw.com	It is my understanding that the council is thinking of dividing recreational anglers into two sectors (those with personal boats and those with for-hire boats. The council then would allocate some portion of the fish now taken by all recreational fishermen and give it to certain businesses operating for-hire boats. I can think of no benefit to the fishery that this division of resources will provide. It seems to me it will only benefit those who own for-hire vessels, and will reduce the number of fish that other recreational fishermen can take. I think it's a bad idea and hope that you'll consider the opinions of the thousands of recreational anglers in the state before adopting this rule.	Tampa, FL 33602	Private Recreational Angler
8/9/2012 8:59:16	Colt Cook	colt_85@yahoo.com	I am strongly against separation of catch shares. I work hard to own my own fishing vessel and to have the opportunity to catch fish taken away from me would be a travesty. Persons on boats for hire are recreational anglers just like me and their catches should not be separated from mine. Please reconsider the idea of catch shares and keep this country fishing.	Port Aransas, TX 78373	Private Recreational Angler
8/9/2012 8:59:36	Arthur R. Decker	arthurdecker@earthlink.net	The catch share proposal is a bad idea. I am opposed to it. Recreational anglers provide by far a greater percentage of funding for conservation of our resource and a better record when it comes to fishery management.	Texas City, TX 77590	Private Recreational Angler

8/9/2012 11:54:20	Byron Webb	byron.webb@adph.state.al.us	Recreational Anglers already get less than half the quota in most of the fisheries, to reduce it even more by giving Charter Boats half of that is just wrong. I would like to ask the Gulf Council to reject this proposal. Thanks, Byron Webb	Daphne, AL 36526	Private Recreational Angler
8/9/2012 12:01:34	patrick lynch	flounder16807@sbcglobal.net	It's really ashamed what these people have done to our hobby. There are not even fishermen just a bunch of idiots. I've fished in the bays @gulf all my life first job on the party ketch clipper in 1957. I've lived the life of a real fisherman. Not some kid with a piece of paper thinking he's a captain get real. By the way if you deflate a small snapper he'll be eaten in 5 minutes, no fish can live through the bends. Who was the smart idiot that came up with poking a hole in the fishes bladder would save his life. That's what kind of people we have running this program starting with that so-called president get real.	pasadena tx. 77506	Private Recreational Angler
8/9/2012 12:16:09	Ray D. Ellis	sillejr@yahoo.com	I urge the council to reject this amendment....Thanks Ray	Colorado City, Texas 79512	Private Recreational Angler
8/9/2012 12:17:22	Ramon Arciniega	ramon@verdant-media.com	DO NOT SEPARATE! Please vote no on dividing recreational fisherman into 2 separate categories as this would allow future decisions that could be swayed by a favoritism toward either of these entities. Thanks for your efforts and support in stopping this amendment	Houston, TX 77095	Other
8/9/2012 12:27:08	Alfred Allen jr.	aa00501@aol.com	You know I think every recreational fisherman is getting sick and tired of fighting for our right to go out every now and then to catch fish. We always seem to be on the short end of the stick when it comes to catch shares. Why on earth would you even consider taking more from us and giving it to for hire boats is beyond me. We have been pushed around by the commercial fisherman and the Gulf Council long enough. I beg of you to please reconsider your actions. I am a life member of CCA and consider myself a good steward of our marine fisheries. It is imperative that more recognition is given to the recreational fisherman in the future and stop hammering us when you think something needs to be changed. I am starting to believe that you are doing more harm than good when it comes to OUR GULF. Last time I looked we are supposed to live in a democratic society. There are way too many federal rules and regulations today, our forefathers would be ashamed of what this country has become.	Pass Christian, ms. 39571	Private Recreational Angler

8/9/2012 13:03:39	John J. Nuce	jnuce77@gmail.com	Sector separation is not a good idea for the Gulf Coast. It would not be good for coastal conservation and could lead to other radical separations of our coastal areas. I am against this proposal and I urge the GULF COUNCIL to reject separation.	Boling, Texas 77420	Private Recreational Angler
8/9/2012 13:14:12	Bradley Crooks	bcrooks68@comcast.net	Please DO NOT separate anglers in the two categories. Please leave our fishing seasons and limits alone. Private anglers have a much larger impact on sport fishing than private charters. How can you consider making changes that help only the "For Hire" charters! LEAVE IT ALONE. Bradley Crooks	Monroe, LA	Private Recreational Angler
8/9/2012 13:18:08	Benjamin Kinney	kinney@tiltex.com	Please REJECT the Gulf of Mexico "Sector Separation" plan! We do not need another bad governmental regulation!		Private Recreational Angler
8/9/2012 13:27:34	J. Michael Stefanski	jmstefanski@eszlawfirm.com	I have been a recreational Red Snapper fisherman since 1963. The proposal to divide the recreational take between charter and recreational entities would be unfair to recreational interests. The classification itself 'for hire' is a commercial definition. Obviously, Charter and Commercial interests should be grouped together in their allocation of TAC. On another topic, please consider recreational fishing zones to better allocate the catch, reflecting fisherman population, eg Louisiana vs Florida. The management agency for Migratory Birds establish waterfowl regulations to reflect hunter populations. Very best regards JMS	Crowley, La. 70526	Private Recreational Angler
8/9/2012 13:34:42	Nancy Guess	nancy.guess@gmail.com	This is a BAD idea! Please re-think.	Pearland, TX 77581	Private Recreational Angler

8/9/2012 13:39:52	Michael H. Colby	captmike50@hotmail.com	<p>Thank you for accepting my online comment. I have spent several years gathering as much information as I could concerning sector separation. I have spent many hours alone and with others evaluating that information. My belief is that sector separation will not only help charter for-hire, but the private recreational angler as well. This management model will enable both sectors to develop accountability and data collection measures that are tailored to the individual needs of different fishermen.</p> <p>Reading through many of the comments in opposition to sector separation I continually notice a common thread. The belief that this sector split is between recreational anglers who own their own boats and a select few charter operators continues to work its way through the industry. In addition, comments like "your stealing our fish", "this is a give away to a select few" and "let them take fish from the commercials, not from us" appear continually and are troubling. They are the result of a poor effort on everyones part to define sector separation and build a legitimate understanding of it. The recreational anglers that truly understand sector separation are the millions of non-boat owning customers that rely on these "select few operators" for their opportunity to fish in federal waters.</p> <p>I believe that councilman Riley said it best, "There are to many definitions of sector separation, let's get it down to one". I hope we can do just that.</p> <p>Best regards,</p> <p>Mike Colby</p>	Clearwater, FL 33756	Charter/Headboat For-Hire
8/9/2012 13:44:47	Karen Michel	kknebg@juno.com	<p>This sounds like some big dog is trying to take more of our freedom away. Please give him a bone and tell him to go lay down. 8/9/2012 14:37:37	Liz Yant	liz@yant.net	Dear Members of the Gulf Council: I would ask you to reject the plan to divide recreational anglers into two sectors, those with their own boats and those who own charter and for-hire boats. The Texas Gulf Coast, particularly in the area in which I live, Rockport, depends primarily on recreational angler visitors for its local economy. Recreational fishing is what brings visitors to the area primarily. There are already issues in the fish count (due to issues with Cedar Bayou Cut) in Aransas Bay, and further restrictions on recreational anglers, with more commercial fishing allowed, is not going to help the fish count. What would commercial businesses pay for this additional right? Also, what research has been done to support any environmental need for this plan? Please do not go any further with this plan. Liz Yant, Rockport, Texas	Rockport, Texas, 78382	Private Recreational Angler
8/9/2012 14:41:47	David Bass	bass_net_eng@yahoo.com	It makes no sense to separate charter and recreational fishermen. Please do not pass this!	Friendswood, TX, 77546	Private Recreational Angler
8/9/2012 14:48:30	Bill Yant	bill@yant.net	Dear Members of the Gulf Council: I ask you to reject the plan to divide recreational anglers into two sectors: 1) those with their own boats and 2) those who own charter and for-hire boats. The Texas Gulf Coast, particularly in the area in which I live (Rockport-Fulton) depends primarily on recreational angler visitors for its local economy. Recreational fishing is what brings visitors to the area primarily. There are already issues in the fish count (due to issues with the Cedar Bayou Cut being closed) in Aransas Bay, and further restrictions on recreational anglers, with more commercial fishing allowed, is not going to help the fish count. What would commercial businesses pay for this additional privilege? Also, what research has been done to support any environmental need for this plan? Please do not go any further with this plan. It is the recreational fishing population that pays the return and will be hurt the most by implementing this plan.	Rockport, TX 78382	Private Recreational Angler
8/9/2012 14:49:19	Chad Monsour	cmmonsour@yahoo.com	reject	Monroe, LA 71201	Private Recreational Angler
8/9/2012 14:52:42	David knight	Davidk24hr@yahoo.com	I think this separation is a bad idea. The extended season was good for the recreational fishermen because bad weather(wind) kept us off the ocean, meanwhile a lot of the bad days charters went fishing because they have bigger safer boats. Anyway they have a lot going in their favor, bigger faster boats Ore to spend on electronics ect ect... Why do this it doesn't serve any conservation effort, only helps charter business. They are catching more fish than recreational fishers Now	Fort worth Texas 76137	Private Recreational Angler
8/9/2012 14:59:27	Jeff McCann	mccannj@helenachemical.com	We as recreational fishermen are asking that you reject the sector separation . Thank you Jeff McCann	cordova, Tn 38018	Private Recreational Angler

8/9/2012 19:30:39	D. Dooley	ddooleyconsulting@yahoo.com	Sector separation is an extremely bad idea. It will allow charter angling professionals an unfair advantage for taking target species. These business survive by placing fish in the boat. This ability is honed by these charter angling professionals by frequent or daily fishing. The average recreational fisherman does not have the luxury of this amount of time on the water. Separating quotas will limit the lesser skilled anglers take while unfairly providing larger quotas for those already taking the greater percentages of fish. Reject the separation	Alvin, TX 77511	Private Recreational Angler

8/9/2012 19:34:08	William Stein, III M.D.	wstein@uno.edu	<p>Dear Members of the Gulf Council,</p> <p>I am a Ph.D. graduate student in Estuarine Fish Ecology and Fisheries Management in addition to being an avid fisherman and diver. I wish to express my concern with regard to the proposed Sector Separation vote that is coming up soon. Sector separation would lead to more complex regulations that will be difficult for the fishing public to comprehend and may be difficult at best to enforce. Further curtailing the catch by non-commercial fishers would result in economic hardship for many businesses that rely on this resource such as boat launches, bait sellers, tackle and boat sales, and revenue of State Wildlife and Fisheries. As it appears to be proposed, only a few select charter and for-hire boats would benefit to the detriment of the remainder of the fishing public. The rationale for the proposed sector separation is not clear nor does there appear to be any scientific evidence to support this plan. I urge you to reconsider this vote at least until such time as valid data can be assessed to understand the impact on all of the stake-holders.</p> <p>Respectfully,</p> <p>William Stein, III M.D. Ph.D. Graduate Student University of New Orleans</p>	Metairie, La. 70005	Private Recreational Angler, NGO, Other

8/9/2012 20:04:57	Timothy S. Adams	CaptTim@DoubleTimeCharters	I support scoping meetings for sector separation, however, as a Charter boat owner/operator, I have many great concerns. Sector separation is a plan which should be looked into, provided it's MAIN GOAL IS TO PROVIDE COMPLETE SEPARATION, (COMPLETE ALLOCATION SEPARATION) FROM ALL OTHER ALLOCATION ENTITIES SUCH AS RECREATIONAL AND COMMERCIAL SECTORS! If complete allocation separation is the true base for "sector separation", then I do wish to support further meetings and scoping of same. If allocation separation, TRUE ALLOCATION SEPARATION, is not in the plan, I DO NOT SUPPORT IT. In other words, if we have sector separation, and another sector over fished THEIR ALLOCATION, such as the commercial or recreational sector, OUR SECTOR (CHARTER-FOR-HIRE) WOULD NOT BE AFFECTED IN ANY WAY! That is the entire reason we would even think about sector separation, and submitting our own FMP (fisheries management plan), to protect our historical catch, with accurate, relevant, current data to back it up. Yes, I DO have a degree in Biology, Yes I have Statistical background, yes, I am a SCUBA diver (ex-instructor) who dives and SEES the fish on the reefs and wrecks. I will be unable to attend the New Orleans meeting later this month as I will be out of town, but please do not take my comments lightly. I am a member of the DCBA and NACO and because I dive, I see so much the average fisherman does not. We need to find out more about sector separation as the charter-for-hire sector is VERY ACCOUNTABLE, I have participated in every survey out there. Please review my comments and note them at the New Orleans meeting as I would wish to attend but am unable. Sincerely, Capt. TimAdams	Destin, Fl., 32541	Private Recreational Angler, Charter/Headboat For-Hire, Commercial Fisher

8/10/2012 5:59:02	Dennis Schimming	dennischim@yahoo.com	Sirs, I fish from both private craft and charter boats and for the life of me I can't understand why anyone would give For-Hire preferential treatment over private boat owners. This give undue favoritism to the commercial charters .When you look at this on the economy level think of all the private boats using gas ,bait,tackle,as opposed to a far less number of commercial charters. I feel this is a BAD idea and should never happen.	Houston, Tx., 77065	Private Recreational Angler
8/10/2012 6:02:58	Michael Mood	mmood@enterprisinglyon.com	I am against the sector separation between headboats and recreational anglers. Actually you should focus on giving recreational anglers more than 49%, and reduce commercial fishing from 51% to represent economic reality. Recreational fishing drives more commercial benefits.	78373	Private Recreational Angler
8/10/2012 6:05:09	Robert Palmer	coastaloutfitters@comcast.net	Splitting the recreational TAC into two separate parts does nothing for the purely recreational fishermen or the resource, It only serves to give the for-hire charters a larger share of an already pitiful rec. allotment and puts money in their pockets from a public resource. This is a commercial endeavor on the for-hire captain's part. Take their catch shares out of the commercial TAC by taking catch shares away from commercial fishermen who are not filling their annual quotas. It is pathetic that the commercial fleet should be able to sit on unused catch shares and the rec. fishermen should have to suffer with a less than 50 day season that is further shortened by work week days, poor weather conditions, high fuel prices, and rough seas. This should be amended as well, to include many secondary weekend seasons for the rec. sector.	Rosenberg, TX 77471	Private Recreational Angler
8/10/2012 6:08:01	Kathie Bassler	kathieb@basslerenergyservices.com	I am a recreational angler that uses charter captains on a regular basis and see no reason for sector separation of allowed fish that you are proposing. CCA feels that this is not a good idea and they are usually right on with the best interest of recreational fishing	port Mansfield, Texas 78598	Private Recreational Angler, Other
8/10/2012 6:09:20	james c ferguson	fergusonjamesc@gmail.com	no to amendment 39, I fish often & spend plenty----- I think the allotment of fish harvest is all ready out of line, I will see who votes for this am.39 & will not vote for anyone in favor of this.	78382	Private Recreational Angler
8/10/2012 6:12:02	Steve Wildner	scwildner@outlook.com	I would strongly discourage any further Federal Regulatory intervention into our Gulf fisheries at the current time. 8/10/2012 8:37:20	Steve Boyd	sboyd@oceaneering.com	This knee-jerk regulation has to stop. The rules are already written to benefit the tiny percent of the population that makes its living off the commercial harvest of the public supply of fish. Commercial hunting was eliminated many years ago, because it's unsustainable, but commercial fishing is apparently exempt from good management practice. It's a shame for those that have historically made their living this way, but it's necessary to protect the resource. Now, instead of addressing the problem, you seek to con the public into believing that the private sector is the problem. It's a lie, and you should be ashamed. It isn't the fault of the guides/hire boats, either. Most of them came from commercial sector. Recreational and for-hire fishing provides hundreds of times more economic and conservation benefits than commercial fishing. Maybe that's it - allow the commercial harvest to destroy the resource, and you can ban all fishing?	Hempstead, Texas, 77445	Private Recreational Angler
8/10/2012 8:43:04	John W. Morris's III	JwmorriSs3@coMcast net	Please vote NO to changing our rights to fish, and to keep our individual rights to the limits set by our states!	Galveston, Texas, 77554	Private Recreational Angler
8/10/2012 8:43:06	John W. Morris's III	JwmorriSs3@coMcast net	Please vote NO to changing our rights to fish, and to keep our individual rights to the limits set by our states!	Galveston, Texas, 77554	Private Recreational Angler
8/10/2012 8:47:35	Dr. Bert Vasut	bertvasut@yahoo.com	Separation of recreational and for-hire sectors in no ways serves the efforts of conservation and is nothing more than a federal beauracracy caving to lobbying efforts. Time for the Gulf Council to grow a pair and do something that serves the good of the fishery as a whole, not an interest group.	The Hills, TX 78738	Private Recreational Angler
8/10/2012 8:58:51	gene ennis	gene.ennis@gmail.com	I believe your sector separation is not a conservation idea which makes any sense. Why not have a public debate about this issue, but allow other ideas to surface which may be more constructive. I have read your proposal and the background and I cannot see any real advantage for the fish. I thought your goal was to manage the resource, not who harvests the resource.	sargent, tx 77414	Private Recreational Angler
8/10/2012 9:00:47	Shay W. Corbin	docshaycorbin@yahoo.com	Vote no on seperation. as a boat owner i should have the same right as a charter boat. the expenses i have are not off set by the people i take fishing. an increase for one should go for all.	St. Francisville, La. 70775	Private Recreational Angler
8/10/2012 9:02:25	JAMES THOMPSON	NO1TUNA@COX.NET	AGAINST SECTOR SEPARATION FOR REEF FISH	BATON ROUGE, LA 70809	Private Recreational Angler
8/10/2012 9:23:57	Robert E. Sanders	robert092@cox.net	Please do not allow the division of recreational anglers into two sectors. It would be detrimental for non-commercial recreational fishermen. I can't understand what the benefit would be of this proposed division. It all seems very vague as to what the benefits are, and to whom.	New Iberia, Louisiana, 70563	Private Recreational Angler

8/10/2012 9:53:44	Jason Jordan	Jjordan@allprorecon.com	I am 200% against this. If this passes I am gonna sell my boat and all my gear. While I'm not the wealthiest guy in the world I spend roughly 50k a year on fishing. Now my lil 50k a year isn't gonna have an impact on anything but if a lot of fishermen did the same that would be a lot of money not being spent. Bait gas tackle purchased by rec anglers far exceeds that of the few piss ant charter captains. I sure hope this does not pass as it will indeed be a sad day more recreational fishermen	Texas city tx 77590	Private Recreational Angler
8/10/2012 9:55:14	Thomas Hewes	thmshew@bellsouth.net	STOP SECTOR SEPARATION!!!!	Gulfport	Private Recreational Angler
			The limits on all game fish in the gulf are strict enough. Take from them it will not be worth fueling your boat up to go out. I think this may be why you are doing it. The price to run those 42 foot, Bertrams and the like is rising, there for this increase is passed down to the customer who decides not to book the charters.		
			Another thing you should check into is the situation in Rockport TX. There are so many guides in this area, they have literally ruined what until about 4 years ago was in a very healthy fishery.. They have fished out every legal size Trout. You can catch Trout that are about 1" short of the limit thinking that the next summer they will be legal, The next year they are but in early spring the guides head out and by early summer they is nothing left but the undersized by 1" Trout left. The use of Golden Croaker for bait has a lot to do with it. If Croaker were categorized as a game fish this truly would have slowed down the demise of this fishery. Also, I have been a member of CCA my entire adult life. In fact it was GCCA when I first joined. They brought Redfish back from dismal numbers in the Rockport area in the late 70's and by the early 80's there was a very healthy Redfish population that was doing a great job of flourishing. in these beautiful bays. The guide have now just about wiped out all of this by GCCA.		
8/10/2012 9:59:24	Ronnie Rozacky	lastofthehandsomedudes@hotmail.com	They now cannot target trout or Redfish for their clients. They are down to targeting BLACK DRUM. It is the only true game fish left. Pretty soon they will fish out these and these bays bays will be not worth fishing, and the economy of the towns from Lamar down to Corpus Christi will start to suffer.	Houston, TX , 77040	Private Recreational Angler
8/10/2012 10:04:21	Shane Hopkins	hopkins2001@gmail.com	I would like to voice my strong opposition to the Sector Separation amendment. The Congressional Sportsmen's Caucus, all of the fishermen at my marina and myself oppose this legislation. Please ensure that this amendment is defeated.	Cypress, TX 77429	Private Recreational Angler

8/10/2012 10:32:12	Michael Castolenia	castoleniaml@att.net	As a recreational angler It disturbs me to read that once again we are going to take another hit by some council who wants to give away more of our rights to some special interest group. Recreational anglers are always the first to get hit with limits on bag & size, increases on licenses and other restrictions, yet we pour BILLIONS into not only local but state coffers and now this council wants to give away more of our rights. Remember the saltwater stamp, it was only supposed to be imposed for five years and never go above five bucks? Now here we are how many years later and how much more are we paying! Would somebody please stop the bleeding! I make my living refining crude into gasoline and diesel fuel. I don't get a discount at the pump and I don't believe charter boat operators should get special privileges just because they chose to make their living fishing.	Lumberton,Texas 77657	Private Recreational Angler
8/10/2012 10:46:04	charles w. richey jr.	crichey72@gmail.com	I am very against sector seperation. The people that fish on charter boats are recreational fisherman also. The charter boat's should not be given part of the recreational fishermans quota so that they can make a profit from the fish that belong to everyone.	shoreacres,texas, 77571	Private Recreational Angler
8/10/2012 11:01:23	Patrick A. McKeon	mckeonpatrick@yahoo.com	Sector separation is a bad ides and I do not support it.	Lacombe, LA. 70445	Private Recreational Angler
8/10/2012 11:15:27	John Vernor	jwvernor@yahoo.com	NOAA Fisheries staff have attempted to force through sector separation without the basis of real information on impacts that could affect our Gulf fishing for generations. We need to reject this grab for power. We do not need more regulations and we need to reduce the government intervention in our daily lives.	Sealy, TX 77474	Private Recreational Angler
8/10/2012 11:30:53	Terry Lynn Prince	lone_star_terry@yahoo.com	I do not agree W/the separation proposal.	Dayton, tx 77535	Private Recreational Angler, Charter/Headboat For-Hire
8/10/2012 12:08:08	Michael E. Quintela	quintme@gvtc.com	What we really need to do is lower the limits for commercial fishing. Money cannot be the sole reason that we as a people ruin the fishing stock. Recreational Anglers do not descimate whole stocks of fish at one catch. I personaly beleive that we need to seriously monitor stocks and close all fishing until that stock recovers no matter who's catching them! We cannot exceed the balance in nature.	Spring Branch, TX. 78070	Private Recreational Angler
8/10/2012 12:08:19	jason boone	boonjg@bp.com	It's had to believe this great country has come to a point where a few knuckleheads can propose actions or laws with money changing hands for a few and the rest of us just get to live with it!!!		Private Recreational Angler
8/10/2012 12:11:14	Reggie Lee Roberts	lrober43@gmail.com	I disagree this thinking is right in line with Obama's socialism. It's a sad day in America if this happens, this will drive a wedge between the recreational fishermen and the charter boats.	Harvey, La 70058	Private Recreational Angler
8/10/2012 12:19:01	Lisa Guthrie	laguthrie35@gmail.com	Sector Separation is a bad idea.	Seabrook, TX 77586	Private Recreational Angler

8/10/2012 19:29:46	Shaun Michael Igo	hitide610@yahoo.com	This new issue of separating recreational angling is another baffling attempt to create warfare among the citizens of what HAS been the best managed nation on a world scale. To attempt to inform private anglers that they can no longer enjoy the outdoors is an effort in government futility. It will not happen. If the current most corrupt administration in the history of the United States of America is seeking division amongst its inhabitants, I am certain it can achieve it. The problem will be that the governmental dependants are those who do nothing now, and will do nothing when that separation comes. Fishing for both nutritional provision and sport is a God given human right and biblical instruction. Do not attempt to take that away. There will be no Allah to protect those who do nothing.	Manvel, TX 77578	Private Recreational Angler

8/11/2012 7:16:59	alan d lewis	a8lew@yahoo.com	stop sector regulation now. charter and recreational anglers both need access to gulf fisheries. we need more access, not less.	spring, tx 77388	Private Recreational Angler
8/11/2012 8:08:20	James Stock	jrstock61@gmail.com	I am opposed to the sector separation of recreational anglers.	La Marque TX 77568	Private Recreational Angler
8/11/2012 8:17:58	Ronald Moser	ronandvirginia	Portect my right to catch fish as a Recreational Angler fishing on my own boat.	Port Aransas	Private Recreational Angler
8/11/2012 8:42:54	Nanette Harper	NanHarper@NanHarper.com	REJECT SEPARATION! It is Imperative. Do not let our gulf fishermen lose their independence by your "floundering" on this issue. PLEASE!	Pensacola Beach, FL 32561-2003	Other
8/11/2012 8:43:41	Patrick Rios	prios1001@sbcglobal.net	Please reject Reef Fish Amendment 39- Sector Separation. This seems like more unnecessary, biased and influenced government intervention.	Rockport, Texas 78382	Private Recreational Angler
8/11/2012 8:47:53	Gary Poysstick	garypoysstick@mac.com	I publish a fishing magazine called Theaonlinefisherman.com. My readership is overwhelmingly opposed to this move. Sector separation is the first step towards recreational catch shares. It is evident. Stop letting Pew, EDF, and the ocean conservancy and the progressive left (who hate us and the sport we love so much) from making the call. Stop the move towards sector separation. There is NOT A CONSENSUS among charter captains. They better be careful of what they wish for. Charter guides kill far more fish than a regular recreational angler. If you want to separate them, stop them from putting their customers on so many fish six days a week, and give the access for eukaryotic guys WITHOUT SPECIAL LICENSES AND TAC Paperwork!!!!	33704	Private Recreational Angler, NGO, Other
8/11/2012 8:49:48	Elmo Vinas	kvinas567@gmail.com	I am opposed to the separation of fishing rights between fishing business and the recreational fisherman. Recreational fishermen and women pay their way by paying for licenses, gas and oil and other expenditures to enjoy their recreation. Please reject this "Obama-like" idea. Thanks	Franklin, LA 70538	Private Recreational Angler
8/11/2012 8:59:00	Lee White	Lee4www@tampabay.rr.com	Please try to defeat, sounds like some more O'Bama Regulations	Tampa FI 33612	Private Recreational Angler

8/11/2012 9:21:17	John Michael Chachere, Jr.	jmchachere@cox.net	It is a really bad idea to sector recreational fishermen and charter fishermen. It is time that the federal government start allowing states to manage the fisheries outside their waters. It is a travesty what the federal government has done to the Red Snapper fishery off the coast of LA. Anglers have 100's of thousands of dollars invested in equipment and boats to go out and catch 2 fish that you can catch within 5 minutes. I am a diver and can give you true eye witness facts of how many fish there are. It is time you start using real data and facts to make laws and cut out the bureacracy. We all have the same goals which is to manage the fishery in a responsible manner.	Lafayette, LA 70508	Private Recreational Angler
8/11/2012 9:22:34	Eric J Martina	emartina78@gmail.com	This is a bad idea. Why give business their own share of fish when they pay nothing extra for this privilege?	Houston, TX 77035	Private Recreational Angler

8/11/2012 10:22:53	gregory m. whibbs	gwhibbs@vincewhibbs.com	Gentlemen and Ladies of the U.S. Congress, I urge you to consider the catch separation of the fisheries in the Gulf of Mexico to be a BAD IDEA. While I own my own boat as a recreational fisherman, and know many recreational fishermen that fish as a beach or pier-bound angler, the catch limits should be distributed amongst all groups in a fair and equitable manner, not giving ANY group an inordinate share. Thanks for what you do. Gregory M. Whibbs	pensacola, fl 32561	Private Recreational Angler
8/11/2012 11:33:11	James Colglazier	james.colglazier@yahoo.com	How ridiculous is this. I thought these entities were supposed to be dedicated to enhancing marine fisheries and habitats and true conservation issues working with the recreational fishermen, the true stewards of marine life, not planning the "redistribution" of fish. That has an ugly ring to it and is a bad omen. Every one, including recreational boat mfg.'s and dealers should protest this idiotic approach James C.	Harlingen, Tx 78550	Private Recreational Angler
8/11/2012 12:03:26	david dominick mcqueen	bigdodge4x4@yahoo.com	reject seperation	pearl river,la. 70452	Private Recreational Angler

8/11/2012 15:55:39	Mike Shortes	mike.shortes@yahoo.com	Let us keep fishing. I should be able to fish with anyone I choose As long as it's by safe means. My son is in the Coast Guard & I understand that safety always comes first. Thanks	Red Oak, Tx, 75154	Private Recreational Angler, Other
8/11/2012 16:10:19	michael walker	kwaknet33@sbcglobal.net	This cannot stand!	fort worth, tx, 76179	Private Recreational Angler
8/11/2012 16:17:48	Gary Alford	strata-caster@hotmail.com	Recreational anglers pay to fish. In addition to all the governmental fees and taxes which we all pay as legal residents, some do it via purchase and ownership of their own equipment and some rent that equipment in the form of boats to provide transportation and rentals of equipment. There is no difference other than that. All recreational fishermen pay to fish in the manner they choose. Some, like me, choose both options. As such, separation of sectors like that being proposed makes absolutely no sense. Just seems like one more beuracratic way of punishing those who support conservation the most- the little guy, the recreational angler!	League City, TX 77573	Private Recreational Angler
8/11/2012 17:34:03	Michelle Gerth	michellegadams@att.net	I am strongly opposed to Sector Separation and say NO to any new Catch Shares in the Gulf Fishery.	Panama City, FL 32411	Private Recreational Angler
8/11/2012 18:01:48	William Stephens	ddairops@comcast.net	Please vote NO to sector separation. Although I run my own business now in Atlanta I have insight and still close ties to the charter boat industry. I have a USCG captains license and still fill in on friends boats as captain or deck mate. The push on some for the sector separation is nothing more than greed and failure to adapt to the changing economy. No extra or separate fish/season will do any substantial good to boost their failing business. The charter boat industry is by far tourist / economy driven. The charter industry actually needs to keep less fish. Go to any of their websites and their own picture galleries a lot of time show nothing less than a slaughter. Way more fish than the paying customers need for several meals. People go on charter boats for the overall adventure. YES they do expect some fish to take home. Don't get me wrong. When I go fishing we keep a modest amount. Everyone caught a lot of fish, had a great time and had some great pictures. The charter industry needs to be an example for conservation. But they are screaming that they "only want what they have historically caught". That does not cut it in modern times just as their 20 year old business plan and the way they have always done business does not cut it now. NO, NO, NO to sector separation.	Tyrone, GA 30290	Private Recreational Angler
8/12/2012 3:23:57	Thomas A Drawert	tadraw@sbcglobal.net	I'm opposed to the sector division as proposed.	San Antonio TX 78230	Private Recreational Angler
8/12/2012 5:32:37	Robert ferry	rferry4@tampabay.rr.com	How is splitting the recreational fisherman's quota into two sections going to help anyone but the commercial interest? The new proposal would only divide the recreational fishermen and create friction within the group while the commercial fishermen will be laughing all the way to the bank. Wake up, examine the facts and make the correct decision to reject separation. Bob Ferry	tampa, fl 33615	Private Recreational Angler

8/12/2012 10:15:15	Michael f sights	mfsights@hotmail.com	Please vote NO on admendment 39. It is bad enough recreational anglers & charters boats are told the Red Snapper is endangered, when we catch 500lbs a trip, vent them, & release them. Now you want the Gov to control all the fish in the ocean & make sure a few select commercial operations can keep all the fish they want, while the recreational angler gets screwed. NOAA & the other Fishery Management have lost all respect due to their crooked fish estimates & unfounded closures. NOAA is just another example of the corruption that seems to taken over our Government.	atlanta, GA 30338	Private Recreational Angler
8/12/2012 10:32:03	jim wilson	jimsfoa@gmail.com	I produced a television show, "Jim Wilson's Florida Outdoor Adventures" on WMBB-TV in Panama City, FL for 27-years (retired 5/28/2012). I also published a newspaper, "Florida Outdoor News", from 1988 to 2001. I have had a close relationship with recreational, charter and commercial fishermen.	32405	Private Recreational Angler

8/12/2012 10:39:19	James Bradin	jwbradinjr@gmail.com	I am opposed to anything that further limits the recreational fisherman. I think if there are any changes the commercial fishermen should have to give up quota to commercial charter boats since they are in it for business. Do punish the recreational fisherman our hobby is already costly with fuel prices and how far we have to run offshore. Thank you for your time. Sincerely, James Bradin	34221	Private Recreational Angler
8/12/2012 11:13:51	Harry I Arledge	harledge@charter.n	I am a recreational angler that fishes several times a month in the upcoming issue I would not like the recreational limit dropped and given to the charter guides for the reason the cost of fishing has greatly increased since the time I started salt water fishing. I have salt water fished for over 40 years. When I do get the oppertunity to fish I try my best as any angler wanting to put fish in my freezer for my family. Our Red Snapper limit has been lowered and size limit increased if that was not bad enough the cut the recreational limit and increased the charter captions that was a blow to the recreational fisherman. Now the council wants to cut our specks I don't thnk it is fair to use it costs us money to fish buy bait gas boats (if Lucky) it is very expensive to go and not be able to catch the fish we are catching now. Why this may not be worded correctly I would like to say to the council do not punish the recreational fisherman by giving part of their quota to the charter captions Thanks Harry Arledge	Livingston, La 70754	Private Recreational Angler
8/12/2012 11:19:22	Charles Myers	dollychuck@verizon.net	No seoaration please.	Santa Fe, Texas, 77510	Private Recreational Angler

8/12/2012 13:44:53	Capt. Dave Lear	captdavelear@me.com	This amendment represents a very bad precedent. It segments a stakeholder group that should remain intact. As a retired guide (15 years), I have no problem with the recreational quotas being calculated with private anglers. My former clients typically chose to practice catch and release or targeted non-food species like tarpon. If the Council goes this route, it is only logical to segment and regulate the commercial industry by gear types, too. That makes allocation and enforcement even more difficult than it is now. Reject this proposed amendment and maintain the status quo. Thank you.	Tallahassee, FL 32317	Private Recreational Angler
8/12/2012 13:55:03	Antonios Bekiaris	Handymanexpress2@yahoo.com	Please DO NOT consider dividing recreational anglers into two sectors. There are other serious matters in our waters that need to be address that are far more important to ALL that fish.	Hudson, FL 34669	Private Recreational Angler
8/12/2012 14:43:58	Lance E. LaCour	lancelacour@me.com	Thank you for understanding those who work hard to be privileged to have choices. I would like to respond to this proposed new ruling/plan. I oppose the plan as stated and feel it will damage the recreational fishing industry and negatively impact local economies that rely on recreational anglers for their livelihood. Thank you for your attention. Lance LaCour	Katy, Texas. 77494	Private Recreational Angler

8/12/2012 18:04:57	Robert Amedeo	RAmedeo@charter.net	I am an avid recreational fisherman, both inshore and offshore. I spend considerable money supporting, storing and operating my small boats. Why should any part of the "recreational" catch be given to the charter businesses that run commercial fishing operations? They may not be selling the fish directly, but they are making money by fishing. Those are clearly commercial operations. The take limits for charter fishermen should be included in the commercial limits. As it stands now, the tight limits on recreational fishermen make it almost impossible to make a worthwhile offshore trip. The limits are tight and seasons are often closed. If you don't catch your targeted fish there are often few options to "save the day" by catching other species. Those trips generally cost from \$500 to \$1000, even for small boats like mine. It's becoming too costly to justify the limited catch. Please do not give any part of the recreational catch allotment to the charter operations. Their catch should be part of the commercial catch.	Slidell, La. 70461	Private Recreational Angler
8/12/2012 18:22:34	Reginald Jones	rjones@calpine.com	Please reject the seperation of recreational anglers. Thanks, Reg Jones		Private Recreational Angler

8/12/2012 19:04:54	Scott Parker	Scottlivy@yahoo.com	Bad idea. Recreational sports fishing does not need any additional regulation or limits on bag limits. Recreational fishermen are a major supporter monetarily and should not be treated with such disregard!,,,,	Lakehills, TX, 78063	Private Recreational Angler
8/12/2012 20:06:00	John Humbert	jhumbert@softwareimagineering.com	Sector separation is very bad idea. The vast majority of angler, dollars, and votes are from PRIVATE RECREATIONAL ANGLER. This group generates the vast majority of the revenue to the economy and has the least impact on the resource.	Plano, Texas 75075	Private Recreational Angler
8/12/2012 20:45:40	MALYNDA A WILLIAMS	yknotgetaway@aol.com	Salutations, I oppose the separation of angler sectors. Unless you can show me a conservation benefit, not just a 'business' benefit, I will vote NO! Do you have answers to any of the following questions. And what are these businesses going to be paying for a 24/7 buffet of fishing? Are the State or Local entities going to be receiving tax revenue? If you will be transporting fish, how many will survive? Will this separation action be the start of an extinction of species from over fishing? Will this end up in a separation of angler camaraderie, territorial wars, Pirate behavior? I do not believe ALL the facts, pros and cons have been wieghed out. At least from what I have read. Please hear our words! Respectfully, Malynda A Williams M. 979/777-5423	ARANSAS PASS, TX, 78336	Private Recreational Angler, Other
8/12/2012 22:06:24	Robert Guice	texasbeagle@hotmail.com	I do not approve of any measure that limits the amount of fish that I can catch and gives an greater amount to a charter boat or guide fisherman. I spend just as much or more on my boat and tackle as any other fisherman and I take way less fish than they do for the same amount of money and taxes spent on fishing gear and fishing license.	Houston, TX 77063	Private Recreational Angler
8/13/2012 4:46:24	JOHN C. DAVIS	camp.davis@raymondjames.com	Why should one group of citizens have different rights doing the same thing than another group of citizens. This is totally counter-intuitive and there will be even more economic impact than imagined. Govt has once again failed the people and this needs to stop.	Jacksonville, FL 32210	Private Recreational Angler
8/13/2012 5:25:38	Irvin Quintin Weber	iqweber@yahoo.com	Bad idea. Please reject separation. What were they smoking? Thanks, IQ	Lake Charles, La. 70611	Private Recreational Angler
8/13/2012 5:57:57	Dennis Brunson	dpbrunson@gmail.com	Sector separation is a bad idea. I have fished recreationally in the Gulf Coast all my life. Over the years thecatch limitations on the recreational angler have diminished. While I believe that the charter boat business gives an opportunity to more anglers to fish, the limits should still be the same for each angler.	College Station, Texas, 77845	Private Recreational Angler
8/13/2012 6:17:21	Francis G. Potter	garnerpotter@gmail.com	The Gulf Council is considering dividing recreational anglers into two sectors, those with their own boats and those who own charter and for-hire boats. The Council would then take some portion of the fish now given to all recreational anglers and literally give it away to a select few businesses operating those charter and for-hire boats to use as their own, however and whenever they wish. This seems to be a really bad idea. Why is this even being considered	Kenner, LA 70065	Other
8/13/2012 6:38:01	Matt Sitterle	msitterle@gmail.com	Members of the Gulf Council, Please reject the separation act that is upcoming, I strongly oppose guides being able to keep more fish for their clients than i would be able to keep going fishing with my family. Guides (not all) will take advantage of this and be hard to regulate.	Austin, TX 78748	Private Recreational Angler
8/13/2012 6:44:49	Edward William Schultz Sr	ESchultz@ckor.com	Thanks do not allow the separation. The laws governing limit, sozes, areas allowed to fish, and seasons should apply to ALL equally.	St Martinville, LA 70582	Private Recreational Angler
8/13/2012 7:06:22	Chuck Kaiser	chuck@acmeref.com	To the Gulf Council, I oppose any proposal for separation of fish limits for private and charter for-hire. Please reject separation!	BR, LA 70815	Private Recreational Angler

8/13/2012 9:55:54	Julie jones	Clouserfly@cox.net	I am writing to ask the Council to do away with sector separation of the Reef Fish Amendment 39. I pay a fee every year to be able to fish in our world class waters just like everyone else and am entitled to the same limits. Why shouldn't recreational anglers be entitled to the same amount of fish as commercial operators? There are NO benefits for one group of anglers to be entitled to a greater limit than another. In fact, if anything at all comes of this amendment, I think commercial operators should be the ones taking less fish per day. They will be the ones depleting the population more than recreational fisherman. They will be on the water more days out of the year with more anglers per boat. This amendment is ridiculous! Reject it!	Baton Rouge	Private Recreational Angler
8/13/2012 9:56:53	Derek Greene	dgreene17a@yahoo.com	Councilmen, to criticize our current leadership in Washington for being intrusive and threatening to the common freedoms we all hold dear as American citizens; and institute Sector Separation is hypocritical and scandalous. Big business interests that prosper at the expense of the common man is unethical and borderline Communistic. Sector Separation has no place in God's Great Gulf.	Houston, Texas, 77014	Private Recreational Angler
8/13/2012 10:13:59	Owen J Bello	owenbello@bellsouth.net	Dear FM Council, Please reject sector separation, it is a bad idea. Owen J Bello	Ventress, LA 70783	Private Recreational Angler

8/13/2012 13:10:57	Jeremy Thurne	p90acehunter@aol.com	I don't think Charter boats should get a separate catch limit than other recreational anglers. After all charter boats are just taking out recreational anglers on their boat. Those anglers should follow the same rules as their fellow recreational anglers. Also I think recreational anglers should be able to catch a larger percentage of fish than currently allowed as compared with commercial fisheries. And that accurate scientific data is used in determining fishing populations and catches. Thank you.	Jacksonville, FL, 32221	
8/13/2012 13:12:42	Joseph P Cagnolatti	jcagnolatti@eatel.net	I own a houseboat on the coast and a recreational fishing boat. I should have as much right to fish recreationally as the next person. Splitting quotas out between private boat owners and fishing guides services is discriminatory and serves no purpose for conservation. Just leave us alone and let us fish. We obey the rules and the law. We are responsible for the grass roots conservation organizations being organized in the first place. We care about the resource.	Gonzales, LA 70737	Private Recreational Angler
8/13/2012 13:26:46	Larry Millican	larrym@pegasusproperty.com	I disagree with separating the head boats from recreational anglers. If anything the head boats should be put in with the commercial and come off their quota.	League City, TX 77573	Private Recreational Angler
8/13/2012 13:40:14	Randall Richardson	randallaar@aol.com	Do not divide the recreational anglers into two sectors. Sector separation is a bad idea.	Houston, TX 77084	Private Recreational Angler
8/13/2012 14:03:18	pierre gaudin jr	pfgaudinjr@bellsouth.net	i believe sector separation is not beneficial to managing fish stocks.	gretna, la 70053	Private Recreational Angler
8/13/2012 14:09:58	Dimitri Georgiades	Dimitri987@gmail.com	Amendment 39 is absolutely ridiculous. Y'all are trying to drive the recreational fisherman out all together. If you are so worried about Red Snapper, then close them for the next 5 years and be done with it. But there is something more at hand here. This is someone trying to form a mob like ownership of the Gulf of Mexico. Crooks trying to get one over on us. Vote No on Amendment 39!	Gulf Breeze, FL 32563	Private Recreational Angler
8/13/2012 14:35:47	Danny Cruzan	cruzan@drillpipe.com	I oppose any separation.	Spring, TX 77386	Private Recreational Angler
8/13/2012 14:51:04	Harry Garber	hgarber@garbercc.com	Re: Comment for scoping document for amendment 39. To: All council Members I wish to express my opposition to the proposed sector separation for the recreational fishing industry. I understand that one of the council's justification for doing this is to improve data collection and better manage the fishery. In this day and age of technology this really makes no sense to me. As an avid hunter I have to ask why wildlife biologist can keep accurate harvest data in the hunting recreational sector but your fisheries biologist cannot? It makes no sense. If asked to do so fishermen are no different than hunters and are more than willing to step up and do their part to help keep harvest data updated. Dividing the recreational sector and possibly creating strong animosity between charter captains and recreational fishermen is a mistake and the council needs to deliberate carefully and come to the only logical conclusion and reject sector separation.	Huntsville AL. 35803	Private Recreational Angler
8/13/2012 14:55:41	Joseph Pugach	fichem@comcast.net	This is an absolutely ridiculous plan. I don't understand why good scientific research is done before submitting proposals like these. Facts are what are needed when proposing new rules. Anecdotal evidence is just that and is usually not supportable.	Naples, FL 34119	Private Recreational Angler
8/13/2012 15:20:29	chris luoma	richmanpoolman@yahoo.com	I am strongly opposed to sector separation.	fairhope, AL 36532	Private Recreational Angler
8/13/2012 15:39:51	Raymond Strohmeyer	raymonds@jeffersonsprinkler.com	We do not need to divide recreational and charter fishermen in any way. The limits and seasons should be the same for every license holder.	70053	Private Recreational Angler

8/13/2012 17:49:53	Thomas J. Hesse	tandthese@verizon.net	I am in agreement with CCA's views that sector separation is not a good idea. I do not support implementing sector separation. Furthermore, I would like to see more of the quota of fish go to private recreational anglers rather than commercial boats, because the fish are a public resource and this would maximize the financial benefit to the state's economy.	Valrico, FL 33596	Private Recreational Angler
8/13/2012 18:10:55	David T. Dodge	dtbd35709@yahoo.com	The recreational angler has had to put up with limits of all types for years and he has never been the problem. The commercial fisherman who may be local or from another country have always done what they wanted . The Gulf is free water and should be protected but not given in part to any group or another. I am against any type of division of the territory.	Baton Rouge, La 70806	Private Recreational Angler
8/13/2012 18:35:51	Tommy Griffin	calonghorn@hotmail.com	Without the charter for hire industry it would be very difficult and nearly impossible for some to enjoy the sport of fishing. I myself do not own a boat sufficient for the Gulf. Therefor I completely support a separate fishery management plan for the charter for hire industry.. Thank you.	San Diego, CA. 92109	Private Recreational Angler
8/13/2012 18:36:21	Richard Joseph Robichaux	RJRobichaux@aol.com	It makes no sense to separate the charter fishing from the recreational fishing. Take time out and talk to the marina owners, since they deal with both groups, and they will tell you the same thing. It would make more sense to better organize the reef fishing season to allow snapper and other reef fish such as Amberjack to coincide. All you have to do is set certain dates for 2 snapper and one amberjack per person and other dates for one snapper per person and two amberjacks per boat. This way the charter boats can make a living and the recreational fisherman can fish. This will allow both to be able to fish when the weather is good and you will not have so many crippled fish being released that most likely don't survive.	Raceland, La 70394	Private Recreational Angler
8/13/2012 18:49:54	Craig Anthony Osburn	Craigaosburn@bellsouth.net	This is a horrible idea and needs to be tossed out now	Patterson, La 70392	Private Recreational Angler

8/14/2012 10:53:43	Capt. Scott McCune	scott@fishntexas.com	<p>Catch Shares DO NOT belong in a fishery that is recreational inclusive, period. NOAA needs to cut a huge percentage from the commercial TAC and give it to the recreational fisherman! Recreational only fisheries ARE healthy! Anyone who wants the IFQ bureaucratic crap in our recreational or Charter for Hire fishery Should expect a Fight!</p> <p>An interesting point was brought before me the other day...the quota is being filled more rapidly than ever...recreational people are catching a lot BIGGER fish which mean it takes fewer to reach the quota...which means that the fishery is better, good or has gotten a heck of a lot better...however they recreational angler gets PUNISHED because it takes much less time to catch these plentiful much BIGGER fish...this does NOT make sense to me!</p> <p>The CHF (Charter For Hire) is and should be a recreational sector because it is the license buying, tax paying, public access guy who is keeping his share of the bounty, however granted it should have more than 80% of the TAC! Commercial fishermen have lived off our fish for too long! SOS is not for a recreational fishery, if a fishery is so depleted it has to come to this then commercial fishing should be stopped...period...and especially if it is also a recreational fishery! Too much government money is being spent to try to get everybody a little bit and no one is happy! Ban commercial fishing for Red Snapper and Amberjack to save the economy of the fishing communities...recreational fisheries take care of themselves without greed of profit!</p> <p>I feel that as a charter captain I'm a recreational liaison, not a commercial fisherman... I still can't believe the amount of trouble/money the government goes through to manage a depleting fish stock...it seems as simple as Red fish and Speckled Trout...as technology, fishing pressure, popularity of cuisine changed commercial fishing was eliminated to save the species and the larger economy of the communities...why is that an off limits discussion from our government for Red Snapper, Amberjack and Grouper... I'm sure there is a species, however I can't think of one off the top of my head that has been disrupted solely by recreational efforts, however I can think of many more that have made a significant come back due to the conservation nature and financial assistance of recreational anglers...it boils down to when you make money for fishing by any means (mass entrapment not Rod & Reel) to gather fish, no matter what restrictions are placed greed or the need to pay bills will make people do things that are illegal thus the down fall of the Red Snapper, Amberjack and Grouper... we had seen this happen in other fisheries to that are booming now after the any means available fishing (not single hook and single line) was banned...i.e. ...Speckled Trout and Red Drum...the commercial fisheries quotas were established years ago when the fishery was more viable, technology was different, the world was different...the demographics have now changed and so should the quotas to reflect a more sustained use of the fish stock going to the growing recreational sector and not the stagnant or receding commercial industry who are just becoming big companies and will get bigger with catch shares and only a few people enjoying the fruits of profit from the mass resource...even though I am not and Snapper/Grouper fisherman I'm not for IFQ's for single hook and line fisherman which included charter for hire which I already stated is basically only a liaison for the recreational fisherman so they can enjoy a little more of their sport ...I believe if we let IFQ's into our sector this type of government regulation will run rampant...therefore I'm trying to be proactive before it hits my fishery...I believe as the NRA one more regulation will lead two more and two more regulations will lead to 4 more and so on...recreational only fisheries are well</p>	Rockport, TX 78382	Charter/Headboat For-Hire

8/14/2012 10:53:43	Capt. Scott McCune	scott@fishntexas.com	<p>managed for charter and private individuals and conservation within that group has excelled! They should stop wasting money on all the regulation meetings, data gathering for their own interpretation, politics and start putting that wasted money into reef building, stocking programs or whatever idea that actually help PRODUCE more fish!</p> <p>Last but most important if you are a CHF charter captain you should not listen to ANY commercial fisherman (even if he has a secondary CHF business too), they are used to the bureaucracy, regulations, special equipment...they have people who keep up with those records and permits and paper work...they are betting that you don't have the time or the knowledge to deal with all that and WILL take your share...me personally I do NOT want too deal with the added regulations and bureaucracy...nor do I have time for it...I'm a single man operation...heck I don't have even have a wife to cook dinner at the end of a long day...LOL...but that is another story...the environmentalists and the commercial groups want to SPLIT CHF and Recreational groups, divide and conquer...then it will be CHF, recreational, environmental and commercial all fighting each other for their own shares...the only one who wins here is the government (in this administration liberals) because they get bigger trying to regulate all of you...I'm a CHF and I like having help from the recreational sector in lobbying...it's the longer road for the CHF guy...but it will be the one worth traveling for our CHF future! Remember...if it happens for snapper...then it could happen for every other fish you fish for...would you like splitting away from recreational fisherman...YOUR clients...with Cobia, Billfish releases, Wahoo, Dolphin...then Redfish and Speckled Trout...I think not!</p> <p>The CHF is and should be a recreational sector because it is the license buying, tax paying, public access guy who is keeping his share of the bounty, however granted it should have more than 80% of the TAC! Commercial fishermen have lived off our fish for too long! SOS is not for a recreational fishery, if a fishery is so depleted it has to come to this then commercial fishing should be stopped...period...and especially if it is also a recreational fishery! Too much government money is being spent to try to get everybody a little bit and no one is happy! Ban commercial fishing for Red Snapper and Amberjack to save the economy of the fishing communities...recreational fisheries take care of themselves without greed of profit!</p> <p>I feel that as a charter captain I'm a recreational liaison, not a commercial fisherman... I still can't believe the amount of trouble/money the government goes through to mangle a depleting fish stock...it seems as simple as Red fish and Speckled Trout...as technology, fishing pressure, popularity of cuisine changed commercial fishing was eliminated to save the species and the larger economy of the communities...why is that an off limits discussion from our government for Red Snapper, Amberjack and Grouper.... I'm sure there is a species, however I can't think of one off the top of my head that has been disrupted solely by recreational efforts, however I can think of many more that have made a significant come back due to the conservation nature and financial assistance of recreational anglers...it boils down to when you make money for fishing by any means (mass entrapment not Rod & Reel) to gather fish, no matter what restrictions are placed greed or the need to pay bills will make people do things that are illegal thus the down fall of the Red Snapper, Amberjack and Grouper... we had seen this happen in other fisheries to that are booming now after the any means available fishing (not single hook and single line) was banned...i.e. ...Speckled Trout and Red Drum...the commercial fisheries quotas were established years ago when the fishery was more viable, technology was different, the world was different...the demographics have now changed and so should the quotas to reflect a more sustained use of the fish stock going to the growing recreational sector and not the stagnant or receding commercial industry who are just becoming big companies and will get bigger with catch shares and only a few people enjoying the fruits of profit</p>	Rockport, TX 78382	Charter/Headboat For-Hire

8/14/2012 21:02:23	Skip Schexnayder	skip_1099@bellsouth.net	Sector Separation is a joke! A scam! A bunch of *^#*! If anyone on this group were truly interested in the conservation of reef fish, you would first begin protecting the reefs! The "Idle Iron" policy needs to be halted before the most extensive and productive artificial reef system in the world is destroyed. Let's see, red snapper are in trouble, so lets help em by blowing the rig legs and killin every snapper and all other fish around the rig. And while we're at it, lets blow the hell out endangered sea turtles that are hanging around and why not see how many marine mamals we can screw up at the same time. How can you people continue to turn your head to whats going on here! Get off your duffs, do something to save fish!! Isn't that your job?	Lafayette, La	Private Recreational Angler

			<p>WASHINGTON, DC – In another sign of discontent over federal management of the nation’s marine fisheries, co-chairmen of the Congressional Sportsmen’s Caucus (CSC) have sent a letter to the Gulf of Mexico Fishery Management Council expressing the concerns of its membership over the concepts of catch share programs and sector separation. The bipartisan CSC is one of the largest and most effective caucuses in the US Congress with more than 300 members representing almost all 50 states.</p> <p>“As leaders of the Caucus, we are writing to report that continued consideration and promotion of the management concepts known as sector separation and catch shares by the Gulf of Mexico Fishery Management Council are causing concern among our members,” CSC co-chairmen Jeff Miller (R-Fl.) and Mike Ross (D-Ar.) state in the letter. “More specifically, we have serious concerns about the current proposal to further subdivide the recreational fishing allocation by awarding the charter boats with their own guaranteed allocation.”</p> <p>The CSC goes on to question the process the Gulf Council is using to develop and implement sector separation and catch share programs, and points out that the Council first needs better scientific data, additional economic evaluations and demographic studies to assess how mixed used fisheries would best be reallocated. “Even if such reallocation issues were analyzed and modified, taking a portion of the allocation from the recreational sector for the proposed charter boat sector has the potential to decrease the funding available for state fisheries management,” the CSC states. “The members of the Caucus are well acquainted with the successes of state-based conservation, which is almost entirely guided and funded by sportsmen and the money they spend on fishing and hunting. The sportsmen’s ethic of stewardship is at the heart of the American System of Conservation Funding and is built, in part, on the foundation of individual anglers’ recreational fishing activities.”</p> <p>The letter from the CSC is yet another unequivocal message from elected officials to federal fishery managers in opposition to sector separation and catch share programs. In 2009, four Gulf state governors wrote a letter stating their opposition to catch shares and Congress has passed amendments cutting funding for such programs. “We hope the members of the Gulf Council are listening because the message from Governors, Congressmen, and the recreational angling community is quite clear – privatizing public wildlife resources through sector separation and catch shares is the wrong direction,” said Chester Brewer, chairman of Coastal Conservation Association’s National Government Relations Committee. “If the Council and NOAA Fisheries continue to ignore this message, then that should be interpreted as yet more evidence that the federal management system is broken and Congress should engage to either rein in a federal agency that has lost its way or explore a completely new paradigm for managing the nation’s marine resources.”</p>

RE: Comments on Scoping Document for Amendment 39 to the Fishery Management Plan for the Reef Fish Resources of the Gulf of Mexico

Dear Chairman Gill:

Please accept the following comments from the Recreational Fishing Alliance (RFA)¹ in regard to the scoping document for Amendment 39 to the fishery management plan (FMP) for the reef fish resources of the Gulf of Mexico. In general, RFA is opposed to the use of sector separation when applied to specific modes of the recreational sector. In its simplest description, such a system would take fish away from individual anglers and then re-distribute these fish to a limited number of permit holders who in turn sell them back to private anglers. The application of this management concept fractures the recreational fishing community and pits the 'haves' against the 'have-nots'.

RFA points out that the idea of sector separation between different modes within the recreational fishery is extremely unpopular. The concept was discussed in Amendment 32 and the Generic Annual Catch Limit/Accountability Amendment as far back as 2009 but was subsequently removed from those documents due to overwhelming public comments in opposition. Non-governmental environmental organizations based out of Washington DC, Philadelphia and New York City and with absolutely no stake in the long term health of the fishing industry have been paying members of the Gulf fishing community to advocate for their agenda of advancing catch shares and sector separation. By implementing these measures, their intent is to reduce the overall number of people fishing and mold the remaining participants into their "model" fishermen who display a specific demographic and attitude towards fishing. This influx of environmental organization money into the Gulf region is the primary reason that the concept of tearing apart the recreational sector through sector separation is back on the table. RFA, as all fishermen should be, is troubled by this influx of money that aims to manipulate the public record.

Specific to the Scoping Document, in the purpose and needs section, RFA disagrees with the tone and context of the entire section. The section explains that it is the intention of the Amendment to improve the management of the recreational sector by reducing scientific and management uncertainty associated with the current data collection efforts. The section implies that since the data collection system used in the private angler sector remains poor, that fish should be taken away from this sector and allocated to the for-hire and head boat considering that data collection in those sectors is better. RFA is disgusted by this notion considering the flawed and inaccurate data collection system which drives up uncertainty in the private angler sector is the sole

¹ The Recreational Fishing Alliance (RFA) is a national, grassroots political action organization representing individual recreational fishermen and the recreational fishing industry. The RFA Mission is to safeguard the rights of saltwater anglers, protect marine, boat and tackle industry jobs and ensure the long-term sustainability of U.S. saltwater fisheries. RFA members include individual anglers, boat builders, fishing tackle manufacturers, party and charter boat businesses, bait and tackle retailers, marinas, and other businesses in fishing communities

responsibility of the National Marine Fisheries Service. The solution is not taking fishing away from individual anglers and giving them to federal for-hire permit holders but to improve the data collection system. Recreational anglers are already disadvantaged by National Marine Fisheries Services (NMFS) failures through the application of annual catch limits and accountability measures which deduct available fish in response to uncertainty resultant of inaccurate data collection systems. RFA will not stand by as recreational anglers are punished for NMFS' failures.

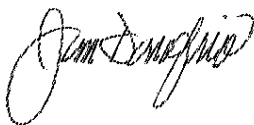

It is difficult to find examples with positive outcomes where the federal government intercedes and attempts to manipulate competitive, consumer driven markets. RFA believes the road to a healthy and vibrant for-hire/head boat fishery in the Gulf of Mexico that is able to keep pace with rebuilding progress of reef fish must include steps to restore open access. These steps should also include assurances that those involved in the fishery are committed to the long-term health of the for-hire/headboat industry on behalf of a united recreational fishing community.

In conclusion, sector separation within the recreational reef fish fishery in the Gulf of Mexico is bad public policy. The RFA urges the members of the Gulf Council to listen carefully to the grassroots members of the for-hire/headboat sectors and individual anglers whose collective voice is fiercely opposed to recreational sector separation. RFA also cautions council members of those advocating in favor of recreational sector separation and suggests following the money trail which will no doubt lead back to environmental organizations based outside of the Gulf region who are promoting the use of catch shares and sector separation as a means to carry out their agenda of reducing the number of fishermen on the water.

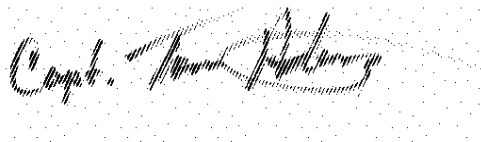

RFA opposes this divisionary scheme and would ask each Gulf Council member consider the ramifications of their vote on the future generations of fishermen and vote against this policy designed to cap fishing participation through the trade and reallocation of a public resource.

Thank you for your consideration.

Sincerely,

Jim Donofrio

To All Council members

I would like to know why the Clearwater letter continues to be on the front page of your comments section on Sector separation?? What about the letter from the RFA taking over the first page for the next few weeks. There have been plenty more recent comments than the Clearwater letter-- if these are supposed to be in chronological order. Here is the RFA letter in case you have misplaced it. The RFA is the voice of over 50,000 fishermen who are against Sector Separation and catch shares. Thanks, I am awaiting your quick response.

Call to Action

Gulf fisheries management at a dangerous point

What is happening in the Gulf of Mexico Fishery Management Council is big.
Really big.

At first glance, it may not look like a big deal but it is a giveaway that is scarcely conceivable in the management of other natural resources. The Gulf Council is considering dividing recreational anglers into two sectors, those with their own boats and those who own charter and for-hire boats. The Council would then take some portion of the fish now given to all recreational anglers and literally give it away to a select few businesses operating those charter and for-hire boats to use as their own, however and whenever they wish.

And what would those businesses pay for this windfall? Nothing. What are the

tangible conservation benefits of this course of action? Nothing.

The manner in which proponents and NOAA Fisheries staff have attempted to force through sector separation without the basis of real information on impacts that could affect our Gulf fishing for generations has drawn the opposition of the **Congressional Sportsmen's Caucus** <<http://www.votervoice.net/link/clickthrough/ext/232700.aspx>> . The CSC, with more than 300 members in the U.S. Congress, promotes and protects the rights of anglers and hunters and is one of many groups opposing this issue on behalf of Gulf Coast anglers

Sector separation is a **bad idea** <<http://www.votervoice.net/link/clickthrough/ext/232701.aspx>> , plain and simple. We need your help to beat it. A critical vote on sector separation could come as early as the next Gulf Council meeting, August 20-24 in New Orleans.

Please take a few moments and **tell the Gulf Council** <<http://www.votervoice.net/link/clickthrough/ext/232702.aspx>> to reject separation. It is important to defeat this measure now - we don't want to discover the details of a radical new federal program after it is approved.

Click **HERE** <<http://www.votervoice.net/link/clickthrough/ext/232702.aspx>> to send your message.

CITY COUNCIL

CITY OF CLEARWATER

POST OFFICE BOX 4748, CLEARWATER, FLORIDA 33758-4748
CITY HALL, 112 SOUTH OSCEOLA AVENUE, CLEARWATER, FLORIDA 33756
TELEPHONE (727) 562-4040 FAX (727) 562-4050

July 25, 2012

Dr. Steve Bortone
Executive Director
Gulf of Mexico Fisheries Management Council
2203 N. Lois Avenue, Suite 1100
Tampa, Florida 33607

Dear Dr. Bortone:

As a recently designated US Coast Guard city, Clearwater encourages boating safety, and it has a long history of promoting the interests of recreational, charter/for hire, and commercial fishermen. To support these efforts, the city maintains recreational and commercial marinas and invests city funds for federal dredging projects, and it has its own police boat.

It is the city's understanding that the Gulf of Mexico Fisheries Management Council (GMFMC) is reviewing management actions and reporting requirements for fishing, and the City of Clearwater wants to advise you that it believes that the preservation of the fisheries stock is paramount.

It is the city's further belief that "sector separation" is an option that would require stricter reporting requirements and improve data gathering for charter/for hire. This option also would allow the "charter/for hire" vessels to operate year round while still adhering to the quotas established by the GMFMC. The importance of data gathering and reporting with enforcement of established regulations for each sector could then be improved and monitored better, while benefitting the tourist who comes to Florida to fish throughout the year.

GEORGE N. CRETEKOS, MAYOR

DOREEN HOCK-DIPOLITO, COUNCILMEMBER

BILL JONSON, COUNCILMEMBER

JAY E. POLGLAZE, COUNCILMEMBER

PAUL F. GIBSON, COUNCILMEMBER

Dr. Steve Bortone

July 25, 2012

Page 2

Please understand that the City of Clearwater supports a balance between reporting and recording of catch and release for all sectors of the fishing community. This is vital, because the city is also aware that some rules may become too burdensome. For this reason, while the city is supporting "sector separation", it hopes that the GMFMC will ensure that any modification to the existing regulations would not adversely impact that angler who chooses to fish as an individual in compliance with current practices.

Thank you for your consideration of this most important issue for the fishing community and the concerns expressed.

Sincerely,

-George N. Cretekos

George N. Cretekos

Gulf of Mexico Fisheries Management Councilmembers

Congress of the United States
Washington, DC 20515

July 25, 2012

Doug Boyd, Vice Chairman
Gulf of Mexico Fishery Management Council
2203 N Lois Avenue
Suite 1100
Tampa, Florida 33607 USA

Dear Mr. Boyd:

The Congressional Sportsmen's Caucus (CSC) is one of the largest and most effective caucuses in the U.S. Congress with over 300 members representing nearly all 50 states. With bipartisan leadership in both the House and the Senate, the Caucus promotes and protects the rights of anglers, hunters, shooters and trappers. As leaders of the Caucus, we are writing to report that continued consideration and promotion of the management concepts known as sector separation and catch shares by the Gulf of Mexico Fishery Management Council are causing concern among our members. More specifically, we have serious concerns about the current proposal to further subdivide the recreational fishing allocation by awarding the charter boats with their own guaranteed allocation.

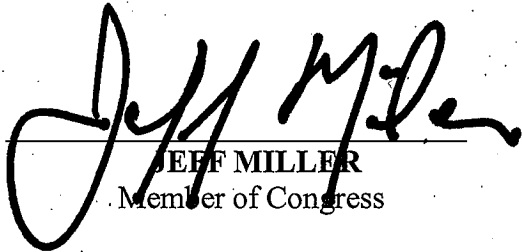

At the root of those concerns is the fact that this specific proposal and the entire concept of catch shares between the recreational and commercial sectors is out of sequence. To further engage in the aforementioned proposal and the concept of catch shares, there needs to be a realistic assessment of the allocation issues for mixed sector fisheries. In order to better understand the issue, we need to accumulate and examine a compilation of enhanced scientific data, additional economic evaluations, and take a closer look at changing demographics and then reassess how mixed sector fisheries would best be reallocated. Without these prerequisites, any discussion of further sector separation or catch shares in mixed sector fisheries is premature.

Even if such reallocation issues were analyzed and modified, taking a portion of the allocation from the recreational sector for the proposed charter boat sector has the potential to decrease the funding available for state fisheries management. The members of the Caucus are well acquainted with the successes of state-based conservation, which is almost entirely guided and funded by sportsmen and the money they spend on fishing and hunting. The sportsmen's ethic of stewardship is at the heart of the American System of Conservation Funding and is built, in part, on the foundation of individual anglers' recreational fishing activities.

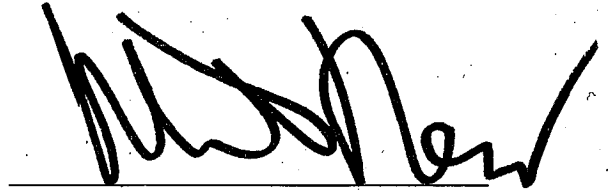

Despite strong opposition from most charter boat owners and recreational fishermen alike, the implementation of a charter boat sector from the recreational fishing allocation and catch shares in general - prior to the collection and analysis of the data necessary to determine the appropriateness of such measures - continues to be promoted. As a voice for recreational

fishermen and conservation efforts throughout the country, the CSC urges the Gulf of Mexico Fishery Management Council to consider the far-reaching implications of its actions and refrain from instituting the practices of additional sector separation and catch shares in the Gulf of Mexico until further scientific, economic, and demographic assessments have taken place.

Sincerely,

JEFF MILLER
Member of Congress

Subject: Sector Separation

Dear Trish and Emily:

Please consider my support for the motion to allow for-hire captains to separate from the recreational sector. I worked as a charter boat captain for many years before returning to school to get my PhD. Now as a recreational fisherman living 800 miles from the Gulf, I only get to fish for snapper, my favorite fish, when I can get away from classroom duties and coordinate the kids' and wife's schedules. I can now sadly see the complaint the rec side has had for so long with our lack of access. I think if we do allow the for-hires to separate, we can grow a bigger access window for the recreational angler.

So please accept my recommendation and comment to support allowing the for-hire sector to separate from the recreational anglers.

Subject: Sector Separation

Dear Ms. Kennedy and Ms. Muehlstein,

We are utterly new at this activism stuff, but we want our voices heard. We are avid recreational fishermen and we have been following the Texas red snapper debate closely. We are willing to try anything that will make sure we can take our family's fishing when we want, how we want, and any time of the year. We did not know until last night who to send our letters to supporting letting the charter captains leave the recreational fisherman's designation. We highly support getting them out of the recreational designation. For no other simple reason, that they ain't recreational. they are making a living off our fish and taking away the days I can take my grandkids out.

So please consider the attached letters and the addresses for inclusion as our count of ten anglers.

Thank you for this consideration, and help us get our fish back.

Subject: Public Testimony

Date: Tuesday, April 17, 2012 3:36 PM

From: Dan Green <fishinaddictioncharters@gmail.com>

To: John Milner <GulfCouncil@gulfcouncil.org>

Conversation: Public Testimony

To whom it may concern,

I am a charter boat owner/operator from Galveston Texas. I am writing in regards to public testimony at which I will not be able to attend this week due to heavy work load in my college classes. I wanted to make a point that I am in favor of sector separation. With such strict regulations and policies towards the federally permitted vessels in the gulf coast; I see it as the only way to put us on a level playing field. How can you put straight recreational vessels and charter for hire vessels in the same user group when we are regulated differently? It does not make sense to me. If we had to follow the exact same rules and regulations then I would not have an issue. But the fact of the matter is that we have alternate motives concerning the same fish. Just like the commercial vessels. Why are they separated? Because they run a business and make a living from the fish that they catch. Well so do charter for hire vessels. We need a SEPARATE fishery management plan that will work for US! And we cannot afford to wait another 5 years. We need something now, before we are all out of business.

I am a full time charter guide and college student studying marketing at University of Houston at Clear Lake. With one year left until I graduate, its hard to decide which career path I will take. There is so much uncertainty in regards to the charter for hire industry. It's almost sad to think about hanging up my fishing equipment and starting another career. I have been at this for 6 years now and still can't be sure if I could make it within the current system.

Some of us have been working diligently on pilot programs to explore alternate fishery management systems. I would like to see some of the programs like sector separation sent to scoping and the headboat cooperative pilot released so we can see if they are going to work or not. If they do, then great. If not, lets get back to the drawing board and find something that does. It kills me to just sit here and spin our wheels debating on what is right or what is wrong. Its time to put up or shut up so to speak. We all know that no matter what decision is made, not everyone will like it. But we have to explore and find out what people are willing to accept. Even with all the turmoil within the private recs and cfh captains I think it's safe to say that NO ONE is happy right now.

Please take my words only as my own opinion of the fishery and where we stand. I do not mean this to be an attack on any other fishermen with different views or even to the council for what has become of the current system. I know everyone can understand the emotional burden that is being placed on us and I know we all want to see some positive changes to better the fishermen, industry, and most importantly the fishery.

Sincerely,

Capt Dan Green
Fishin Addiction Charters
Galveston Texas

Hello,

I have a 6 pack charter boat in Clearwater Beach Florida. I have been doing charters in this area for 25 years. My business is Phantom sport fishing. I am writing you today, in support of sector separation. My customers are the non boat owning public. They are losing access every year because of overfishing. I believe as our own sector we can start becoming more accountable, start collecting good data, and end overfishing for all reef fish. I urge the council to pass Amendment 39 and let the charter for hire industry move towards an accountable, sustainable sector. Thanks

Capt Butch Ford

Phantom Sportfishing

Clearwater Beach FL

*I run the charter boat Snoopy 2 out of Clearwater Beach Florida
I have been chartering out of Clearwater Beach for over 30 years.*

I support sector separation.

I hope the Gulf Council realizes the amount of people the charter boats in the Gulf represent. Our marina alone accounts for over 60,000 people per year. That's 60,000 people who used our marina and the charter and headboats to fish in federal waters. Thank you.

Capt Bill Moran

Bill Moran
Clearwater Beach Marina

Snoopy 2 charters

Above Average Charters
25 Causeway Blvd. Slip #28
Clearwater, FL 33767

June 19, 2012

To Whom It May Concern:

I am the owner and operator of Above Average Charters; a charter-for-hire boat and I fully support Sector Separation.

Sector separation will help us make decisions as one industry by keeping track of our own data and become accountable for everything we catch, not be thrown into the mix with all private boat owners who are presently not held accountable for any of their catches.

We need our own fishery management plan.

The Charter Fisherman's Association speaks for me and I fully support everything they're trying to do to help the Charter-For-Hire Industry.

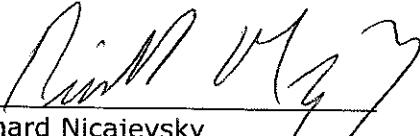

I discuss "Sector Separation" with our customers on a regular basis and they agree the for-hire fishing industry should be managed separately. We provide access to the majority of recreational anglers who visit our area.

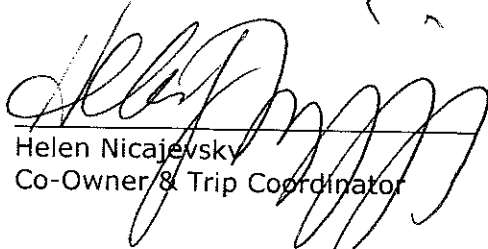

I have been running charters out of Clearwater Marina for 22 years and hold a Federal Permit. We are a family run business and this is the way we make our living. We run 200-250 charters per year with the majority of them being out-of-state families on vacation.

I plan to run charters for many years to come and pass down the business to our children so future generations can access our fisheries.

The Charter For Hire industry is working to preserve the non boat owning recreational fisherman's historical access by establishing a Fishery Management Plan that keeps its access at a constant , improves the rebuilding of fish stocks, stops over-fishing, and improves everyone's access including commercial, private boat and charter for hire sectors for generation to come.

Sincerely,

Richard Nicajevsky
Captain, Owner & Operator

Helen Nicajevsky
Co-Owner & Trip Coordinator

To whom it may concern,

My name is Tom Sprague. I own the charter boat Dos Amigos in Clearwater Beach Florida. My business has been around for almost 40 years and I have owned it for the last 21 years.

I think amendment 39 is a very important issue facing the charter industry and all of its customers. I give my support for the council to pass admedment 39. I charter fish full time and take all walks of life fishing. I don't have a day job or just do this for fun. I am a professional fisherman. I provide a service that should be protected and maintained for generations to come. I think amendment 39 is a start. There is a lot more work to come and I am willing to do what I can to maintain and help my industry grow. I urge the council to pass amendment 39

Tom Sprague

A handwritten signature in cursive script, reading "Tom Sprague". The signature is written in black ink and is positioned below the typed name.

to the Golf Council.

My name is Gregg J. Corder. I have been a charter captain out of Clearwater Marina for over 25 years. I am in favor of Sector Separation so we can keep our own date and be accountable for everything we catch. The Charter Fisherman's Association speaks for me and I fully support everything they are trying to do for the CFH industry. We need our own fishery management plan. We are the only ones who can provide access to the fisheries for the non-owning boating public.

Thank - you.

Gregg J. Corder
Charter Boat Two C's II

June 19, 2012

My name is Steve Benell, I am a "boat for hire" charter captain and have been in the Florida fishery for over 10 years and before that, part of the Texas fishery for several years. My boat has Federal Permits, my business is both as an inshore and offshore charter for hire business.

Being a smaller, less expensive boat, I take a lot of local recreational anglers that would normally not fish in the waters I can fish. They either don't have boats or don't have boats capable of going offshore or don't have the knowledge to make them successful. In conversation with these customers, they agree that we as a "for hire" business should be managed differently from the regular recreational fisherman. The first thing they say to me is "recreational" does not apply to people they are "for hire", that we are a business no different than a restaurant, shoe store or a gas station. We are professionals at what we do, thus the need for us to attain "sector separation" so that we can function and be governed as professionals and business owners.

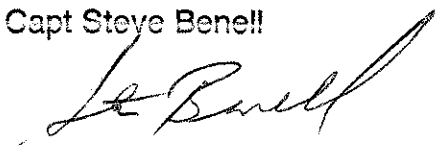

We as Professional fishermen are not involved in the decision making or rules of any other businesses, yet these "other business" fishermen who make up part of the recreational sector, are accounted for and have input in our regulations and how our business is run, based the results and opinions of a few but taken as the rule for every private boat owner in the Gulf. The application of all these private boats to our business, is hurting those of us in the business.

There is currently no real way of keeping track of what is caught, that works. With Sector Separation, we can be monitored far more accurately for what is caught.

I am in full support of the Charter Fisherman's Association, very much in favor of Sector Separation and hope that it is an issue that is settled far sooner than later. separation can only benefit the whole Gulf of Mexico as a fishery for years to come and continue to aid the economy of the already struggling Gulf States.

Sincerely,

Capt Steve Benell

A handwritten signature in black ink, appearing to read "Steve Benell", written in a cursive style.

Scales N Tails Charters
Clearwater Beach, Florida

My name is Eric Mahoney. I own and operate the federally permitted charter boat Daisy Mae VI in Clearwater Beach Florida. Daisy Mae Fishing Company has been providing the public access to the offshore waters off Tampa for well over 60 years. I take mine and my customer's privilege to fish in the Gulf very seriously. I am a member of the Charter Fisherman's Association and I support the CFA and all there trying to do.

Amendment 39 is a step in the right direction and I support it 100 percent. The Charter for hire sector should have been separate a long time ago. The MSA is specific in naming 3 separate sectors. Commercial, Recreational and Charter for hire. I it is specific in this for a reason. It's really common sense.

Sector separation would give the majority of rec fisherman their own sector and would open up many avenues to make this sector better and more accountable. Providing more access to our offshore Gulf fishery to the American public should be a priority and I think that's what amendment 39 could do. I talk with my customers about this all the time and everyone is dumbfounded by the fact the charter for hire sector is not managed separately. We need our own fishery management plan and are own real time data collection and we need it yesterday. We can very easily become an accountable sector, stop overfishing and start getting back to the world class fishery we have had in the past. I urge the council to support Amendment 39. Thanks for your time.

Eric Mahoney

Daisy Mae Fishing Company.

A handwritten signature in black ink, appearing to read 'Eric Mahoney', written over a horizontal line.

I HAVE BEEN CHARTER FISHING IN THE GULF OF MEXICO FOR OVER 40 YEARS. I OWN THE CHARTER BOAT 100 PROOF AND I FISH OUT OF CLEARWATER BEACH FLORIDA. I SUPPORT SECTOR SEPARATION. I HAVE SEEN LOTS OF CHANGES IN OUR FISHERY OVER THE YEARS AND I BELIEVE SECTOR SEPARATION IS ANOTHER CHANGE THAT IS LONG OVERDUE. THE CHARTER FISHERMAN AND THE PRIVATE BOAT OWNER ARE 2 DIFFERENT SECTORS AND BEING LUMPED IN TOGETHER DOESN'T MAKE MUCH SENSE. I HAVE NO PROBLEM KEEPING RECORDS OR DATA FOR FISHING. I WOULD LIKE MORE DAYS TO FISH FOR MY CLIENTS AND WHATEVER THAT NEEDS TO BE DONE TO GET THAT I AM ALL FOR. PLEASE SUPPORT SECTOR SEPARATION. THANKS
CAPT. BILLY BURKE

Pam Anderson,

Please provide a copy of this email for the public record in testimony today.

On behalf of the members of the PCBA, I wish to state that we continue to be opposed to sector separation of the recreational fishery and the creation of any new catch share programs in any fishery or sector. The sector separation issue has one primary issue that the NMFS has continued to not answer and that is how many days fishing for red snapper, groupers, amberjacks, and mackerels will charter for hire fishermen have, headboat fishermen have, and private recreational fishermen have if the recreational sector is divided and each has their own quota? A very simple projected estimate is all that is necessary in order to provide some guidance on support or not of sector separation. The NMFS could simply project for any future year such as 2013, 2014, or 2015 and base that on the current projected ABC for those years. This estimate would simply provide a reasonable guide on how each projected rec subsector would benefit or not by having their own sector. There is no need to approve sector separation in order to provide this estimation.

Until and unless, there is a comprehensive study that provides the impact to fishermen, processors, fish houses, and communities as a result of current IFQ programs, we do not support the consideration, development, or implementation of any new catch share programs. This study should also provide more biological information such as the impact of discards from vessels that have no IFQ and that affect on stock biomass. Many problems exist with the current IFQ programs that need to be addressed before any new programs are considered.

Thank you,

Bob Zales, II

Captain Thomas Hylton
Clearwater Municipal Marina
727-709-1608

June 18, 2012

RE: IN FAVOR OF SECTOR SEPARATION

To Whom It May Concern:

My name is Tom Hylton and I have been a charter captain of Gypsy Sport Fishing for over thirty years. Both my grandfather and my dad were professional fishermen. I have a long history of professional fishing in the state of Florida.

I am in favor of Sector Separation because it makes sense. I am not a commercial fisherman, nor am I an amateur. I've been providing for my family by fishing the Gulf of Mexico for over thirty years. I don't just fish on weekends and go back to my sales job. I carry local fishermen who either can't afford a boat, or have tried fishing on their own and get more results fishing with me—sold their boat, and are much happier. I also carry the family of four from Ohio and just want to have a good time. Just the other day, I received a thank you from an out-of-state customer who said, "Thanks for one of the best days of our lives."

Yes, it is a business. Yes, I take pride in that business. No, I'm not an amateur and should not be classified as such.

If Sector Separation is voted in, I would be happy to keep data of what I catch in order to guarantee accountability. I agree wholeheartedly with the Charter Fisherman's Association (CFA) and would do whatever it takes to achieve Sector Separation Status.

I would like to reiterate that charter fisherman provide a valuable service, not only to local anglers, but also to families, and friends that travel to Florida and desire a pleasant day on the water.

Sincerely,

Captain Tom Hylton

Conversation: Sector Separation

Please record this email as my strong opposition to sector separation.

There has been a lot of noise lately coming from a small group of for hire business about sector separation. Firstly I would like to say is this; "We are not separate sectors. Everyone who fishes on a for hire vessel is a recreational angler, just as they are on my vessel. The only difference is that the anglers on the for hire vessel paid for the opportunity to fish, while those on my vessel are there by my invitation. The reality is; that for hire guides and captain provide the conduit to allow recreational anglers an opportunity to fish. Would we consider a fishing pier that charges a fee as a for hire vessel?

I must ask: Why would one recreational angler, just by virtue that he paid someone else for the opportunity to fish, be granted special Status? Did I not pay for my access to the opportunity to fish? Do I not purchase licenses and permits? Did I not have to purchase my boat, the fuel, the bait and supplies?

The point being made is whether they are paying someone else or paying it for themselves there is NO DIFFERENCE between an angler on a for hire vessel and one on a private vessel. In this country we do not create special classes of citizens and single them out for special treatment based on who they paid for their access. The captain and crews of a for hire vessel are not the recreational anglers, it is the clients they carry who are the anglers. Those clients deserve no more right to a portion of the recreational allocation of recreationally caught fish than any other recreational angler.

Remember this is not about the captain or crew, they are not the anglers, they are just the mode of transportation for the anglers. One could think of it as this; a charter boat is but a taxi and a head boat is just a bus and the riders in these taxis and buses are going fishing. These riders deserve no more special treatment than the guy who has to ride the bus to go down to the local seawall to fish, would this grant the bus driver special access privileges?

Recreational anglers catch fish for the pure enjoyment of catching fish and having fresh seafood on their table. It is not about profit, it is not about commoditizing the resource, it is about fair and equitable access to the fishery and THE OPPORTUNITY TO FISH

The only reason a very few in the for hire sector want to separate is so that they can claim for their own private use and profit a share of the recreational fishing quota for various species. This is reminiscent of the Charter Boat Permit moratorium, where a few charter operators pushed for this to eliminate competition and prevent new entries into the fishery. The result was that a permit that cost them \$22 dollars was suddenly worth thousands of dollars. If sector separation is allowed to go through (against the wishes of the majority of recreational anglers) then those that NMFS picks as the winners will suddenly realize a windfall. Once again the value of their permits will go up exponentially with the amount of quota NMFS assigns. So let's be honest here! The majority of anglers DO NOT WANT THIS, not the for hire nor the private.

This is being pushed by a vocal minority of anglers in the Gulf of Mexico to try and squash competition and new entrants, and lock up a portion of the fishery for their own personal gain. They are doing it with support from various NGOs like the EDF; whose stated purpose is to implement Catch Shares and IFQ in the Gulf of Mexico as the management tool of choice. Well we have to ask; why is EDF being granted such wide spread access to make such important decisions regarding the lives of anglers in the Gulf of Mexico? Also how is it that NMFS allows a NON-Profit to have such influence over the rule making process; a situation that is clearly in violation of their non-profit status and FEDERAL LAW!

There will be no management advantage gained by sector separation. It will not increase the biomass of the species, it will not reduce pressure, it will not increase habitat and it will not result in a single byte of increased data.

As you contemplate the scoping of such a project please ask at every step; "What is gained by dividing the recreational community?" The majority of the recreational fishing community is opposed to this, the majority of the for hire captains and guides are against this; Let's do the right thing and find real management solutions for our recreational fisheries TOGETHER not SEPARATE. Remember IT IS ALL ABOUT THE OPPORTUNITY TO FISH.

Conversation: Sector Separation and Headboat Pilot Program / Exempted Fishing Permits

Hello,

It has come to my attention that certain groups and individuals that are currently promoting the Sector Separation and Headboat Pilot Program are one and the same. This very small collective of well funded business owners have sought to inject their idea's into fishery management, despite the clear and overwhelming opposition. The great distrust that has been created with the NMFS dealings with fishermen continues to increase, despite promises of communication and transparency made by Jane Lubchenco, following the OLE scandal. Its time to stop ignoring the clear will of the fishery stakeholders, and stop refusing to allow a truly transparent process to take place.

Most fishermen are resigned to the idea that the idea of sector separation merely getting on the agenda despite overwhelming opposition is a sign that it's a 'done deal' despite the lack of support. Its also outrageous that the idea of a handful of Headboats, from this same small group would be even considered to get a exempted permit, allowing them to profit greatly in the harvest of fish not allowed to be retained by the majority. How this is happening naturally leads to much speculation about undue influence in the fishery management process by certain NGO's, currently under federal investigation. We need speculate no more! What we knew has been confirmed by the very source itself. They have claimed responsibility for advancing their goals by working from the inside of the councils and AP's, even getting their advocates these positions. How unthinkable.

In the following letter from the Environmental Defense Fund, you will notice their stated objectives, which

deal directly with the current subjects at hand. Allowing these measures, or any for that matter associated with Sector Separation, Headboat Pilot Programs / Exempted Permits, Catch Shares, IFQ's, and other similarly promoted management schemes must be placed on hold to a full investigation into potential wrongdoing takes place. A copy of this information is being forwarded to all Congressional Reps from the Gulf States. Additionally list of the names and contact information of those seeking this unpopular proposal are being included in the correspondence to ensure a clear picture is seen of Who is really involved. Again here is the letter from EDF itself indicating their undue involvement in the Fishery Management process:

"Environmental Defense Fund Progress Report

Catch shares are the default tool for managing fisheries in the Gulf of Mexico region

Over the past year, EDF has helped propel the commercial grouper/tilefish IFQ plan toward implementation, advanced the goal of catch share management for king mackerel and all remaining Gulf reef fish species, helped create... essential management building blocks for catch shares in the for-hire sport fishing sector, and continued to support the nation's first industry alliance dedicated to promoting catch shares.

With the vital help of our industry partnerships, we recently ushered the grouper/tilefish IFQ plan to final passage by the Gulf Council in January (13-4 vote in favor). The Secretary of Commerce approved the plan in August and it is set to begin on January 1, 2010. However, higher than expected interactions with threatened sea turtles added a wrinkle to the program. In May, NMFS implemented an emergency closure of the longline reef fishery (of which the grouper/tilefish fishery is a part) to help resolve the problem. To keep fishermen on the water, we targeted converting 50 percent of the fleet, or approximately 50 vessels, to vertical, or 'bandit' gear, which has been proven to cause far fewer turtle interactions. EDF immediately launched a grant program for conversion of longline vessels to the vertical gear. To date, applications have been approved to convert 50 vessels, and 45 have converted. Offering the industry an option for staying in business has gone a long way to solidify relationships and trust with both fishermen and regulators.

Our work to promote catch share management for all Gulf reef fish continues to bear fruit. In June, at our urging, the Gulf Council established a new advisory panel to explore a catch share plan for all remaining reef fish,

including three subgroups: commercial, recreational for-hire and private anglers. EDF and key allies have secured voting positions on the panel. We expect that the commercial sub-group will easily move forward with a plan to add all remaining reef fish (19 more species in total, including amberjack and gray triggerfish) into the existing IFQ program. The for-hire and private angler sub-groups will explore catch share and accountability measures for reef fish, including red snapper and grouper. The recreational discussions will undoubtedly be long, heated and challenging. Part of their charge is to discuss intersector trading.

The work we are doing with a core group of for-hire recreational fishermen, whose movement we helped develop and continue to support, called SOS (Save Our Sector), will be important to continue to move catch shares forward in the for-hire sector of the recreational red snapper fishery. SOS now has over 200 supporters across all five Gulf states. This membership, which includes boat owners and crew members, reflects a significant portion of the 1,100 licenses in the for-hire fleet. The group's work was a key factor in the Gulf Council's October decision to consider separation of the recreational sector into for-hire and private angler sectors in the generic Annual Catch Limit/Accountability Measures amendment, which will be subject to public hearings in either December or January and likely voted on next summer. The amendment will form the foundation for a for-hire IFQ and harvest tags for private anglers.

To demonstrate that vessel monitoring systems and electronic logbooks can work in for-hire recreational fisheries and provide the accountability necessary for catch shares, EDF is conducting a two-year pilot project with SOS. Internal discussions with NMFS officials indicate strong agency support for the SOS management plan, which includes use of electronic logbooks, and is resulting in meetings and dialogue among the group, NMFS officials and key members of Congress. While working with key for-hire leadership to develop an IFQ concept design for-hire catch share, we funded and worked with SOS leadership to launch an SOS web site to serve as a consistent source of information for interested parties.

After almost three years, the red snapper IFQ program continues to meet high expectations. In NMFS's recent "2008 Gulf of Mexico Red Snapper IFQ Annual Report" the agency states, "... overall, [there are] numerous improvements over the historical derby-style fishing conditions..."

Overfishing is being reversed because fishermen are complying with the catch limit, the ratio of discards to landings has dropped by 68 percent, and illegal fishing is declining. The economic signs are also positive. NMFS documents dockside prices at 17 percent higher than pre-IFQ, while fishermen report an increase of 30 percent or more (some data collection problems are not yet fixed). Quota share prices rose by 37 percent from 2007 to 2008, reflecting the scarcity of red snapper and fishermen's optimism for the future. The number of shareholders has declined by about 15 percent and a few vessels have exited the fishery, indicating that excess capacity is beginning to fall. There continues to be broad support

for the program which is contributing to the expansion of catch shares to other Gulf and South Atlantic, fisheries.

Of course, on-going improvements are needed; high priorities include additional at-sea monitoring, better economic data, and enhanced systems to detect and deter cheating. Fishermen, with new conservation incentives under IFQs, are working to combat one of the remaining discarding problems by seeking to accumulate a “snapper bycatch pool.” The pool would consist of a small reserve of quota that fishermen may access if they happen to catch red snapper beyond their quota, for example, while fishing for other reef fish. This will help take away the misguided justification (e.g., that a fisherman cannot find snapper shares) that a few fishermen still make for discarding snapper. The biggest threat to the continued success of the red snapper IFQ (and other Gulf IFQs) is the inability of regulators thus far to address overfishing by the recreational sector. This problem slows down stock rebuilding and could potentially diminish the positive conservation incentives instilled by catch shares.

Our partner, University of British Columbia, has developed recommendations and is continuing to work with NMFS to better track reductions in red snapper bycatch under IFQ management, information that is critical for measuring success. They are also participating in a red snapper stock assessment update to ensure future annual catch limits are based on the best science. As we expected, NMFS’s recent report (see above) shows a significant improvement over the first year report, but we are working for a much more rigorous and comprehensive report in 2010. These reports are important because they will be used in NMFS’s and the Council’s planned five-year review in 2012. Another project partner, Texas Tech, has started its on-the-water research that will help identify habitat for red snapper spawners so that it can be protected to complement IFQs and speed recovery of the badly overfished stock.

EDF continues to encourage and support fishermen who provide the leadership to advance catch shares. The Gulf of Mexico Reef Fish Shareholders' Alliance, which we helped create, continues to expand its membership of commercial and for-hire fishermen. Its executive director and members are serving on federal advisory panels, have met with members of Congress, and are engaged in helping guide other EDF Oceans regions through challenges. The Alliance is working with Chicago’s Shedd Aquarium “Rite Bite” program and others to move red snapper off of environmentalists’ “fish to avoid” lists by featuring red snapper in eco-friendly restaurants. The program has also received funding and approval to initiate a pre-certification process for Marine Stewardship Council certification.

Finally, EDF has successfully urged the Gulf Council to establish an advisory panel to explore catch share management for the king mackerel fishery. King mackerel is jointly managed by the Gulf, South Atlantic and Mid-Atlantic Councils. If completed, this will be the first-ever catch share for a coastal pelagic species.”

Thank You for carefully considering this important matter,
Captain Henry

Conversation: opposed to sector separation

I would like to go on record to being opposed to the sector separation and changing the size limit on greater amberjack to 34 inches. We have in the past few years been working with a 30 inch size limit. As a charter boat captain for 40 years, I do not agree that there has been enough time to justify it to a 34 inch size limit to appease the environmentalist that are pushing this change. This will reduce fishing days due to the increase size limit.. At a one fish catch limit, I feel that amberjack are being overfished.

Conversation: Scoping Document for Amendment 39 NO TO sector Separation!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

The CHF is and should be a recreational sector because it is the license buying, tax paying, public access guy who is keeping his share of the bounty, however granted it should have more than 80% of the TAC! Commercial fishermen have lived off our fish for too long! SOS is not for a recreational fishery, if a fishery is so depleted it has to come to this then commercial fishing should be stopped...period...and especially if it is also a recreational fishery! Too much government money is being spent to try to get everybody a little bit and no one is happy! Ban commercial fishing for Red Snapper and Amberjack to save the economy of the fishing communities...recreational fisheries take care of themselves without greed of profit!

I feel that as a charter captain I'm a recreational liaison, not a commercial fisherman... I still can't believe the amount of trouble/money the government goes through to manage a depleting fish stock...it seems as simple as Red fish and Speckled Trout...as technology, fishing pressure, popularity of cuisine changed commercial fishing was eliminated to save the species and the larger economy of the communities...why is that an off limits discussion from our government for Red Snapper, Amberjack and Grouper.... I'm sure there is a species, however I can't think of one off the top of my head that has been disrupted solely by recreational efforts, however I can think of many more that have made a significant come back due to the conservation nature and financial assistance of recreational anglers...it boils down to when you make money for fishing by any means (mass entrapment not Rod & Reel) to gather fish, no matter what restrictions are placed greed or the need to pay bills will make people do things that are illegal thus the down fall of the Red Snapper, Amberjack and Grouper... we had seen this happen in other fisheries to that are booming now after the any means available fishing (not single hook and single line) was banned...i.e.... Speckled Trout and Red Drum...the commercial fisheries quotas were established years ago when the fishery was more viable, technology was different, the world was different...the demographics have now changed and so should the quotas to reflect a more sustained use of the fish stock going to the growing recreational sector and not the stagnant or receding commercial industry who are just becoming big companies and will get bigger with catch shares and only a few people enjoying the fruits of profit from the mass resource...even though I am not and Snapper/Grouper fisherman I'm not for IFQ's for single hook and line fisherman which included charter for

Subject: Admendment 39 Request

Mr Bortone, could you forward this to all council members, The Chair and gulf council staff ? Thank you

Mr chairman ,

As president of the Charter Fisherman's Association and one of the developers of the plan once known as SOS or Sector Separation and now known as reef fish amendment 39 which will establish a separate Charter for Hire FMP, I want to take this opportunity to make a request for you and the entire council to consider. The birth of admendment 39 officially began in August of 2008 at the red snapper AP meeting held in New Orleans when a small group of Captains attended that meeting and as part of that group I made a presentation to the AP on a management plan that would change the way red snapper could be managed in the charter for hire sector.

The presentation outlined a plan that would improve the flexibility small business needed to stay profitable, improve the flexibility that public recreational fishermen needed to access the red snapper fishery, help stop the erosion of the historical public access to that fishery , improve accountability in the charter for hire sector, stop over fishing of the portion of the ACL historically landed in the recreational charter for hire sector, and develop a better data collection system that would improve fishery dependent science and enforcement.

4 years later this plan that now is including most federal reef fish species has a new beginning. We have scoped this plan with great painstaking discussion , workshops , testimonies , staff presentations and evaluation that has brought us to the point of the planned admendment process. It is in the interest of timely progress of that process that I make my request that you begin the process of developing the options and actions portion of this admendment. This charter for hire FMP admendment has already gone through the scoping process ad nauseam for 4 years.

Since the Oct 08 gulf council meeting in Mobile Al. when I presented the SOS plan as it was known at that time, there has been a total of 18 council meetings where almost every aspect of the issues of developing a Separate FMP for the CFH sector has been discussed with individual council members, in open public during committee sessions and in full council and at every one of these meetings there has been and was opportunity for personal and electronic public testimony for the general public on this issue and the normal discussions between council members and stakeholders in this process. This issues has been on the agenda at council meetings in all 5 coastal states covering ports and areas from Key

West Florida to Corpus Christi Texas for the public to have the opportunity a total of 18 times to have personal say in the development of this plan and also have had 4 years to come up with alternative ideas as well.

This issue has been at the forefront of magazine articles, printed op-eds, discussion papers, fishing blogs, and special workshops, fishing industry organizational meetings and AP panels and also the reason for developing pilot projects to examine the improvement of managing our fisheries in the charter for hire sector. I will give you a simple time line on what has been done up until now in the public discussion and scoping of this plan as presented and evaluated by NMFS and the Gulf council staff.

In Oct of 2008 in Mobile AL the SOS plan was presented to the gulf council.

In Jan of 2009 in Bay St Louis Ms the gulf council staff developed presented a white paper examining 3 different aspects of managements the 3 were the SOS plan, council plan, and Ad Hoc Red Snapper AP plan.

In August 2009 in New Orleans a MRIP data collection work shop was held for 2 days with scientist, enforcement, managers and stakeholders in the charter for hire industry to discuss the issue of self reported electronic log books for the charter for hire sector and the types of data needs, validations, enforcement and scientific value. This data collection system is a corner stone of the charter for hire FMP that we presented.

In Oct 2010 in Baton Rouge La. We presented the council a sector separation concept paper that we had put together with input from fishermen and businesses from all 5 coastal states and had committee discussions and public comment that led to the development of a work shop to further vet out what sector separation meant to recreational fishery management.

In Nov 2010 in Tampa, FL A special public sector separation workshop was held for 3 days To try and define what would a Separate Sector FMP look like and what it meant to management of recreational fisheries in the future.

In April 2011 in Orange Beach AL. Andy Strelcheck and his staff presented a 12 series scenario of what impact would sector separation and the plan as presented have on future access for the public non boat owning fishermen who access red snapper aboard federally permitted charter for hire vessels. This presentation was also given in May to members of the public and charter industry in Florida in Tampa and Destin, Also In Orange Beach AL, and in Tx.

And In April 2012 in Corpus Christi Tx the gulf council staff presented the sector separation paper showing the reality of trends and future of the charter for hire sector under status quo management and compared benefits of a new separate FMP for the charter for hire sector. So in closing I again respectfully request that we begin the actual building of Admendment 39 through the options and actions

process. No one can see what will be developed until this actually begins. Industry and the public on both sides of the issue keep requesting to see what it will look like other than what we want it to look like as presented. It is due time that this council initiates the options and actions process.

Thank you for your consideration,

Capt. Gary Jarvis President CFA
