

**Draft Charge for Discussion:**

The charge to the Ad Hoc Private Recreational Anglers Advisory panel is to make recommendations to the Council relative to the design and implementation of management measures to improve private anglers' access to red snapper fishing opportunities in federal waters, improve data collection programs, and reduce discards.

**June 2016 Council Meeting motion:** That the Council assemble an Ad Hoc Advisory Panel of private boat recreational fishermen and charge them to develop fair and effective ways to mitigate the red snapper derby and populate this Committee and convene them for their first meeting after hearing results from the Recreational Angler Focus Group by January 2017.
