

BSIA Guidance Update

May 2018 CCC Meeting
Sitka, AK

Cisco Werner
Director of Scientific Programs and Chief Science Advisor

BACKGROUND

NS2 describes BSIA and peer review, but not the end game of BSIA determination

NMFS developing document to clarify the BSIA determination process

- How & when in the process is BSIA firmly decided
- SSC role in BSIA process contributing to NMFS' final determination
- How the BSIA determination is documented

COUNCIL INPUT

Recent Timeline

- Feb. 2017 CCC: draft BSIA framework presented to Councils
- May 2017 CCC: provided ppt & 2-pager for comment
- Spring 2017: series of presentations to various Councils and subcommittees (verbal feedback)
- Summer 2017: 4 Councils provided written comments
- February 2018 CCC: presented revised BSIA paper

COUNCIL INPUT

Recent Timeline

- April – June 2018:
 - NPFMC, MAFMC, WPFMC, and GMFMC provided written comments
 - Methot participated in webinar with NE SSC
 - Methot will meet via webinar with GMFMC SSC
 - Methot will attend PPMC mtg in June

COUNCIL INPUT

Summary of comments – Overarching

- BSIA framework should better address data-limited fisheries.
- How will information (outside of a peer reviewed assessment) be considered?
- Document doesn't address how NMFS makes decisions.

COUNCIL INPUT

Summary of comments – Assessment Revision

- “Assessment revision” section of document needs clarification.
 - When do revisions occur, and what type are appropriate given the timing?
 - Can revisions be iterative?

COUNCIL INPUT

Summary of comments – SSC and NOAA Fisheries

- Timing concerns with SSC/NOAA roles
- How will the NMFS “representative” to SSC work?
- Need for report when SSC disagrees w/peer review
- What level of ambiguity/disagreement warrant NMFS consultation with SSC
- Early notice that proposed Council action may not be approvable
- Process by which SSC determines that an assessment meets NS2 BSIA guidelines needs to be explicit

COUNCIL INPUT – OTHER COMMENTS

- Clarification needed about regional documentation of BSIA framework.
- Status determination and BSIA memos should be sent to Councils/SSCs.
- NPFMC process appears consistent with BSIA framework. Will additional meetings be necessary?
- References to “harvest” recommendations and specifications and should be changed to “catch”
- SSC should engage early in process.
- Peer review panel may not have expertise in domestic requirements.

NEXT STEPS

- We welcome additional written comments by July 2018
- We will present final document to CCC in October
