

Shrimp Committee: Action Guide and Next Steps for Tab D

Agenda Item IV: Review of Council Request Regarding Shrimp Effort Threshold Reduction in the Area Monitored for Juvenile Red Snapper Bycatch

Timeline Status: Information and Guidance to Staff

Council Input and Next Steps: The Committee will be presented with the NMFS Report on the Council's request regarding the shrimp effort threshold in the area monitored for juvenile red snapper bycatch. The Committee will also be presented with the SSC's recommendations on the report. The Committee is asked to provide staff with guidance on if it would like to proceed with an action to modify the shrimp effort threshold after the information is provided.
