- Support for No Action – The system works great, leave it the way it is.
- Support for Preferred Option 4 - Require federally-permitted for-hire vessel owners and/or operators to submit a trip declaration for trips that will be engaging in any type of fishing or chartered activity.
 - It is very burdensome to have to hail-out just to move the boat to a different location for personal use.
 - It is burdensome to have to hail-out to get fuel on the other side of the marina or move the boat for maintenance.
 - Hailing-out for non-fishing trip does not provide a law enforcement benefit.
 - It is burdensome to have to hail-out for scuba trips that do not involve fishing activities.
