

Ecosystem Committee: Action Guide and Next Steps for Tab Q

Agenda Item IV: Draft Outline of Fishery Ecosystem Document

Timeline Status: Draft Outline

Council input and next steps: Staff will present the Committee with a draft outline of a Fishery Ecosystem Plan. The Committee should discuss if it would like to proceed with development of a document, and should provide staff with guidance on which type of document it would like to proceed with (e.g. a Fishery Ecosystem Plan, a policy document, a white paper, etc.). Staff will either begin work, if requested, or continue to update the Council on other developments if the Committee decides not to pursue a formal document. Should a document be requested, staff will provide the first chapter at a future Council meeting.
