Agenda Item IV: SEDAR Steering Committee Report from May 9, 2022 webinar meeting

Timeline Status: Review, Discussion, and Feedback

Council input and next steps: Council staff will summarize the outcomes from the SEDAR Steering Committee meeting, held via webinar on May 9, 2022. The Committee should ask questions and provide feedback as applicable, particularly on the proposed stock assessments requested for 2025 and 2026. The Committee should consider if it wants to support the consensus statement in the SEDAR Steering Committee report and if so, it should consider passing a motion recommending that the Council request that staff draft a letter to NOAA Office of Science and Technology, stating the need and urgency of the request to calibrate the recreational Gulf state surveys prior to the SEDAR 74 Operational Assessment for Gulf red snapper.

Agenda Item V: Other Business

Timeline Status: Additional items that can be brought up for discussion

Council Input and Next Steps: Additional items may be brought up for discussion by Committee members, time permitting. If the Committee wishes to pursue action, then action can be scheduled at a future Council meeting.
